# Afterword:

Chapter 6, whew, it's the end of the road for Fairy Hunting haha. First of all, I wanna thank everyone that supported the doujin! We probably wouldn't have been able to get this far without y'all paying Raiha's salary hahaha. Truly, I appreciate the support that all of you have shown the series.

Anyway, before I get too sentimental, we'll probably be working on a new series. I'll probably get some suggestions from all of y'all and have a poll set up to see what are y'all most interested in! We'll probably have a different artist working on it though, but no worries, Raiha will still be working on the art of the games and some monthly pieces, so you'll see plenty of him haha.

As usual, do give me any feedback you guys have and I'll try to improve based off the feedback you guys give!
