Afterword:

We are in chapter 4 now, and the speed of releases are more or less stabilising, thank A*ceus. The feedback for the current art style is pretty good, so we're gonna stick with it! The feedback all of you gave is greatly appreciated, so thank y'all for that!

For this chapter, we have Lillie up first, and it's probably not a hard guess to see who's coming next haha, Fun fact, there were a couple of pages that were redone and reshuffled, let me know if you can spot them XD

As always, I'm deeply grateful for your support that allows for these doujins to be made, please do not hesitate to message me if you have any questions, feedback or anything really. Actually, not anything, don't send me pictures of V*poreon or L*punny please.
