# EXPANDED CANON

All the extra kinky stuff  
you always wanted to see!  
(And probably some stuff  
you didn't.)

18+ Only

Hello!

Thank you for purchasing the *Pulsar Expanded Canon* portfolio. This image pack features the kinkier side of things, including deep fisting and extreme stretching, anal vore, cum inflation and a rare picture of a hyper muscular cardinal. It probably doesn't come as a surprise that Pulsar is such a kinky bird, but maybe you'll find something you didn't realize he is into...

Because this portfolio is being sold, please don't distribute it either to friends or the internet at large. This portfolio and others can be purchased at: [gumroad.com/pulsar](https://gumroad.com/pulsar)

I'd also like to extend my thanks to those who lent their characters to appear in this portfolio. The characters are copyright their respective owners. All characters were used with permission.
