

Chapter 142 - Sudden Change of Mood +18

I took a deep breath and jerked off while looking at Lili. She slowly stood up, removed her shorts, and crawled on top of me. She placed her hands on my chest, laying me on the bed.

After sitting on me, she removed her shirt and revealed her boobs. Her pink nipples were hard. I could feel her liquid wetting my belly.

My shirt had become wet with Lili's sweet juice.

Euphoric, she removed my shirt and threw her body over mine, rubbing herself against me. She moved her quads against my belly wildly as she moaned softly.

I stood still and let her do whatever she wanted.

"Hmm~~" Lili sucked on one of my nipples and drove her nails into me. I felt her warm body twitch.

"Did you cum again?"

"No, I... no... I came." She rested her hands on my chest and looked into my eyes. She was breathing heavily and had a funny expression on her face.

"Hahaha." Letting out a laugh, I suddenly hugged her tightly against me. I said something in her ear before throwing her on the bed and swallowing her pussy.

"Kyaaa~~" She was a little "confused" before because of the pleasure that had taken over her mind, but the way I threw her on the bed excited her. "Wait a second, the needle! I can get hurt!" With her pussy in my mouth, I couldn't answer Lili.

She desperately threw all her sewing material on the floor.

Then she twitched, and she gave a loud moan. "Hmmmmm~~" She bit her finger, and I felt her sweet juices invade my mouth. It was so warm and tasty. It get tastier and tastier.

I licked my lips and then wiped my mouth with my hand.

"Should we continue?" Lili stood with her legs spread, exposing her pussy to me. Her pussy was red and wet; I had made a mess using only my mouth.

"Wait... a little... I need to breathe." Lili closed her legs. However, I moved closer and opened them again.

"You said you would do whatever I wanted." I started rubbing my cock against her pussy. The sounds of our liquids mixing made me horny, but I didn't put my cock inside her.

"If you stick it in now, I'll-"

"You?"

"Haaa~~ Idiot."

My cock slowly slid into her pussy. Lili gripped her breasts tightly, and her fluffy ears stood erect.

"Your pussy is so good. I can't get enough of it." The walls of her pussy massaged me, and the heat from her body could melt my cock. That pussy was made for me.

We are very compatible; it's incredible.

"Haa~~" I took a deep breath and started to move. I looked at where we were connected. Whenever my cock came out, Lili's pussy would suck it back in again.

My movements got faster as time went on.

"Urgh." However, my cock slipped out of her pussy. Lili was drooling. She had cum many times. She would probably remain sensitive like that for the rest of her life.

"Now it's time to fuck you on all fours."

"Kyaaa~~ Wait, not now!!! I can't take it anymore!"

"What? You've never been this weak!"

"Please, I'm tired!"

"But I haven't cum yet!"

"I can make you cum with my mouth again, so please!" Lili sat on the bed and covered her privates. Seeing that she was serious, I decided not to force her; it would be stupid and immoral.

"It's okay." I stood up and then put my pants back on. "We can continue when you're feeling better. And we're going out this afternoon, don't forget."

"Okay..." Lili smiled a little awkwardly and picked up her shirt.

It was a sudden change of mood.

####

"So, who is she?" As soon as God appeared, his assistant asked him.

"She's involved with him. She's probably the one that created that tower. And about the tower, I've taken care of everything, I got it out of there."

"So this woman created the tower? But she looks so weak." She was a frail-looking woman. She had short black hair and pale skin. She wore a provocative dress, which left much of her legs showing.

"It may not look like it, but she is quite strong... Of course, she is not strong enough to offer me any risk." God looked at his assistant and stroked his beard. "Changing the subject, haven't I told you to stop changing your appearance? You change your appearance daily; I'm starting to go crazy."

"If I have the power to change my appearance, I have to take advantage of it. What woman doesn't like to feel attractive?"

"But you just change the color of your hair and eyes... You don't look any different."

"Really? Well... one day I wear red hair, another day black, and now I'm wearing blond hair. It's nice to keep changing colors."

"How childish... Okay, now arrest that woman in jail, let's wait until she wakes up to interrogate her."

"Do you intend to torture her or something?"

"No, I just want to talk. Even if I can't get her to say anything, my goal is to lure that guy here."

"I see. I hope it works. But he's afraid of you, so I don't think he'll come here."

"It will depend on how much he likes this woman. But I think she's just a disposable doll to him, just like all the others." God continued to stroke his beard and smiled bitterly.
