

Ember Grows

And grows and grows and grows... I hope you're ready for some big ones!

A short story about
very, very large
boobies!

We've recently been to
the ocean, so now lets
visit a nice lake.

We open our scene with a large lake serenely resting in the background. In the foreground stands an attractive model wearing a leopard print bikini. At first she is looking toward her cameraman in irritation, but that changes to excitement as he finally has the recording equipment ready.

Are you finally ready dumbass? Good! So we're rolling then? Awesome! Took you long enough.

Ember introduces herself as an online model from Bimstagram, and she has driven far from the nearest city to be away from prying eyes. She has brought Darren, her techno-wiz, with her to this shoot that she is recording way out in the back country.

Hello to all my lovely followers on Bimstagram! It's me, Ember! You're favorite sexy, hard rockin internet model and today I'm here at Lake Curvilonus with my nerdy and useless techy geek, Darren.

A woman with long dark hair and blue eyes is posing in a leopard print bikini. She has several tattoos: a skull on her upper chest, and large, intricate designs on her forearms. She is standing in front of a large body of blue water with a hilly, arid landscape in the background under a clear blue sky. A speech bubble is positioned to her right.

Shout
out to one
of my bestest
followers, Herman,
who sent me this
hot little number
I'm wearing
today.

Our inked, rocker hottie poses sexily for the camera as she thanks one of her fans for sending her the sexy bikini that she is wearing today. I'm not entirely sure if this is just a photoshoot or a movie. Maybe it's a little bit of both?

Whatever is going on, Ember begins to explain that they have come to Lake Curvilonus because there are all kinds of strange stories and rumors about this locale.

You may be wondering why we're at this particular lake today. Well... they say this lake has a secret.

A woman with long dark hair and blue eyes, wearing a leopard print bikini, stands by a large blue lake. She has a large, intricate red tattoo on her left arm. The background shows a clear blue sky and a dry, hilly landscape. Two text boxes are overlaid on the image.

They say that a spirit of lust lives in this lake, and she will grant your every dirty desire for exactly one minute every thousand years.

Supposedly there is a powerful spirit that resides deep within the lake's waters. Some say it's an ancient fertility goddess, some say she was simply a creature of great beauty, and still others claim it is a demon of pure lust and carnality - like a succubus.

Ember has spent a lot of time reading about this old story, and all the sexy ladies throughout history that have used its power to get what they wanted. She thinks she has figured out the exact minute during which she can make just such a wish.

That's right! You guessed it. I've worked it out that the special moment these legends talk about is happening right now. So all I should need to do is make my wish.

You
all know
that I've talked
on my page about
getting some plastic surgery
done to increase the size of
my breasts. Well, if I'm
right, then now I won't
have to. All I have
to do is...

She glances down at her ripe D cup
breasts that fill her tiny bikini rather
well. However, she has been recently
thinking about going even bigger.
There is a lot of competition on
Bimstagram after all.

"I wish I had huge tits! Like really fucking damn big. Like those girls that tried those silly string implants."

Swell!!

Ember sucks on her lip with a bit of fear and anticipation. She hopes that her research proves to be correct. Shaking off her hesitation, she utters the words that she's been yearning to say. Her big boobs immediately start to swell and grow. They quickly balloon through multiple cup sizes and stretch out her top.

Grow!

Bulge!

"And a thick, fat ass. A big, round, jiggle booty like the girls from those music videos."

Ripen!

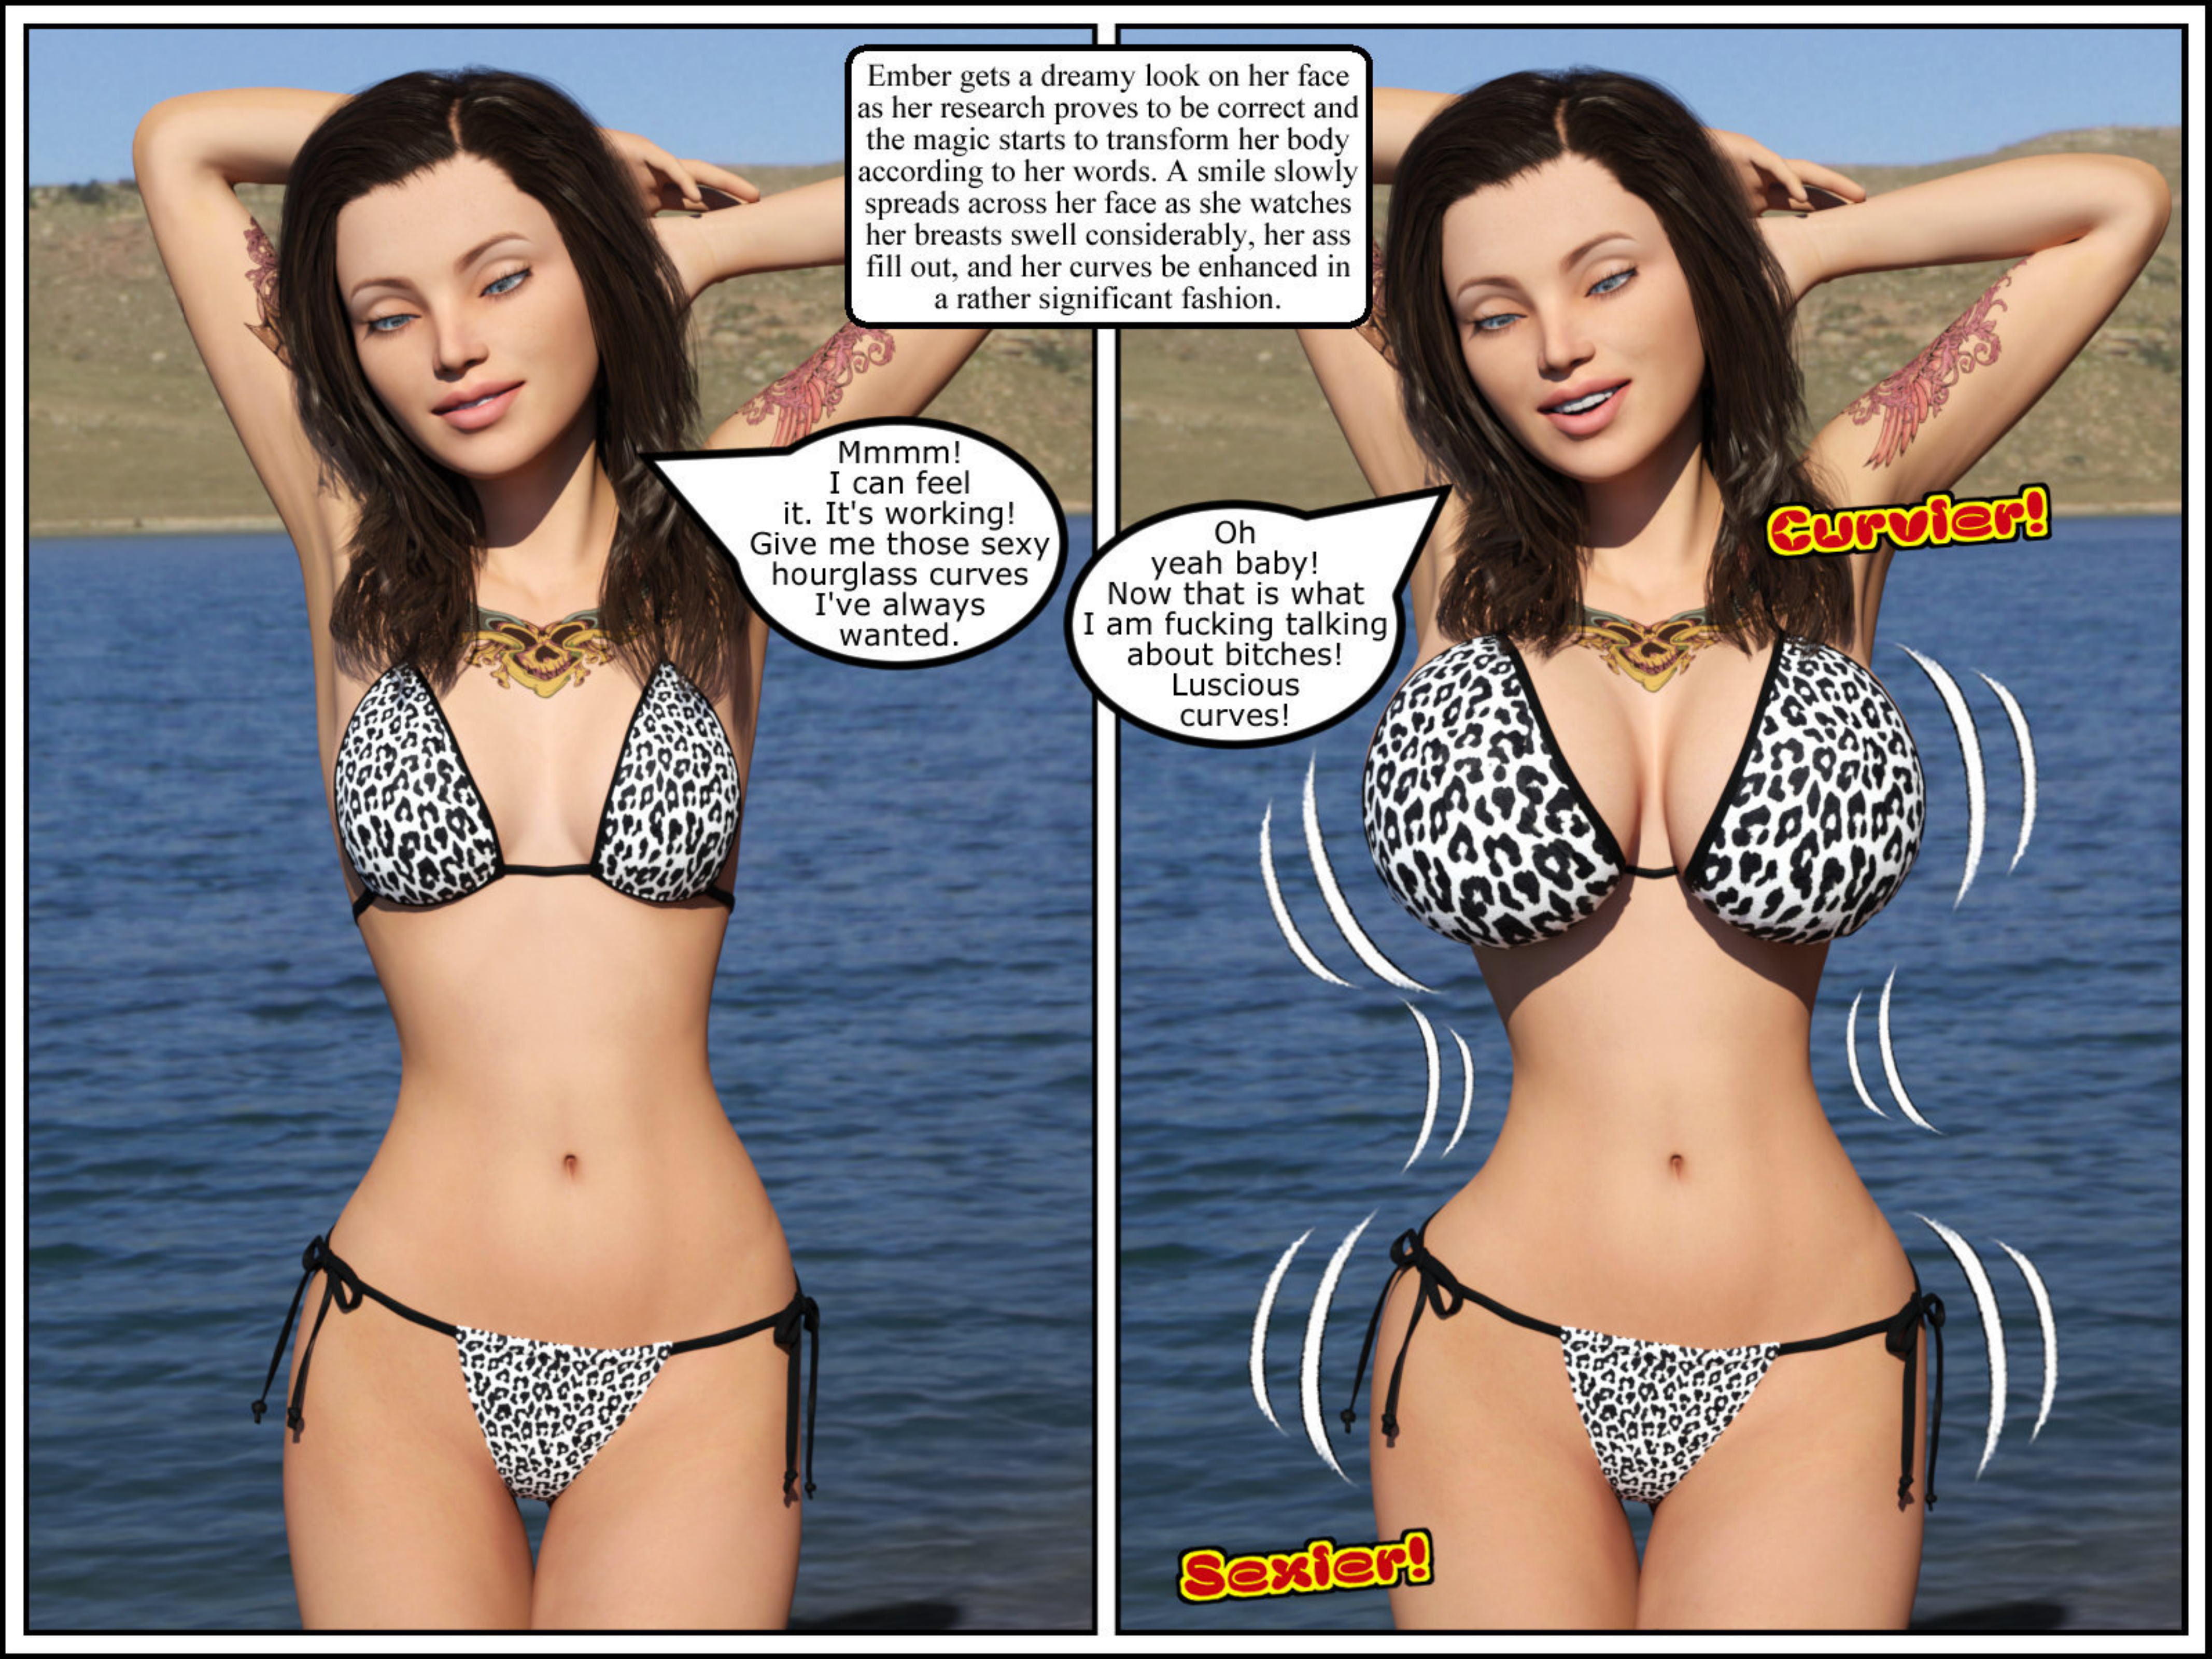

Her tiny bikini shrinks even smaller against her expanding bust. Ember does not stop there and moves on to her next desire, which is to have the sort of ass that matches such a sumptuous rack. Just like her fine chest, her pert butt starts to pile on more and more flesh as it swells outward behind her like a shelf.

Fatten!

Bigger!

Ember gets a dreamy look on her face as her research proves to be correct and the magic starts to transform her body according to her words. A smile slowly spreads across her face as she watches her breasts swell considerably, her ass fill out, and her curves be enhanced in a rather significant fashion.

Mmmm!
I can feel it. It's working!
Give me those sexy hourglass curves I've always wanted.

Oh yeah baby!
Now that is what I am fucking talking about bitches!
Luscious curves!

Curvier!

Sexier!

Hmmm, but I think I need a much sluttier and made-up look to go with a body like this.

I've always wanted really plush, full lips too.

Fuller!

Ember takes a short moment to admire her new curves, but she quickly moves on since she only has a minute. She realizes that her overall look doesn't match her much curvier body. With a few statements she acquires long and thick lashes, full and plump lips, slutty makeup, and even a new eye color.

And bring back my long, thick lashes. I miss my false ones.

Thicker!

Can we try a new eye color? Maybe purple or even pink?

Plump!

Lets add a new hair style to my fantastic new look.

I'd like it to be longer. Long hair is very sexy.

Lengthen!

Ember has always enjoyed her long hair, and she has tried extensions on a few occasions. Now she has the opportunity to grow her hair exactly how she wants it in an instant. Her ebony locks start to tumble down her back, and her huge rack, as they grow much longer and a bit thicker. She even adds in a bit of extra color.

Like really, really long, and I'd like it to be all teased and curly.

Tumble!

Shall we add more color? Like a two-tone kinda thing!

Longer!

You're starting to get that overly made-up look there Ember baby.

That artificial look. Like a doll or something. Lets accentuate that some more.

350 CC

However, she gets a little carried away in the sensations of her growth and the feelings of having all of her body image dreams come true. She goes from enacting her dreams into indulging her fantasies. What she says next changes from simply sexy, and goes over the edge into some kind of blow up, bimbo doll vision.

Yeah! Plalstic fantastic! All fake and slutty.

650 CC

A very barbie doll kind of look, as if I got really damn big implants. Mmmm! Yesss!

1000 CC

Not just to pump up my huge tits either.

I want them **stuffed** into my ass as well.

250 CC

The kind of body you would only find in some kind of erotic fantasy. Her nails grow longer, as if she got acrylics, and take on a black polish. Her already huge jugs blow up several more sup sizes and perk up into perfectly round spheres. Her butt becomes impossibly pert and obscenely juicy, almost devouring her bikini bottoms.

So I have a super perky bubble booty.

500 CC

A rock hard mega-butt for a hard rockin slut.

850 CC

Fuck
yes! Now
this is the kind
of body that I have
truly always wanted deep
down inside. A body
built to make men
drool and to **fuck**
all damn day
long!

Ember finally stops for a moment to take stock of the changes and she **loves** what she's seeing. She poses for Darren and the camera to get a good record of the new her. Gigantic jugs strain her bikini top to almost bursting. You can hear it creak and strain with each of her movements.

An equally unimaginable bubble butt thrusts out behind her and practically makes her bottoms disappear in its delectable depths. Plump DSL lips beg to be kissed below bedroom eyes that plead with you to take her right where she stands. Succulent and sexy flesh jiggles and moves in hypnotic fashion with every steamy breath.

Deciding that she better give her poor clothes a break, before they burst, Ember spins around and starts to strip out of her straining bikini. That also happens to give the camera a fantastic view of her spectacular ass, insane curves, and lustrously long hair.

Whip out those dicks and worship me. Worship at the altar of your rocker slut goddess! Worship all over me! Because we aren't done, but first I better take this off.

A 3D rendered woman with long, flowing red hair, large breasts, and extensive tattoos on her arms and torso. She is posing in a natural outdoor setting with a blue lake and hills in the background. She is wearing a small, dark bikini top. Her right hand is on her hip, and her left hand is behind her head. A speech bubble is positioned to her left, and a text box is in the bottom left corner.

Yes!
That's right
Darren. Put the
camera on a stand, pull
that hog out, and masturbate
to your mega-busty, bimbo
rocker girl. Just make
sure you don't miss
this next
part.

Ember turns back to find Darren furiously fapping to her incredible curves. She absolutely loves what she is seeing and goads him on even further. She is just imagining how many boys are going to get their rocks off to her pictures on Bimstagram, and that thought makes her even more aroused.

We're almost out of time. I have to hurry, because I want more now that I've had a little taste.

Bigger titties!

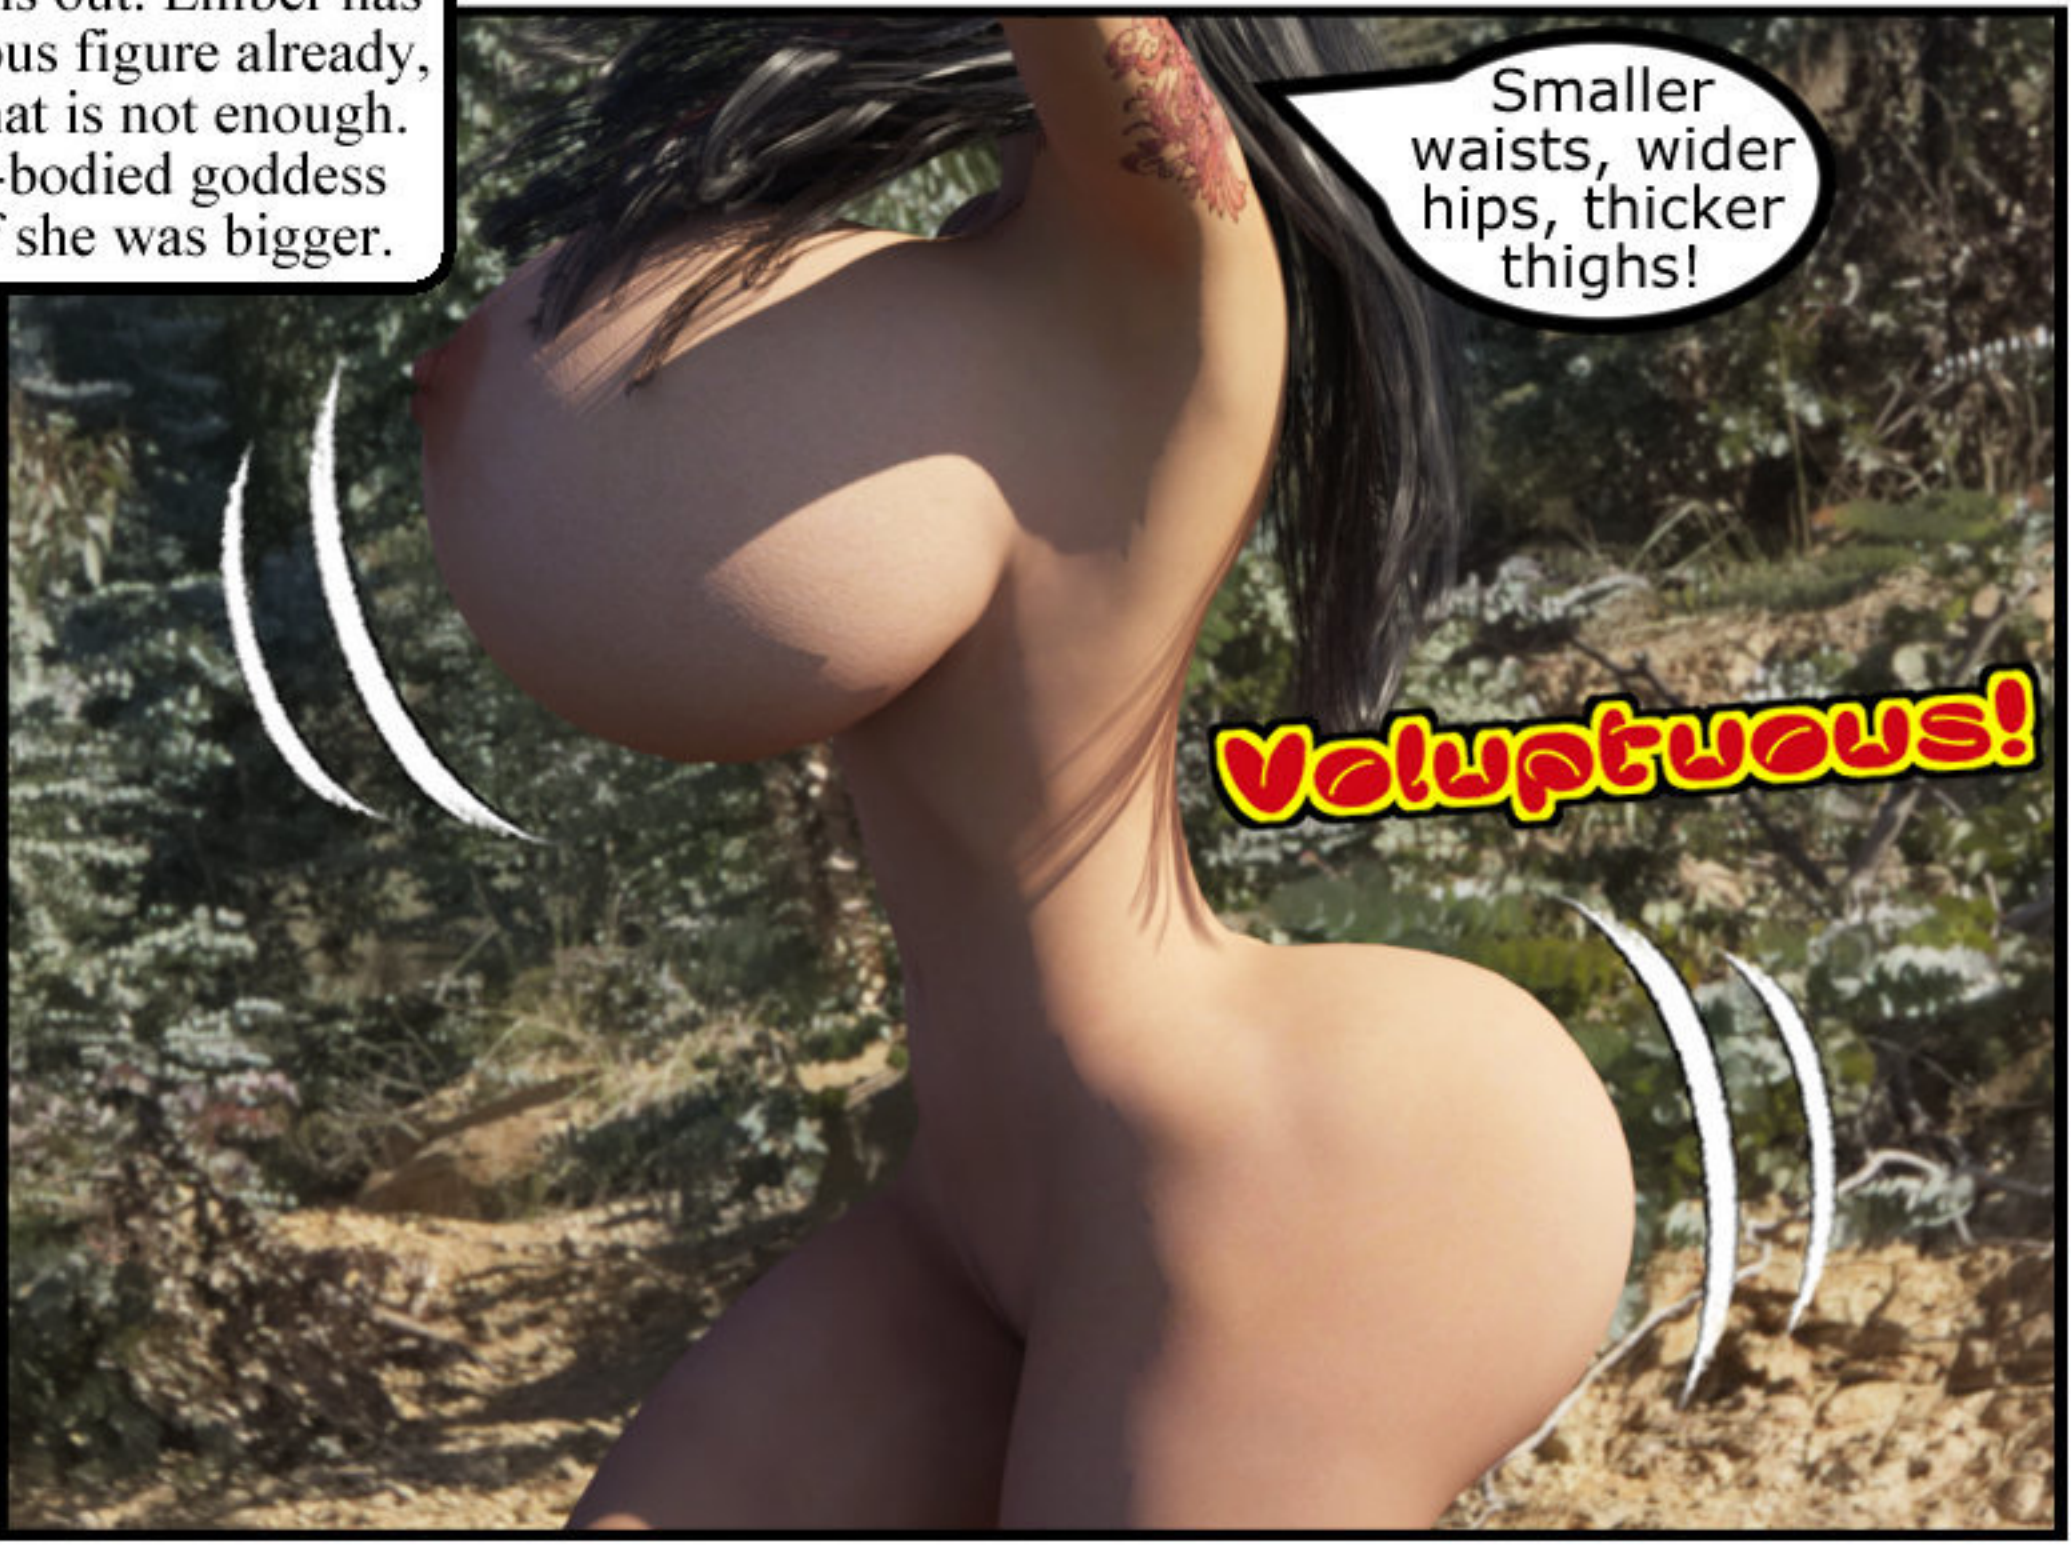

Curvier!

That thought, and the erogenous sensations electrifying her body from her transformation, motivate her to take things a step further before her time runs out. Ember has an absurdly salacious figure already, and she decides that is not enough. If she is a bimbo-bodied goddess now, then what if she was bigger.

Fatter asses!

Sexier!

Smaller waists, wider hips, thicker thighs!

Voluptuous!

Curvier, sexier, sluttier! I want more! More, more, **moorrreee!** Bigger! Yeeesss! I need my babies **BIGGER!**

Tits so **fucking** big they can't be ignored, ever!

Expand!!

She completely loses herself in the concept of growing bigger while hundreds or thousands of men fap to this video of her transmogrification. She stares into Darren's eyes and sees the uncontrollable desire for even more. She looks down at her massive melons and agrees, making them literally explode in size.

Impossible fucking **blimp** tits that totally defy imagination! Beachball boobies!

Englarge!!

Balloon!

Oh my gawd! Just look at the size of them! I... I can't believe it!

MpOoAaanNn!!!

I'm bigger than any woman like ever, and I **still** want even more.

Fill!

Bloat!

They continue to develop, grow, and expand as Ember just keeps on talking. She is completely lost in the moment, and the one-minute timer. She doesn't even know what she's saying any longer as her breasts fill up and out at an alarming rate. They pass the size of beachballs and grow to the size of bean bag chairs.

Bigger than Mary Madison. Bigger than Candy Charms.

Bigger!

Explode!

Bigger than even beachballs! The biggest and hugest of all!

Even bigger!

Overdeveloped!!

A woman with long, dark red hair and purple eye makeup is standing on a rocky shore next to a blue lake. She is wearing a yellow bikini top and has two extremely large, realistic-looking breasts that completely obscure her torso. She is pointing her right index finger towards the viewer. The background shows a clear blue sky and some greenery on a hillside.

Fuck
yeah bitches!
Who has the fucking
hugest rack of all time?!
This girl right here.
Fucking **Ember**
Everest!

Quite frankly, Ember might have just kept on going, but the timer runs out and the magic immediately fades. But the "damage" is already done. Ember sports two enormous tits that take up her entire torso. They are so impossibly big that you can't even see the rest of her insane figure behind their ridiculous girth.

And just to make sure that you don't forget it, Ember turns around to show off her scrumptious ass. Her mammoth breasts are so big that they almost touch the ground with her bending over in that way. But her bubble booty is still a sight to see as well.

That is my new name! Ember Everest! Because these fucking things are more massive than fucking mountains! But don't forget the rest of your blow-up, fantasy, rocker girl's body. There's more to see!

A 3D rendered character with extremely large breasts and buttocks is shown from a side profile, standing on a rocky shore next to a body of water. The character has long black hair with red highlights and a tattoo on her right arm. The scene is set outdoors with a rocky bank and water in the background. Two speech bubbles are present: one on the left and one on the right.

Holy fuckballs, these motherfuckers sure are heavy! Maybe I might have gone a little overboard... Fuck it! I fucking love 'em!

Ember struggles to stand back up. Her profile is absolutely insane when she finally manages to do so however. She stands there for several moments, marvelling at their size and how they continue to move even as she stands perfectly still. She starts to realize just what she's done, but decides that nothing could be better.

A woman with long, dark hair with red highlights, wearing a black bikini top with a pink floral pattern, is posing on a rocky shore next to a blue lake. She is smiling and looking towards the camera. Her breasts are extremely large and prominent, filling most of the foreground. The background shows a calm lake and a hilly, wooded landscape under a clear sky.

I
am going
to be so fucking
rich! I am now the
biggest, bustiest, hottest
model to ever appear
on Bimstagram or
anywhere
else!

She starts posing for Darren and the camera once more, demonstrating just how colosally curvaceous, how hyper-voluptuous, and just how inconceivably immense she has now become. She can't help but laugh at just how much money she is probably going to make with her overinflated giganto-juggs!

My name is fucking Ember Everest bitches! Look upon my tits, ye horny, and blow your load! And just keep on blowing your load. Dream of me! Fantasize about me! Think of nothing but **ME!**

MmmMmmMmm!!!

And to demonstrate her point, she walks a little closer to the camera to show just how much her excessively humongous hooters dwarf her surroundings. Her arousal starts to build once more at the thought of all the dick that lies in her future.

This is the end
of this short tale.

For now...
