

Woah! What are you doing?

Holy shit! Did that dart cause this?

Are you okay?!

What's going on?! Why did her body become like that?!

Ha! Ha! Ha! Ha!

Who's laughing?!

A 3D-rendered scene of a dining table. On the table, there is a plate of three donuts (one with blue frosting, one with chocolate, and one with white frosting), a small potted plant in a glass vase, and a white mug. A black smartphone is lying on the table. A speech bubble originates from a small red and black object on the table. In the background, a person's legs are visible under the table. The floor is made of wooden planks.

It's me... I'm your new friend...

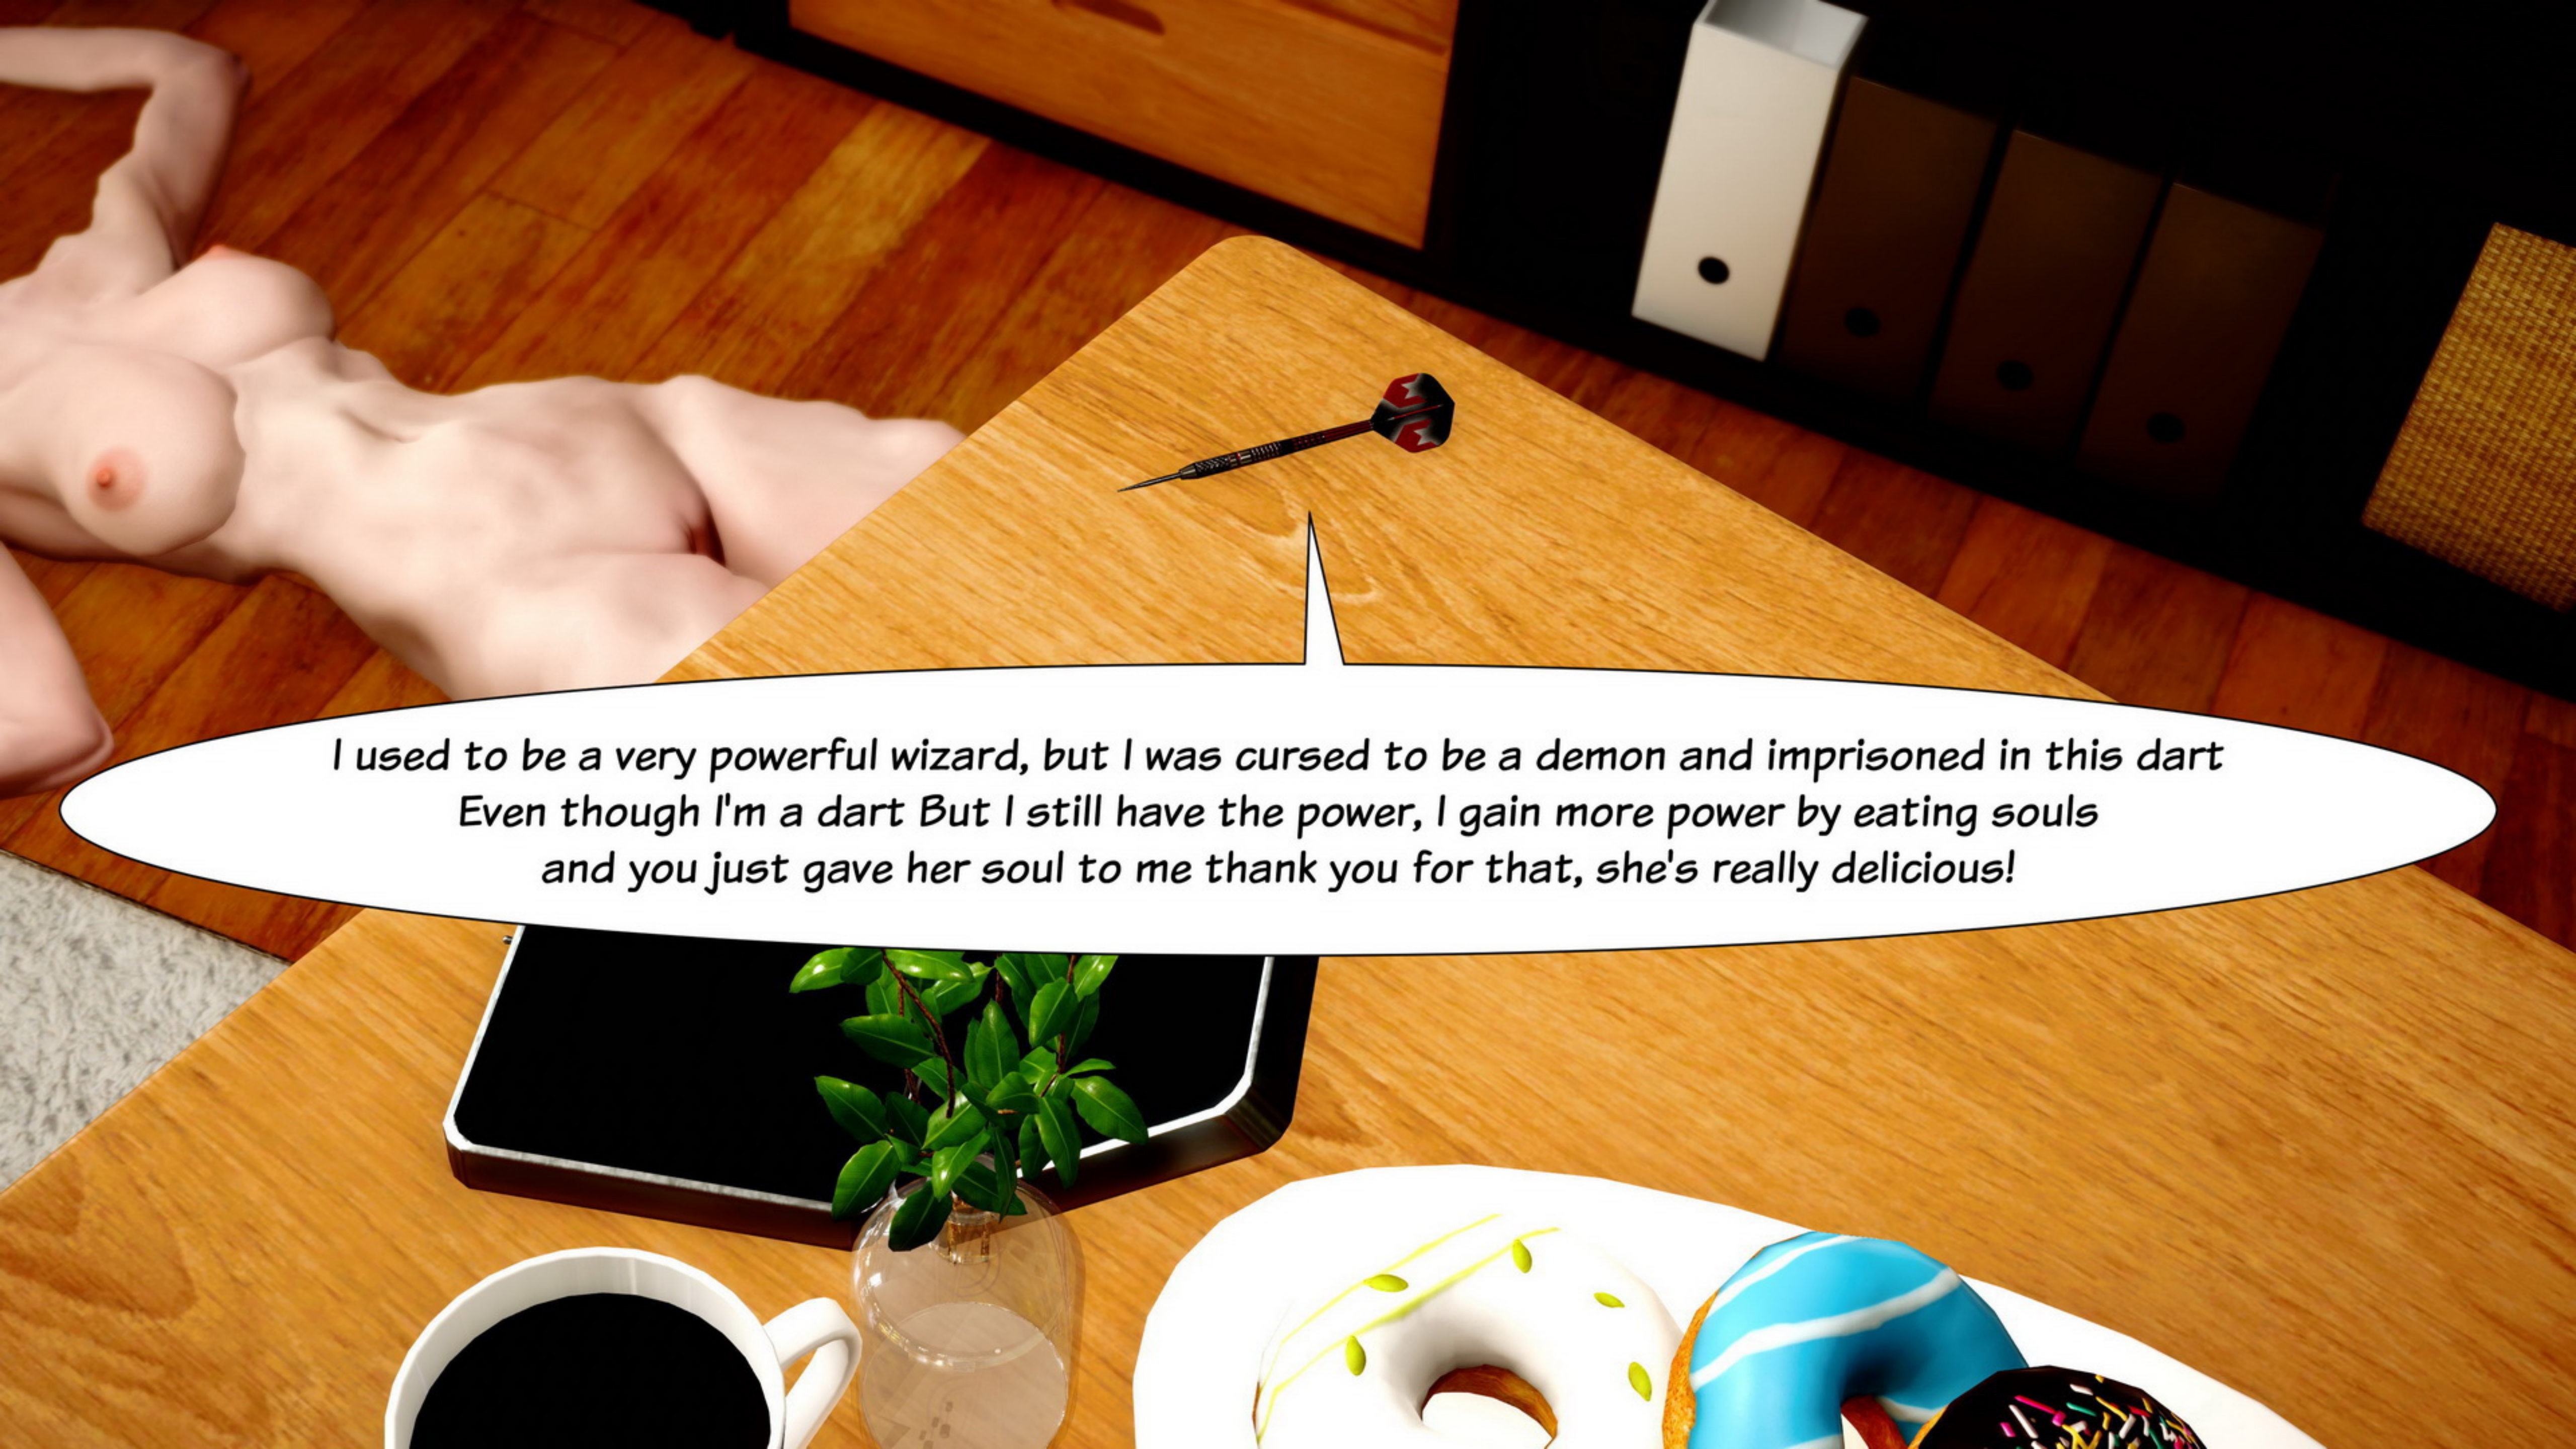

What the hell?!

Don't be afraid young man.. I'm not gonna hurt you, you are the one who feed me with that woman's soul

Feed you... what do you mean?

I used to be a very powerful wizard, but I was cursed to be a demon and imprisoned in this dart
Even though I'm a dart But I still have the power, I gain more power by eating souls
and you just gave her soul to me thank you for that, she's really delicious!

But I didn't mean to do that!

A man with short brown hair, wearing a white tank top, is shown from a high-angle, over-the-shoulder perspective. He is seated at a light-colored wooden table. On the table, there is a black rectangular case with its lid open, and a small, dark, pointed object with a red and black patterned top. To the right of the case is a small glass vase with a green plant and a white mug. In the background, a white plate with a blue-topped dessert and a small green plant is visible. The floor is made of dark wood. A speech bubble originates from the man's mouth, containing the text:

It doesn't matter, the only matter is you brought her to me

A 3D rendered male character with short brown hair and a light beard, wearing a white tank top. He has a distressed expression with his eyes closed and a pained grimace. A speech bubble originates from his mouth, containing the text "No... this can't be happening... It was all my fault!". The background is a dimly lit room with a wall-mounted device and a light switch visible.

No... this can't be happening... It was all my fault!

Don't blame yourself, in return I'll let you meet her again

Finally.. I can feel like a human again!

What's going on?!

I just took over her body

What is that even mean?

Well... this is her body but the inside is me, the wizard!

This is the worst...

Why? Don't you want to play with her?

Don't you wanna put your dick in her pussy and fuck her every single day from now?

But you are a man!

You don't have to care about the inside
just know that this is her body
and I'll give you whatever you want

How about this? Do you think I'm still a man?

I'm sorry Megan...
