

Akatsuki Uzumaki

Nagato had formed the Akatsuki, and through their intelligence he learned the Uzumaki clan was still out there. He discovers that Kushina Uzumaki had died but she left behind twin boys. Nagato takes them and raises them in the Akatsuki.

Chap 1

Kushina was having twins, yes twin boys to be exact. Being the vessel of Kyuubi this was very dangerous, it was dangerous for any vessel of a bijuu to have children, but they came prepared. Her husband Minato was doing his best to keep the Kyuubi's seal from breaking, while the aids were helping to deliver the babies. "Push Lady Kushina, push!" this followed by a loud scream from the red haired woman.

She could feel the Nine-Tailed Fox, resisting Minato's efforts on the seal. Kyuubi was thrashing about in his cage, he believed this could be the moment he could be set free. 'Let me out woman!' he howled into her mind. He'd been trapped inside her body with the two growing infants, and they made him more nervous than anything.

However the Kyuubi stopped as he felt a familiar dark presence. 'No not him, I will not be a slave to Madara again!!' He knew if he escaped now he would fall prey to those devilish eyes again, and be made into nothing more than a puppet. There was only one option, he had two vessels so very close to him. 'Madara you will never have my power again.' Kyuubi severed his soul in two,

splitting the yin and yang. The split soul was able to pass through the weakened seal and jump into the nearest bodies, Kushina's boys.

Their sons were named Naruto and Menma, Menma was born with red hair however his hair changed black, Naruto was born with blonde hair, and the two shared whisker like scars on their cheeks and seals appeared on their sons' stomachs. Their names had already been chosen, by the god father, Jiraiya. Kushina's seal was beginning to fade. "The Kyuubi he sealed himself in our sons." Kushina said, and Minato stared at her in shock. "Why would he do that?"

"I don't know, but he split his soul in two." she held her sons.

"I see then it's the boys I need." A dark and sinister voice made the couple turn to see a masked man and two dead guards. Minato took a fighting stance standing between the mystery man and his wife and sons.

"Give me the boys and I'll let you live." he offered.

"Not on your life." Minato cursed. The masked man rushed them, and Minato caught his attack with a kunai

of his own, the close strike Minato could see his kunai was unique, dipped in poison. "You bastard! Kushina run!" he tried to fight the masked man, but he was difficult when he got too close he passed right through his body, and the man's poison weapon seemed to be aimed for his vitals. Kushina summoned her strength and got up taking her kids and running for their lives. Her babies cried as she ran towards the village.

"Hush little ones," she tried to sooth.

Minato was using his best jutsu but because of the masked man's weird ability he escaped, he seemed to be able to phase through physical objects, even jutsu seemed to pass right through him. "Damn it!! Kushina!!" Minato raced to find Kushina.

Kushina was running as fast as she could, gently shushing her boys hoping the masked man didn't have allies.

"Hand them over woman you know you can't protect them." The masked man appeared blocking Kushina's path to Konoha. "If not for the Uzumaki clan strength, you would have collapsed from exhaustion already. Not

that you could fight me with two kids in your arms.” He drew his poisoned kunai.

“How do you know of the Uzumaki clan strength?” the man didn’t respond. Kushina held her children and they cried. “Hand them over or die!” He rushed at the family, and the boys cried louder, their chakra leaked out with great force, knocking the poison kunai away.

“Impossible!?” The chakra swirled around the boys, and a chakra tail whipped out and struck the masked man. Their chakra didn’t harm Kushina, but instead protected her.

Kushina didn’t have time to question it as their chakra faded away. The boys tired themselves out and fell asleep in their mom’s arms. “Come on boys!” She ran towards the village, however the boys’ surprise attack didn’t put the masked man down for good. He got up, and collected his poison kunai.

Just as Kushina was about to reach the gates the poison kunai was pierced into her back. “Gah!” She stumbled but quickly turned as she headed towards the ground. The kunai was knocked out of her body and she shielded

her boys from the fall. Her heart was racing, having the poison began spread through her system faster.

The masked man drew closer and closer. “No...” Kushina said weakly and she tried to move but the poison was disabling her. Naruto blinked awake and with blurry eyes saw the masked man descend upon his mother and brother. “Stay away from my sons!” He grabbed Naruto by his leg and lifted him up. “You are coming with me.” The seal on Naruto’s belly glowed, Kyuubi sending his power through the infant’s chakra system. Naruto cried and his wind chakra echoed in Naruto’s scream, the force from the attack felt like a second stage rasengan. ‘So strong!’ his clothing began to get ripped apart, he had only one choice, release Naruto or suffer a broken everything.

He dropped Naruto and Minato showed up catching his son in an instant. “Minato,” Kushina whispered weakly, a smile gracing her features. He performed several hand seals and let loose a powerful jutsu. “Flash Impact!” He threw a kunai, and the man was still stunned from Naruto’s sudden attack to counter. A barrage of

explosions hit the masked man again and again and sent the man rocketing into the distance.

Minato took Kushina and his boys to the hospital. Konoha was put on high alert. He looked at his son, Naruto. "My little man, you tried to protect your mommy didn't you? What a brave boy." Naruto giggled and reached up at him, touching his father's face and he set him into Kushina's arms.

Kushina was pale and she was sweating heavily. "My love, I think it's too late for me." The poison was taking everything from her but she couldn't help but smile, she had two sons who would grow up to be great men. "Look after them for me." The med nin were doing everything they could, but the poison was too deep in her system, and with after giving birth and losing Kyuubi it was too much. In her final moments she gives her sons a kiss on the forehead. "My sons!"

The boys start to cry as the life fades from her. The medical nin take them, so they could be fed and Minato could mourn. The hokage dropped to his knees and cried hard, heart breaking over his own weakness. "I'll protect them, I promise you!" he says.

When he goes to collect his boys, he tries to put on a brave face, but as he picked Naruto and Menma up he was still crying his tears fell and landed on his sons' heads. Naruto and Menma reached up and touched their father's cheeks. "I'm sorry boys I couldn't save her." they cooed and wiped away his tears.

"My sweet boys." Minato planned to raise the boys well, he took them home and placed them in a crib. He would mourn for Kushina more later, they had a threat on their hands. He called for the anbu to sweep the village and make sure the masked man was caught. Minato would miss Kushina and he would never love another woman again, but for now he had to make sure his sons were safe.

They were his world now, he was going to give those boys everything help them grow strong. "Good night sons." He placed a kiss on each of their foreheads, he gathered jounin to guard the estate. Contacting Sarutobi to assist him in dealing with this invader. Their location had been compromised somehow, so they needed to find out who betrayed their village.

-x-

The masked man was not gonna give up. 'I need the 9 tailed fox's power.' in order to escape he summoned a mass of giant beasts to attack Konoha, the chaos cost some lives, and made the perfect distraction. He escaped and slipped some info to the Akatsuki informants and they took it to Nagato. "I need orders." he says. Nagato learned that his cousin Kushina had passed away in Konoha, and that she died after giving birth to two boys. "The Uzumaki Clan is spread thin already, Konoha will not benefit from Uzumaki blood any longer." The masked man wanted support to move in. "No I will handle it myself."

In one month Nagato learned where the boys were and he planned to take them and raise them himself. 'I will save the Uzumaki Bloodline.' Nagato Uzumaki otherwise known as Pain was the founder of the Akatsuki, only a handful knew his true face, they mostly knew of Pain as Yahiko. He was Nagato's friend who sacrificed himself and awakened Nagato's Rinnegan. He was able to save his friend's body and use it through the Rinnegan. Using five other bodies, he created the Six Paths of Pain, each one holding a power of the Rinnegan. Nagato had a

strong love of the Uzumaki clan, they were spread out and yet were strong.

Using the Six Paths of Pain he had them slip into Konoha, the Animal Path was a summoner, it slipped in and when it was close enough to Minato's home it summoned the other paths. This sneak attack was quick and fierce, they broke in and stole the boys. Minato did his best to stop them, but the Yahiko Pain had the boys, and with his Almighty Push Minato couldn't get near them. He was beaten and left for dead but Sarutobi found him and got him treatment. Minato cried and he didn't care who saw, he had failed to protect his family again, lost his family, the only thing keeping his sanity was that his boys were alive out there somewhere. "I won't rest until I find them!"

He was so worked up he had to be sedated to receive treatment. "Naruto...Menma..." he cried. "Forgive me!"

-x-

Nagato couldn't believe it he had gotten some of his family back. He would raise them as proud Uzumaki clan nin. "Isn't it great Konan?" he held the two infants,

smiling. Konan would have said something about this but Nagato was so happy she held her tongue. 'He hasn't looked this happy since Yahiko was alive.' He had done this plan without consulting her, which worried her. 'If things get too far I'll take them back.' Time would tell if the boys would ever see their father again, but under the Akatsuki's care the boys would grow up strong.

To be continued

Chap 2 Time and Training

Minato refused to give up on his sons, he hoped they were alive. If his enemy was after the bijuu, then there was always the chance they had been killed to extract the Kyuubi. He almost never left the Hokage office, going home was too painful, an empty house that reminded him of his failure. Sarutobi was worried about him. Losing his children changed him, he set new rules making it so students wouldn't become genin until they were sixteen. At thirteen they were given more advanced training preparing them for the future, Chuunin and Jounin were tasked with teaching the more advanced

skills. Minato allowed these classes to be taken to strengthen and prepare the next generation so families would not be severed like his.

Minato's strength and caring heart reached out to all the clans, including the Uchiha clan. Under Minato's rule the Uchiha clan's revolt was handled peacefully. Kakashi his former student joined the anbu and was turning over every leaf he could find to get some clue on who took the boys. Itachi himself swore to find them, Itachi went undercover on some deadly missions in hopes of learning something of their location. He was one of the youngest anbu, and one of the most deadly. Many of the clans had their hearts out for Minato, hoping to find a clue of some kind that would lead the man to some peace.

-x-

The Masked Man was furious he believed Nagato kidnapping the vessels of the Nine Tailed would mean his plans could move forward, however as he learned because the Kyuubi's soul was not in one body his plans to capture the bijuu was in trouble. The demonic statue could rip the bijuu from a person, only one at a time. Since Kyuubi's soul was in two bodies, the statue would

not be able to until the souls were united once more. The Masked Man cursed Kyuubi, out of all the bijuu he faced Kyuubi was by far the most clever. He had to wait and prepare for now...

-X-

As the boys grew up Nagato told them of their mother was an Uzumaki, and the proud name of the Uzumaki. He went into their history and told them of their potential. He had the members of the Akatsuki train the boys growing up, and their stories of their villages and their adventures made the boys want to become ninja. Naruto studied mostly under Konan and learned the Paper Art. His wind chakra only advanced his skill, and Naruto learned seals from scrolls the Akatsuki acquired, he could place seals on paper and that made him even more dangerous. It became like a treasure hunt, the young blonde would bound up to the returning Akatsuki members like an excited puppy, he was so excited the teams would compete to see who could get him the better scrolls.

Menma learned from Kisame and Kakuzu, through great skill and training Menma was able to wield the five

elements; earth, wind, fire, water and lightning. He had no bases of ninjutsu but thanks to Kisame he learned another trick. He harnessed the elements and shaped them into animals. Earth Mice, Water Snakes, Wind Birds, Fire Dogs, Lightning Wolves. He never got cocky though Naruto saw to that, despite the many sparring matches Menma has lost every match against him. Nagato was so proud watching them grow.

Over the years the twins formed bonds with different members of the Akatsuki.

Naruto formed a bond with Deidara and Sasori, Naruto loved making art from his paper, he soon stopped wearing normal clothes except for boxers and used his paper art to make clothes, a stylish armor of paper. Naruto liked both their ideals of art, and with his art fitting right in the middle they were a triple art threat.

Menma formed a bond with Zetsu and Kisame. Zetsu was a bit weird but he was great to talk to, and Menma liked plants. Kisame again an odd ball but Menma was an odd ball to. Their weirdness just meshed together in the right way. They had a love of battle, that was unique.

Hidan however was always the butt of the boys' pranks. They just loved messing with Hidan. The immortal was constantly being used for the boys jutsu tests. Since he couldn't die he was the perfect target, and if he tried to run, good, the boys loved a good hunt. Hidan swore Jashin would punish them one day but so far that didn't happen.

The Akatsuki seemed to rub off on them. Menma gained a taste for sparring from Kisame, Naruto gained a love of money from Kakuzu. They gained a love of ninjutsu from Orochimaru, during his brief time as a member.

Nagato used the six paths of Pain to keep an eye on the boys at all times, and they got to travel between the various Akatsuki bases. They were always accompanied by at least one Pain and a member of Akatsuki.

Orochimaru became a problem, when he defected some time later. The man was a snake, willing to play both sides if it benefited him.

When the boys were 13 a new member joined the ranks of the Akatsuki. Itachi Uchiha! He had infiltrated the group thanks to the help from Orochimaru. It wasn't till a year later did he join the senior ranks of the organization.

When Itachi met Naruto and Menma there was no question who they were. 'I don't believe it they are here.' Itachi sent a special raven to Minato with a message.

-x-

After 14 long years Minato had almost given up hope. Not a clue, of life or death, and the other villages weren't exactly jumping to cooperate stubborn as they are. He finished his report and was actually ready to close the case on his sons, it was a heavy heart but he'd been fighting the council for the last 3 years to keep it open. "I'm sorry, I failed you both." Then a raven carrying a message swooped in and landed on his desk. "Itachi's raven?" the male was in deep cover.

"Your sons are alive!" The message was simple but it held so much more!

Minato actually sank to his knees and smiled. "My boys are alive, I will see them again." He almost wanted to throw the message in the old geezers faces.

-x-

Itachi's mission was to locate the mysterious masked man, he had been given a tip from Orochimaru that he

was being protected by the Akatsuki. So he joined the organization, and was planning on killing the masked man, however when he found the boys his mission changed. He couldn't just take them, they had grown up to see the Akatsuki as family. Plus he was always being watched, he had been partnered with Kisame. The man was a brutal fighter, if he showed the slightest sign of disloyalty the shark like man would rip him apart. Plus with the Pains watching the boys' every move it was difficult. 'I have to find a way to get them to Konoha.'

Itachi put his genius mind to work on this problem. 'What if I tell them about their father? No, that won't work, they might not believe me. I'll need to earn their trust, and the trust of Pain.' He knew Orochimaru was hiding something, the man was from Konoha to begin with. So he knew what happened to the sons of the Hokage. 'If he didn't tell me, then he plans on me asking for his help to get them out.' It was an option but not the best one.

He spent the next 2 years earning their trust, and sending as much info on the two back to Minato as he could.

-x-

On a routine transit to one of the Akatsuki bases Itachi and Kisame were escorting Naruto and Menma. They were walking through a forest. “Hey brother do you hear that?” Naruto asked looking around.

“I don’t hear anything.” Menma said, looking at his brother.

“Exactly it’s mid day and this forest is dead quiet. Something isn’t right.” Itachi looked around and using his Sharingan he sensed something was terribly wrong. A being with massive amounts of chakra was heading their way.

“Naruto-kun get back we need to get out of here.” Itachi said and he drew a kunai. Kisame went up to pull Naruto away and as soon as he did a growl could be heard. A massive orange haired monster came barreling out of the shadows and threw a monstrous punch at Kisame. The shark-man blocked it with his sword. ‘Shit!’ Kisame cursed as he was thrown into a tree.

The orange haired man was wearing tattered clothing, and he looked crazy. Half his body was infected by an overflow of nature chakra. The man looked at Naruto

and readied another attack. “Big brother get back he’s gonna attack you.” Menma shouted and he formed fire in his hands.

“Stand down Menma.” Naruto said. “Leave him to me.”

‘What is he thinking?’ Itachi thought, as the wild man flew at Naruto, and the blonde male didn’t lift a finger to stop the attack. Before his fist came in contact with Naruto he stopped. “There now don’t be scared.” Naruto rubbed his monster arm a gentle smile on his face.

Menma gasped as his arm reverted to normal. ‘What is this guy?’

The wild man blinked and broke down crying. He grabbed Naruto and cried into his chest. Naruto smiled and hugged him tightly. “There there, everything is okay now.” he rubbed his back soothingly.

Menma chuckled, that’s how Naruto calmed him down whenever he had a bad dream, it worked every time. Itachi and Kisame approached, which made the male tense up. “They aren’t gonna hurt you.”

“It’s me you should be worried about, I can’t...” a surge of nature chakra was felt but Naruto’s gentle caresses helped sooth it back.

“What’s your name big guy?” Naruto asks, giving Itachi and Kisame a look to step back.

“Juugo.” The wild man spoke.

“Well Juugo, it looks like you need a place to stay, some food and a bath.” Naruto said, and Juugo tensed.

“NO! I can’t be around normal people I can’t control myself.” Juugo pleaded. “I’m cursed, please just kill me and stop me from hurting anyone.” Naruto just chuckled.

“You are not cursed, you have nature chakra inside you, it’s causing you to go wild. I’ll help you. I will help you get control of your power, and you can have a home.”

“Home?” Juugo said liking the sound of that.

“Naruto I don’t think Pain would approve of this.” Kisame said.

“Yes he will, he’s always approved me making friends.” Naruto said and hugged Juugo petting his head. Juugo closed his eyes in content.

“Friend? He’s more like a pet if he was a cat he’d be purring.” Menma said with a chuckle.

“Ignore my brother, he’s Menma, the shark looking guy is Kisame, the tall raven is Itachi, and I’m Naruto.” he introduced

“Naruto-sama!” Juugo said and nuzzled his chest. The smell of the blonde comforting him.

Itachi held back a groan, things just got a whole lot more complicated.

To be continued

Chap 3 Lock Down

When the group reached the base where Nagato/Yahiko was, and he saw the strange orange haired male, he wanted answers. Yahiko Pain looked at the two, Itachi simply closed his eyes, and Kisame shrugged. Naruto came up to him with Juugo hot on his heels. “Nagato this is Juugo, he’s my new friend he really needs a firm hand watching over him. Can he stay with me please!?” Naruto

pleaded his blue eyes shining. He called all the Pain's by Nagato, since they were all a part of him in a way.

Nagato sighed, and looked at the orange haired male. It was clear he wasn't an official ninja, but he was strong. With the Rinnegan he could see the boy was brimming with raw strength. He had no official training and he seemed very attached to Naruto. Nagato. "Fine he can stay but keep him out of trouble." Juugo grabbed Naruto and hugged him.

"Yay thanks Nagato. Come with me Juugo you need a bath and so do I travel is fun but nothing beats a nice hot bath." Juugo blushed but followed Naruto. Menma chuckled. 'I gotta see this.'

"Hey Nagato can I get a dog, Naruto's got a pet can I get one to?" Menma said with a chuckle and Naruto slapped him upside the head. "Oww!"

"Shut up baka come on let's hit the hot spring." Naruto says and Menma never turned down a trip to the hot spring. Every base had one, and the boys would barely go three days without hitting the hot spring, they'd hit it every day if they could.

“A soak in the hot spring sounds good.” Kisame said but was quickly blocked by the Yahiko Pain. “Guess not.”

“The orange haired puppy aside, we have a problem.” Nagato led the two down to the meeting room.

Itachi and Kisame sat down and Konan appeared at Nagato’s side.

“Two of our bases were hit, Konoha Anbu, they were in and out in less than ten minutes. They captured a few of our informants but they were already taken care of.”

Nagato said. “What concerns me is that both bases that were hit Naruto and Menma were just at those bases sometime this month.” Itachi kept his face emotionless.

“It could be a coincidence, but Konoha’s been persistent.”

“What’s more Zetsu has spotted several Konoha nin some of Jounin rank traveling near our transport routes. I think Konoha wants to take them back.” Nagato said, and Itachi noticed Kisame tense up.

“Well that’s not gonna happen.” Kisame said standing up. “I’ll personally remain as their guards, I’ll kill any nin who tries to take them away.” he growled.

“I appreciate your conviction Kisame, however they won’t need personal guards. The boys will be kept here, I’m gonna call Hidan here he will remain here and Kakuzu will be paired up with Zetsu for now. The boys will no longer be allowed to leave the compound. No missions or assignments. Kisame and Itachi you will also remain here and supervise the lock down.”

“Yes sir.” The two got up and left the room.

Itachi knew what a lock down would mean, all messages and movements had to go through Nagato. Itachi now had to be patient and hope Minato didn’t do something crazy, he already had slipped some info about the Akatsuki members to Konoha, along with the info on Menma and Naruto. Hidan and Kakuzu would be the most troublesome. With Hidan watching over the boys it will not be easy to get them by force. Itachi went to his room to think up a plan.

Konan came over to Nagato. “You know as well as I do the boys won’t be happy being cooped up.”

“I know but it’s for their own good.” he says. “Konoha only wants them back to be used as weapons for their ninja wars!”

‘Is it for their own good or yours?’ Konan thought, she had kept her mouth shut for so long because the boys were so happy, and she truly felt like a big sister again with them. She didn’t want them to go either. She couldn’t shake this nagging feeling inside her.

-x-

Juugo got rinsed off with Naruto’s help. “When hitting the hot spring you always gotta rinse off before you soak.” he explained. Juugo had a deep blush on his face as Naruto moved a cloth over his naked body. The blonde was fit, toned with sun kissed skin, from his strong shoulders, fine pecs, rock hard abs, over his arms and legs. Menma had already rinsed and was in the hot spring, the two were twins to the end, bodies very similar in muscle tone, though Menma was a little paler than his brother.

He had taken too long starrng at Naruto, so the blonde helped him get clean. Naruto washed his hair and rinsed

him off, Juugo whipped his head sending water all over. The Uzumaki brothers chuckled. Naruto had been wearing a tiny towel around his waist, so Juugo kept getting glances of the blonde's dick peeking out. (I saw the towels they were wearing in ep 311 of shippuden and they were short.)

“Hot spring time!” Naruto dropped his towel, letting it all hang out, as he hit the hot spring with Juugo following him. “Ahh this is so nice!” Naruto said happily. Juugo sighed, he was clutching his crotch trying to hold down his arousal.

“It really is, as much fun as training is nothing beats kicking back and relaxing in a hot spring.” Menma said. “What do you think?” he asked Juugo.

“It's nice.” Juugo said leaning back against the edge of the hot spring.

“We can start training tomorrow, we should only be at this base for 2 weeks then be packed up for travel to the next one.” Naruto said rubbing his shoulder.

“You two move around a lot?” Juugo asked.

“Yeah we go base to base we only stay at certain bases longer when we have assignments to complete.” Menma said.

“It’s fun in a way we get to see the land and learn lots of different things.” Naruto said and moved over to Juugo.

“It’s a family move so you’ll be traveling with us, is that okay?”

“As long as I am with you I will be happy.” Juugo said and pulled Naruto into his lap. Menma made whistling noises.

“Shut up.” Naruto said sarcastically but didn’t move from Juugo’s lap. He leaned back and Juugo blushed, he wrapped his arms around Naruto and nuzzled his neck. ‘He smells so good!’ It was Menma’s turn to blush. ‘Hot damn!’

Juugo had gotten excited being so close to Naruto and forgot to hold his cock down, the male’s hard cock was standing proud out of the water. Naruto groaned as his own cock slid against it. Menma stared at their hard cocks and felt his own manhood twitch to arousal. “I’m sorry I didn’t mean to.” Naruto simply rocked his hips against him making the orangette moan. Naruto’s cock

got harder and harder till his manhood throbbed in delight. "Is this the first time you've gotten hard?" Juugo blushed and nodded.

"It means he likes you bro, you make him hot!" Naruto held their cocks together and began pumping them together. Juugo tensed but bucked into Naruto's grasp. The pleasurable friction had Juugo making the sexiest moans. The boys had hit puberty and knew all about the birds and the bees the flowers and the trees. "It feels good huh Juugo!"

"Yes, ahh ohh yes!" he moans bucking up into the grasp, water splashing at the action.

Menma licked his lips and began pumping his own arousal. This was better than the "Art" Deidara kept hidden in his room. "He's got a pretty fat cock bro!" he says licking his lips.

"Naruto-sama!!" Juugo moaned and he came first spraying his cum up onto Naruto's chest. It was so thick, his heavy balls lurching and sending his heavy seed to erupt from his cock. Naruto followed suit and came spraying his cum all over his body. The blonde pulled him

into a kiss, and made out with him as the rode their orgasm high. Menma saw the looks of pleasure on Naruto's and Juugo's faces, and the make out session was the icing on the cake. He found his own release he grabbed his towel and his seed splashed onto the garment. "Ohhh!"

"I can't believe I just did that, I made a mess." Juugo sat Naruto on the edge of the hot spring and he happily began licking the cocktail of cum off Naruto's chest. "That was amazing Juugo!" Naruto moaned.

"No that was hot!" Menma shouted. He tossed his towel aside and swam over to the two, Juugo had just finished cleaning his master off. "I want in next time!"

"You two do that?" the look in his eye, you could tell he was picturing it now. His dick stood at attention. Menma chuckled and poked his hardened dick. "Seems like he's into it bro."

"We will see, Juugo will need to get used to us first." Naruto said and he kissed the orange haired male. Juugo moaned into the kiss. Naruto kissed him breathless,

showing his expert kissing skills. It took only a few minutes into the make out was Juugo cumming again.

-X-

Juugo was a fast learner when it came to ninjutsu and battle. Naruto made him a special collar that had seals to help filter the nature chakra. Juugo saw it as more than that he saw it as a sign of submission and he happily accepted it. Juugo liked being Naruto's "pet" as Menma liked to refer him as, though Menma had no problems playing with Juugo as well. He was a fast learner in the bed room as well. He trusted Naruto so much, he was happy to play any game the two had.

The orange haired male got a look at the boy's secret life. Since puberty the boys have been experimenting and practicing with each other, nothing beyond kisses and hand jobs. However Juugo learned quickly they were monsters in the bedroom their stamina alone was enough to wear Juugo out. They had begun branching out this past year, exploring blow jobs, frottage and anal fingering, and Juugo was the perfect person to test things on.

Juugo sucked Naruto's dick, the massive length was so big he couldn't fit it all into his mouth. What he couldn't fit he stroked with his free hand. Dick size was one of the ways you could tell the two apart. Naruto was 13 inches, Menma was 11 inches. Juugo was 10 inches but he was thick! After getting Naruto to cum, he was still hard. "Let me show you how it's done." Menma sucked Naruto down, relaxing his throat to deep throat his brother. His nose buried in his brother's thick nest of pubes, he moaned around his shaft.

The blonde panted and moaned, running his fingers through his brother's black hair. He bobbed back and forth, Juugo watching intently. Naruto came deep into Menma's mouth, and the boy didn't waste a drop. He pulled back licking his lips. "You gotta relax your throat, breath through your nose, his musk is amazing."

They moved on to the next round. Rimming and Fingering; Menma got on his hands and knees, ass up high, Juugo got into the position and buried his face in the raven's ass. "Ohh yeah baby!" Juugo lapped at his hole like a hungry dog, tongue darting back and forth. Naruto sat on the side lines, lubed fingers caressing the

orangette's hole. One finger, became two, twisting and thrusting into Juugo's tight heat.

It spurred him on, lapping at the offered hole. His dick was pulsing in want. Naruto explored his hole, fingers massaging his inner walls, seeking out his sweet spot. When he found it, Juugo's head whipped back moaning. "You like that Juugo? That's your sweet spot." he proceeded to tease his prostate. Juugo moaned, his body shaking, his cock pulsing and twitching dripping pre.

"Hey hey hey," Menma moans shaking his ass. "Get back here!"

Juugo obeys, kissing Menma's hole and lapping at it. Menma drooled loving the attention to his ass. He pushed back making his cock bounce in delight. It was Juugo who came first, his seed erupting all over the floor, Menma followed suit cumming a few minutes after.

"That was a blast!" he smiles. "Who's up for the hot spring?" Juugo couldn't believe how much stamina they had, he was keeping up but he had nature chakra pumping through him what's there excuse.

-X-

A few months in the boys began to notice things. They hadn't been asked to move and Nagato kept giving them training assignments, Hidan was a regular sparring partner. They had never been in one base longer than 3 months, and when they hit a year they began asking questions. "This base will be your home for awhile you will not leave the compound until I know you are ready." they knew what that meant a lock down.

Naruto and Menma were not happy about this, even messing with Hidan wasn't bringing them joy. They kept training and finally after staying at the base for a year they were 17 and they wanted a way to prove themselves, but Nagato was adamant about them leaving. They tried to escape on their own but Nagato made sure the fellow Akatsuki members kept them in, claiming it was a sign they were not ready.

Itachi realized there was now a way to get the boys back in Konoha. Naruto and Menma were trashing the training room again after their request to leave was turned down again. Juugo just laid back and marveled his master's strength. "Boys, you want a way to prove yourself to Nagato?"

“Of course we do.” Menma snapped blasting several targets.

“What did you have in mind Itachi-san?” Naruto asked.

“Have you heard of the Chuunin exam?” Itachi said with a grin.

Chap 4 Sneaking Out

Itachi told them all about how the Chunin exam was a way to show ninja's were ready for the next step of their journey, and by winning the exam you gain the rank of Chunin. “So what do you say? Sounds perfect for proving yourselves don't you think?” This had the Uzumaki brothers excited, and they already began forming a plan to escape the base. “This is it!” Naruto exclaims.

“Nagato will have to accept us if we become official Chunin!”

“We'll need a team of three.” he looked at Juugo.

“Do...do you think I'm ready?” Naruto smiled and gave him a kiss. “Of course, we all are!”

“Where is the exam being held?” The elder Uchiha knew the boys were strong enough having sparred with them himself, their skills surpassed many of the Jounin and Anbu he’d met. ‘This might be a cake walk for them, but...’

“The Chunin exams are being held in Konoha this year.” the boys were pumped. ‘And it was the perfect chance to reunite the boys with their father.’

“Itachi can be our Jounin!”

“I’m afraid not, Konoha is my home village, even if I go in disguise I could be found out.” He had to leave escaping to the boys though he already was pushing it by telling them about the exam, he got them some fake hitai-ate with a fire mark. He put his faith in the right tricksters though, they already had a plan.

The village hidden in the flames, it’s a rumored village that no longer existed, and possibly may have never existed. However as a joke the village is registered every year. So they’d have no problem registering.

-x-

Naruto, Menma and Juugo found Hidan alone and ganged up on him. "What are you brats up to!!" Hidan snapped getting on edge. He knew that look in their eyes, they wanted something.

"You see Hidan we were thinking." Naruto purred out, making Hidan blush. He was using his sexy tone, one purr from Naruto could make even a straight man weak in the knees.

"We want to prove ourselves to Nagato-san." Menma said, giving him a big smile; it made Hidan nervous. He knew that smile to.

"So what better way to do that than an exam?" Naruto says. Hidan began to sweat.

"So we are going to hit Konoha and take part in the Chunin exam." Menma says feeling up his arm.

"What you can't do that?" Hidan snapped, and the boys' grins grew wider.

"Oh we can!" Naruto-Menma said together.

"And you are going to pose as our Jounin instructor." Naruto said, and Hidan regained his composure.

“The hell I am I’m going to tell Nagato about this you two are so busted.” Hidan said, and the boys chuckled. Juugo caught him and sat him back down.

“You don’t help us and I tell Nagato you were jerking off to Naruto while he was taking a bath.” Menma said and Hidan gulped. ‘Shit how’d they know!’ it was true, but can you blame him. These two terrors loved messing with him. From the trio walking bare ass naked around the base, to openly flirting with him. Naruto had been the source of his wet dreams. He prayed to Jashin to make it stop, but his prayers went unanswered.

“Go...go ahead I’m...not scared...” Hidan was shaking a little, he knew how over protective Nagato was of the boys, and being immortal meant he could be tortured for days and days without end. Whatever the boys did on their own was their own business, but if any of the Akatasuki heads wanted to be with Naruto and Menma they had to get permission from him. Like asking the parents for a date. ‘If they know about that what else do they know?’

He’d been peeping on more than just a bath. The boys had taken the next step with their relationship. They had

nothing else to do since cooped up in the base all this time. The boys were going stir crazy, so they explored other ways to entertain themselves. Naruto had taken his brother's virginity first, as Juugo watched, little did they know he wasn't the only one watching.

They had sex facing each other, Menma's legs wrapped around his brother's waist, drawing him in, his dick reaching deeper. His toes curled in delight and his dick rubbed against his brother's abs in kind. Juugo watched in wild anticipation, he played with his ass as he watched. Menma came, with Naruto cumming soon after, his brother's inner muscles clenching him tight.

It was Juugo's turn, Naruto pulled his still hard cock out and Juugo got on his hands and knees, offering his ass to his master. He held his cheeks open, his hole twitching in want. Naruto lined up his cock and pushed in, Juugo moaning in delight. The room was filled with the sound of skin striking skin, Juugo had a much more plumper ass than Menma. Despite having cum, Naruto fucked his tight ass with gusto. Juugo's climax was strong, his howl of pleasure like when he was wild on nature chakra. His

hole clamped tight, and Naruto growled, spilling his seed deep into Juugo.

The event was forever burned into Hidan's memory, and it was one of many.

"You were fingering yourself to, I bet you want my dick buried deep inside you." Naruto purred and reached forward to cup Hidan's package through his pants. It was true, he loved anal play, and he knew how big Naruto was, the only guy bigger than him was Kisame, but he had the hots for Menma. It was hard not to, the two were semi opposites while both were pervs, Naruto was more of a top, and Menma a bottom. He had dreams of being in the middle of an Uzumaki Sandwich, his cock in Menma's ass and Naruto's cock in his.

"Ohhh" Hidan moaned and bucked into Naruto's grasp, pre was starting to form a wet spot, before he could buck away and escape, Juugo held him down. "Shit!" He cursed and tried to break free but Juugo was too strong.

"I'll make you a deal Hidan, you get us there and back and after we win the exam, you can become mine." Naruto purred in his ear. "I'll fuck you over and over,

Menma and Juugo are even willing to help. What do you say wanna join our kinky family?" Naruto licked Hidan's cheek and the man's eyes rolled up.

"YES!" Hidan moaned and Juugo released him. He shuddered in bliss, his balls lurched and he came into his trousers, he felt his manhole twitching in delight.

"Good now let's go!" Naruto and Menma said high fiving. 'Damn it they got me!'

"I gotta know I thought I masked my chakra perfectly, how did you know I was peeping on Naruto?" Hidan had to know.

"Oh we didn't we took a guess and ran with it." Menma said, with a big grin on his face. Hidan's jaw dropped.

'I got played!!' Hidan's face turned red, both from anger and embarrassment.

Naruto cupped Hidan's cheek. "My offer is real Hidan, get us there and back and you will get to do more than just watch." Naruto kissed Hidan and all anger flew out the window as the boy's skilled lips caressed his own. Juugo and Menma got hard watching the kiss knowing full well how powerful Naruto's kisses were. Menma had a theory

Naruto's kisses could make someone his slave, turn a straight man gay, and make a woman pregnant just from how powerful they were.

The four disguised themselves as flame ninja, Hidan had no skill with genjutsu luckily Naruto had that covered. Paper Ring – It had special genjutsu seals on it whoever wore the ring would look completely different and it couldn't be dispelled by normal means, only by removing the ring. As a bonus Naruto placed a limiter making it so Menma Juugo and himself could see the true form no matter what so his invention could never be used against them.

Naruto made paper clones of the four and left them behind, he put a fifteen day seal on them so they'd not be noticed so easily. Itachi could help cover them on that front. His skills were enough to get by Nagato, hopefully. "Thanks Itachi!" Naruto says giving him a hug good bye.

Hidan got them out of the base and they headed towards Konoha. 'If Nagato finds out, I'm so screwed.' his dick twitched and he looked at Naruto. 'And if he doesn't find I'm also screwed!'

To be continued

Chap 5 The new teams arrive

The journey to leaf was a simple one, they took the direct route to the village, and registered for the Chunin exam. Their names were spoken but thanks to Naruto's seal no one registered who they could have been, In a sense there was a women named Fu who happens to be a jinchuuriki and there was a man named Fu who was once in the Yamanaka clan.

They slipped in without much difficulty. Now they were there, and the boys wanted to explore. "Hold it, we are nin in unfamiliar territory, we should be on our best behavior." Naruto and Menma smirked.

"Of course Hidan-*sensei*." The way Naruto said sensei, sent a shiver down Hidan's spine. His dick jerked in delight and want.

"You can count on us!" Menma chimed in, and Hidan was still unsure about this.

He sighed, "I'm going to go report to the hokage, and get us a room assignment as well as information for the exam, do not cause trouble or Jashin will punish you!" He walked off and the boys waved him off.

"Well I'm going to scope out the village, see if I can find us some place to eat." Naruto said and began to walk off, "Come on bro don't you wanna check out the competition?" He stopped, "Of course I do, but we need to find a good place to eat in this village, Juugo stay with Menma." He walked off, and Juugo frowned.

"Aww don't be sad big guy, let's go find someone interesting, if we find someone Naruto will be happy with ya." That got Juugo moving, and they took a different street than Naruto and began looking for people entered in the exam.

"Sasuke you see those headbands? I've never heard of any flame ninja before."

"Hmm I doubt their worth checking out but let's follow them, can't have some low level village making trouble in ours." Three ninja followed after Menma and Juugo.

With Naruto...

Our favorite blonde walked about, he noticed various anbu on guard, no doubt due to the exam. There was tons of food courts open, businesses cashing in on the increased travel, he focused his sense of smell and took in the smells of food, seeking out the best one. He came to a stop in front of a small ramen store. "Ichiraku Ramen? Could be interesting?" He went inside.

Back with Menma and Juugo

The two had met various ninja who would be entering the exam, but none of them so far were interesting, Menma even went as far as using Juugo's Intimidation Jutsu. It was a useful technique, it was a pheromone Juugo could release from his body, it would frighten or intimidate weaker opponents or those with no ability to fight it would force them to flee without any injury, it was a handy technique. The best part of it was is that it was untraceable, and once it was canceled the people had no memory of being frightened at all, just feel a light chill run down their backs. It was based off how larger animals intimidated smaller animals.

“Not much competition eh Juugo?” he nudged him in the side. Juugo sighs in agreement. “All these years you really only talk when Naruto is around.” Juugo nodded.

“Indeed, Naruto-sama will not be happy if this exam isn’t at least a bit interesting.” Suddenly Menma stopped in his tracks and he grinned.

“Oh I think we have found someone interesting.” He nudged his head towards a group of ninja from the Sand Village. “That boy with the red hair, he’s like Naruto and I.” Menma was grinning wildly. “He’s got a tailed beast in him!!” He said, licking his lips.

The boy was as tall as those with him, he had wild red hair, and black rings around his eyes. He carried a huge gourd on his back and he seemed to be dressed in rags while the two with him were dressed in finer clothing, he had a collar of sutras around his neck, he had beads around his wrists.

“Let’s go say hi.” The two walked over, and the blonde girl got really defensive.

“Who are you?” The blonde snapped.

“I’m Menma and this is Juugo,” The girl and older boy got defensive, “Easy we just wanted to say hi, and perhaps learn the name of the red haired guy, my big brother Naruto will want to know.”

“I am Temari, these are my little brothers Kankurou and Gaara.” Suddenly Gaara stepped forward. “Gaara?”

His eyes flashed gold as he looked at Menma. “You and your brother I’ll kill you both.” His voice was cold, yet he seemed excited to fight them. Juugo was about to attack but Menma stopped him.

“Gaara!” Kankurou put his hand on his little brother’s shoulder. “You need to stop!” Gaara glared at him but his eyes reverted back to normal. They made Gaara leave, and Menma laughed.

“His eyes were filled with darkness, Naruto-sama will not sit by and do nothing.” Juugo said, and Menma shrugged. “Now you talk?” Juugo shrugs. “You messing with me now aren’t you.” Juugo smiled. “We rubbing off on you.”

“Yeah, Big bro will want to help him, but we’ll cross that bridge when we get to it.” They continued on, looking for others.

Back with Naruto

“Ahhhh so good!” he slurped his fourth bowl of ramen down. “I’ve never had anything so delicious!”

After enjoying the ramen and paying for it, he decided it was time to gather some information of his own, using his Listening Paper Jutsu, he turned normal paper into a listening device, he folded them into paper birds and sent them flying over the village.

The village was a flame with news, he learned that Team Guy was entering this year, a team that consisted of Neji Hyuuga, Rock Lee, and a girl named Tenten.

There was Team 8 which was talked about cause it was a change to a famous formation. From the gossip apparently one of the teams formation members failed to graduate the academy due to low scores, the team was led by Asuma Sarutobi, and it held Shikamaru Nara, Chouji Akamichi, and Shino Aburame. Some people joked that the new formation would be called Shino-Shika-Cho.

His paper overheard some visiting mist ninja, apparently there was quite an interesting team here, it was led by a man named Ao, and the team consisted of Chojuro,

Haku, and shockingly Momochi Zabuza, the man apparently had been captured by anbu and taken back to mist along with Haku, his chakra had supposedly been sealed and he was dropped down to genin rank though he held his title of swordsman of the mist.

Then there was another team from the leaf village, it was led by Kakashi Hatake, and the team consisted of Hinata Hyuuga, Kiba Inuzuka, and Sasuke Uchiha. When Naruto gathered his data he got one more Ramen for the road and decided to go looking for his brother and Juugo.

“Two swordsman of mists, and an Uchiha sounds interesting Itachi was right this will be a test of our skills.” He said before slurping his noodles.

Back with Menma and Juugo

The two had gotten a little lost, they seemed to be an alley way of some kind, and they couldn't find anymore teams, that is until the one that had been following them made themselves known. “Have fun following us?”

“How did you know?” Kiba gasped, Sasuke narrowed his eyes.

“We are ninja you know, and I got a good sense of smell.” Sasuke, Kiba and Hinata came out.

“Tch, and here I thought you guys were no class ninja.” Sasuke said, and of course Menma was not going to take that.

“Listen here, I would watch what you say, unless you wanna get spanked in front of your teammates here.”

“Uhh Sasuke-kun Kiba kun, maybe we should just go.” The girl said timidly.

“Stop being so timid Hinata, we can take these guys, right Akamaru?” However the big dog wasn’t there, he was over by Juugo being petted happily. “Ahh you traitor get back here!!” He did and Juugo waved goodbye.

“You always got a way with animals Juugo.” Menma laughed,

“Grr, I’m gonna show you!” Kiba growled, but he was stopped by Sasuke.

“Hold on Kiba, these guys are not worth our time, I doubt some team from some little village could possibly put up any real fight.” He looked at them, “Besides if the blonde

guy is the strongest on the team we have nothing to worry about he looked like a real idiot!” In an instant Juugo rushed forward, his arm transforming, he punched the ground, he was aiming for Sasuke but he dodged, he glared at him.

“Ohh you insulted my brother in front of him you shouldn’t have done that.” Juugo went for another punch, this time Sasuke dodged and Juugo punched a hole in the wall, but he didn’t stop, he went for another punch and when Sasuke dodged this time, he was prepared he morphed his arm into an axe and he swung it down at Sasuke, he was caught off guard and the blade was aimed at his throat, in that moment Sasuke thought he was gonna die.

“What are you doing Juugo?” Naruto appeared and caught Juugo’s attack with his chop sticks.

‘I didn’t even sense him!’ Sasuke

‘I didn’t even smell him coming did he teleport?’ Kiba

‘Oh my he’s so handsome!’ Hinata

Juugo calmed down. "Forgive me Naruto-sama, but he insulted you, and I..." Naruto gave him a kiss on the cheek.

"I see you were defending me, that's so sweet of you." He hugged Juugo and stroked his hair, he smiled contently.

"HE WAS TRYING TO KILL ME!" Sasuke snapped, and Naruto turned to him.

"Oh he wouldn't have killed you, he knows better. He may have taken your arm or two." Naruto smiled, "Let's go find sensei, looking forward to the exam, see you there." They left leaving the stunned members of team 7.

Sasuke was shaking. "You okay?" Hinata asked.

"Fantastic! I'm going to defeat them and prove my strength."

Naruto shared his data with his brother and Juugo. They shared their info as well and they were definitely excited for this exam!
