

Chapter 20

Secret

Of course, you must also promise that no harm will come to me.

sigh

Okay. What's that?

If you can, hide the wings and halos too, they scare me.

Yes.

Your friend can't get rid of his penis because she has unfulfilled desires.

Better?

So what's that?

You are stepping on thin ice.

No, no. it's not what you think.

Ah, how to explain it to you.

And until she does it her penis will not disappear.

scared
I don't want to do it with her. I mean I want to but...

She wants to do it with that girl.

Ichika, is that right? You want to do it with Mutsumi-chan.

That means yes.

Well, I didn't think of that at all.

It's not that I want to, I just...

Okay, I told you what you wanted to know

Can I go now?

Please~

Bursting in the stomach

Two blocks from here lives some boy.

He's an otaku but I think it's no problem, right.

Really, can I?

happy

Yes, just don't let the boy get hurt.

And first clean up the mess you made here.

What, but I'm not the one who made such a mess.

When I came it was already like this, I swear.

Ichika. So I almost broke my legs because of you.

I hope you will clean up this mess.

Naomi don't joke it's late.

And even if it is after all my room, right?

Besides, who cares?

I see you need some motivation. Fine.

Er...

Why do you need this hair band?

A while later...

Okay, it's time for me.

The outfit will disappear when you clean up this mess.

Shocked

What, you can't leave me like this.

A while later...

They are dirty they stink and besides , they are fat.

sigh.

Admittedly, I abhor otaku especially those who never leave the house.

But well I'm already so hungry I guess I have no choice.

At least it's good that this monster let me go.

Please at least let it not stink.

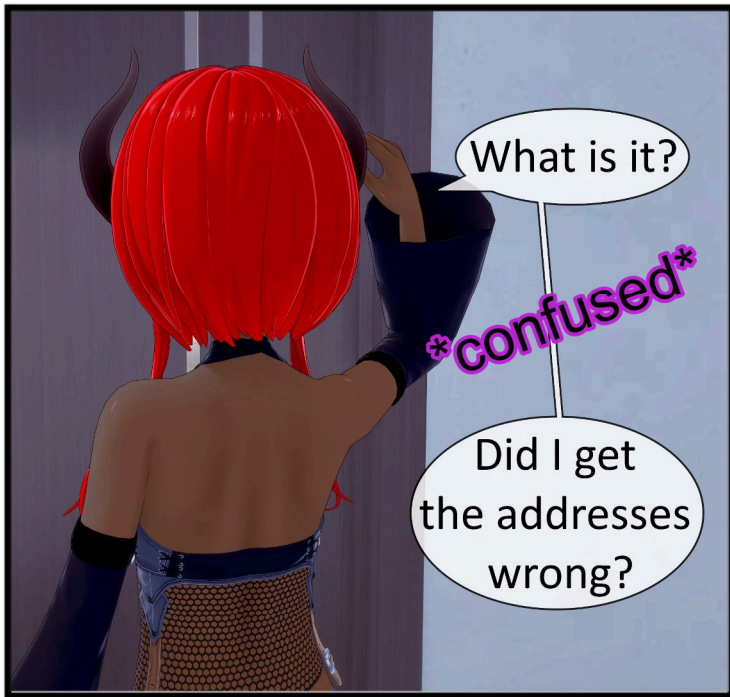

What's going on?

Shocked

?

...Thousand! Uff

Okay I think that's enough for today.

Are you going to do it with me?

Great! I'm finally going to do it with a girl.

No more being a virgin.

Er... That's what I came here for.

Shocked

You must be joking with this virgin.

You just wait a while I'll take a quick shower and we can get started.

I have tomorrow off so we have all night.

What, are you so serious?

So right away.

confused

Okay, I'll wait.

Maybe he has a small penis?

No, no, no.

Wait a minute, time!

Hoo~

How is it possible he doesn't have a girlfriend?

Wow, that was really amazing. I would love to do it again.

But unfortunately it's already morning and time for breakfast.

Please, no.

Fortunately.

Back to Ichika...

Done.

I don't think this room has ever been so clean before.

happy

Finally, I was sick of this stupid maid outfit.

Now I can finally go to bed.

Ichika wake up, time for school!

Shocked

A few hours earlier
at school...

This
week I have
this date
with Zian.

I wonder
what I should
wear?

Maybe
something
casual?

Why am
I so concerned
about this?

I'll just
wear this summer
dress.

Plus the
sandals, I think they
should fit.

Wait, why am
I even worried about what
to wear?

And that,
in turn, is supposed
to allow me to become
a guy again.

After
all, this whole
date is supposed to
help me get information
about this girl who might
have similar powers
as Naomi.

Nothing more,
why then do I bother
with such nonsense.

School bell

Maybe I should ask Zian what he would like to see me in.

Ah! When will I finally stop thinking about it?

Hi Mutsumi-chan, do you have a moment?

Erika? What are you doing here?

I came to give you tickets for my concert.

Also, I have a little request for you.

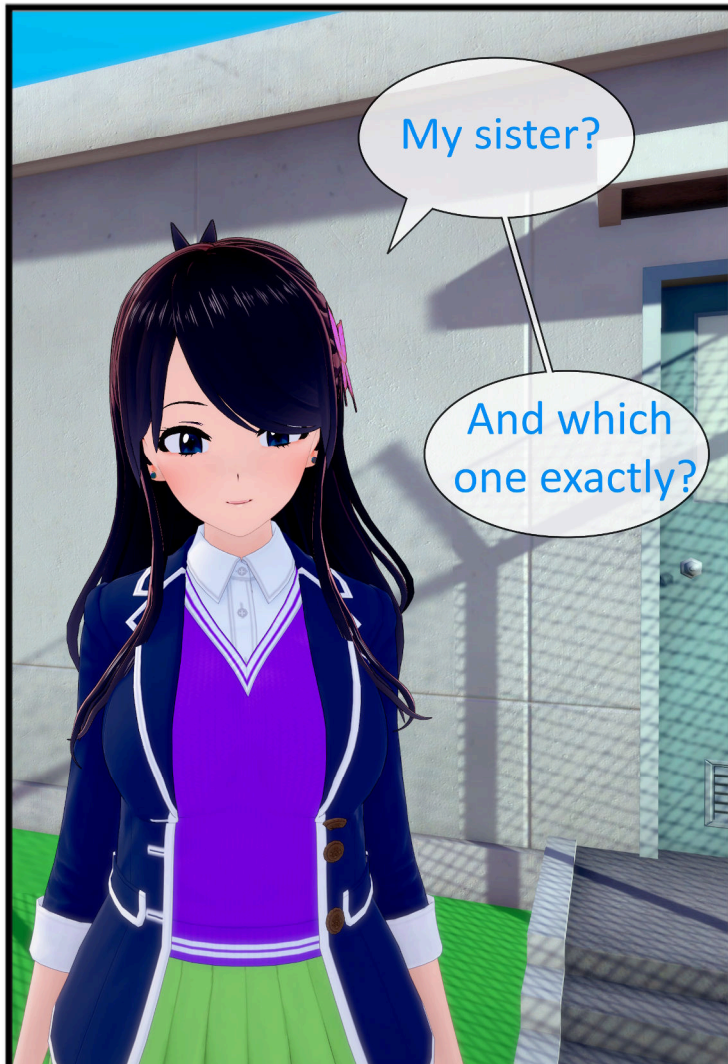

On the school roof...

What! you want me to dance at your concert?

Yes. unfortunately two dancers suddenly fell ill.

And I thought that since your sister is replacing one you could replace the other.

Shocked

No thank.
I'm not
interested.

No
matter how much
money you offer
me.

And who
is talking about
money?

I was
thinking about
something
completely
different.

Er... You know
you are quite pretty,
and this....

But I think
we shouldn't.

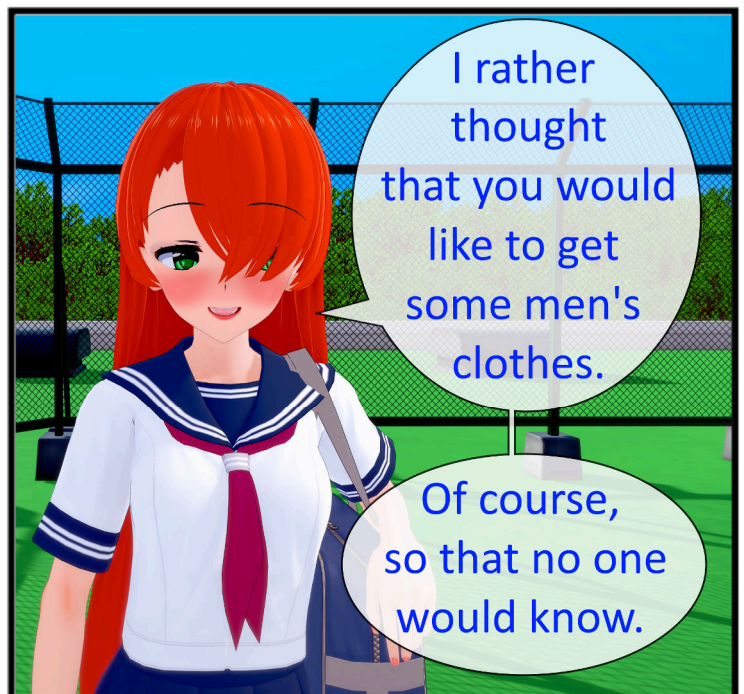

Surprised

I won't say
that I don't like
the idea.

embarrassed

What, no,
that's not what
I meant.

I rather
thought
that you would
like to get
some men's
clothes.

Of course,
so that no one
would know.

What, are you serious?

Excited

Then of course... wait a minute.

How do you know that's exactly what I want?

Shocked

After all, I never wear men's clothes.

As I thought.

Let's say I thought so.

I heard that you have a little fetish for wearing men's clothes.

So how, do you agree?

And will you tell me which of my sisters will be there with me?

I really want those clothes!

No.

But that would mean I'd have to dance on stage.

Angry

Although this might be my only chance to get them.

All right, I agree.

Great.

I'll give you a CD with instructions so you can watch everything at home.

By the way, why are you wearing this outfit?

And they told you that they used this outfit in a porn movie?

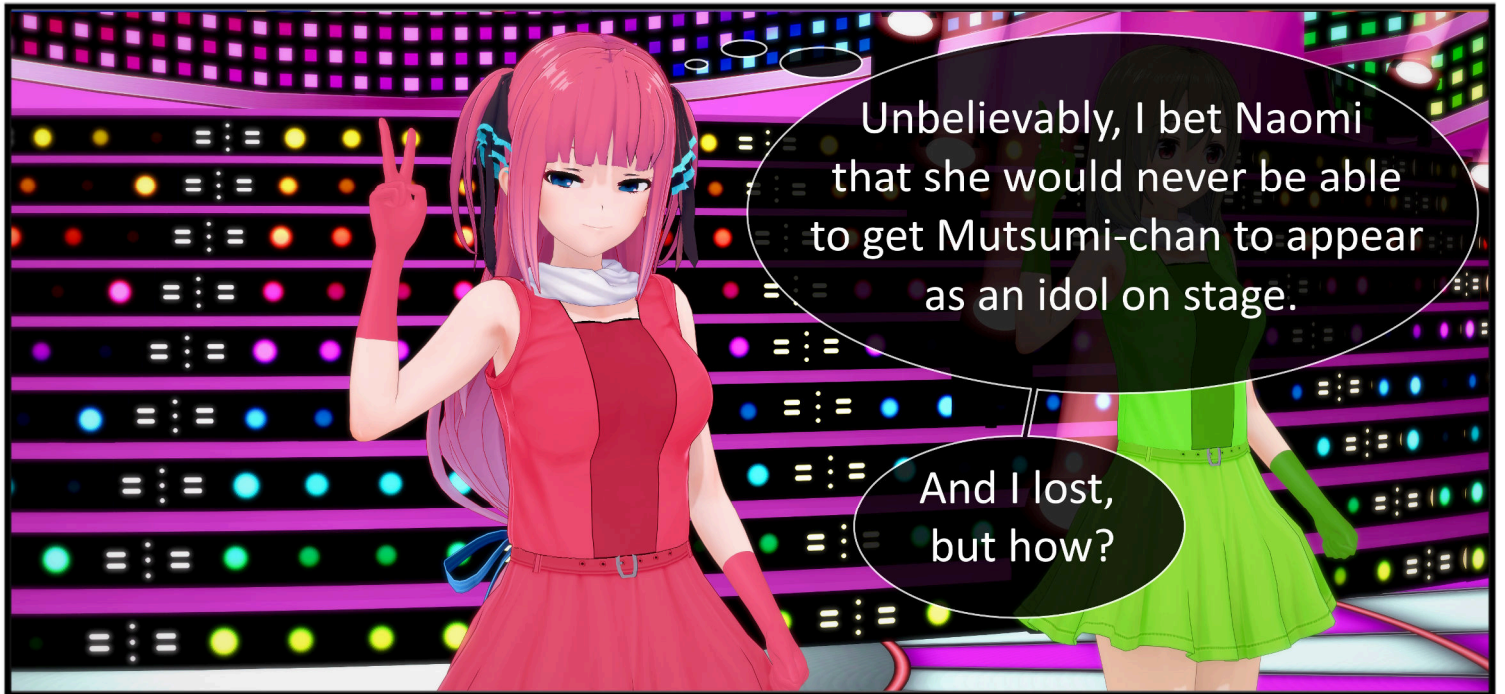

Yes.

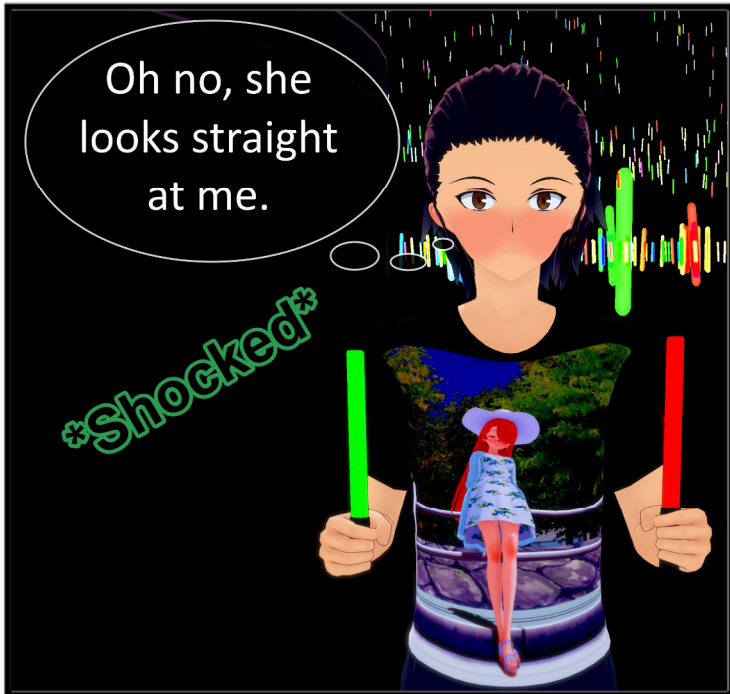

I just got a recording at the studio and ran away for a while.

Are you serious?

disgusted

Ugh~ Gross.

On the way home...

embarrassed

embarrassed

If the girls would ask where we were, tell them we were shopping.

And just try to tell the truth.

Don't worry, I don't want them to know anything either.

And anyway, why did you do it?

I lost the bet and you?

I did the same.

I see.

At home...

Another concert
by world-class idol Erika-chan.

As usual, the entire event
was watched by thousands of
fans present at the concert and
millions in front of TV.

However, for those who did
not have the opportunity to see it,
the entire event is already available
on streaming platforms.

Was it
broadcast on
television?

It looks
like it.

Shocked

Shocked

Hi girls.

Is the
concert over
already?

Don't you
have to give
autographs?
Hehe

And what jealous?

hehe

What, no, I just. Oops.

Let me guess, Naomi made you guys do it.

Yes, we both bet with her and we both lost.

Really?
And what did you bet on?

Is it important?

We lost.

It was a stupid idea, though.

And just now since you are all here.

Yotsuba will certainly help too.

Tomorrow is an important math test, why don't we study together?

What?

Shocked

Where have they gone?

I don't understand, every time I propose that we study together they run away.

Even Yotsuba should finally start learning.

If it goes on like this they will have learning problems again.

In Fuutaro's room...

One thing always surprises me.

After all, it's nothing terrible to study sometimes.

How did they manage to get into this school when they always avoid studying so much.

And Dad would surely be happy if our grades were better.

Well...

Now I definitely won't see them at least until tomorrow.

Maybe this is a good opportunity to rebuild my manhood?

Hmm... I haven't done that in a long time and they certainly won't come.

A few hours later...

Already
And just as
I thought, no
one came.

Exactly as
I expected.

I guess
I need to talk
about learning
more often when
I want to get rid
of them.

And now
it's time to get
started.

I still can't
believe that
Ichika has a
penis.

But what's worse
is that it's bigger than
mine ever was.

Never mind,
concentrate.

That's not fair!

jealous

Now again, think of her beautiful shapely legs.

Oh yes.

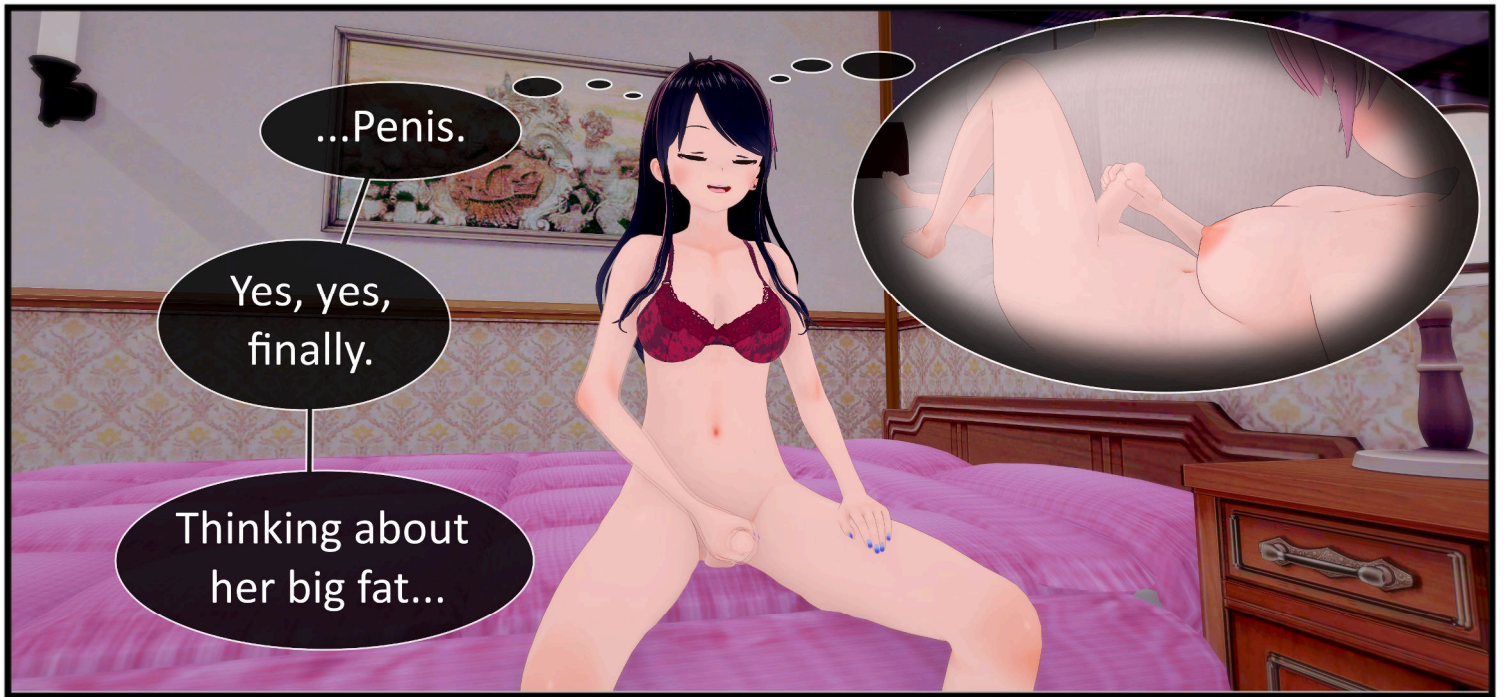

About her beautiful shapely breasts.

Just like that.

And finally.

About her big fat...

Meanwhile, in Ichika's room ...

How to convince Mutsumi-chan to cooperate?

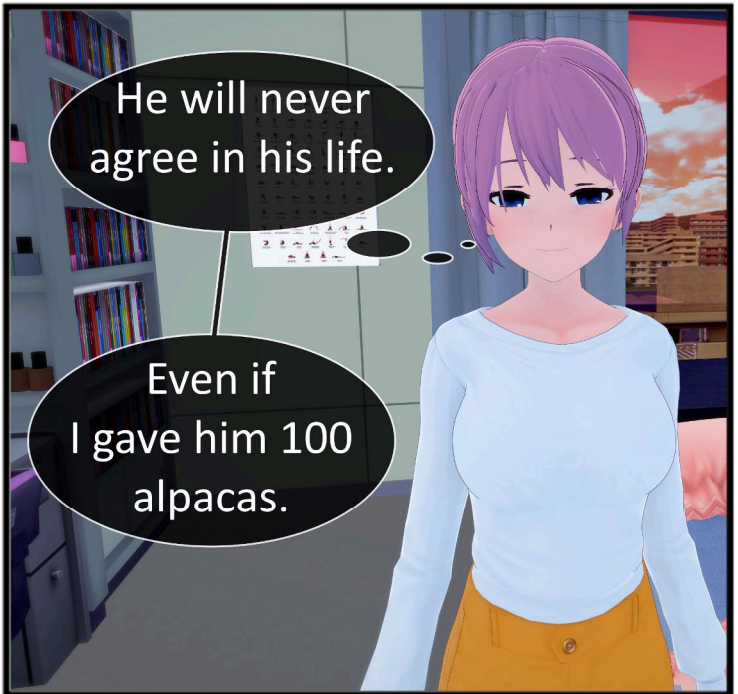

Now that I know how to get rid of my penis only one problem remains ...

After all, I can't go up to her and say.

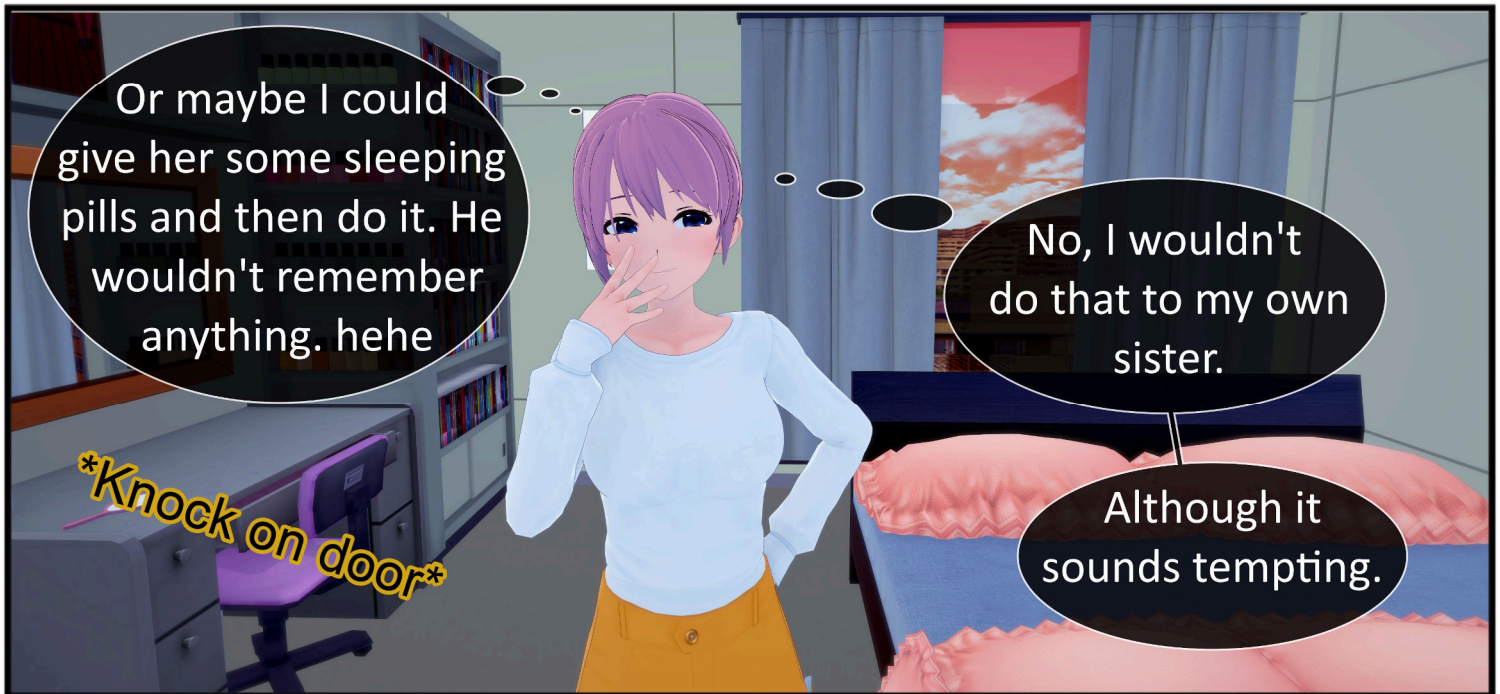

Hi, I already know how to get rid of my penis.

All I have to do is put it in your ass and come, so how, can I?

He will never agree in his life.

Even if I gave him 100 alpacas.

Or maybe I could give her some sleeping pills and then do it. He wouldn't remember anything. hehe

Knock on door

No, I wouldn't do that to my own sister.

Although it sounds tempting.

Well... nothing strange about that, after all, she's not really our sister.

Besides, she's not even fully a girl yet.

I know, but when will she finally accept it.

When she will be fully a girl already?

Really?

I'm afraid she may never accept it.

Yes, at least until she forgets that she used to be a guy.

And what if he finally succeeds?

You know, it's hard for him to let go of what he used to be.

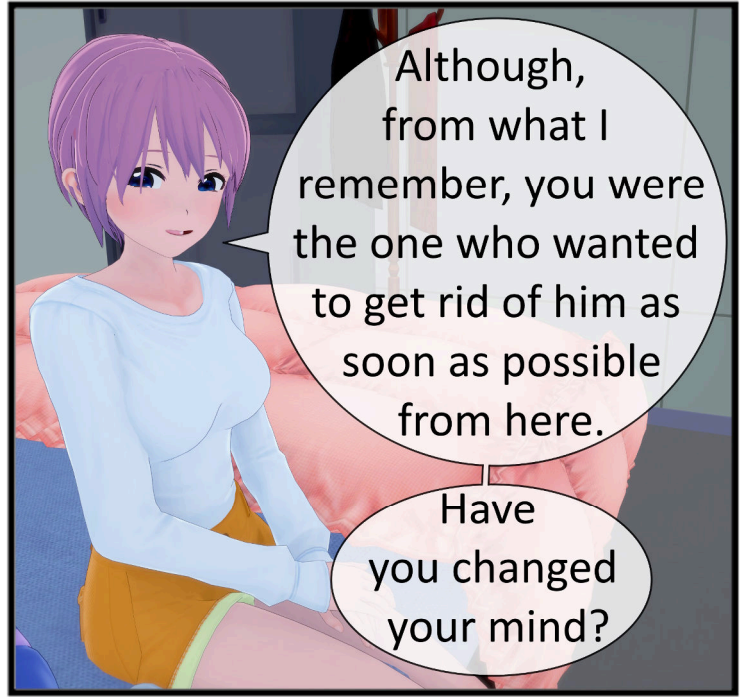

What if he finally manages to find some way to be a guy again?

After all, Naomi isn't mad at him anymore.

I don't know, we'll have to accept that.

Although, from what I remember, you were the one who wanted to get rid of him as soon as possible from here.

Have you changed your mind?

Of course not.

Simply as a girl he is much less annoying.

Yeah, sure. hehe

The next day ...

What, do you want me to do?

Shocked

I want you to make Mutsumi-chan forget that she was ever anything other than our sister.

I want her to finally forget who she once was and be able to live happily as our sister.

I'm sorry Nino, but I can't fulfill this wish.

Yes, but only because he wouldn't remember who he was before.

Why not? After all, with this he could stop thinking about how to be a guy again and would finally start enjoying being a girl.

And that would just be a identity death.

I see ,
hmm...

And can you at least make him forget for a while that he was a guy?

What?

Let him forget for a while that he was a guy and let him look at everything from a different perspective.

That will give him a better comparison later.

I don't know, what if something goes wrong?

No worries, after all, it's only for a while.

What can go wrong?

Besides, I'll keep an eye on him to make sure he doesn't do anything stupid.

A few hours later at school....

OK but why don't you just tell them what's going on.

So no word for my sisters or anyone what we are planning.

They don't need to know everything.

By the way what do you think of my new shoes?

Er... what?

Cute.

The teacher said that as a top student I should wear pink.

And you don't mind that they are pink?

You like them don't you?

Well... It means that I'm a top student.

embarrassed

A little bit.

Wow, they gave you pink shoes too?

Cute, right?

What, your sister also got?

Yes, after all, she is the best in school.

Unbelievable, when I will finally be better than her again.

Ey, watch out!

Sorry , I'm in a hurry.

Watch how you run, you are not alone here.

embarrassed

Sorry.

Are you okay Mutsumi-chan?

embarrassed

Er...It's a phone.

Please say it's a phone.

No, sorry.

It's not a phone?

Hmm

Later in the studio...

Well... it wasn't his fault, after all, he was only trying to catch me.

Unbelievable how he could so brazenly groped my breasts.

Although he could be a little more careful in the future.

I made up my mind, now I know who I really love.

And it's hard to believe that Zian was once a girl.

NO SMOKING
気厳禁
FLA

How do you think they are a couple also off plan?

How do you mean, after all she is your sister.

You don't tell each other your secrets.

And how do I know that?

And what about it?

If we did, they wouldn't be secrets.

Ah, right, after all, you are his girlfriend.

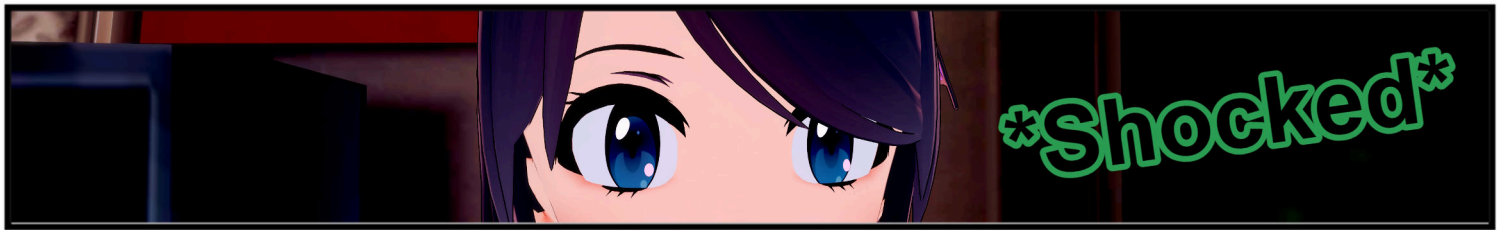

Say don't you mind if your boyfriend kisses another girl?

I'm not his girlfriend.

Besides, I don't give a damn who he kisses.

Really?

What's going on why did I feel so strange at the sight of Zian kissing Ichika?

Could it be because subconsciously I'm starting to treat her like my own sister?

Maybe it's a good thing that Zian is not your boyfriend.

My heart would break if I saw my boyfriend kissing my sister.

You must be joking.

In any case, I hope you find a nice boyfriend soon.

Unless you already have one. hehe

I will become a lesbian sooner.

Some time later...

Ichika,
say isn't it
a little strange
for you to kiss a
strange boy?

Well...
A little bit,
yes.

But that's
what the script
said.

And
what, are you
jealous that I
kissed Zian?

No, I just...

embarrassed

No worries,
Zian will never be
more important to
me than you.

It seems that
Mutsumi-chan is
jealous.

Although,
from what I
read in the script,
you'll soon have a
kiss scene
with him
yourself.

In the beauty salon...

Yes.

What a beautiful feeling to be rich.

I will miss it.

Done.

And how do you like it?

It is beautiful, just what I wanted.

I think someone started to like the beauty salon.

Yes, and you were so reluctant to come here.

What?

Do you know how much time it always takes me?

But no one is forcing you to do it.

In that case, why am I doing it?

Indeed.

Until now it has been a routine for me and I haven't really thought about why I do it.

Wait a minute, don't try to fool me.

You made me do all this.

Except for small exceptions like this outing you do most of it yourself.

Exactly.

We are forcing you to do something less and less anymore.

Which is even cute.

After returning home...

Unbelievable, all this time it was not the girls who feminized me the most but myself.

No, it's definitely Naomi's doing.

She's the reason I'm behaving so strangely.

What's this?

How did it get in here?

Surprised

After all, my room was locked.

To be continued...
