## Survival Medicine Handbook

- <https://www.amazon.com/Survival-Medicine-Handbook-essential-medical/dp/0988872552>
- The Survival Medicine Handbook: THE essential guide for when medical help is NOT on the way 3rd Edition
- By Joseph Alton and Amy Alton
- If you had to deal with an injury or illness in a disaster, would you know what to do? The Survival Medicine Handbook is a 670-page detailed guide for those who want to be medically prepared for any disaster where help is NOT on the way. The expanded third edition of the 3 category Amazon bestseller (Survival Skills, Disaster Relief, Safety/First Aid) is geared to enable the non-medical professional to deal with all the likely issues they will encounter in catastrophic short or long-term scenarios. The third (2016) edition of The Survival Medicine Handbook is not your standard first aid book: Unlike other so-called “survival” medical books, it assumes that a disaster, natural or man-made, has removed all access to hospitals or doctors for the foreseeable future; you, the average person, are now the highest medical resource left to your family. The Survival Medicine Handbook will give you the tools, in plain English, to competently handle injuries and illness for any situation that leaves you as the end of the line with regards to your family's medical well-being.

*For when you fall and break a leg and can't get to a hospital.*

# Boy Scout Handbook

- <https://www.amazon.com/gp/product/B084JG9PQ2/>

## GPS Locator Beacon

- <https://www.amazon.com/gp/product/B07PPJ8RRM/>
- acr ResQLink 400 - SOS Personal Locator Beacon with GPS (Model: PLB-400) 2921
- Brand: acr
- The best adventures are the ones that excite us to our very core, and let us know we're truly alive. When it comes to the outdoors, ACR has the Personal Locator Beacons (PLBs) you need for any sport, any terrain, anywhere in the world. So, no matter where your journey may lead, or how far off the beaten path you choose to roam, ACR will be there to help you get home safely.
- Incorporating first-hand feedback from survivors who have activated the beacons in real-life emergencies, the new ResQLink 400 PLB introduce user-friendly design innovations and add enhanced functionality to provide a range of adventurers with a trusted and affordable link to rescue in a life-threatening situation. Made in the USA the new Personal Locator Beacons offer the same exceptional power and operational reliability expected from ACR products.
- They operate on the three Cospas-Sarsat satellite systems including the new MEOSAR, ensuring they will offer the near instantaneous signal detection and transmission enabled by the global MEOSAR satellites and upgraded ground-station components. Using the next-gen network, anyone activating a ResQLink PLB can expect their beacon to be located within 100 meters (328 feet), 95% of the time, within 5 minutes of the distress signal. The new ResQLink series also incorporate a multi-constellation receiver utilizing both the Galileo Global Navigation Satellite System (GNSS) as well as the GPS Satellite network for faster location and improved accuracy. The ResQLink series does not require any subscription but are required to be registered with the country's national authority.

*Because sometimes you end up in very remote locations and don't always tell people where you are going.*

## Air Quality Detector

## LED Headlamp

- <https://www.amazon.com/VITCHELO-V800-Headlamp-Waterproof-Batteries/dp/B07GYWVVNR>
- VITCHELO Black Headlamp Flashlight - Red Safety Light - 6 Light Modes - Super Bright IPX6 Waterproof Adjustable Head Light - 3 AAA Batteries - Running, Jogging, Camping, Hiking, Cycling - Kids, Adults
- Brand: VitcheLO
- The VITCHELO V800 headlamp flashlight is SUPER BRIGHT, you can see up to 360 ft (110m), and unlike most headlamps, it has 2 SEPARATE BUTTONS FOR THE WHITE and RED LIGHTS so you don't have to cycle through one to get to the other. It's critical to have a red light (and 2 provide more output than one) to PRESERVE YOUR NIGHT VISION. Make Reading more practical. Perfect for alerting drivers without blinding them. Super convenient, this CREE headlamp TURNS OFF WITH JUST ONE PUSH of the button.
- COMPACT, COMFORTABLE & LIGHTWEIGHT head light for your head. The elastic headband strap is soft, wide, fully adjustable, stays put, very good quality and comfortable to wear for long periods thanks to the cushion in the back of the head flashlight against your forehead. It weighs only 4 ounces (with batteries) YOU WON'T EVEN NOTICE WEARING IT. Can be tilted up or down to avoid blinding people. Great hands-free headlamp led, well made and highly recommend!
- LONGER BATTERY LIFE & WATERPROOF - Because we use leading CREE technology, you get more light with less power consumption. Unlike many other head lamps for adults and kids that drain batteries quite fast even when not in use, you can count on our headlamp with red light in case of emergencies. The 3 AAA batteries included will run up to 120 hours on low light settings. Plus our headband light is WATERPROOF IPX6, it will survive rain and cold temperatures.

*Because headlamps leave your hands available to hold other items or steady yourself.*

## Yaktrax Walk

- <https://www.amazon.com/dp/B0094GO9DA>
- Yaktrax Walk Traction Cleats for Walking on Snow and Ice (1 Pair)
- Brand: Yaktrax Store
- Yaktrax Walk Traction Cleats are lightweight, affordable, and easy to put on and take off, making them a simple solution for reducing the risk of falls when walking on snow and ice to work, school, or even to the mailbox. A highly elastic outer band and a tab on the heel help the cleats slip easily on and off of shoes, making Walk Traction Cleats perfect for pedestrians, professionals and the elderly. Traction is provided by abrasion-resistant 1.2 mm steel coils that are coated with zinc to help prevent rust. The shaped edge of the coils provide 360 degrees of traction on cold surfaces for all-direction stability. They are available in four sizes to fit most shoes: Extra-small for petite sizes (fits shoe size W2.5-6/M1-4.5); Small (fits shoe size W6.5-10, M5-8.5); Medium (fits shoe size W10.5-12.5, M9-11); Large (fits shoe size W13-15, M11.5-13.5). For oversized shoes or boots, Yaktrax recommends purchasing one size larger than your normal shoe size.

*Do you remember the freak snowstorm when you were on your great Tesla Road trip? You never know when you might need snow shoes.*

Safe travels!
