

MyAirBridge How-To

The download process with MAB is pretty simple and intuitive, but just in case here are step by step instructions on how to use it.

- 1 - Click the download link at the top of the post

or

USE ZIPs ATTACHED TO POST

This months Into the Wilds theme is **Mountain** as voted for by Adventurer tier Patrons.

This weeks **Mountain** themed Into The Wilds set includes:

Cave Entrance - The rock rises from the ground like a wave, forming an

- 2 - Agree to the terms and conditions (you will only need to do this the first time you visit MAB)

Prior using the service you are required to provide your consent to the [Terms and Conditions](#) of the Service and the [Cookies Policy](#).

- **3** - The relevant folder will open and you will be able to view the files/folders. Either select 'All' at the top to download all files, or using CTRL/CMD to click and select which files/folders you want to download. Then Choose to either download 'As a Zip Archive' or 'As Individual Files' in the top right.

- **4** - Wait for the download to complete (this should be pretty fast as I have paid for the highest available priority). Then check your allocated downloads folder to find the files.

If you prefer to use the ZIP files directly from Patreon, these can be found at the bottom of the post. Just click them and the download will begin.

Use the link at the top of this post to download all variants of these maps in Print and/or VTT format. Leave suggestions for other maps in the comments.

The Into the Wilds maps are intended to be simpler & more generic than my regular sets and are perfect to drop in for random encounters when on the road or for when the party takes an unexpected turn and you want to be prepared.

GRID SIZE - 22x17 inch (300DPI)

VTT SIZE - 3080x2380 (140DPI)

RECOMMENDED PRINT SIZE - A2/ANSI C

You will not be charged for this post
