

Jaune's Brothel Adventure

RWBY

By Azure/ For Michan

Chapter Two- The Nimble and Naughty Neopolitan

The following evening at Junior's club...

Lights and music were blaring as always and the people dancing around, mingling with each other in a rave-induced nighttime rapture. The teenage enforcers of Hei Xiong's club, always clad in red and white clothing respectively, sat at the bar with disgruntled looks on their faces. Miltia Malachite and her twin sister Melanie Malachite were silently cursing Hei Xiong for keeping them on full-time duty tonight. It was especially painful to take up graveyard shift, especially they both desired to book another night at Silver's Brothel for yet another amazing round of passionate sex with the Faunus woman's latest hire. The last place the two of them ever wanted to be was here, surveying the Nightclub scenery in case of any trouble. Bloodthirsty vibes were constantly emanating from their bodies and they focused all that seething negativity strictly on Junior from afar while waiting for the night to be over with. In their eyes, the twins had apparently found the perfect man in the name of a well-hung, firm-bodied stud known only as Jaune Arc.

"We should, like, totally poison his next drink with laxatives or something, Melanie, but only if he decides he needs us to be on guard duty one more night after tonight. I might just be tempted to do just that anyway though, just out of spite." Miltia Malachite said while clutching her drink tightly in her hand, contemplating stealing Jaune away from Silver to work here at the club. "There is just no resisting that incredible dick of his, or more accurately, the amazing guy holed up at Silver's place. Mmf! I'm going crazy just thinking about it. Ugh!"

"I know what you mean, Mil. Seriously, how did Silver even find somebody like that in the first place? We've been going to her brothel for a little while now and all she's ever had in the stable were lame-O duds and one-pump chumps. This new guy may just be the best lay in the history of Remnant. I know that's hyperbole, but still, I'd say it's pretty accurate. I've never cum so hard in all my life, and so many times back-to-back to boot." Melanie added, taking another strong sip from her glass. Both twins failed to notice the look of intrigue appearing on a third girl's face while she was sitting nearby. It belonged to a petite, light-skinned girl with a heterochromatic set of eyes that flickered with interest after hearing everything from their gossip to each other.

She became very interested in what they had to say about this man being 'The Best Lay on Remnant'.

"Hmmm?~" The girl mused to herself and quickly brought out her Scroll from one of her back pockets. She started typing at the speed of light before scooting closer to the twins from around the bar. Finishing her message, she brought it up to be displayed right in front of Melanie Malachite's face. The White-clad girl noticed the screen right in front of her and sighed wearily, knowing who this is and wishing she wasn't a regular here at the club.

'Ugh, she's here tonight too? Damn you, Junior. You just have to keep talking business with Torchwick while he keeps his little Psycho bodyguard here at the bar with us at all times, don't you?' Melanie thought with mild annoyance till she read the message on the Scroll's holographic screen. 'Hm? What's this now?'

...

'You two have been talking an awful lot about this supposed Super Stud at Silver's Brothel all night tonight. By my count, it's gotta be the sixth time you've mentioned how good he was in bed and grumbling about not going to see him again. It's gotten me very, very interested. Care to divulge the details of how this magical experience of yours went down the other night? I might consider becoming a customer myself now that hearing about it's gotten me all frisky. You wouldn't mind if I pay a visit, do you?~'

...

The girl's message ended with a little heart sign at the end. Melanie finished reading it and turned her head in her direction with her Miltia doing the same. Both twins looked upon the intrigued face of Neopolitan; Roman Torchwick's extremely deadly bodyguard and right-hand assassin all rolled up into one petite little package. She was wearing her usual fashion-trendy jacket with tight-fitting dark brown pants and white little ladies boots at the bottom. Her hair was an amalgamation of the colors pink, brown, and white, giving her a unique appearance. Neo was staring at them with intrigue and scooted even closer as she hastily typed another message on her Scroll before bringing it up to their faces again.

...

'Well? Aren't you gonna tell me a little more about him? I'm waiting.~ Work has been super stressful on my end too and I've been looking for somebody to really match my specific needs and preferences for sexual relief. You've been hyping up this Jaune guy for a while now and I want to go meet him in person for a good fuck. I'm curious to see if he lives up to the hype. Silver won't mind a little extra Lien from me to bump my name further above other reservations, but if you help a sister out I might just toss in a few extra hundred more Lien so you two can get the slot right behind me. Do we have a deal?~'

...

"Well, since she's so interested....." Miltia led on, receiving a nod from Melanie as they both silently agreed with Neo before closer to her face from over the bar.

"Alright, but you have to promise not to hog all his time away from us. We'll tell you where Silver's brothel is and what he is capable of, just keep good on that promise. I guarantee you'll find out why we're so addicted to him." Melanie whispered and Neo nodded eagerly with a gleeful smile on her face. She made a cutesy gesture by poking a gloved finger into her right cheek.

'Easy.~' She typed on her Scroll and the twins started going over their experience with Jaune at Silver's Brothel. From where it is located to how well he can fuck girls into a near-comatose state with his massive dick. Neo was positively excited already and wondered if maybe Jaune would be partial to her rather unique food play fetish.

Back in the 'Velvet Room'...

Jaune was just barely out of bed late into the early afternoon with his mind still on the intense night-long romp he had with the 'Sugar and Spice' twins two nights ago. It was such a mind-blowing experience for him; to not only have had sex for the first time but to also fuck two nymphomaniac sisters together until they eventually passed out due to exhaustion. Jaune counted that he had lost at least nearly a gallon-sized load of sperm inside of their bodies due to the back-to-back rounds of fucking them raw.

Needless to say, he had needed a lot of water to drink when he had woken up later. Getting out of bed to head into the kitchen close by in his small and moderately lavish apartment home, Jaune was ready to begin the day with a meal. Silver was kind enough to have his lodgings stocked up for a full month's worth before his arrival here.

"Gghh....! Still a little sore....all over. Those two girls were relentless. Man am I thankful to have such a sturdy body that not only heals fast but also regains stamina like crazy. I just have to get some sports drinks and I'll be good to go for a wake-up call." Jaune grumbled to himself while walking over into the kitchen, wearing only his Pumpkin Pete brand boxers over his semi-naked body.

It barely did enough to cover up his massive wang hanging out from underneath, showing that even in its flaccid state he was still hung like a horse. Opening the fridge, he grabbed some contents and poured himself a cup of water to be mixed in some protein powder for his sports drink. Silver had told him that he'll be needing plenty of nourishing meals every day and drinks to help keep his stamina going like a perpetual 'Fuck Engine' as she liked to put it. That way he can satisfy his clients whenever they ask and even go for longer periods of time if he stays healthy. No room for Junk Food of any kind unless he was on break, but Jaune wasn't too sure he'd get one anytime soon with how well his first service with the twins went two nights ago.

'That woman is a slave driver, professionally speaking anyway. Did my 'Success' with the sisters really mean that much to her?' Jaune wondered until he heard a knocking at his door call his attention away.

Knock, knock

"It's me, Jaune darling, open up.~" Silver's silky voice came out from the other side of his door. Jaune walked over to open it, not caring that he was still in his boxers when he stood in front of the gorgeous snake Faunus woman wearing her shimmering dress. He saw Silver's smiling face grinning seductively when greeting him.

"Hey there, handsome. I came by to wish you a good morning and to 'Congratulate' you on a job well done for taking care of the twins. They've been the biggest pains in my ass for such a long time until you destroyed them in bed. Fu fu fu. Mind if I come in? I've got some enticing new details to share with you on your newest 'customer' tonight.~" Silver asked, letting a finger trace down her lips provocatively while leaning forward just a bit to give Jaune a juicy glimpse of her cleavage. He really hoped he wasn't getting an erection already by staring at those luscious boobs of Silver's, nor that he was showing his flaccid tree-trunk-of-a-wiener to her either as he stepped aside.

"S-sure thing, come on in, Miss Silver." Jaune allowed the voluptuous snake woman into his humble apartment. He couldn't resist staring at that supple ass of hers pushing out through that shimmering silver dress she was clinging sexily to her entire body. He found it odd she even wore such a nightly outfit even during the daytime, but Jaune had no complaints about it whatsoever. "Uh, by the way, I've been wanting to say 'Thank you' for having the kitchen stocked up for me with all these goodies. Can't tell you how badly I needed some refreshments when waking up today."

Silver sat down on the foot of his bed, crossing her legs provocatively and giggling quietly to herself as she gestures for Jaune to come to her with a beckoning finger.

"On your knees, sugar. I've got some big important news for you today, as well as that 'Tip' I mentioned I'd give to you for doing such a good job." She commanded in a gentle yet seductive tone, making Jaune shrug and sigh before reluctantly dropping to his kneecaps in front of her. Silver took off one of her high-heel shoes and caressed a side of his face with her naked yet elegantly soft foot, making him shiver just a bit with arousal hitting him.

'Okay, is this some kind of Reward ritual for doing good work that night? Not that I'm complaining per se, but it still feels kinda weird.' He wondered as he heard Silver speak up again.

"You've done me such a huge favor by satisfying those annoying clients; Miltia and Melanie Malachite, Jaune. They've been haggling me for discounts and refunds every time they come here, never walking away satisfied with any man I had in my stable. You, on the other hand, were able to do the impossible and leave them completely breathless, almost putting them into a sex-induced coma even. Hehehehe.~" She explained, giggling fondly as Jaune simply nodded back to her, drinking his glass of sports drink as she went on. "That being said, they paid big time and this little success of yours might have them coming here more often now that they got a taste of you specifically. They may even spread the word around about your talents, so better be prepared to get busy real soon, Jaune, fu fu fu. I mean that in both a literal and figurative way."

"Glad I came out with top marks...in sex, I guess? Happy to be of help, Silver. So...what's this big tip you said you had planned to give me anyway? I'm already super grateful for putting me up with lodging and food. I don't know if I need anything else." Jaune said and to his surprise, Silver tugged down the top part of her shimmering strapless dress. She revealed her luscious J-cup melons in all their nude and plump glory out of nowhere.

"Sp!tttt!" Jaune nearly did a spit-take when he saw the woman's tits fully naked and exposed before his very eyes. This gave him an instant erection in the process! Silver smiled in amusement as she started jiggling them around playfully with her hands, occasionally swiveling them together in an erotic way. It was as though she was putting on an erection-inducing show for Jaune's very own amusement as part of his reward.

His glass was shaking wildly as he was getting excited from seeing his voluptuous boss topless while watching her play with her tits in front of him like a showgirl. The way Silver's voluminous pair of tits swiveled around made the inner animal inside of him want to take her right here and now on his bed. Alas, Jaune restrained himself, feeling that this might've been a test of restraint of some kind, or at the very least some incentive to get him to do more for her.

"This is the tip, Jaune darling. It might be barebones considering your outstanding performance and the stupendous results you've achieved, but I have faith you'll continue pleasing your clients enough that you'll get the rest of the big treat in no time; me.~" She explained, licking her tongue erotically around her lips, and pulled the top of her dress back on before getting off of his bed. "Additionally I might even have you relocated to more...lavish lodgings on one of the top floors. One of them happens to be an entire penthouse suite. All that aside, I've got news for you today. Recently I've been paid generously in advance to put you in for tonight with a rather cute number. This is a Five-Star request and submission if I've ever seen one. You've got another lady to please tonight, Jaune baby, one that has very high expectations of you, pun intended. Her name is Neopolitan and she'll be coming around eight O'clock sharp tonight. Give her the time of her life and you'll eventually get me free of charge. That is all for now. Later, darling.~"

She slipped her shoe back on and started walking out of his room, leaving Jaune gobsmacked as she went by. Silver looked back over her right shoulder and smiled slyly at him, feeling very eager to experience what the twins had just the other night. She pulled open the door and let herself out, leaving a nearly fully erect Jaune remaining there on his kneecaps.

"Wow....that woman definitely knows how to incentivize you. She means business and is a great motivator too." He whimpered to himself and chugged down more of his drink before getting up to go have himself some breakfast. He needed the protein for this evening, Jaune could just sense something chaotic and full of energy on the horizon.

It was later on in the evening and the clock was showing it to be near eight o'clock. Jaune stood around in his living room waiting for his client, he was killing time by doing a quick set of push-ups until she finally came knocking at his door. He made sure not to exercise too much lest he gets all sweaty and wind-up ruining the evening with stench. Having that in mind, he thought about what this 'Neopolitan' girl might look like and what she might wear. Jaune himself was currently wearing just a simple pair of blue shorts and a white T-shirt over his body, feeling that there was no point in wearing too much since his clothes were just going to be taken off anyway.

I still haven't contacted my parents to let them know I've been kicked out of Beacon. I should really do that in case they call the school to check up on me, but I'm kinda afraid Ozpin might do that for me anyway. I could always call them later from the CCT and let them know I'm working a very "rewarding" job here in Vale after deciding to back out after all. Would dad throw it in my face if I told him about not being able to get in? He's not petty or childish, but still...I can't help worry what they'll all think if they all knew. The last thing I want to tell anyone is that I'm working as a prostitute either.' Jaune wondered until he saw a text message notification appear on his Scroll.

He stopped exercising and reached over to grab it off of the ground near him, reading that it was from Silver and about his new client; Neopolitan.

...

The Ice-Cream loving Mute; Neopolitan. Not much is known about this mysterious little girl. She's only typically known as the petite little bodyguard of a supposed big-name business figure here in the underbelly of the Valean Kingdom. She doesn't speak because she's unable to, but I bet she can still moan like a kitten if given the right incentive. She likes to communicate through text messages on her Scroll and can type faster than the human eye can see. It's amazing really. She also loves to wear the actual ice-cream colors of her namesake in all her clothing too. Don't let her supposedly innocent appearance fool you though, this cute little number is a bonafide freak and a dangerous one at that. Still, I think all she needs is a great dicking from you, Jaune. Bonus note; she is also incredibly flexible and nimble on top of already being cute in one petite little package. You'd be wise not to see her as a kid or she might literally stab you for saying that. Give her Hell, Romeo. I'll be eager to hear the results and am very eager to reward you if you keep doing a good job. Believe me, this snake is thirsty. I'll be waiting~'

....

'Wow...I've never had a hot woman come onto me before. What do I do say if I wind up falling for her after sex? Mmnhhh!' Jaune thought to himself with a bit of squeamishness and felt heavily aroused till he heard a knock at his door.

Knock. Knock.

Jaune got up and went to open it, expecting who it'll be, but not expecting what he saw when he did. The instant he unlocked the door and pulled it aside, he saw a very petite girl that was likely around his age yet nearly half as tall. She might've been a bit older and simply possessed a petite figure, but she was definitely young and cute with an additional air of danger around her. She had an outfit consisting entirely of white, brown, and pink colors matching her hairstyle as well as her oddly mismatched eyes. She tilted her head to the side with a finger on her chin, eying him curiously and appearing intrigued with an adorable smirk on her face.

'Wow, so this is....Neo, huh? She's a lot more...dainty than I would've thought.' He noted and cleared his throat, putting on a good impression. "Good evening, I'm Jaune and I'll...be your man for the evening, Miss Neopolitan." He introduced and stepped aside to let her in. Aside from a moderate-sized shoulder bag she carried, she only had a closed-up parasol held over her right shoulder. Neo winked at him playfully as she made her way inside of his apartment.

'So that's him, huh? He's a tall drink of water, that's for sure, but I wonder just how good he really is. Actions speak louder than words after all. Tee hee~' Neo thought to herself as she sauntered over to the bed, placing the seemingly stuffed shoulder bag down on the ground and pointing to the bed with a finger-going-through-the-hole gesture being made by her hands. Jaune winced visibly as a result and locked the door, praying his erection wasn't already showing itself to her through his shorts.

"Well, you're eager, huh? Don't worry, I won't waste your time, I'll make every minute of it worth it.~" Jaune said with confidence, making Neo smirk as she waited for him to come closer.

Just as soon as Jaune got close enough to her, Neo winked at him and quickly pulled out her Scroll and typed a lightning-fast message into it before showing it to him! It read what she wanted him to do first. She giggled playfully when she shoved it into his face and grabbed him by the collar of his shirt to pull him up close!

'Mnnnm?! Holy crap! She's freakishly strong for someone her size!' Jaune thought to himself as he read the message displayed, feeling a little bewildered until he saw the little image displayed underneath it to serve as an example. 'S-she wants me to do something called the Golden Gate? Huh, maybe I should've booked up on sexual techniques and positions beforehand when I started this gig. I'd better remember to thank Ice Cream Cutie here for the idea in my own way.'

Jaune looked past it, seeing Neo smile at him as though hoping he got the picture before letting him go back.

"Uh, alright then. Let's do this, beautiful. Golden Gate for foreplay it is." Jaune said, pulling up his shirt and revealing his nicely-toned, muscular body before pink and brown eyes. The cute little girl fanned her face mockingly with her hand, grinning as she watched him remove his shorts next before hopping onto the bed behind him.

She instantly noticed his massive appendage pushing out through the fabric of his boxers already, making it seem as though Jaune had an alien monstrosity ready to burst out from his waist. In reality, it was just that the size of his dick was that big. The thought of having it inside any part of her little body made Neo's mouth water, so she started unbuttoning her trendy jacket.

'Eeeee! He's Big! He's big, he's big, he's.....big! Hee hee hee, looks like the twin bimbos were right after all. They weren't exaggerating in the slightest when it came to his size. I might have to give Madam Silver a bonus later if he knows how to use that thing well.' Neo thought, shrugging off her leather fashion jacket and revealing to Jaune that she wore a tight-fitting unitard underneath, one that helped with her flexibility and gymnastics.

She was packing a noticeable pair of B-cups underneath it that Jaune wanted to see in the flesh as he tugged on his boxers next. Winking at him, Neo turned around promptly and wriggled her supple little ass left to right in front of his face with a smile before hastily undoing the belt around her waist next. She let it fall off slowly while she looked at Jaune from over her shoulder with a playful smile. Neo had quickly undone her trendy ladies' boots and kicked them off into the side of the wall, becoming barefoot in the process.

'That's it, crave me more, you beautiful manwhore boy.' Neo thought, giggling as her pants came down around her ankles, leaving her in only the unitard until she turned around again and faced him. Blowing Jaune a kiss, she reached behind herself and started pulling down the zipper of her unitard. Neo was deliberately peeling off the slim-fitting piece of fabric until the nakedness of her petite body appeared before Jaune's eyes.

Jaune flinched and groaned heavily with arousal when seeing her bountiful pair of B-cup-sized breasts that wriggled salaciously after being stripped naked. Neo wriggled out of her unitard entirely and let it slide down her waist before watching it fall to the floor. To Jaune's arousal-induced surprise, he saw that she wore no panties underneath that leotard at all. Neo proudly showed off her naked, slightly fuzzy peach in all its glistening glory before spreading apart her legs suggestively. She was enjoying Jaune's slack-jawed expression as she lifted one of her legs and held it back, displaying her impressive flexibility while performing a perfect split with the other.

'Mnngh! Wowza, she really is flexible! I wonder just how nimble she could be.' Jaune thought to himself when Neo suddenly grabbed him by the shoulders and threw him onto the bed behind her with his boxers nearly bursting at the same thanks to his erection! She had flipped herself upward, performing a graceful cartwheel in an impressive display of nimbleness and athleticism as she rolled herself over to straddle Jaune's head.

"*Giggles*" Neo giggled, albeit quietly as she dropped down onto her kneecaps completely, placing them directly on his shoulders and letting her soft little feet slide underneath each of them as she 'dug' herself in.

Jaune was face-close with the moistened peach of her ripened pussy, seeing her glistening pink folds up close and the light tuft of chestnut brown with white and pink pubic hair colors. This honestly perplexed Jaune greatly, making him wonder if she dyed her pubes the same color she dyes her hair.

'I wonder if she's natural, b-but...oh man. I can feel the heat coming off of her already. Plus...she's really looking tight too. *Gulp* I hope I can do this right.' He thought to himself, looking up at a hopeful-looking Neo as she started pressing her mound onto his face. Neo instantly shivered pleasurably when feeling the pink, gooey folds of her sex rubbing eloquently onto his lips.

Jaune took this as a cue to attack right away and held his big, firm hands around her little waist, pulling her further onto his mouth as started attacking her pussy with his tongue.

Schlupp!

"Mmhhh. *Schlupp..schlupp..schlup..schlup..schlup!*" His tongue borrowed effortlessly between her folds, tasting the sweet nectar of her pussy juice while encircling the inner labia like a pro. Jaune only knew he was doing it out of instinct and intuition, but he was relieved to feel that Neo was shuddering feverishly while she ground her mound right onto his face. She was huffing silently with mouth agape as she started feeling grandiose amounts of pleasure coming from the young man's lips. He burrowed his way into her slit with his tongue, stimulating her insides and tasting her like a pro.

'Aaaaahhhhh! Oooohhhh....Daddy! Uuugggh! He's...he's good at this! Really good! Mmhhh! That's it, Loverboy. Taste me while I take care of you at the same time. It's a good thing I'm as flexible as I am horny. Having a limber little body like mine sure comes in handy when I do....this!' Neo thought to herself with a goofy smile on her face. She was shivering non-stop, becoming intoxicated with pleasure already until she willed herself into action.

Bending herself backward at the waist and making good use of her flexible body, Neo arched her torso back like an expert contortionist and allowed her head to come into contact with the head of Jaune's dick once she had slid his boxers off completely! Neo had a momentary look of surprise on her face when seeing the sight of his godly cock unveil itself before her chocolate and pink eyes. She was

astonished by its thickness and its length of nearly being over thirteen-and-a-half inches long. The girl was shivering with excitement for he was easily the biggest she's ever seen. Smiling coyly to herself, she opened up her mouth and began swallowing the tip of his meat between her lips before eagerly sliding it into her throat.

Schluuuuupp!

"Mmmnghhh.....!~" Neo squealed loudly from underneath her breath, feeling it fill up her esophagus in no time while she struggled to contain everything from between her cheeks. Closing her eyes and hugging the back of Jaune's legs into her hands, Neo managed to pull herself down even further to where her forehead touched his very groin!

Jaune was reacting to that sensation of having Neo's mouth swallowing up his length, and doing so in such a stupendously slick way. He visibly shivered as he struggled to contain himself, never had he felt such a swift and slippery deepthroat before, not even the Malachite twins made him feel this excited.

'Nngghhh! H-Holy crap! Guughh! Her sweet little throat feels as if I'm shoving my meat straight into her pussy already! Guh! Can't...let her beat me on this though, I'm...not...going to blow my load before she blows her insides out. I'm bringing this girl home to a grand finish, but I'd better do it before she makes me cum like a rocket. Seriously, what a tight, little throat...!' Jaune reasoned as he started openly swirling his tongue around the deeper insides of her Neo's tight little pussy, tasting her insides and savoring the flavor of her sex while she continuously bobs her head onto his meat passionately all at the same time.

Together, the two of them entangled their bodies into this odd, inverse formation of the sixty-nine position, keeping each other pleased they worked to bring the other off. Neo with her face bobbing and bouncing into Jaune's waist, slathering her tongue all over his cock while she feels the cunnilingus of a lifetime. The way Jaune's tongue swerved inwardly, scooping up every last ounce of vaginal nectar he could, making Neo glad she was flexible enough to enjoy it this way. Her peach pushed up against his face, feeling his nose prodding her groin as she continuously writhed above his waist, bending her torso back just a bit so that could feel his dock pumping into her mouth.

Schlupp..schupp..schupp..schupp..schupp..schupp!

'Mmmhmm! It feels so good! S-soooooo good! Yess! I wonder which of us can be brought down faster.' Neo mused, hugging the back of Jaune's thighs into her hands as she began hammering her face into his crotch from overhead, sloppily deepthroating him with all the energy she had.

A series of loud sucking noises followed as she hungrily took Jaune's length into her mouth as much as possible. He was so big she could feel the bulbous head of it smacking gently against the roof of her throat. Neo channeled all her pent-up lust for the man's large, inhumanly virile cock with her tongue. It swiveled around all over the surface, slurping nearly half of it with unbridled lust.

"Hmhmhmm! Mhmm..mhm..mhm...! *Schlupp..schlup...schlupp...schlupp..schlupp!*" She moaned languidly with his cock sliding past her tight lips, giving Neo a reason to go wild as she started sucking him off even faster. Likewise, Jaune gave back just as fiercely by spreading out her pussy with his tongue and letting it swivel around on the inside by pushing it deeper. The way he was doing it managed to completely stimulate some of Neo's most sensitive weak points, making the girl buck her thighs together constantly as they continued pleasing each other until the grand finish.

Pushing his fingers into her velvet opening, Jaune started using both of his hands as he pumped and licked Neo's slit repeatedly for minutes on end until she came!

Neo internally squealed and started trembling spastically as she underneath a wild orgasmic spasm right on top of his face! Gushes of pussy juice came spritzing out onto Jaune's lips and tongue, making him have to close his eyes while he waited for Neo to finally finish riding out her orgasm. The nimble little girl kept rolling about above his chest, shivering fiercely for it was the most intense orgasmic experience she had ever experienced by far. So much so that her pink and brown eyes become cross-eyed for a brief moment.

'Uaaaaghhhh!! He....is.....good! Uughhh!~' She thought to herself, taking one last, long suck off his dick until she flipped herself back up so that she was only straddling the lower half of his face now.

She was heaving from having that mind-bending orgasm she experienced just now. It astounded her that in all the time she had never been satisfied, all it took from Jaune was special work of his hands and his tongue to bring her off. She had never been truly brought off before, making Neo feel the twins were right on the money with this guy's talents. Smiling mischievously to herself and staring at Jaune from above, Neo started rubbing her naked sex all over his maw just a bit longer till she got up off of his face completely.

'Huh? Where is she....going?' Jaune trailed off, dizzy with lust right now after having a pint-sized acrobat cum all over his face while squeezing her soft thighs around his head. He saw the petite little maniac cartwheel off the bed and stand straight within the center of his bedroom, raising her right leg high into the air in a display of incredible flexibility. He saw her pussy remain slick with moisture, ready for more action as Neo beckoned to him with the crook of her finger.

Jaune marveled at how far back she could bend that part of her body since it was literally parallel with her very torso. It was making her look like she was a longtime ballerina, which stimulated his libido since he liked dainty girls with petite bodies. Frankly, Jaune wasn't picky either way yet Neo had a vexing effect on him the longer he stared at the silent little bodyguard. Neo nodded her head suggestively and

brought the other hand down her limber little body with fingers spreading open the labia of pussy. It was as if she was telling him to hurry up and fuck her raw right now.

"I got it, I was just kinda lost being wowed by your flexibility and by how cute you are." He excused himself and got up off of the bed, making his overly large dick bounce with each step as he made his way towards her. Neo was smiling with a deep blush the entire time, feeling excitement run deep through her very core as he came up to her. His monster-sized dick was nearly the entire size of the middle of her torso and it made Neo wonder just how far she could take it. She wagered it'd be at least up to her very diaphragm.

She quickly brought out her Scroll from out of nowhere, showing the next position she wanted him to take her in; the Ballerina. Jaune read it thoroughly twice over and got behind her, placing himself between her legs and holding up his right arm over her extended leg. He was using the other hand to cup her ample little buttocks from the side, making Neo wince pleasurably at his touch. The feeling of his strong fingers digging gently into her flesh as if he had a magical touch to his fingertips. Neo shivered with excitement as she looked down and saw his member lining up with her sex, ready to go inside of her at long last.

'Oooohh...! I think it's getting even bigger down there. Having something that big going inside of me might actually make me ruined for life for all other men on Remnant! I may need to double my pay so that I can bump those twins off the list and have him all to myself this entire week, though I don't think she'd allow that since it'd be bad for business.' Neo considered till she felt Jaune's bulbous member begin slipping into the cusp of her overly tight sex from below.

Squelch!

Neo's face straightened out in one very exaggerated expression of surprise which left her mouth hanging open. Her eyes dilated and her tongue nearly spilled out from her lips as she felt his immensely thick cock begin sliding through the folds of her pussy, stretching out her labia and churning her innards in ways she never felt before. Neo started huffing constantly as she could practically see the phallus-shaped bulge pushing out through her skin as a result of being inside of her womb. Jaune was practically making her naked feet leave the ground since she was pretty much impaled on his cock to the point he could wear her like an accessory. Neo shifted herself around to where she was actually facing Jaune, keeping her right leg held over one of his broad shoulders while the other barely stayed touching the surface of the ground beneath her feet. She was leaning back slightly, allowing her ample breasts to jostle about a fair bit, wanting to scream in euphoria as a result. But since Neo was mute, she could only do so silently with excitement clearly evident on her face. Seeing Jaune's boyishly handsome face look at her as some kind of paramour in a novella made Neo's heart race a mile a minute once he started moving. One of his hands reached around her back, keeping her against his body while the other stayed on her butt with fingers squeezing one of her cheeks.

"Nngghhh! Holy crap....! You are extremely tight! And flexible too! Uunnghh! It's like you're like a combination of both tightness and flexibility rolled into one!" Jaune growled, enjoying the unfathomable tightness of her folds as he could feel her womb swallowing him up once he breached the cervix. The slippery and slimy interior of Neo's pussy and started wringing him tight, to the point he struggled not to blow his load prematurely due to how good it felt inside of her. Big as he may be, Jaune was still somewhat sensitive in terms of pleasurable stimulation and Neo was particularly a special case when compared to the Malachite twins.

'Oohhhhh..yeah! Uwwaaahh! He has me literally hanging off of this thing! Mmm! The way those two described Jaune doesn't do him any justice! The man is a beast in the bedroom!~' Neo cried out in thought, letting her eyes go crossed as he began bucking into her waist voraciously with hard-slammng thrusts of his hips. Her little body started bouncing around from within his arms, making her extended leg jostle about in the air on his shoulder.

Neo silently cried out in euphoria on the side and she was feeling every stretch of her tight, flexible pussy squeezing gingerly around his meat like a human condom! Her buttocks wriggled constantly from inside of his hands, making Jaune squeeze them tighter while he repeatedly bucked into her groin with voracious slams of his meat hitting her baby-maker!

"Hnngghhh!!! Aaaghhhhh!! Uunh...unnh...unnh..uunh..uunn...aagghh! Neo...!" He breathed out, enjoying the slimy tightness of her entire womanhood squeezing around his monster cock with gushes of moisture constantly coming out. Neo's face was an exaggerated expression of euphoria, making Jaune enjoy the sight as he continued rocking against her waist. Slap after slap of sex meeting sex permeated the room, filling the air with lovemaking noise while Neo hung onto his shoulders in desperation!

She tilted back her head and let her mouth remain open in a wide circle with her tongue spilling out beyond her lips. She had never felt this way before at all, ever, making this young lad worth so much more in her eyes. She could feel every vaginal muscle in her pussy, cervix included, clutched him desperately as their rutting went on. Neo would be crying out in ecstasy over and over again if she had a voice to speak with, instead, she simply whimpered happily in delirious excitement.

'Aahh..ahh..ahh..aahh..aahh..aahh..aahh..aahh..aaagghhhh!! Oohhhh..yeah! Fuck me, handsome! Make me hate my body in the morning! Make me feel everything while you treat me like a fuck-puppet at your leisure!~' She yelled out at him in thought, eying Jaune lecherously as she felt her insides beginning to tighten around his cock.

"Mmggnhh! You're getting....ready to cum, I see. Uunghh! You're so tight...I think I might make you look pregnant when I blow my load." Jaune groaned loudly, giving Neo the cue to begin voluntarily squeezing her insides around his dick even more! Jaune felt the difference immediately and healed onto her cheeks with both hands now, squeezing each one while Neo began crooning loudly from inside of her mind at the sensation.

'Uuuuaaagghhhh!!! Oohhh...! Oh! He's tearing me apart! But I'm loving it so much!' Neo cried out internally, feeling her insides lurching just a bit more as the minutes carried on to a half-hour when she was feeling her next orgasm hitting her like a brick! Jaune bucked into her waist several more times and felt her cum, feeling her insides squeeze his length tight to where he had no choice but to blow his load inside right then!

"Guuuggghhhh! Here...it...comes! Guuaagghh!~" Jaune let out, pulling back just a bit and then thrusting every throbbing inch inside before cumming! Neo threw her head back around and shuddered intensely as she felt her insides squelching tightly around Jaune's length just before he filled her full of sperm! He growled and surrendered himself to the orgasmic bliss of ejaculating inside of Neo's tight and tiny pussy like so.

Splurt...splurt...splurt...splurt...splurt...splurt...splurt!.

thick blasts of semen poured into her womb, packing it tight and making her stomach region bloat out a little bit as she writhes atop Jaune's cock for a period of several pleasure-filled minutes. Neo giggled deliriously to herself, but it was barely audible enough to reach Jaune's ears while he emptied his balls inside of her dainty little body. He kept on squeezing her butt cheeks into his hand and continued feeling Neo's tightness keep milking him for cum until it eventually stopped coming. At least for the time being.

Once she was done riding out her orgasm, the petite little angel slumped back into his arms a bit with a delirious expression on her face.

'Amazing! He's so freaking amazing!! Everything those girls said about him is right on the money! I might have to ask Roman for a raise if I want to keep coming here between missions and body-guard work! Seriously...I think I want to retire and get married to his dick right now! Hehehehehehe~' She thought to herself and struggled to get up, gesturing for Jaune to let go of her as he gently let her down onto the ground in a post-coital release.

Spotch!

His dick popped out of her quim, remaining very hard and impressing Neo greatly since he was still ready to cum. She made a cutesy smile as she stood still, letting her part legs stay a few inches apart so that some of his cum could drain onto the flood underneath.

'Oh come on! I've gotta clean that later!' Jaune protested internally, watching as she finished 'emptying' her insides just a bit, and rushed over to her shoulder bag with a mischievous smile on her face. He wondered what she was doing till she reached into her bag and pulled out a small tub of Neopolitan Ice cream with a bottle of whip cream in each hand. He stared blankly at first until he remembered Silver mentioning something about her having a food play fetish.

"Oh, so you want to---" He led on, seeing Neo nod her head immediately with an excited smile on her face before she went over to his crotch with each item in hand. "Cool, okay, I've...never done food play before, but how hard could it beeeeeee.....!?! Yowza!"

Jaune shrieked out comedically making Neo laugh inside of her throat as she watched him shiver when putting a dabble of ice cream on his cum-covered dick. Neo slathered it on playfully with a smile, anxious to start gobbling on Jaune's dick again, but this time with ice on top of it. Like a work of art, she made the whipped cream into a spiral on the amount she put over the swollen of his dick. He looked ready, even while he was still shuddering from the cold of the ice cream on his meat. Giggling to herself, placed the tub and the can of whip cream aside and brought her hands up to wrap around the sturdy shaft of his dick next.

'Hee hee, here we go~' She thought to herself as she began stroking the bulbous shaft of his cock between her dainty fingers, squeezing his flesh as hard as she could while leaning closely to start licking off the whipped-creamed part of his cock. Her tongue was rolled out and her mouth was ready to stretch around his meat however possible. Neo knew it'd be a challenge since her mouth was tiny and his dick was extremely large, but she was anxious to have him down her mouth again.

Schlop!

'Gngghhhh!! She's...sucking me off again! Oohhh...man! This time it's with all that ice cream on top of me. Still really kinda cold though. Heh.' Jaune thought anxiously as he felt the warm, wet cusp of Neo's mouth begin sucking off his cock like so. She was only starting by ingesting the whipped ice cream around his meat with her tongue first, then slowly burrowing her face a little further to where her jaw started hurting.

"Mmhmm! Mhmmp...mhmmp...mmmp...mmmp! *Schlupp...schlupp...schlupp...schlupp...schlupp...schlupp!*" Neo adapted to the strain quickly enough and began gingerly hammering her face into his groin when his turgid slab of meat began rolling further down the back of her throat! Her hands continued aggressively pumping his length with tightly squeezing gestures coming from her fingertips. The girl was enthusiastic and extremely horny right now. Her eyes shifted to pink to indicate just how in love with his cock and his sexual talents she was, making her feel tempted to book a vacation and spend half of her life savings here.

The eloquent sound of slurping noises continued coming out incessantly with Jaune groaning loud and holding onto Neo's face with his hands from above. She kept on voraciously bumping her face into his groin, eagerly slurping his cock as much as possible while cleaning up every trace of sperm and whipped ice cream in the process. Her eyes kept looking up at him from below with a light of excitement shown within each pupil as she continued hungrily slurping his cock. Jaune could practically feel every squeeze of her tight, little lips squeezing his cock as she slowly took him further.

'Uunngghhhh!! I'm going to blow soon! Better tell her now to be ready for it.' Jaune thought to himself and attempted to tap Neo's face as a warning sign, but she pulled her lips off of his cock out of nowhere and looked back at him with a smile. The girl gestured to the bed behind them and left Jaune's thoroughly clean cock unfinished with a heavy case of blue balls. He winced painfully at this since the boy had really wanted to blow his load inside of her tight little mouth, it was almost the same as fucking an actual pussy in his opinion.

Neo promptly stood up and gestured to the bed again, quickly grabbing her Scroll from nearby and typing a message on it faster than he could blink. He was seriously impressed by that and read it closely.

...

'On the bed. NOW. I'm going to ride you in a way you've never been ridden before, loverboy.-'

.....

Just as soon as he finished the sentence, Neo pulled him by the shoulders and threw him onto the bed with an impressive show of strength. Jaune felt amazed by how hard she could throw and how strong her little hands were as he now lay atop the bed on his back. As the bed bounced and his cock wafted about like a sturdy skyscraper, Neo grinned gleefully with stars in her eyes before cartwheeling onto the bed in an impressive show of agility. Jaune watched in slight amusement as she graciously flipped onto the surface and landed herself onto his waist with her mound ready to impale itself again, only this time in cowgirl position.

Like a professional gymnast holding herself above a balance beam, Neo kept her hands planted on Jaune's groin while hovering her mound directly above his cock with legs split perfectly in a wide horizontal line. It was an impressive show of flexibility and she cutely winked at him before promptly dropping herself down upon his cock!

Squelch!

Just like that, Jaune felt his cock burrowing into her tight, flexed crevice of vaginal splendor all over again with Neo keeping her legs split wide apart. Her mouth made an exaggerated 'O' gesture with her eyes flickering back and forth between all three colors of her theme and name. From pink to white, to brown, all of them were constantly switching out between each other as she adjusted to having him pushing into the back of her womb like so.

"Mnggghhh!! It feels even tighter than earlier, you know! Uughh! Is this how it feels putting it inside of a gymnast with a tight little body?" Jaune asked himself rhetorically, but saw Neo instantly nod her head to him with a starstruck smile on her lips before she began aggressively humping his crotch!

Small slaps of skin echoing against skin followed with Jaune feeling Neo's ample little buttocks smacking around on top of his waist. Her pussy gushed and squelched openly as she swallowed every throbbing inch of his shaft directly into the back of her tight womb. There was still a considerable amount of cum packed inside of it despite how much she let loose earlier, but the feeling of her slick and slimy tightness drove Jaune to lengths of pleasure he had never enjoyed before. He promptly grabbed onto her waist, keeping her dainty body perfectly mounted on top of him while they continued bucking sexes into each other like animals.

"Uunhh...uunh...unh..unnggh..unnughh..ungh..unghh...auuagghhhh!! Ooohhh.....!~" Jaune grunted out as he felt the tight visage of Neo's pussy constantly fucking itself on his meat, over and over again with the girl enjoying every second of it.

'Yess! Yesss! Ooohhhh....this was so worth the money!~' Neo cried out, feeling her pussy smoothly impale itself onto his meat over and over again while her legs remained sticking out. It was an impressive feat of flexibility that kept her vaginal muscles flexing around his length to increase tightness. Neo felt Jaune's cock beginning to throb slowly after that ice-cream-flavored blowjob earlier sizing him up. Now he was aggressively bucking into the depths of her little womb, repeatedly fucking her entire body as she hopped around on his waist.

Their bodies rolled together in an ever-continuous exchange and riding and fucking. Neo was keeping her rim tapping constantly on his groin, enjoying how full she felt and feeling Jaune's phallus bumping into her weak spots as this went on. She watched him from above, keeping his composure as a true stud would. Neo ran her tongue across her lips as she felt his member beginning to swell up with pressure the longer this went on. Over and over again they'd grind their pubic bones into each other while feeling their release over the horizon!

Minutes went by until it bled into an hour, leading to Jaune eventually feeling Neopolitan's body writhe with orgasm! She threw her head back and had him watching her body jiggle repeatedly in climax as she felt her pussy start milking the life out of his dick like so!

'Uuuuaaaaaaaaahhhhhhhh!' She mentally cried out in euphoria, keeping her tongue rolling out of her mouth as she came hard on his appendage. To her delight, she felt the oncoming sludge of sperm start blasting through the tip and started filing up her entire womb all over again as a result!

Splurt..splurt..splurt..splurt...splurt..splurt...splurt!

"Guuuggghhhh!! M-Miss Neopolitan! Aaghhhh!! You really squeezing it out of me!~" Jaune grunted, enjoying the full force of ejaculation as he filled up the dainty little girl's body to the point she actually had a swollen ball of essence protruding from her stomach region. Even now, Neo kept her perfect split going as she rode out her orgasm to completion on top of Jaune until she passed out!

Jaune watched her plop off of his cock and fall back onto the lower half of his bed, spent and barely conscious as sperm oozed out of her gaping pussy. She had somehow kept her Scroll in one hand and managed to light-speed type a message into the screen while flickering in and out of consciousness when Jaune leaned over her body to check on her.

Between Neo's utterly satisfied smile and that distant, faraway look of happiness on her face, he felt he had done a superb job again. What really clinched that notion was what he read on the girl's Scroll.

....

"Now, I have two great loves in life; Ice Cream and Sex with you. You better believe I'll be a frequent customer, handsome. Me and the twins together, we're going to drain the cum out of your balls every day we arrive, count on it. Tee hee.~"

....

Jaune didn't know what to say to that idea, but he did get very turned on by the notion of making all three petite-bodied ladies his frequent 'customers' here in the Brothel as this was now his life to work with. A thought that didn't really bother him per se, if anything, it only aroused him even more than he was already.
