

## The Witches World

### Chapter 27

Harry tilted his head back and drank down a shot of firewhiskey before quickly chasing it with a swig of butterbeer. The music was thumping loudly, sending minuscule vibrations throughout the Common Room. His head was buzzing from intoxication, but luckily, he wasn't so drunk as to miss out on everything that was going on.

Throughout the year, several parties were thrown in Gryffindor Tower. He hadn't heard about any parties from the other Houses, but he wasn't sure. It may have just been a Gryffindor tradition. At various stages of the year, the fifth and seventh-year students really needed something to take their minds off of their ridiculously difficult tests that would help determine their future. Obviously, those tests were very stress-inducing, and the girls really needed a way to relieve some of that stress. What better way than to throw a massive party with tons of alcohol?

Clearly, the teachers knew that underage students were drinking in their school. They, of course, always looked the other way. It was very likely that many of them had thrown parties when they were students at the school. And it wasn't like only Gryffindors were allowed. While Houses were usually out of bounds for students that didn't belong to them, there were some exceptions. Visiting male students was one, and the Gryffindor parties were another. All around him, girls from different Houses laughed and danced. Some were playing games such as Gobstones. Others were doing stuff that was just a tad bit naughtier ... like Angelina, who was half-naked and giving Alicia a lapdance while other girls around them laughed and cheered. Thankfully, only third-years and older were allowed to join the festivities, so everyone was allowed to do anything they wanted. By then, several girls had stripped him of his clothing, and Harry was sitting there completely naked with his cock fully hard. Any time a girl would walk by, she would feel him up or caress his groin as she passed, but it was Cho Chang that took things further.

The pretty Asian girl stumbled up to him holding the hand of another Asian girl that Harry had never met. She was just as pretty as Cho, and Harry knew her to be a Ravenclaw named Su Li. Slightly drunk, Cho told him, "My friend Su hasn't had ANY action this year, Harry!" Cho sat down on the armrest of his big, comfortable chair. "Isn't that a shame?" she asked drunkenly.

Harry looked Su Li over. She was short with long, midnight-black hair. She had a pretty face with large almond-shaped eyes and a cute, little nose. Her body was similar to Cho's as well with small breasts and gentle curves that accentuated her slim waist. She was quite petite but still attractive. Harry wouldn't say it, but he could see why the older males might pass her up. She was pretty, but so were many other girls. What the other girls had were big breasts and wide asses to play with. Those were things that Su and Cho didn't have. Thankfully for Cho, Harry would make sure to spend time with her and give her the attention that she craved. Su had no one.

"It is a shame," Harry smiled as Cho reached down and began to play with his swollen shaft. Her small hand felt wonderful as she stroked him up and down. "Su's quite cute," he complimented the girl. Her cheeks turned slightly pink, and she looked embarrassed by her friend's antics.

"You'd like to spend time with her ... right?" Cho asked, moving her hand down until she cupped his balls. She gently caressed them while tickling his bare chest with her other hand.

"Of course, I would," Harry said. "In fact, you've got me in the mood," he told Cho who smiled back. "How about right now?"

"Perfect!" Cho squealed and stood up rapidly. She took a few steps to the side as she tried to balance herself before walking behind Su and pulling down her skirt suddenly.

"CHO!" Su squealed in embarrassment, hiding the front of her panties with her hands.

"Stop being such a prude. Plenty of girls are naked. Look at Harry for Merlin's sake!" Cho chastised her and took off her own top. Harry could see that Cho's small, perky breasts were topped with rock-hard nipples. Su huffed and let her friend strip her the rest of the way down. It wasn't long before Cho pushed her onto his lap.

"Oof!" Harry grunted as she landed on him. He instantly put his hand on her leg and began to gently play with her soft skin.

"Sorry, Harry," Su quietly apologized as she squirmed in his lap. "I told Cho that she didn't need to talk to you about that, but she's a bit drunk and didn't listen." Su suddenly gasped as Harry pulled her into position so that she was straddling him. He grabbed her ass and began rocking her hips back and forth so that her hairless lips were rubbing against the underside of his shaft.

"I don't mind. I think you and I can have a lot of fun in the future ... and right now, of course," he told her as Su's hips started moving on their own. As she was smearing her juices all over his cock, Harry's hands moved from her hips and over her sides. He felt her body tremble as his fingers began to glide over her rib cage. Her body would jerk as she was slightly tickled by his fingertips. When his fingers nearly reached her armpits, Harry moved them around to her naked back. As he gently ran his fingernails down the middle of her spine, Su's breath hitched and her body lurched forward until her bare tits were pressed against his chest. Harry chuckled.

"Did you like that?" he asked her. Su nodded as she tried to catch her breath. Her hips were desperately grinding against his erection as she tried to give herself some pleasure. Harry helped her out by lifting her ass up. Su took the opportunity to grab his big cock and rub the tip along the length of her sloppy-wet slit. When the head was right at her opening, Su gently lowered her ass, taking him in, inch by inch. Both of them moaned together as her hot, wet insides hugged his hard shaft tightly. Su shuddered and rested against him when she bottomed out. She could feel his entire length inside of her. It was so wide that she could feel his exact shape as it fit snugly against her walls. The older boy that had taken her virginity the previous

year was nowhere near as big as Harry. All she wanted to do was sit there for a while, feeling his cock pulsing as his hands toyed with her delicate skin. She was breathing deeply as she touched her forehead against his. Su closed her eyes and was just about to kiss him when someone slapped her hard on the ass.

“EEP!” Su squealed and looked over her shoulder. She glared at Cho’s smiling face.

“Start bouncing will ya?” she slurred slightly as she sipped on her fruity cocktail. “I’d like to have a go as well, you know.” Su huffed and straightened her back. She placed her hands on Harry’s shoulders and began bouncing. The clapping of their skin along with her moans drew a small crowd.

Su tried to remember the things that she had been taught. In Ravenclaw, the older females would hold volunteer classes to teach the younger girls how to keep a male’s attention. First on the list was being good at sex. Remembering a few lessons, she squeezed her pussy muscles as hard as possible, making herself incredibly tight. She was rewarded by hearing Harry moan. His hand came up and slid over her chest and small breasts. She was taught that boys like breasts, so she arched her back, giving him full access to her chest. When his fingers tickled her hard nipples, she didn’t need to try and squeeze her muscles anymore. She immediately began tightening on her own. Su never knew that her nipples were so sensitive. They certainly weren’t when she played with them while masturbating. She heard a whistle of appreciation and looked up. Angelina Johnson and her friends were looking down at them.

“How can she fit all of him in there?” Angelina asked in wonder. “Her body’s so tiny!” Harry tilted his head back to look, and Angelina smirked and dropped her big tits on his face. Su Li was already trembling while her eyes were twitching. Her insides were fluttering, and she was trying to not cum too fast. Another lesson that she had learned was to always make sure that you left your partner satisfied completely, or else they’ll find satisfaction with someone else ... like Angelina and her big, fat cow tits, Su thought as she narrowed her eyes. Pressing down on his lap, she took Harry as deep as she could. Squeezing his cock tightly, she began rolling her hips rapidly, working his cock to the fullest. The girls around her began to hoot and holler, cheering her on as she fucked him like a wild woman. She didn’t know whose hand crept down her body, but when feminine fingers started massaging her clit, Su cried out and clamped down hard around his cock. Her body shuddered and bucked as she started to cum. Harry, however, wasn’t done. He wrapped his arms around her slim waist and pulled her against him. His hips were a blur as he fucked her with wild abandon while she continued to cum. Squeals of pleasure left her mouth, as did curses as she came harder and harder. The smell of wet pussy was thick in the air. She wasn’t sure if it was her scent or a mixture of many of the girls’ scents.

She was forced to bury her face in Harry’s shoulder as her ass was lifted up. Su suddenly felt someone’s tongue begin to lap at her puckering hole while Harry fiercely fucked her cumming pussy. Incomprehensible squeals were the only sounds that she could make beyond the wet squelching of her sloppy cunt.

Harry lifted Su off of his cock and it was immediately engulfed by Cho's mouth. Her bobbing head took him to the hilt while another girl began licking Su's dripping pussy. "Oh! She creamed!" the girl said which made other girls around them chuckle and laugh.

Angelina was busy stuffing her lovely tits into their faces. It wasn't long before she stuffed a nipple into both his and Su Li's open mouths. Holding the backs of their heads, she pulled them tighter against her bosom, letting them suck on her hard nubs while Alicia had her hand down the front of Angelina's panties.

Harry moaned as Cho's talented tongue wiggled against the underside of his head. Her hand was furiously jerking him off while the other was massaging his balls. Feeling that he was about to cum, he pulled his cock from Cho's mouth and stuffed it into Su's cleaned pussy. After a few more pumps, he filled the petite Asian girl with a healthy load of hot cum. He jackhammered into her hard and fast until every last drop was deep inside of her.

"Hey! That was mine!" a drunk Cho complained about not getting his load in her mouth. Harry just laughed and lifted Su's ass up. His wet cock slipped from her contracting cunt. Immediately, his thick, white cum began leaking from between her taut lips.

"Go ahead and lick it from her dirty cooch!" Harry teased. Judging from Su's squeal and the way her body jumped, Harry would guess that Cho had begun licking his cum from her friend's used-up pussy. After that, it was a tangle of arms and legs as a massive orgy began. Harry wasn't sure whose pussy was stuffed into his mouth or which three mouths were sharing his cock, and frankly, he didn't want to know. He just wanted to continue drinking and enjoying the night.
