

Sweet Partner Takes Care of You
Audio Roleplay Script

Speaker walks into the room.

SPEAKER

Hey baby, how are you feeling? *sigh* I told you to bundle up before going out last night, I mean seriously, what were you thinking? It was freezing cold... I think it was near freezing... Yeah I know your tolerance for the cold is a lot better than mine, but still, that's not an excuse to go out without a jacket on. And now you're sick, so I suppose you learned your lesson.

Speaker walks up to Y/N and sits down in bed next to her.

SPEAKER

Hold still... *giggles* I'm checking to see if you have a fever, that's why I have my hand on your forehead... Pfff, I don't need an excuse to have more physical contact with you. All I have to do is ask, no? Anyway, you're feeling a bit warm, but other than that I think you'll be okay... You also have a sore throat? *sigh* And this is what happens when you don't listen to me, princess, but it's fine, because you're amazing, kind, caring girlfriend is here to take care of you *giggles* Just kidding, I'm not that amazing. Anyway, did you eat anything yet?

Y/N points to table.

SPEAKER

Y-You ate junk food... when you're sick... *sigh* Well it's a good thing I'm here then, huh? I knew you weren't gonna be able to take care of yourself, since the only times I've ever seen you unhinged was when you were sick, so I brought some stuff over... *giggles* Well princess, if you had waited for a few seconds, you would know.

Speaker pulls out a bag.

SPEAKER

Tada ~ I got a bunch of your favorites! I also got some medicine for you since your medicine cabinet seems to be empty most of the time. Do you never buy medicine or something? ... Pfft right you never buy medicine because you're never sick, well you're sick now and if it weren't for your lovely girlfriend, you'd be even sicker. Just kidding, you know I love you. Here, before you eat anything, take

some of this... you might feel drowsy afterwards, but that's just a side effect. Here you go.

Speaker gives Y/N a bottle of pills and Y/N takes it with water.

SPEAKER

What do you want to eat? I can cook you something or do you want to order out... You want me to cook? Gotta take advantage of the fact that I'm dotting over you, huh? Well don't worry princess, I'll dote over you whenever you want me to. What do you want me to cook for you? ... *sigh* Baby no, you already have a sore throat. Fried foods are not going to help with that... Hm, how about I make you some pasta? Oh before I forget, here, I got you some orange juice. Without pulp.. unless you like pulp then we might have to rethink our relationship *giggles*

Y/N drinks the orange juice.

SPEAKER

While you work on that, I'll get started on the pasta.

Y/N clings onto Speaker.

SPEAKER

Hm? What's wrong? Aww does my baby want some attention? Well, I am more than happy to oblige. Here, scoot over.

Speaker gets into bed with Y/N.

SPEAKER

Don't worry, I've gotten all my flu shots earlier this year, and besides, even if you do get me sick, that just means more time spent with you. Now come here.

Cuddles.

SPEAKER

sigh I've missed this... you've been so busy recently that we haven't had the time to just relax with each other... I love just laying down with you and having you in my arms... Yes yes, I know I'm incredibly cheesy, but hey, you still love me, don't you?

Y/N nods.

SPEAKER

Good, and let's not forget, I'm not the only cheesy one in this relationship. You have your moments as well, even if you are a prude most of the time.

Y/N tries hitting Speaker.

SPEAKER

Ah - Okay okay, I'm kidding, I'm kidding, it was just a joke *giggles* Yes yes, you're not a prude, you're just an independent woman who doesn't need help from anyone, except for me, of course, but you will never admit it... Aw is that denial? Well, that doesn't matter, because I know how you're really like and I know you're a big softy deep down inside. Right? ... Right. *kith* I love you. *giggles* See, I knew you love me back. Anyway, other than laying around like a sack of potatoes all day, what else did you do? ... Ooo, which show did you start? *burst out into laughter* O-Oh uhm, no I'm not making fun of you princess, I'm just a bit shocked that you started watching a cartoon as opposed to something graphic, like you usually do. Well I suppose being sick does that to you, huh? *giggles* Well, how do you like it so far? Well you forget that I babysit my neighbor's kids sometimes, so yes, I've seen that show quite a bit... Yeah, I think it's pretty cute, but I can understand why some people don't like it with how repetitive the plots with each episode can be... Well, all that matters is you like it...

Y/N snuggles deeper into Speaker.

SPEAKER

Oh, okay *giggles then sigh* You're adorable, you know that? Yes yes, I know, you don't like being called adorable, but you're going to have to put up with it, seeing as I find you as such... Plus, you and I both know you don't mind my nicknames for you...

Y/N starts to get sleepy.

SPEAKER

Sleepy? Do you want me to leave you alone so you can get some rest? No? *giggles* Alright. Get some rest...
