

# END OF YEAR REPORT

ROBERT 'ROB' WILSON  
YEAR 7, DORMITORY 1.01

English

Teacher - Mr. Anthony Fitzsimmons

Student - Robert 'Rob' Wilson

---

Rob has stated a particular love of this subject and his passion for it shows in his performance. Demonstrating a truly insightful understanding of context, character motivation, imagery and structure, his keen interest in reading has helped him develop skills which are already approaching GCSE standard. Rob is also able to express complex and intricate matters verbally with true eloquence that many older students would struggle to emulate. Exceptional job.

Final Grade ★★★★★

Maths

Teacher - Mr. Owen Beecham

Student - Robert 'Rob' Wilson

---

Rob shows great promise in the subject and has seen a steady improvement in his results throughout the year. His natural intelligence and aptitude has helped him to grasp the basics and now with a little more effort can take his understanding to the next level. His attention to the subject had been lacking early in the year but his improved towards the end. Rob takes part confidently in group work and is a well liked a respected member of the class.

Final Grade ★★★★★

Science

Teacher - Mr. Nigel Jenkins

Student - Robert 'Rob' Wilson

---

Robert has a deep and thorough understanding of scientific principles. It is apparent from Robert's enthusiasm, energy and engagement that Science is a favourite subject. He works well with others in discussions and activities, asks insightful questions and even challenges theories comfortably and confidently. Despite being one of the highest performers in his Year group, he demonstrates an admirable level of humility and kindness by actively encouraging and supporting his classmates in and out of class.

Final Grade ★★★★★

# History

Teacher - Mr. Victor Chambers

Student - Robert 'Rob' Wilson

---

Robert has proven himself a capable and competent student in both his classroom-based and written work this year. He has a good understanding of historical events, their causes and the way they fit together.

Final Grade ★★★★★

# Geography

Teacher - Mr. Maynard Cunningham

Student - Robert 'Rob' Wilson

---

Rob appears to have a natural aptitude for this subject, as well as most others. As a result, his success comes from minimal effort which while impressive, shows how much he could excel if he applied himself just a little more. He is already performing at above expected levels, but certainly has the potential to reach even higher.

Final Grade ★★★★★

German

Teacher - Mr. Francois Bombelles

Student - Robert 'Rob' Wilson

---

Rob applies a great amount of effort in his attempts to learn the language. He appears to enjoy learning new words and phrases, but often forgets older lessons in his enjoyment of taking in newer ones. Rob needs to remain mindful that retention of knowledge is as important as new learning.

Final Grade ★★★★★

French

Teacher - Mr. Klaus Richter

Student - Robert 'Rob' Wilson

---

Robert has managed to converse effectively on some matters but has several gaps in his knowledge that must be filled to continue moving forward.

Final Grade ★★★★★

# Design and Technology

Teacher - Mr. Oscar Verity

Student - Robert 'Rob' Wilson

---

What Rob's mind can produce and what Rob's hands can produce are very different things. He has some excellent ideas, backed up by excellent theory work, but putting them into practice ranges from 'unsuccessful' to 'dangerous'. Despite his obvious frustration, Rob takes his failings in good humour and attempts to learn from them, all while comfortably laughing at himself which shows true depth of character.

Final Grade ★★☆☆☆

# Art and Design

Teacher - Mr. Rubeus Warren

Student - Robert 'Rob' Wilson

---

Rob applies himself to lessons very well and puts a great amount of effort into his work, but unfortunately the end result rarely reflects this. An average grade should certainly not be taken as discouragement for skills can improve, but heart and passion are something you either have or do not... and Rob has both!

Final Grade ★★☆☆☆

Music

Teacher - Mr. Charles Yaeger

Student - Robert 'Rob' Wilson

---

Rob tried very hard in lessons and does his best to learn from both myself and his peers. While the grades show that he is not necessarily the most successful, he continues to do his best and this kind of perseverance shows he has the potential to succeed in the future. If the grade were just for effort, he'd get a 5 star from me!

Final Grade ★★☆☆☆

# Physical Education

Teacher - Mr. Trevor Hargreaves

Student - Robert 'Rob' Wilson

---

While Rob always puts in the necessary effort in any event, it is clear that his passions lies with rugby, at which he is exceedingly good. Often selected as a team captain by his peers, Rob shows natural leadership in the role as well as a keen mind for strategy.

Final Grade ★★★★★

# Citizenship

Teacher - Mr. Stanley Francis

Student - Robert 'Rob' Wilson

---

Rob has shown a great level of aptitude for this subject. He has eagerly taken in all lessons and been actively engaged throughout the year, greatly increasing his knowledge and understanding of citizenship. He is able to understand concepts from multiple perspectives in a way older students and even some adults would struggle.

An insightful and engaging young man.

Final Grade ★★★★★

# Computing

Teacher - Mr. Lionel Uxbridge

Student - Robert 'Rob' Wilson

---

Rob has proven himself very competent in his study of computing, demonstrating impressive skill in programming and showing a real interest in spreadsheets and their uses. He has also show a good understanding of networks as well as respectful online collaboration. A good grade and only expected to get higher.

Final Grade ★★★★★

# Grade Overview

Student - Robert 'Rob' Wilson

English	★★★★★	Design and	★★★☆☆
Maths	★★★★☆	Art and Design	★★★☆☆
Science	★★★★★	Music	★★★☆☆
History	★★★★☆	Physical Education	★★★☆☆
Geography	★★★★☆	Citizenship	★★★★☆
German	★★★★☆	Computing	★★★★☆
French	★★★★☆	Average Grade	3.731

# Extracurricular Activity 1

Activity - Rugby

Staff Member—Mr. Trevor Hargreaves

Student - Robert 'Rob' Wilson

---

Rob has a clear passion for the game and it shows in how well he plays. He has shown great versatility in roles too, able to easily adapt to wherever he is needed. With his level-head and impressive skills, as well as the respect he has garnered from his teammates, Rob has significant potential to become team captain in the future.

# Extracurricular Activity 2

Activity - Debate Club

Staff Member - Mr. Victor Chamber

Student - Robert 'Rob' Wilson

---

Rob has a rare ability to effectively and passionately argue for either side of a debate regardless of his personal feelings on the matter. While this does mean he often ends up being left with the more 'unpopular' side of the argument, he always researches his points well, delivers them eloquently and often entertainingly, maintains his cool under opposition and offers quick, effective rebuttals.

Always very entertaining to watch.

# Extracurricular Activity 3

## Activity - Book Club

Staff Member - Mr. Lionel Uxbridge

Student - Robert 'Rob' Wilson

---

Rob is a voracious reader and seems to enjoy the ideas of having to read a book by someone else's choice as it pushes him to read things he may not have chosen himself. He always comes to Book Club ready to offer his thoughts and feelings on the latest book, but is always considerate to let others speak too, particularly those who do so less often.

As conscientious as he is competent!

# Social and Accommodation

First Floor Master - Mr. Levi Trent

Student - Robert 'Rob' Wilson

---

Rob is an undeniably intelligent young man who cares deeply for those around him and fights passionately for what he believes is right. While his social circle is not wide, it is made up of friends who look up to Rob due to his compassion, competence and natural leadership skills.

His extracurriculars take up some of his time, but there is certainly room in his schedule for more should he choose to pursue them. This might also allow him to make more friends outside of his dormitory.

Though Rob did find himself subjected to disciplinary action earlier in the year, he showed true integrity by owning up to his actions and accepting responsibility for them. Mistakes are allowed, but they should always be learned from and I am confident Rob will continue to do so.

Health and Wellbeing

School Physician - Dr. Arkwright

Student - Robert 'Rob' Wilson

---

Rob has visited me once as a result of a mis-step during a rugby tackle, but this only resulted in some bruising which fully recovered. We have had little interaction outside of this.

# Disciplinary Record

Deputy Head - Mr. Norman Gregory

Student - Robert 'Rob' Wilson

---

Robert has had no reports of misbehaviour this year, aside from one serious incident of inciting a breach in IT security. Robert owned up to his involvement which may have remained otherwise undiscovered and were not found to be malicious, but punishment was administered due to the severity. Outside of this, Robert has had no warnings or official sanctions.

Robert was involved in an incident of inappropriate behaviour along with the other seven boys from his dormitory, though this is alleged to have been the result of a prank by fellow students. No proof was available but no official punishment was given.

# Headmaster's Overview

Headmaster - Mr. Trystan Everett

Student - Robert 'Rob' Wilson

---

Rob impressed me this year by owning up to actions he had taken which had led another student into trouble. As well as a wonderful sense of friendship with his peers, it demonstrated a type of integrity that cannot be taught in classes.

Rob's grades have been impressive, making him one of the highest performing boys in his Year group. While his successes have mostly been restricted to the more academic subjects, he has shown drive and determination in achieving decent results even in the subjects where he does not naturally excel.

Rob has proven himself to be a very competent and mature young man and the respect for him from both his peers and teachers is obvious. With two references to leadership potential, I expect good things from Rob as he moves into Year 8.

# Mentor's Comments

Mentor - Sam Fletcher, Year 10

Student - Robert 'Rob' Wilson

---

In working with Rob, I found several areas in which he required significant work. Rob happily and willingly worked with me on improving them and continues to do so.

I have found him to be a very dedicated friend to those he cares about as well as a very smart kid who can do most things he puts his mind to.

# Student's Comments—Successes

## Student - Robert 'Rob' Wilson

What has gone well?

What have you achieved?

What are you proud of?

---

My grades are exactly what I predicted they would be, with top scores in my favourites, good scores in lots of the other thinky ones and not so good in the creative ones.

One of my biggest achievements this year was being a good friend. It made me sad and a bit upset when I found out that Josh was in trouble and I wasn't the one who was there to help him, but I am just glad he got help and is happy now. I do what I can to look after him but also the rest of my dorm too. I know I am not as outspoken as Danny or as touchy-feely as Chris, but I like to look after the guys in my dorm as they are my second family and I like to think that if my little brother was at the school, he would have someone looking out for him too.

I also went on stage in the music competition to help support Nicky and it was scary as heck but it was worth it because him and Chris were amazing and got second place (they deserved first!)

# Student's Comments—Areas to Improve

## Student - Robert 'Rob' Wilson

What could have gone better?

What do you wish to achieve next year?

What are your goals?

---

I'd like to say I will get better at the creative subjects, but I know that might not be possible. However, I can promise to keep trying my hardest at them.

I think I can definitely do better in the languages and would like to get up to at least a four star grade for next year.

I want to keep getting better at rugby as I love to play and I'm pretty good, but I want to be great! It would be nice to be team captain too, but I would still be happy just playing it.
