

Bimbo Nurses - Chapter 14

All right. I think that is enough playing around. It's time to get down to business. The business of bimbos...

Hello!
I am looking
for Kindra. Do you
know if she
is in?

Hi, hi!
Welcome to
the Phoenyx-- Wow!
That is quite the pair!
I'll let Kindra know
that you're
here.

We roll the clock back to just a little earlier in the day, before Missy arrived and the orgy began at the plastic surgery office. Misty was just about to take a break, and was headed to the back, when she hears the staccato click-clack of high-heeled boots entering the shop.

Hey,
Kindra!
Sorry to drop in
unannounced
and all.

No
worryes at
all. It's good to
see you! Congrats
on the new job!
This here is
Misty.

Oh!
You must be
the sexy girlfriend
that I've heard so much
about. You're lucky to
have a girl like
Kindra.

Ummm...
Yes, I guess
I am. And yes,
I'm very
lucky!

You're
just too cute
when you're
being
shy.

Misty heads off into the back room to find Kindra, and Missy watches her go. She watches her wonderful ass jiggle in her tight leather shorts as the much smaller woman struts her stuff. It doesn't take long for both women to come back to the front.

It's nice to see that you're not holding back any longer and using all your abilities to really ramp things up.

What can I say? Amber and Lana were right. You just have so much less to worry about as a super-stacked mega-babe!

Oh, I most definitely agree. Misty and I have been getting a **lot** of use out of this new body of mine.

So what brings you into our little shop today?

Well you didn't say anything at the club or the pool, but I know you're related to Doctor Putishka.

I mean, it's not really a secret or anything. My Dad and I just thought it would be smart to be a little discreet.

Nawtae suggested that I ask you about a list of contacts and any advice you might have about the place.

Kindra could happily talk about the bimbo lifestyle all day long, but she is curious why Missy stopped by. It's clearly not because she wants her hair styled. Misty watches an insane amount of cleavage jiggle as the two ladies talk. She can't help but compare their blimps to her own rack.

I'd be happy to help! There is one other person that you should really talk to as well.

Delilah

Regional Manager for the Southwest Bimstate
Delilah@phoenixinc.com, 717-916-6357 (ext. 8008)

Phoenix Incorporated

...improving products for an improved future.

Once Missy reveals the purpose of her visit, Kindra is happy to provide any help that she can. The first thing she can do is to put Missy in touch with a particular person. She goes into the back again and returns with a business card that she hands to Missy.

Thanks so much, Kindra. I need to get back. The nurses are calling me, "Mistress" now. I think I'm going to like being the boss.

That is hilarious, and super cute. Maybe I should give that kind of role-playing a whirl with Misty!

I'm free right now!

Kindra and Misty get back to work as Missy takes the business card and heads out. She doesn't want to leave the two nurses alone for very long. They tend to get into mischief if they are left to their own devices.

That was really awesome! Nawtae is one great fuck!

Switching back to the present, we find Missy standing over her two nurses after thoroughly satisfying herself. Nawtae is completely out after the fuck-fest, while Mindy attempts to extricate herself from the incredibly busty and curvaceous woman.

Come on, Nawtae! Don't sleep on me. Get up! I want Mistress to fuck me next!

Some time later...

Hello,
Delilah!
Nice to speak
with you. I got your
number from Kindra.
We seem to be
out of implants.
Can you
help?

We fast forward a little bit to later the same day. After some discussion with Mindy, it becomes clear that they really will have to order some more implants. They double-checked the office, and could not find a single one. What's more, they are going to need them in a hurry if they plan to "help" any young ladies in the near future.

We can absolutely
help with that. I'll arrange
to have some shipped to
you right away. They should
be there tomorrow.

Missy took advantage of the card that Kindra provided earlier and gave the woman a call. Her name was Delilah, but Missy was unsure how Kindra knew her or why she might be important. Missy explained her issue though, and she seemed able to help.

I like to know the people that I am doing business with, Missy. Can we meet at my office tomorrow at 1:00 pm?

I'd be happy to! I'll be looking forward to it, Delilah.

MmmMmmMmm!!!

I am so happy to finally get my turn! I've really been looking forward to this!

YyyeEees\$sss\$sss!!

With a meeting for the next day set up, and the implants basically ordered already, Delilah ends the call and hangs up the phone. She leans back in her chair a little and comments on what she just heard in the background.

She was clearly fucking someone while we were talking. Bimbos have such a hard time keeping their libido in check.

Click!

On the other end of the phone, Missy and Mindy also have a conversation. Although, it is of a different sort from the one that Delilah is having basically with herself.

Mmm!
That was great, Mistress. Would you do me in the ass next? I really want it!

Next time. The bedroom is a little full right now, and it's getting late.

Speaking of it getting late, wake up, you! We need to get to bed and be prepared for tomorrow. We have a special meeting!

Mindy pouts a little that she is not going to get more attention from her Mistress at the moment. Missy walks over to her other nurse and spanks her awake. She can't have her sleeping on the floor if they're going to meet this mystery woman the following day.

Slap!

OoOoohHhh!!!

The next day...

giggle
Giant bimbos?
Sounds kind of
fun... and
hot!

And
then I grew
to tower over the
trees. The islands below
me almost looked
like dots. It was
such a strange
dream!

The following day, Missy and Nawtae are entering the building that is home to Phoenyx Incorporated and this Delilah woman they are scheduled to meet. Mindy is minding the office and waiting for the delivery of more implants. She is not too happy about being left behind.

She is kinda cute.

Hello!
We have an appointment for 1 pm to meet with--

Yes, Miss Mounds! I am Abigail, and we have been expecting you. Please go right in!

As the two pneumatic bimbos bounce and jiggle their way across the main office, they don't seem to garner the same stares that they are used to. They definitely turn a few heads, but it's not like all work stops as everybody stares at them. Delilah's assistant hops up immediately and calmly points them to her boss's office.

Hey there!

Hello, Miss Mounds. It is a pleasure to meet you. I see you have met my assistant, Abigail, and I am Delilah. Thank you for coming.

Hi! Thanks for having us. You seem to know who I am, and this here is Nawtae.

Missy and Nawtae enter the indicated office, and the person behind the desk gets up to greet them. Neither Delilah or Abigail seem to have any obvious outward reaction to their appearance, much like the rest of the staff. In fact, they seem to take their hyper-curvy figures in stride.

How do you know the Doc? I've never heard of you?

As I said on the phone, I like to know who I am doing business with. It is my understanding that Damian retired and you are managing the place?

Yes. It seems that I am now the woman in charge.

We have worked with him for years, though we are no longer as close as we once were. He has suggested products to us, and we have used him to test some of ours.

And I would like to see that mutually beneficial arrangement continue, Missy.

Delilah explains to the two mega-busty bimbos that her company used to have an agreement with Doctor Putishka, though she uses his first name and her tone seems to imply that there was something more than just a professional association there once.

This was fun. We should do it again soon.

Indeed! It was a pleasure to meet the two of you.

The trio of ladies talk for quite a while, but eventually Delilah has to excuse herself because she has another meeting scheduled in the afternoon. Abigail joins her in saying goodbye to their two outrageously stacked guests.

Sooo... what did you think?

Oh, I think she will do just fine as a successor to Damian.

Seeing those two has me all worked up. Come here, you.

Yes, ma'am!

Once the bimbos have left, Delilah beckons Abigail to follow her into her office. She pulls the young assistant firmly into her embrace, and the two of them share a rather passionate kiss.

MmmMmmMmm!!!

Delilah Putishka

The sounds of Abigail and Delilah demonstrating their affection for one another slowly fade into the background. Meanwhile, the camera focuses in on an easily overlooked detail that has been sitting in the background.

The story will
continue in the
next part.
