Sasuke was hanging out with some of the other rookies. They were chatting about this and that, the mission they've been on, village talk, and the training their sensei's put them through.

Naruto however turned down the invitation and went to the bath house. "So Uchiha is it true?" Kiba asks, slinging an arm around the raven.

"Is what true Inuzuka?" he takes a drink from his glass.

"You know, the fact that Naruto has a giant dick?" Sasuke spat out his drink. His cheeks burning a lovely shade of red.

"Why the heck would I know that, and why do you care?" he wiped his chin, and the dog nin grinned.

"Well you are on a team with him, so figured you'd get a chance to peek at him when he's in the bath." Kiba explains. "As for why well..." he looks to Shikamaru who blushed.

"I heard Asuma-sensei and Kakashi-sensei talking about Naruto." Shikamaru adds.

"About what?" Sasuke looked between the boys at his table.

"They claimed he had the biggest cock in Konoha." Chouji says. Sasuke coughed.

“Why do you care, I doubt it’s true anyway?” Sasuke wanted to dance away from this topic, but he didn’t dance far enough.

“That’s why we asking you, you know about his clan right?” Kiba says. “They say the male’s of the Uzumaki clan have the biggest cocks in the world even. Their chakra system is so great, they grow huge manhoods to fill it out.”

“Some rumors say they are so large they can even perform special jutsu with them.” Shino says.

“Other’s say that Uzumaki semen is so rich and thick it’s like drinking a milk shake.” Chouji says.

“It’s rumored that the legendary Uzumaki giant cock can fuck any hole without pain!” Shikamaru says.

Their words sent heat through Sasuke’s veins, his blood rushing south. “Come on, it’s obviously a lie.” he folded his arms and crossed his legs trying to hide his arousal. “You’ve seen him his pants might be baggy, but he’s not holding anything giant.”

The guys laughed. "Come on Uchiha, we are able to hide weapons in a scroll and seals. One little seal on his underwear and he could hide that monster."

"Huh you have a point." he thought about it. "He avoids bathing with me but doesn't have a problem with Kakashi-sensei."

"And he turned down dinner so he can go bathe now, alone." Shikamaru says.

"He's got to be hiding something." Kiba says. "You should go check him out Uchiha."

"What?! Why me?"

"Cause you are his teammate, it's a bonding experience to compare sizes." the other guys nodded.

"Wait, you guys have all seen each others..." he looked down.

Shino pointed to Kiba. "9 inches."

Kiba pointed to Shino. "8 Inches."

Chouji pointed to Shikamaru. "6 inches."

Shikamaru pointed to Chouji. "5 inches," and he made a gesture that he was thick.

Sasuke was about 9.5 inches, but he couldn't believe the guys just shared that with each other. 'I'm bigger than the rest of them, I'm sure I'm bigger than Naruto to.'

He got up. "Fine, I'm gonna put those rumors to rest." He left the restaurant.

As he headed to the bathhouse he came across Asuma and Kakashi. The two seemed to be limping. "Sensei are you alright?"

"Oh yes Sasuke-kun, more than alright." His mask hid his blush, but Asuma had no cover.

"We just had a really intense work out." The two limped off leaving a confused Uchiha.

He made it to the bath house, and took off his clothes. He didn't bother putting a towel around his waist and let his 9.5 incher hang free.

It was time to use his ninja skills. He slipped into the bath and found the blonde washing himself before the bath. Sasuke crept forward.

‘Holy fuck!’ he peeked over the blonde’s shoulder and saw it. Sasuke should have learned that curiosity killed the cat. The mighty rod was truly a beast, more than 14 inches soft. Sasuke gulped, feeling his heart race. His penis hardened and his manhole twitched. ‘What’s this feeling, sure it’s big but...but...oh it looks so good!’ he dropped to his knees so he could get closer to the manly rod.

His jutsu was still holding, so Naruto had no idea what was happening. ‘How does he keep that thing hidden?’ he licked his lips.

Poor Sasuke, if only he knew what was happening to him. He reached forward and touched Naruto’s big cock. His jutsu broke and Naruto gasped. “Sasuke what the fuck!?”

“I’m sorry I just,” he starts stroking Naruto’s penis. The blonde groaned, arching his hips. His penis swells and gains half an inch in his aroused state. “Ohh so big!” two hands pumped the large shaft.

“Sasuke wait ahh!” the blonde shuddered. ‘Why does this keep happening?’ The Third had taught Naruto how to hide his cock using a special seal on his underwear when he was 9. He didn’t think anything of it since he didn’t have to buy special underwear to lug around the huge man meat.

A few hours earlier...

Asuma and Kakashi walked into the bath.

Kakashi had invited Asuma to see the huge tool for himself. Asuma fell head over heels for the mighty tool.

Naruto wanted to take a bath, but he spent the next few hours fucking the two teachers. Kakashi acted the same way when he first saw it. It was the strangest phenomenon.

Asuma didn’t even prep his ass, he climbed Naruto like a tree and took his cock like he was made for it. Once the tip penetrated, the blonde’s pre flooded his hole. The Uzumaki cock seemed to draw Asuma’s chakra to his ass, and his inner walls opened up and took every inch of him. “Fuck yes!”

Kakashi didn't know what was happening either. Ever since getting a peek at what the blonde was hiding he couldn't get it out of his mind. So of course he told his friend about the treasure of manliness he discovered. Asuma of course, having seen his friend's huge rod was curious to see a cock that was bigger.

Asuma had a solid 9 incher, it was currently slapping between their bodies as he rode Naruto's monster like it was his new mission in life. Kakashi fingered himself, not that he would need it, there was something special about the mighty tool.

He was 3 fingers in and stroking his 10 incher as he gazed at the bulge Naruto made in Asuma's stomach. Every time he went balls deep Asuma's moans tore from his throat echoing about the room.

The bearded male came, spraying his seed all over the young blonde. Naruto moaned as his mighty cock pulsed and erupted like a volcano.

Asuma was forced off the blonde's penis, his belly and ass pumped full thick jizz.

He didn't get a moment to rest as Kakashi took his place and rode him like a champ. Riding him till his climax, he played with his perky nips as with no touch to his cock, just pure anal stimulus and nipple play he came.

They weren't finished either, they took turns sucking his still aching cock. His Uzumaki stamina was showing off in spades. Once he finally went soft the men left.

Naruto had just finished cleaning off the semen when Sasuke showed up. 'Oh no here we go again.'

"Na-Naruto!" the raven moaned.

"Yes Sasuke?" the Uchiha got down on the ground, he reached back spreading his ass cheeks. His cute little hole pulsing in need. "Fuck me please!" his tone was hot and needy.

Naruto couldn't resist such a lustful request. The tip kissed the Uchiha's hole and Sasuke moaned.

His hole opened up, allowing pre to pour inside. He pushed in and Sasuke moaned in pure pleasure.

His virgin hole stretched around Naruto's big cock. Naruto was only half way in and Sasuke came. That didn't stop Naruto, he kept pushing till he was fully seated inside the raven.

Sasuke came again, drooling as all rational thought poured out of him along with his cum. Naruto began to move, fucking Sasuke stupid. The friction and fullness, the lurch in his stomach when the tip pushed deep. "Fuck Sasuke!"

He arched his back and came, the last Uchiha was pumped full of semen. His smooth belly swelled up and he looked two months pregnant. "More!" Sasuke begged pushing back to grind his ass against Naruto's crotch.

'What's with these guys!' he couldn't help but grin and give the genius what he wanted.

-x-

Kyuubi chuckled inside his cage. He knew, he'd been inside Uzumaki's to know all about them.

The clan males were born with big cocks, great stamina, and a sexy jutsu kekkei genkai.

The divine rod of the Uzumaki's, they could fuck any hole, no prep and their partner would only feel pleasure. Now Naruto may have only gotten 3 more inches with his natural chakra. Kyuubi however has been feeding his chakra into Naruto's it would keep growing to the point no seal would hide it.

Any man who sees the divine rod are filled with the desire, craving to have it inside them. Kyuubi was having fun as his pleasure was connected to Naruto's in a few years Naruto wouldn't just have the biggest dick in Konoha he'd have the biggest cock in the whole ninja world!

## Uzumaki Size 2

The legends of the Uzumaki cock led Sasuke to meet his fate, but this was just the beginning.

-X-

Naruto's life was getting better, despite the low ranking missions he was forced to be on. Kakashi had set him up with a nicer apartment with a little help from Asuma. Asuma had a spare room, he could stay in after getting fucked by Naruto.

Kakashi shared Naruto's bed mostly, saying it was important bonding time. The blonde was content as he got to look at Kakashi's face as the man rode him. His fat cock bouncing up and down as he rode the massive 16 inch dick.

"Naruto so good, so good!" he played with his nipples as he sank down the shaft, his stomach lurching from the stretch. "Fuck yes!"

Naruto watched, as his sexy as fuck sensei rode him, loving every second he was impaled on the mighty shaft. Naruto wasn't 100% sure what was happening, but his cock was making people happy, and fucking hell it felt good.

It was way better than checking out some pervy magazine. He was pulled out of his thoughts as Kakashi came, his seed erupting all over the

blonde's face. His inner walls clenched around the mighty rod.

With a groan, Naruto came, his hefty balls lurched and he unloaded his cum deep into Kakashi's ass. His sensei trembled as his stomach swelled with semen. He pulled off the behemoth the chakra pouring into his ass helped it close, but not fast enough as a river of cum leaked out and ran down his legs.

Kakashi collapsed. "We have a free day, right sensei?" Kakashi nodded. His fit jounin body glistened with sweat and cum. "I'm gonna shower and go hang out with Sasuke." the male nodded, and the blonde playfully slapped his ass. "Ahhh!" the male gasped as semen poured out of his still open hole. It would be awhile before it fully closed. He didn't need to move right now, he could rest rubbing his swollen belly. 'Minato-sensei you'll be happy to know I am looking after Naruto, and he's gonna grow up to be a fine shinobi, and a wonderful man!'

-X-

Naruto got dressed using the seal to hide his massive penis. It made wearing clothes easy enough. He left to go meet Sasuke at training ground 7.

Sasuke and Naruto were still rivals, but the Uchiha was more inclined to aide the blonde. If he helped Naruto learn a new jutsu he got rewarded.

Such was now as Sasuke dropped his trousers exposing his bare booty and hard cock. He got into position, his hard cock swaying sexily, his ass spreading exposing the tight pink hole.

“Please Naruto,” he didn’t have to wait long.

Naruto undid his pants, and removed his cock from his underwear. The seal broke and the mighty piece was released into the air. Sasuke felt his manhole twitch at the sight of it. His penis wept, he had missed this mighty cock. He had tried jerking off at home and fingering his ass but it wasn’t the same.

He needed the full length filling him. Just the feel of the fat head running along his crack and

kissing his hole made him nearly lose control. No prep was needed thanks to the special Uzumaki clan kekkei genkai.

His divine rod drew on the chakra of their partner, it made their asses super tough, yet also super sensitive. Not to mention the mere sight of it awakened any male's desires.

Neither Sasuke or Naruto knew this, but Sasuke had told the guys about the Uzumaki legendary cock and if they wanted to see it for themselves to come to training ground 7.

Shikamaru and Chouji couldn't make it as they had a mission with Asuma. Kiba and Shino however yeah they wanted to see it with their own eyes.

When the blonde pulled his dick free they froze. "No fucking way!"

"It's so big!" Shino muttered.

Both got hard in their trousers and underwear. Shino clutched his aching crotch, Kiba didn't even hesitate. He whipped out his 9 incher and began to vigorously stroke it.

The two watched Naruto fuck Sasuke into a horny mess. The loud clap clap, of Naruto's pelvis colliding with Sasuke's ass. The raven spread his legs, allowing Naruto's hefty balls to swing and smack his own sending them into his own cock.

He loved it, no touch to his cock, there was powerful ripples of pleasure through his crotch. One orgasm wasn't enough, Naruto drained his balls of five climaxes. His seed splattered the tree.

Meanwhile, Naruto's pre was flooding Sasuke's ass, each thrust in caused it to spill out and run down his taint and balls. Naruto groaned giving into pleasure as he came. His seed was just as powerful as before.

It filled Sasuke's belly up making him look almost 3 month's pregnant. His whole body trembled as he had another orgasm. He had no strength left, he was being supported completely by the monstrous cock in his ass.

Naruto pulled out of Sasuke's ass, and the Uchiha dropped trembling in orgasmic bliss. The blonde was still hard, but before he could do anything Kiba pounced.

The dog ninja could no longer control himself. His clothes went flying as he jumped in the air. (Lupin would be proud.) He pounced knocking the blonde on his back and proceeded to worship the giant bone.

Hands and mouth worked together teasing every inch, all while his cock bobbed like an excited puppy. Naruto groaned as his cock was licked and pumped. "Kiba?!" the dog nin shifted, rubbing his ass against the big cock.

"You'll give it to me to right, I know we not teammates but..." he groaned, his hole was aching. He needed to have this big piece of man meat buried in his ass. He licked the blonde's chest hoping to entice him into action.

"Present yourself." the look of joy on the dog boy's face was priceless. He got down on his hands and knees, offering his ass to the blonde.

Kiba groaned when the tip kissed his hole. He clawed at the ground as the divine rod penetrated him. 'Oh fuck!' his tongue hung out of his mouth and he panted as each glorious inch filled him.

Naruto began to move, and Kiba let out a howl of pleasure. His penis erupted all over the ground, every fifteen thrusts brought the dog nin to another orgasm. He panted and drooled, his Inuzuka stamina was being put through the paces.

He spun around the blonde's cock, back landing in a puddle of cum. He wrapped his legs around the blonde, loving the new position, having the blonde's hefty balls smacking his ass.

Shino couldn't remain hidden, he removed his clothes and stepped out into view. His hard cock bobbing as he walked. Kiba looked totally blissed out, he had lost how many orgasms he'd had and he was still hard.

He watched as Naruto's huge piece bulge out the dog nin's stomach. He licked his lips, 'This is

hot!' the bug nin was trembling. 'It's official Uzumaki stamina beats Inuzuka stamina, but they've been at it forever!' Shino's pre was overflowing.

Naruto let out a groan as he came, thick cum blasting Kiba's sweet spot, flooding his channel and filling his belly. His toes curled as he had one final orgasm. "I figured you'd be around Shino, do you want a turn?"

"Yes please." Naruto tried to pull out, Kiba whined trying to keep him inside.

"Come on puppy, you gotta share." he gave Kiba a kiss and the brunette relented. He was able to pull out, and Shino came over.

He'd seen that prep was not necessary, which was good as Shino was at his limit.

Shino clung to Naruto as he sank down onto his cock, he got about 8 inches before he came. His release helped him relax dropping down 4 more inches. "Naruto!"

Once he took every inch he came again. Naruto held his trembling form, poor Shino didn't have the strength to move. Naruto moved Shino up and down his shaft.

“So tight Shino, do you feel good?”

“Yes!” the shades fell off his face in his quick movements. The most dazzling violet eyes appeared. “Beautiful!” he cupped the brunette's cheek. Shino's cheeks burned in a blush.

Naruto kissed Shino as he came, his cock erupting into his body. “Ahhhhh!” he moaned as his stomach swelled. “So full!”

The blonde sighed, he sat underneath a tree. Once the trio recovered they went back to licking Naruto's giant cock. Sasuke was at the tip, Kiba was licking along his shaft, and Shino was licking along the base, even swiping at the balls. ‘I wish I knew what was happening but hot damn.’ The boy's lapped along his shaft, stroking their dicks in their excitement.

-X-

Kyuubi chuckled, semen painting the walls of his cell. "Fuck these Konoha nin are such cock sluts, fantastic!" Kyuubi drooled.

He was looking forward to the next batch of boys his host could hook.

Asuma brings Shikamaru and Chouji into the fold. Naruto gets his first mission and gets his first mates outside of the village.

-X-

Shikamaru was not a genius for nothing. He noticed there were strange events going around, and it seemed only him and Chouji were out of the loop.

First it was Sasuke, then he noticed their sensei was acting strange, and now even Kiba and Shino. "They know something."

"Hmm?" Chouji took a break from his chips.

“I say we follow Asuma-sensei and find out what's going on.” Chouji agreed.

After training Asuma, gave them meal tickets for a free meal at the barbecue place they went to. “Sorry I can't take you there myself today, but I have a very special meeting to get to. Eat up and have a good time.” He headed off.

Ino of course had no idea what was going on. They didn't need her anyway they followed after Asuma and found themselves at a rather nice apartment. The man entered the apartment quickly, and no sooner had the door shut Asuma began to strip.

The two nin blushed as the naked man bounded into one of the back rooms, leaving his clothes in his wake. Using their ninja skills they managed to get inside. They followed the trail of clothes, but as they passed by one door they heard moaning.

“Ohh ah ah ah fuck! Yes fuck me, so big!”  
Shikamaru and Chouji blushed.

“That sounds like...”

“Sasuke-kun?” Chouji finished.

“I'm cumming!” they heard, and all went quiet. That was until they felt a presence approaching the door.

“Quick hide!” they ducked into the nearest room. This room was also occupied, Shikamaru was focused on the presence outside, but Chouji had his focus on something else.

The mystery guy walked passed the room they were hiding in and headed down the hall. “Coast is clear, let's go Chouji...Chouji?” the lazy genius turned and his jaw dropped.

It was Kiba and Shino, the two were making out and frothing on the bed. Both their asses were stuffed with very fat vibes. The buzzing was so strong they could hear it.

Thankfully their entry went unnoticed. The two completely engrossed in each other, or perhaps they were waiting for someone. It didn't matter they made their escape unnoticed. “Oh man, what are they doing here?” Chouji gasped, his heart was racing.

Seeing each other naked at the hot springs was a little different than catching someone in the act. If his current hard on was any indication he enjoyed the show very much.

“No idea, but Sasuke, Kiba, Shino and Asuma-sensei all here something is definitely up. Let's go!” Shikamaru wasn't gonna admit it, but seeing the scene effected him as well. With a quick shift of his pants, they were on the move, down the hallway towards a door when they heard moans.

“Yes! Fuck me!” their eyes widened, it was Asuma's voice. They peeked into the room. Their eyes widened, and cocks hardened painfully.

Asuma was naked, on his hands and knees, he was wearing a dog collar with a leash tied to the headboard. That wasn't the only accessory, he had clip on rings attached to his nips, each one were connected to a ring around Asuma's cock, but it wasn't like a cock ring, more similar to the collar around his neck.

Much like with Kiba and Shino they had seen the man naked before. Asuma was a sexy beast of a man, rippling with muscles from years of training, the manly hair on his body suited him so and amplified his sexiness. Still to see him getting fucked was something new.

The man had a look of pure joy on his face. His body shaking, his cock bouncing with every thrust with thanks to the set up, the bobbing cock, made his perky nipples get tugged on again and again.

Their true shock came from the man fucking their sensei. 'Naruto-kun!' they thought. The blonde was stuffing their sensei with possibly the biggest cock they'd ever seen.

They watched, the huge length appearing and disappearing inside their teacher, giving him the pleasure. Both males licked their lips. 'So big!' Shikamaru thought feeling his penis pulse and push against the confines of his pants.

'So thick!' Chouji thought feeling his penis pulse, a burning hunger he'd never felt before.

The steady clap of skin striking skin echoed from the room, along with Asuma's pants and moans. His penis was pulsing and throbbing weeping pre all over.

Suddenly the man arched his back and came, his body trembling as spurt after spurt erupted from his cock. "Fuck, Naruto-sama!" his manhole clenched around the thrusting cock.

Naruto grabbed his hips. "You've been a good boy Asuma, here's your reward." the massive manhood expanded in orgasm.

"Yes!" Asuma moaned as the thick torrent of cum filled him. Naruto pulled his still hard cock free from the male's hole. The boys couldn't see it but Asuma's hole was gaping, his insides flooded by the thick blonde semen.

Seeing Naruto's length in full made the boys lose it. Shikamaru found something he wanted and went for it. His lust overriding his lazy feeling. "Shikamaru? Chouji?"

Naruto blushed as the two began to strip, Shikamaru's hard 6 incher snapped up, as did

Chouji's thick 5 incher. "You were fucking Naruto Asuma-sensei?" the man blushed.

"Hehe, sorry!" he says but he sure as hell didn't look sorry.

"It's not fair he was my friend first!" Shikamaru ran over to Naruto and dropped to his knees. "I heard the rumors but by kami you are huge." his hands roamed over Naruto's large shaft.

"Naruto!"

The blonde gasped. "Yes?"

"You'll...you'll fuck me to right?" the brunette was blushing, rubbing his cheek against the large manhood.

"Yes!" he moved the lazy nin onto his back.

The tip kissed his hole, and began to draw Shikamaru's chakra. He sank in and Shikamaru moaned in pleasure, his toes curled. "So big, so good!" he moaned. He'd read about gay sex, he knew prep should have been involved, but seeing Naruto's reassuring gaze he knew something he didn't.

“This is my divine rod Shikamaru, it can never hurt my partner.” he stuffed him full, the male's dick making a bulge in his stomach.

'Oh fuck!' he saw stars. His penis pulsed as he came, a few ropes of cum shot out and splattered his naked body.

“Just lay back and leave everything to me.”

Shika shivered and he moaned loudly as Naruto began to move. The friction sent him to heaven, he came again, and normally he was spent after two orgasms but as Naruto's rod plundered him his cock refused to go soft.

'This...is...so...not...troublesome!' he panted and drooled.

Chouji couldn't sit back anymore. Him and Shikamaru had a friends with benefits relationship, but never went all the way. Chouji climbed over Shikamaru and began licking the cum off his friend's chest.

He moved down, cleaning the semen off his pecs and stomach. Soon the two were in the 69 position. Naruto smirked at the display. “Chouji,

Naruto, Fuck!" the brunette gasped as Chouji swallowed his cock bobbing his mouth back and forth.

His moans sent pleasing vibrations across the lazy nin's cock. Shikamaru didn't want to accidentally bite Chouji, so instead he focused on pumping the male's fat cock, and used his other hand to prepare Chouji.

One finger, then two, and Chouji pulsed in his grasp, his inner walls tightening around his fingers.

Chouji had a front row seat to Naruto's cock plunging in and out of his friend and teammate. He couldn't wait for his turn, he felt Shikamaru's penis pulse in his mouth and soon...

Squirt Squirt Squirt Squirt Squirt

A bunch of spurts of semen erupted from his cock and Chouji caught it all in his mouth. He held it for a moment, savoring the taste, before swallowing it in one huge gulp.

Even Chouji was impressed at Shikamaru's sudden increase of stamina. By Shikamaru's fifth

orgasm, and yes Naruto was fucking him through every release. The friction generated by Shikamaru's clenching heat was intense.

Naruto finally gave in and came, his seed pumping hard and fast into Shikamaru's insides. The boy gasped as his stomach swelled. "That was...wow..." he whined when Naruto pulled out. "You want a turn Chouji?"

"Yes please!" He changed position, he was facing Shikamaru now, swollen belly to swollen belly, cock to cock. Naruto's cock kissed his hole and Chouji gasped as he slimmed down a little. The sudden surge of chakra made him shift slightly. Naruto thrust in and Chouji screamed in pleasure. "Shikamaru, oh kami he feels so big. This feels so good!"

"I know!" Shikamaru kisses him.

Naruto gets to work thrusting in and out, he gripped the plump rear Chouji had, it was plump and deliciously squeezable. He groped his ass, as he pounded deep inside.

His strong thrusts, made their crotches rub together. Chouji came, he spilled his seed between their bodies. Chouji's inner muscles worked his cock like no other. The Akimichi's like Inuzuka's were said to be talented in bed. Capable of adjusting the length of their cock size, but also their insides. No cock was too big for them.

Chouji pulled Naruto over the edge by his third climax. The seed flooded him, and his body took every drop. Naruto wasn't done yet.

Naruto began to play with his chest, pinching Chouji's perky nipples. "Chouji, make your cock bigger, I want you to fuck Shikamaru while I fuck you, can you do that?"

"Yes, Naruto-sama!" he brought his hands together. Boom! Chouji's cock shot up into 10 inches. "I can double it's size, but my pa says I'm still growing."

"Good to know, I've taken your friend's cherry, but you shall have a taste."

“Thank you Naruto-sama!” he lined up into Shikamaru's cum filled hole. He thrust in and both males moaned. “Shikamaru!”

“Chouji!” Naruto began to move, setting the rhythm. He kissed Shikamaru over Chouji's shoulder, continuing to toy with his nips with one hand and pump Shikamaru with the other.

“I'm back...Oh!” Kakashi was back, bringing home supplies and he stumbled upon the scene. 'Looks like I'm gonna need to buy more sex toys.'

Naruto learns the truth about the Uzumaki kekkei genkai. Naruto gets his first mission and his first mates outside of the village.

-X-

Sarutobi was concerned, there had been a lot of strange goings on and he had a funny feeling Naruto was at the center of it all.

He decided to go over and inspect Naruto's new living conditions. He had gotten the notice for Naruto's new living arrangement, and another notice that his own son would be staying with him along with Kakashi.

If that wasn't odd enough, many of the clan heirs had turned in requests to move in as well. He had a very bad feeling about this.

He let himself in, and gasped at the powerful musk of sex. He was not ready for the sheer orgy that was going on. Shikamaru and Chouji were making out as they were getting fucked by Shadow Clones. Kiba was getting fucked doggy style, while Shino was riding his respective clone. Sasuke was in the missionary position, legs spread wide as he was pounded into the ground. His son had two clones, they were spit roasting him, Asuma looked positively blissed out.

Kakashi was the worst or the best off. Two clones filling his ass, with another fucking his mouth.

The real Naruto was making dinner. "Naruto!" the boy jumped. "We need to talk!"

The clones came and vanished with a poof. The boys would be satisfied for awhile. Thankfully Sarutobi was an elder and was immune to the effects of the Uzumaki Seal.

"Can you tell me why this is happening?" Naruto asks.

"Yes, you see Naruto, your family, the Uzumaki family, both sexes are born with powerful chakra systems and amazing stamina. The males however get a little something extra, it's kekkei genkai name is the Divine Rod of the Uzumaki."

"So what does it do?" he knew, or had a feeling at least.

"It draws out one's lust, like all jutsu it has some conditions. One it only works on the gender you desire. Also there is an age cap." Naruto blushed. "It's the ultimate...ahem...pervy jutsu you could say. No prep is needed, it draws the chakra like a lightning rod. If someone did not want it they would reject the chakra draw."

“So everyone really likes...being with me...” it made his heart race a little bit.

“I'm afraid there's more, your dick is still not fully developed.”

“What?!”

“It's going to get bigger, thicker, longer, and its gonna get to the point you won't be able to seal it.” Sarutobi put a hand on his shoulder. “You need to listen Naruto, the Uzumaki clan has all been wiped out, the males were targets, because the true power of the divine rod has the power to unite clans, possibly even lands. There were those that feared that power, and sought to end them.”

“What am I gonna do?”

“Get stronger, you have mates to protect and who will protect you.” He handed over some documents. “This is the deed to your house, the home of the Uzumaki clan. It's paid for you'll own it and it is big enough for your growing family.”

-X-

The boys were happy to move in together. Sarutobi explained it to the clan heads it was about team building. If he could he'd put them all on a team, but that wouldn't be possible.

The Uzumaki estate was decked out, rooms and beds galore. It had it's own private bathhouse and hot spring near a private training grounds. It needed some TLC but it'd get fixed up in no time.

Naruto's clone army made fixing up the place a breeze. Kiba, Kakashi, and Akamaru helped repair the training grounds. Shino and his bugs helped clean up the hot spring area and the bath house. Shikamaru and Chouji worked on the kitchen. Asuma got through any red tape and got power and utilities working.

This was more than just a house, it was their home. 'It seems you are making roots.'

'Kyuubi...' he responds mentally. 'You sure have been quiet.'

'I've been enjoying the sunshine in here.' Sure enough the once dank dark cell looked like a forest full of sunshine. Kyuubi was still in a cage but it looked like he was in the base of a giant tree. 'Your pleasure is my pleasure, and this place reflects that.'

'So you not trying to escape anymore?'

'Nah this place is niiiice, finally I don't have a prude for a master, Kushina was better but you are the best vessel I've ever had.' he almost purred. 'I may just give you a hand from time to time.'

'Why am I worried?' Kyuubi simply chuckled.

-X-

Sakura was suspicious, it was normal for Kakashi-sensei to be late, but now Naruto and Sasuke-kun were showing up late to. 'They are up to something!' Sasuke seemed a lot closer to Naruto. 'When did that happen?'

“Sasuke, you barely ate anything at breakfast, are you gonna be okay with today's missions.”  
Sasuke blushed.

“Shut up dobe,” Naruto laughed. “I'll be fine, ah!” Naruto cupped his cheek.

“Don't push yourself too hard. If you are gonna get stronger you need to eat right.” Naruto didn't tell them that his life was in danger, he didn't want to worry anyone. Kakashi and Asuma probably knew already. “I know it's delicious but you need to eat more than just my cum.”

“Shut it!” he says blushing from ear to ear.

'What the hell are those two talking about?' Sakura was too far away to hear.

Missions were D class and below for team 7. It was getting boring and monotonous. They couldn't count how many times they had to capture this damn cat, it got to the point they wanted to scream... “Lady, the cat does NOT like you let him go.”

D and E class missions were in village missions. C class and above were out of village missions, ranging in danger and likelihood of combat with enemy ninjas.

“Come on gramps we can at least take on a C rank mission we are ready.” It was the consensus among the three. Kakashi gave his approval, by luck there happened to be a C class mission.

An escort mission, to deliver the bridge builder Tazuna to his home land. “Yeah we can do that.” Sasuke and Naruto fist bumped.

“These kids...I feel soooo safe...hiccup...” he had a drunken blush on his cheeks.

'He's drunk!' they thought. 'We really have to protect this guy?' yes yes they did. They were met at the gate.

“Sasuke what is Asuma, Kiba, Shino, Shikamaru and Chouji doing here?” Sakura asked.

“Couldn't say,” Oh he knew, they were all in a bit of a state of newly wed mode. The first time taking the sacred rod of the Uzumaki, increased a male's sex drive, it lasted for a few weeks then it'd go back to normal.

“Here guys,” he handed over a scroll. “I filled this scroll with a 100 clones, use them wisely.” Kiba

smirked and hugged him. "Asuma's in charge while I'm gone."

"Right!" they say.

"When I get back we'll celebrate." The males blushed. "All night long." they shuddered.

"Come back to us soon." Kiba nuzzled against him.

"It's a promise." they parted ways and headed off on their mission.

Said mission got way crazy right quick. They were attacked by mist ninjas. Two they showed up and went straight after Tazuna. Naruto blocked a poison kunai, and Kakashi was able to put the smack down on them.

'Damn brat, I'll heal your wound and take care of the poison.' he contained the poison and transferred it to his bladder.

"I gotta go take a leak." Naruto says and dashes off. Sakura scolded him but Naruto ignored her. He had to get the poison out of his body. Kakashi

could sense the Kyuubi's chakra at work so didn't question it.

“Just don't go too far.” Kakashi had a feeling this wasn't over. He needed to have words with Tazuna.

-X-

Naruto relieved himself quickly, pulling himself free from his underwear seal, unaware of being watched. 'The sheep who leaves the herd is the first to fall.' the assassin watched as Naruto finished.

'So Kyuubi, all good?' he shakes his massive penis.

'All good, you are poison free.' Kyuubi says, but he sensed the enemy. 'Have fun kid.'

'Huh?' Naruto wasn't aware of what was coming.

Zabuza Momochi, a powerful missing nin from the village hidden in the mists. He was one of the ninja hired to kill Tazuna by the villainous Gato. He was steeped in the history of the land of the bloody mist.

This man was near the same age as Kakashi, gained a title as revered as Copy Ninja, Demon of the Hidden Mist. He was feared, seen as dangerous, but before all that. A young man skilled in the water style ninjutsu, and he just so happened to like boys.

He wasn't apart of the academy but he fell for one of the students there, a skilled nin with a big cock. He trained his ass for days to take that monster, and boy was it worth it. Sadly shortly after that came the graduation ceremony when he had to murder the entire class. His friends, his lover, everyone. He stood covered in blood and was given his title.

Since then he never bottomed to anyone, he dominated, and became one of the legendary swordsmen of the mists. Despite accomplishing several missions for his village, he could never forgive the kage that allowed this barbaric test to occur. He failed to kill him and forced to flee.

He'd been on the run for so long, outside of his student who he had a unique bond with, he hadn't felt his heart race in a long time.

Seeing the young blonde's cock did things to the older nin. The cock the blonde possessed was bigger than his lost lover. His insides felt hot too hot, a hunger he thought was lost to him was burning inside.

His dick stirred in his pants, pushing against the fabric almost painfully. How long has it been since he felt that itch. His clothes felt so constricting. As he approached the blonde he discarded them. His muscled form was revealed as each article fell. Zabuza was a sexy beast; dark hair, broad shoulders, fine pecs and rock hard abs, sexy back muscles, a plump rear that has stood the test of time, his handsome face on display in the first time in years, his hard 10 inch cock bobbed as he approached the blonde.

Naruto's cock suddenly stiffened. "Oh man why am I so hard all of a sudden."

“Need some help with that.” Naruto tensed and turned seeing Zabuza for the first time. “I could use some help myself.”

'He must have seen my cock, I should help him.' he smiled. “Sure big guy come here.” Naruto laid down and Zabuza joined him going into the 69 position. Zabuza marveled at the massive size.

'So big, and it smells so good!' His hands roamed over the massive size. The strong manly musk made him groan. 'I wonder if it tastes as good as it looks.' He gave it a taste lick, licking the head and it was like fireworks went off in his brain. 'It tastes better!' he swallowed Naruto's cock, as much as he could anyway, what he couldn't fit in his mouth he stroked with his hands.

Naruto sucked his cock in kind. He was used to Kakashi's cock so he was able to slurp him down to the root. Zabuza moaned around his cock.

'Hot damn, not even Haku can suck my dick this well.'

The pre was so delicious, he focused on the head lapping at the tip and flicking the slit. The taste

was like fire on his tongue. Every drop made him crave more. Naruto could see his manhole twitching. The blonde wasn't gonna turn down such an invitation. Using a special jutsu, he turned his chakra into lube, bringing slick fingers to the older man's hole.

One finger, two fingers, three his greedy hole swallowing up everything. His body could not forget the sensation he felt in the past. The need not being met for so long made him extra sensitive.

Before Zabuza realized what was happening, too engrossed in the big dick before him, it wasn't till his prostate was massaged did he realize too late. He came, his balls lurching as he spilled his seed into the blonde's mouth.

Naruto massaged his prostate, helping milk the older man of a few more spurts. He through the man a bone, and his chakra surged and his cock expanded as he neared orgasm. Zabuza doubled his efforts and soon semen exploded into the older man's mouth.

Zabuza couldn't waste a drop, he slurped every drop down. He needed more, he needed to be filled. To make matters better the boy's cock was still hard and ready for more. He pulled off the blonde and on shaky legs braced himself against a tree. "Please...fuck me!"

Naruto was torn. He didn't know this guy. Kyuubi chuckled. 'Fuck him kid, he's an enemy but doesn't have to be.' the blonde was shocked by the fox demon's words. 'Trust me, do this and you can save him in more ways than one.'

"Fine," he says, and he gets behind Zabuza, the tip of his cock kissing his hole.

"Wait prep I need more prep!" Naruto ignored him, knowing he was going to enjoy the surprise. He felt the man's chakra draw to his twitching manhole. With one thrust he buried his massive dick inside.

Zabuza's stomach bulged from the mighty size, and his cock spasmed as he blew his load again. 'Oh my gawd!' his eyes rolled up at the sudden fullness. The stretch, the friction, and it hit all at

once. His cock spasmed and he had another orgasm before he could think straight.

“Feels amazing right?” he nodded, a trickle of drool running down his chin. Naruto pulled back, leaving a void inside the former mist nin. This emptiness felt like hell, but then Naruto thrust back in and everything was good again.

Zabuza's moans echoed through the forest, Naruto's powerful thrusts made him cum again and again. His pre soaked Zabuza's insides allowing him to thrust faster and faster. By the time everyone showed up Naruto just finished with Zabuza pumping him full of cum. His belly swelled with the thick jizz. “Hey guys,” the two were glistening with sweat, Naruto's clothes being pulled off here and there through the intense mating.

“Naruto...do you realize who that is?” Kakashi states. He couldn't believe it.

“No, but...” he pulled his cock free, once it was suddenly needles flew in and struck Zabuza in

the neck. The male collapsed, appearing to be dead.

An anbu looking nin showed up. "This man is Momochi Zabuza, I'll be taking him."

"Wait!" Naruto shouted. It was too late, the masked nin vanished in a swirl of snow. Naruto's rage began to build. "He killed...my mate..." his eyes flashed red.

"Naruto calm down." Kakashi shouts.

"My mate...he killed...my mate!" he panted, his canines extending.

'Kid, stop he's not dead it was an escape tactic, calm down!' Naruto heard Kyuubi, but it was hard to quell the rage he had going so easily.

Kakashi had no choice, he managed to knock Naruto out. "That was close. Sasuke stay with him." The raven nodded, helping clean Naruto up and tuck his cock away. "This isn't over they will be back."

Naruto deals with the temporary loss of one of his mates. Haku does his best to deal with Zabuza, but his skills as a sub might not be enough to satisfy.

## Chap 5 Orgy on the Bridge Prologue

The masked boy was known as Haku. He leans over his master's naked body. Not the first time he has spent in the naked man's presence, in his early days he would wash the man's back. When he got older, he offered his services to the man, his body that was honed to be a weapon, was also used to pleasure his master.

He never topped, never witnessed the man topping. Spending nights riding the man's large cock, or laying beneath him taking it again and again. Haku found pleasure in serving Zabuza, but he had no idea...

Looking down he saw the man's hole wrecked, glistening in a mix of pre and cum. Seed leaked

from his gaping hole, running down his legs, and making a pool beneath him. He'd never seen Zabuza so spent, so relaxed, his belly bloated with cum. 'Zabuza-sama...' he removed the needles from his neck, and the male got up.

"Zabuza-sama, what happened?"

"I let my guard down, I'm fine..." he tried to move, only to feel the cum shift inside him. He blushed, hand going to his stomach. 'So full,' his penis twitched, his entire channel was soaked.

"Are you sure?" he helped him stand, accidentally putting his hand on his stomach.

"Ghh," the added pressure, made the cum shift, it erupts from his hole making the male shudder.

"Ahh ahhh!"

"Let's get you back, you just need some rest." they head back to the hideout. 'Is he really okay?'

As Haku got Zabuza back to their base, Kakashi, Naruto, Sakura and Sasuke were able to deliver

Tazuna to his village. It wasn't over, they still needed to protect him since Gato had a hit on him still.

'I'm gonna have to advance their training, Zabuza is a wild card right now, but that anbu he was able to completely to mask his presence before striking.' Kakashi looked back, looking at Sasuke carrying Naruto on his back.

The blonde was nuzzling Sasuke's neck, making the raven blush. Sakura stared at the scene feeling a strange feeling flutter in her chest.

'What is this feeling...I don't understand it? This is kinda hawt!'

Naruto came to partly, caught in that gray area of sleep and awake. "Mmmhmm, Sasuke..." he moans, and starts nibbling on his neck, hips rocking into the raven. The Uchiha shuddered gasping in pleasure, his cock hardening at the action.

Sasuke's cock rubbed in the confines of his pants. Every step the manhood pushed

frantically to escape. He fought back many urges, the urge to groan, the urge to touch himself, and the urge to take off his clothes and mount the piece of man meat. 'Naruto!'

'Hang in there Sasuke, we are almost there.'

Kakashi thought, but he couldn't help but feel a little jealous. He had to be on alert in case more assassins came. His hole was itching to be filled to.

-X-

Once at Tazuna's village his family graciously allowed them to stay there. It was for the best, they needed time to prepare. The group stood in the family's living room. Tsunami was very thankful for having her father returned to her safely. Inari was skulking in the wings, listening in.

"From what I know about Gato, he's a shipping magnate and founder of the Gato company. That's only on the surface, in the shadows he's known as a drug trafficker, and has his hands in various smuggling rings. A troublesome foe, as

he uses his business to build his reputation and shady deeds to get extra funds to pay off anyone, or hire services of strong ninja or thugs.”

“How do we take on someone like that?” Sakura asks.

“Gato knows how to cover his tracks, though his name is spoken in the underground. This is far more than a simple protection mission, even if we stop Zabuza and his accomplice Gato will just hire more ninjas.” Kakashi sighed. “One problem at a time, we must handle Zabuza and his accomplice first, we will have to worry about Gato after.”

“Hey, where is Naruto and Sasuke?” Sakura looked around finding the two missing.

“If your talking about those two guys who were with you they went upstairs, probably pissing themselves of fear.” Inari says.

“Inari!” his mother scolded. He huffed and walked away.

“What’s with them, we need to strategize big time, this is bigger than a simple escort mission.”

Kakashi blushed behind his mask, knowing exactly what was going on. “I’ll fill them in later, let’s rest for today and pick up on training once we’ve fully rested.”

Upstairs....

The boys were in the bathroom yes, but behind a sound proofing jutsu. Sasuke’s pants were around his ankles, his cock bouncing with every thrust. “Naru ahh ah ah ah ah ah ah ah!”

“Sasuke!” he was fucking Sasuke a bit harder than usual, not that the raven was complaining. He gripped Sasuke’s hips tight, driving his massive cock in fast. The boy’s pale ass was a flushed red from the powerful thrusts.

‘The kid is really going to town on the Uchiha brat, not surprising the divine rod forges a bond with Naruto whoever he mates with, to have his partner taken away at such a critical time, he’s probably going stir crazy.’ Kyuubi thought. ‘I was gonna bide my time, but he needs my help now.’

He fucked Sasuke to one orgasm, the boy trembling and moaning as his orgasm splattered over the ground. Giving him an anal orgasm, Naruto let his hands move, slipping under his shirt to tease his nipples. "Ohhh yes yes yes!"

His dick was bouncing like an excited puppy. Having just cum it didn't take long for him to achieve another mind blowing orgasm. Naruto follows suit, his climax hitting and he pumps Sasuke full of cum.

The boy was drooling, shaking as he was filled past the limit with semen, his belly growing from the excess. The two fall back, Sasuke resting in Naruto's lap. "Hey, Sasuke...Am I a good mate?" Sasuke is surprised by the question.

He takes Naruto's hand and holds it tight, giving a gentle nod, his voice hoarse from all his moaning. The blonde rests his head against Sasuke's shoulder, tears dripping down. "Thank you." they cleaned up, dressed before returning to the others.

Kakashi does fill them in later, the boys were sharing a guest bedroom, meanwhile Sakura was staying in Tsunami's room. So as Kakashi filled them in on the plan, he did it bare ass naked riding the blonde's huge cock.

"So we will be starting advanced chakra training tomorrow." he says, his hard dick slapping the blonde's stomach as he rode him wildly. Kakashi drooled, his stomach bulging from the blonde's mighty rod.

His climax hits, and he blows his load all over the blonde's chest and abs. "Naruto-kun, I have to ask what will you do if you have to fight Zabuza?" the blonde frowned and turned away. "I'm not trying to upset you, you didn't know he was an enemy but this could be dangerous."

"I know, but when I was with him, I got this strange sense he needed me to fuck him. I got similar feelings when I fucked everyone else, even you sensei." he planted his feet firmly and began fucking Kakashi anew. "I know, it must

sound weird but I want to be able to save him if possible.”

The conversation ended as Kakashi’s toes curled, his body trembling in pleasure. He didn’t stand a chance, not with the his sweet spot getting pounded. It wasn’t long before he came again, and Naruto came deep inside him.

Kakashi joined Sasuke in the big cum filled belly club, each of them snuggled up to Naruto who had his hands behind his head. ‘What am I gonna do?’ his eyes drifted closed and he fell into a broken sleep.

In his mind there were no dreams he was pulled into his very soul, the shared room he shared with Kyuubi. “Hey there kid...”

-X-

Kyuubi and Naruto had a long overdue talk. The blonde knew he was inside thanks to Mizuki. Yet he didn’t believe all the things that happened to him were Kyuubi’s fault. Those with power were feared, it was natural, it was important using that power for right no matter what.

So when Kyuubi offered to help him get stronger, the blonde agreed to it. "Thank you Kyuubi-sensei!" the fox blushed at his words.

"Let's get started." The bijuu having lived since the first sage, he had plenty of knowledge on ninjutsu.

-x- Meanwhile-x-

Gato was not pleased with Zabuza's failure. The male was currently bedridden, one hand holding down his cock, the other holding a kunai as Gato and his men were in the room. "I didn't pay for failure," he reaches for Zabuza only for Haku to get in the way.

"I will complete my mission." he says fixing Gato with a glare.

"Tch," Haku releases him and he leaves. Once alone Zabuza let's his hard on snap to attention.

"Zabuza-sama," Haku stares as his teacher pumps himself, his pre overflowing like crazy.

"Allow me to assist you." The male looks at Haku and down to his aching cock. He releases

himself, and Haku gets naked. His body is thin and petite, his skin flawless, the boy could have been mistaken for woman except having a fat 7 inch dick.

He climbs onto Zabuza's naked body, kissing his chest, as he plays with his ass. The tight little hole has been well trained, he was able to slip in two fingers at once. Prepping himself, was simple enough, so he used his free hand to tease Zabuza's left nipple, and started licking the right. Zabuza groans, his cock twitching. Haku knows how to pleasure this man, he's been warming his bed for years now. He continued to tease his chest, making quick work of prep. Once he was ready he straddled Zabuza's hips, feeling his length slide between his cheeks.

He braces himself on the man's pecs, rising so the tip was aimed at his hole. "Zabuza-sama!" he moans as he sinks down onto his cock. His body fit the cock like a glove, his inner walls hugging every inch.

In a few minutes he started riding the beast of a man, hands wondering over his muscles. 'So big, so strong,' he thought. He rode him, hard and fast, his 7 incher bobbing to and fro. As he felt pleasure, he thought Zabuza was with him.

He played with the man's nipples as he bounced faster and faster, his inner walls tightening in pleasure. He loved being filled like this, and in the back of his mind he hoped things could go back to normal.

As his orgasm neared, he gazed down at Zabuza, his eyes burning, cheeks flushed. 'He must be close.' Haku usually came first, and in his orgasm his inner walls usually milked his master to completion.

His climax came and he moaned, blowing his load all over Zabuza's abs and pecs. His channel tightened in his release, he expected to feel the twitching followed by the thick man milk pouring into him. It did not...

"Haku...more..." That was a surprise.

“Yes sir,” he moved, a bit more shakily. It was so intense moving after orgasm, his body was still sensitive from orgasm. It wasn’t long before he felt Zabuza’s hands on his hips, and he took control, working him over his shaft. “Ahh Zabuza-sama! Ah I...Ahhhhh ah ah ah ah ah ah ah!”

With his over sensitive body, it wasn’t long that he found himself on the edge of orgasm again. “Za...buza...sama...ah I can’t...hold back...I’m cumming again!” he arched his back, as he came again.

Despite another climax, his inner walls hugged Zabuza like a vice, no luck he still couldn’t cum. Even as Haku’s body spasmed, trying to milk him of his seed he couldn’t, there was something missing.

He fucked Haku until the boy passed out from the overwhelming pleasure. Five orgasms swallowed the boy’s consciousness, he’d never known his master to be so wild. By the third orgasm his mind was a total blank, washed away

by the pleasure. Haku had no idea the suffering Zabuza was in, as he fucked Haku's hole, his own entrance was twitching like crazy, his channel itching to be filled.

His cock remained painfully hard, his chakra being drained to sustain its arousal. It was maddening the need to cum. 'What did that kid do to me?' he thought. 'No I took his cock myself, I chose it, wanted it, needed it!'

He pulled Haku off, the boy's insides were drenched with his pre. He was set aside and Zabuza spread his own legs. Reaching down, he probed his twitching entrance with his finger. It wasn't enough to satisfy him completely, but it felt so good. His inner walls, hugging his finger tight, "Ohhhh!" rocking his finger in and out, pleasure rips through him. Pumping his drenched cock and some prostate rubbing helped him get off once, not enough to fully satisfy his aching dick, but it was enough to allow his rest.

His dreams were filled of the blonde, taking him in various positions.

-X-

The next day the training began, Kakashi was having them do the chakra control training of climbing trees. Kyuubi analyzed each of them. 'That Sakura girl, has good chakra control, she'd make a good medic, but unless she trains harder she wont make it as a ninja. The Uchiha has powerful chakra but little control.' Naruto's chakra was no longer being used to suppress Kyuubi, so he was able to surpass even Sakura.

Sakura ran out of chakra, and retired but Naruto and Sasuke kept going. Sasuke stared as Naruto continued to get higher and higher. "Hey Naruto, how did you get so good at chakra control?"

"I'll show you, take off your clothes." Sasuke blushed, but obeyed. "Just because I have a big cock doesn't mean I can rely on it, so I've started training to improve and add skills."

chakra coated hands came around and began toying with Sasuke's nipples.

"Oh my god!" Sasuke bucked, his cock bouncing as his body shook in pleasure. "Naru...ahhhh!" It

felt hot, the chakra digits made his skin tingle, and as he flicked his nips, pushing and rubbing it drove Sasuke mad. "Oh kami, oh fuck, Naruto!"

'You were right Kyuubi this is fun!' Naruto spoke to Kyuubi through a mental link. Kyuubi had given him a crash course in chakra control while he slept.

Sasuke came, just from having his nipples played with, the chakra amplifying the effects ten fold. His semen splattered the tree before him, rope after rope of thick manly cum.

Despite the orgasm he was still rock hard.

"Amazing isn't it?" He nodded, they sat down, and Naruto brought his feet around, sandals tossed aside.

The Uchiha shivered, feeling the blonde's feet caress his dick. They rubbed and pressed his penis, toes caressing his hard flesh. "You are being too forceful, you need to slow down, keep control." The boy moaned and groaned, his head rolling back.

Naruto applied similar chakra to the soles of his feet, and Sasuke cried out, cumming all over himself. "Don't fall asleep Sasuke, we have lots more training to do..." the boy looked so hot covered in cum.

The blonde gave Sasuke a goal, if he could reach the top of the tree, he could take his cock as much as he wants. Each time he overloaded his steps he would get to be Naruto's guinea pig for his new techniques.

Either way Sasuke was in for a long training session.
