

# YOU ARE ABOUT TO WORK WITH FRANNERD GREAT!

My name is Fran and I love to illustrate, drink coffee and pet my cats Hamburger and Cereal. Before we start, you should know:

- I'm all in for **teamwork**, either from large companies or agencies to people (like you and me).
- I'm always in favor of working in a **funny and friendly environment**. If you know jokes, even better.
- My specialties are cookies, cat videos, punctuality and **always being responsible with my deliveries and customers**.
- Each project is like a son to me, so I **put all my love, time and effort into every illustration I do**.

## \* SOME WORKING CONDITIONS \*

- To maintain my mental sanity, **the corrections and adjustments will not be infinite**; making more adjustments than what we established at the beginning, will have an additional charge.
- My illustration style has its own organic freehand line: therefore (as I am a human being) **there will be no exact perfect lines and circles**.

## WHAT DOES IT MEAN TO WORK WITH ME!

- \* We'll have fun doing a project together, **side by side**.
- \* I like when agencies and clients are both present on each stage of the project, including comments and corrections.
- \* A unique result, full of character, with the **own distinctive Frannerd stamp**.
- \* Drinking coffee and share funny videos of cats by e-mail.

*These are some requirements I have reinforced over time and can greatly help us in keeping the right path and bringing the project to an awesome ending for both parties.*

- When the project is over I will deliver **a nice illustration in PSD format or high quality JPGE**. I will not deliver the originals or layered PSD files.
- About the payments : they must be made via electronic deposit to my bank account or via **PayPal** within a maximum of 30 days. When the project requires it (due to its length or complexity), I'll ask a 50% beforehand.

# { ORDER AN ILLUSTRATION WITH FRANNERD }

Do you have a project for your company? Or maybe a family portrait in mind? Answering these simple questions will make the whole process quick and painless. Send me a mail!

In order to estimate the price for your illustration, I need this three answers regarding your project:

- **What is it, and what is it for?**  
(is it a portrait?, is it an illustration? Is it a birthday card?)
- **How big is it (A4, 10x14cm...) and how many they will be?** (if it's more than one illustration, how many units will they be).
- **When is the deadline?**  
(tomorrow? two weeks? in a month?)

With these answers, I can estimate how much time and work it will take me to do the project. And, with that clear, I can give you an estimated price!

Any questions? Do you want to have coffee with me? Sure! **Don't hesitate to write me!**
