

A MATRIX'S TALES

THE STRANGE RED PILL

A man with blonde hair, wearing sunglasses, a grey suit jacket, a red shirt, and a blue tie, stands in a room with wood-paneled walls. He is gesturing with his hands as if speaking. In the foreground, the back of a woman with long black hair is visible as she sits on a grey ottoman. To the right, a brick fireplace contains a fire. A speech bubble is positioned above the man.

So as I say, the
choice is yours.

A man in a light blue suit stands in a room with wood-paneled walls and ornate rugs. He has his arms crossed and a serious expression. In the foreground, the back of another person's head and shoulders is visible, with their hands held out. A blue speech bubble points to the man in the suit.

My decision is
made, I have
always found this
world strange.

CONSTRUCTION AREA A

A woman with short, wavy blonde hair, wearing a grey, form-fitting, long-sleeved suit with a zipper down the front, stands in a futuristic, industrial environment. Her arms are outstretched to the sides, and she has a frustrated or angry expression on her face. The background features a large, circular, metallic structure with a grid pattern, possibly a window or a door, and several glowing yellow light strips. The overall lighting is dim, with the yellow lights providing the primary illumination. A pink speech bubble is positioned to the left of the woman, containing text.

Can you explain
this mess to me?!

Why I am a woman
now!

CAUTION

Simple, it happens
sometimes that the
matrix has bugs on
the gender of the
locked in.

A woman with short, curly blonde hair stands in a futuristic industrial environment. She is wearing a grey, form-fitting jumpsuit with a zipper down the front. Her hands are on her hips, and she has a serious expression. Behind her is a large circular window with a metal frame, showing a yellowish planet. The walls are yellow and have glowing vertical light strips. A "CAUTION" sign with gear icons is visible on the wall to the right.

A bug? It's more than a bug, I'm having a lot of trouble getting used to this body.

CAUTION

I don't doubt it for a moment, but I have a solution for that.

Which one?

What do you think?

Don't worry, everything will be fine.

Whatever the type, I'll get used to it.

No, I get it, you can stop now.

I don't know, I'm not the type...

FIN?
