Beginner Guitar Quiz – PG.1

They say "knowledge is power" and nowhere is that more true than in the world of music. Since starting your lessons, you have learned a ton about the way music works. Each lesson has put you one step closer toward being an expert musician. Let's put our knowledge to the test!

1) Name the Parts of the Guitar

Three Main Sections:

A) The _____ is hollow, allowing the sound to be amplified!
B) The _____ has frets that allow me to shorten the strings, and change the tones!
C) The _____ has tuners attached so I can adjust the tightness of my strings, which changes the pitch!

Smaller parts:

1) The _____ attaches the strings to the "body"
2) The _____ keeps the strings in position.
3) The _____ amplifies the sound of my guitar.
4) The _____ is the main playing area, where my fingers move very fast!
5) The metal _____ are used to create notes, by shortening the strings.
6) The _____ also keeps the strings in position, much like the saddle!
7) The _____ are used to tighten and loosen the strings, to change pitches.
