The Gift That All Witches Want

Second Year, during the Dueling Club Harry's gift is shown. How will people react this time?
(Harry/Pansy) (Harry/Alicia Spinnet) (Harry/ Parvati)

"I think I'd better teach you how to block unfriendly spells," said Lockhart, standing flustered in the midst of the hall.

He glanced at Snape, whose black eyes glinted, and looked quickly away.

"Let's have a volunteer pair--Longbottom and Finch-Fletchley, how about you--"

"A bad idea, Professor Lockhart," said Snape, gliding over like a large and malevolent bat. "Longbottom causes devastation with the simplest spells. We'll be sending what's left of Finch-Fletchley up to the hospital wing in a matchbox."

Neville's round, pink face went pinker.

"How about Malfoy and Potter?" said Snape with a twisted half as the crowd backed away to give them room.

"Now, Harry," said Lockhart. "When Draco points his wand at you, you do this." He raised his own wand, attempted a complicated sort of wiggling action, and dropped it. Snape smirked as Lockhart quickly picked it up, saying, "Whoops--my wand is a little overexcited--"

Snape moved closer to Malfoy, bent down, and whispered something in his ear. Malfoy smirked, too. Harry looked up at Lockhart and said, "Professor, could you show me that blocking thing again?"

"Scared?" muttered Malfoy so that Lockhart couldn't hear him.

"You wish," said Harry out of the corner of his mouth.

Lockhart cuffed Harry merrily on the shoulder. "Just do what I did, Harry!"

"What, drop my wand?" But Lockhart wasn't listening.

"Three--two--one--go!" he shouted.

Malfoy raised his wand quickly and bellowed, "Serpensortia!"

The end of his wand exploded. Harry watched, aghast, as a long black snake shot out of the end of it, fell heavily onto the floor between them, and raised itself, ready to strike. There were screams as the crowd backed swiftly away, clearing the floor.

“Don’t move, Potter,” said Snape lazily, clearly enjoying the sight of Harry standing motionless, eye to eye with an angry snake. “I’ll get rid of it...”

“STOP!!!” Harry roared at Snape. “She is just scared because Malfoy summoned her away from her nest.”

Harry then looked at the snake and spoke, *“You’re okay I’ll get you back to your nest safely”* Harry heard gasps around the hall but he ignored it.

The snake responded *“Thank you speaker I only wish to return to my nest”* The snake slithered up his arm and around his neck he then turned to face Malfoy whose face had gone pale and casually flicked his wand.

“Expelliarmus!”

Malfoy’s wand landed neatly in his hand.

He turned to look at the hall that was looking at him as if he had just killed a child

“What?” Harry asked dumbly to the hall at large.

“You just spoke to the snake!!” a voice called out

“Oh” Harry muttered “Well yeah, all reptiles I think, I once spoke to a Komodo dragon at a zoo once ...but can’t wizards speak to different animals I see people talking to owls or toads all the time?”

“Harry you actually hissed at the snake, and it’s called being a parselmouth it’s a dark ability and owls and toads can’t actually understand us you-know-who could talk to snakes!!” responded Hermione.

“Hmm how could a language be dark?” Harry muttered confused.

Su li a quiet Ravenclaw called out “Did you say you spoke to a dragon?” Su li a quiet Ravenclaw called out, “Did you say you spoke to a dragon?”

“Not a fire breathing one, it’s a big lizard muggles call a dragon,” mutters went around the hall

“If that’s enough Potter give Malfoy back his wand and get off the platform” Snape sneered “If that’s enough Potter give Malfoy back his wand and get off the platform,” Snape sneered.

Harry gave Malfoys wand back to a red-faced Draco.

“You cheated” Malfoy hissed “You cheated,” Malfoy hissed.

Harry merely lighted an eyebrow “Thought you said I was scared you prat” he added quietly after enjoying the look on Draco’s face Harry left the great hall to go look for Flitwick to ask him how return the snake home safely. Harry merely lighted an eyebrow “Thought you said I was scared, you prat.” he added quietly after enjoying the look on Draco’s face Harry left the great hall to go look for Flitwick to ask him how return the snake home safely.

After Harry left the great hall multiple hushed conversations happened in the great hall.

“All reptiles think all the knowledge a real dragon could have if he spoke to them,” Cho Chang said in awe to her group.

“But it’s dark,” Marietta Edgecombe commented.

“He didn’t even know he was talking to the snake,” Su li exclaimed.

“How is a language evil it’s just misunderstood, in India and Egypt people with the gift are incredible healers and often have dozen of marriage requests just because of it some even have harem’s” Padma Patil added which left a very thoughtful murder of ravens.

A clan of Hufflepuff’s argued.

“So, Potters gone dark of course he would.” Zacharias Smith sneered before any of this talk could grow.

Hannah abbot jumped in, “Shut up, Malfoy!” glaring at a red-faced Smith, “Harry's not going dark he stopped Snape from killing the snake and no animal lover is evil,” she stated confidently.

“He stopped you you-know-who maybe he only when after Potter so he didn't have dark lord rival,” Ernie Macmillan chimed in.

"No," came the quiet voice of Susan Bones. "Harry's not going dark he's in Gryffindor, dark wizards don't come from them," which made all but Smith nod in agreement.

In a Runespoor of Daphne Greengrass, Tracy Davis and Pansy Parkinson spoke to the other she-snakes.

"A parselmouth," Davis said in awe.

"In Gryffindor of all places." Daphne muttered jealously.

"Imagine what a vibrating tongue would feel like on your clit," Pansy Parkinson said while rubbing her thighs together while making the surrounding group of she-snakes blush which included Lilith Moon, the Carrow twins and Millicent Bulstrode.

"Aren't you with Malfoy," came Millicent's hushed voice.

"No, daddy just wants me close to him just in case I take his fancy, but Potter is a powerful wizard with a rare gift," Pansy stated looking where Potter left the hall with a glint in her eye. Daphne saw the look in Pansy's eye and a plan started to form in her mind to get to Potter first.

A pride of lionesses formed around the flying foxes of Gryffindor, "My sister gave me a book over the summer called the witches serpentine lover" Angelina Johnson said.

"How do you even have sex with a snake?" Katie Bell wondered aloud.

"You let him Slytherin," Alicia Spinnet said instantly which caused the rest of the pride to either blush or laugh.

"No, she didn't have sex with a snake her lover was a parselmouth and the book claimed he could do magical things with his tongue," Angelina waggled her eyebrows.

"So, you don't think he's dark?" Fay Dunbar asked.

“He's the bloody boy-who-lived he would never go dark it's just a language like he said” huffed Katie.

It was Lavender Brown who spoke, “Hermione there isn't anything going on between you and Harry is there?” she asked while titling her head to look at Hermione and the rest of the pride turned to look at Hermoine who blushed red as a Weasley.

“No, we are just friends,” she saw the rest of the pride faces whose minds all started to form plans of their own.

“Thanks to Potters attention seeking ways the today's session is over,” Snape sneered while as he left the hall cloak fluttering behind him.

XX

Harry was feeling pretty good after a chat with Professor Flitwick who had gladly sent the snake home to her nest who was greatly appreciative of being sent home. Harry spoke about dueling with Flitwick who even gave him a book about it that he authored which made sense since he was a dueling champion, then he thought the library has a perfect place to read it in peace after what happened the hall thanks to Malfoy.

He was enjoying reading the book. Harry thought that he might even go into dueling after Hogwarts, maybe Flitwick would help he was a dueling champion after all. Maybe he could enter the under 21 during the summer if he impressed Flitwick enough. he noticed someone settle at the table just in front of him it was a Ravenclaw with Shoulder-Length Hair with Waves and a cute button nose and blue eyes.

“Hi... Su li right?” the girl nodded. “What can I help you with?” Su li, before she sat down came with excuses to talk to Harry.

“Did you get how to change the colour of the colour changing charm?” she asked with a slight blush looking into his bright green eyes.

Before Harry could answer the girl another girl with blonde hair that could put a Malfoy to shame sat down as well, she was beautiful girl with ice blue eyes and Harry noticed she had a Slytherin crest but he didn't see her hangout with Malfoy so she was okay with him.

"I had trouble with the same, you don't mind go you," Daphne asked.

Su almost hissed like an angry kitten at her Harry time being intruded on by the pretty the Slytherin.

"No no it's all good, so you both had trouble with the charm " he frowned and then shrugged. "With charms it's mostly visual so you need to see it in your mind then it kind of just flows. Hermione is much better than me at explaining things like this," he finished while running his hand through his messy hair which only made him cuter to the two girls since he knew Daphne was the best in his potion class he asked.

"Da..sorry Greengrass could I ask you about potions for a minute please Greengrass?"

"Of course, Harry, also call me Daphne."

"I can help, too," Su added helpfully.

Too helpfully for Daphne's liking she decided to take off her cloak to give Harry a better view of her tits her nipple's were on clearly on display since she used a lifting charm instead of a bra she hid her smirk as both of the other girls at the table noticed her sizable bust and Harry's eyes drift up and down to her tits for a split second and Su's eyes narrowed. Harry then explained his potions class and how he made his potion, both of the girls at the table listened intently to show Harry they were interested in him.

It was Su who was the first to speak, "So, you follow the intrusions on the board."

Harry nodded, "That's your problem as much as Snape is a dick he's still one of the best potioners on the planet she often leaves things out because it's just simple to him like when you have to take your stirrer out at certain times as to not mess with the potion" Daphne explained.

Harry's head hit the table "So, that's why no matter what do I only get an acceptable?" he questioned, his was still on the table muffling his voice while both of the girls giggled.

"Yes, Harry that's why," Su said quietly as madam price threw them a glare for their giggle.

Harry muttered something about unhelpful greasy dudgeon bats, Harry and the girls fell into a comfortable conversation about school and then the dinner bell chimed and Harry walked with the girls till the great hall and said their goodbyes.

Harry sat at the table and noticed Ron was sitting away from him but shrugged it off as he and Seamas were chatting probably about the Chudley Canons Harry thought. Hermione then sat to his left and Katie sat to his right and on front of him was lavender and Parvati.

lavender spoke, "Harry, you seemed very friendly with Greengrass and Li."

"Emm, well they sat with me in the library, and we chatted about charms and potions, they seemed friendly enough" then he began to tuck into his dinner.

"What did they say to you about potions, Harry?" Hermione asked a little jealously that Harry would ask another person for help while the surrounding lioness narrowed their eyes at the at their obvious attempts to sink their claws into Harry already.

Harry swallowed his food "turns out you need to open the book in potions too, not just read Snapes instructions" some of the girls giggled as if he made a joke but Harry really didn't read too much into it.

Hermione swatted his shoulder, "Of course, you have to open the book as well. Honestly, Harry, you need to take classes more seriously!"

"Harry, did you finish your astronomy Homework Harry, I still need to do mine. Do you want to join me in the Astronomy Tower later?" Parvati said while she batted her eyelashes at Harry.

"Uh. No, I didn't get a finished. I'd love your help though Thanks Parvati" Harry said.

Not thinking much of it. Harry continued eating his Dinner. While Parvati gave a smug grin at the other girls at the table. Who knew what she was planning.

Alicia jumped in next who was sitting next to Katie “Harry, do you want to get in some Late practice. Before the next Quidditch game after dinner,” with a hint of hopefulness in her voice.

“Sure, I love flying. See you in about an hour on the pitch?” Harry responded eagerly. Too eagerly for the liking of the surrounding girls who had their own plans.

“Why don't me and Katie join you?” responded Angelina Johnson who threw a glare at her friend that Harry didn't seem to notice.

“The more the merrier,” Harry responded. “Let me just go get my things and I'll see down there,” as he finished his food and grabbed his bag to make it back to the Gryffindor's dorm rooms.

As he was just out of earshot Lavender Brown spoke, “Did you three just agree to a Foursome with Harry?” she asked incredulously. It was Hermione who laughed.

“Harry's as about as dense as Hogwarts, a history. They'll need to be more direct than that.”

It was then the surrounding Lionesses realized she was a wealth of knowledge about Harry and began to bombard her with questions and for once in Hermione's life didn't seem too eager to be answering them.

XXX

Harry was walking up to the dorm rooms when an arm reached out from a broom closet and grabbed him and pulled him.

“Parkison!” Harry exclaimed he looked at her face to see she had grown out of her “pug face” as Ron put as was a pretty young woman with a bobbed haircut and brown eyes.

"I know what you want," Pansy said, with a sly smile.

"What do I want?" Harry asked, his cock twitching at the sight of her legs in stockings and heels.

"You want to fuck me," she purred, her fingers rubbing his hard on through his trousers. "You want to fuck me like a dirty little slut."

Harry hesitated, "Don't you have a boyfriend?"

"No," Pansy laughed "Draco would rather his goons stoke him than me. So, you want to fuck me?" she asked, slowly rubbing his cock.

"Yes," he said, his voice quivering slightly. "I want to fuck you in your uniform."

"Okay" she said, unzipping his trousers and taking out his cock. She started to stroke it slowly. "I'm going to suck your cock now." she said, her eyes twinkling with mischief.

Harry nodded and watched as Pansy lowered her head down to his lap Pansy took his head into her mouth and then slammed her head forwards his groin his whole cock in one go showing she had no gag reflex.

"Bloody hell," Harry groaned.

His hands made to grab her head but remembering conversations he had overheard when Fred and George had been talking with Lee putting his hands on a girl's head while she was blowing you wasn't a good idea, so his hands gripped the supply table behind him tightly

Pansy started to suck his cock, her head bobbing up and down on his cock. She sucked on his cock hard, her tongue was swirling around the head of his cock. Pansy continued sucking his cock, her head bobbing up and down on thick cock. she sucked his tip hard, her tongue swirling around the head of his cock.

"Oh Merlin," Harry groaned.

He felt his orgasm building. Pansy doubled her efforts, as her head bobbed faster up and down on his cock. She sucked his cock hard, her tongue bathing his cock in spit.

"Where do you want cum? on my pretty face or down my throat?" she asked after pulling off his cock.

"Your face," he said as she went back to sucking his cock. After a few minutes of sucking Harry's big cock.

Harry moaned, "I'm going to cum."

His hips bucking upwards. Pansy presented her face with closed eyes to Harry who started to cum the moment, she pulled off her mouth off his cock Harry covered her chin to forehead in cum.

"Damn potter you must have been really saving it for me" Pansy said with a smirk "do you want to lick my little pussy now?"

Harry nodded almost comically as she sat on the supply table and presented, her clean shaved pussy to him Harry started to lick her pussy, his tongue darting in and out of her wet hole. He licked her clit, causing her to moan loudly.

"Oh merlin, " she moaned.

He continued to lick her pussy as licked her clit, his tongue flicked it back and forth then he began to suck on her clit, causing her to moan even louder.

"Oh merlin," she cried out as he continued to lick her pussy. "Imagine you're talking to a snake a lick me please Harry," she moaned.

Harry didn't see a reason to say no to her after she let him cum on her face so he imagined the snake he just sent home and hissed "*§cum§* " into her pussy.

Pansy let a deep guttural moan "HARRYYYY" and pushed his head away he was about to ask if he did something wrong when he heard her.

"You better shove that fat cock into me now that was the hardest I've ever cum in my life." she gasped out still riding high on her orgasm.

Harry lined he cock up with her pussy and began to slide into her wet hole, "oh fuck," he groaned as he felt her pussy stretch to accommodate his thick cock.

He slowly slid his cock in and out of her pussy, enjoying the feeling of her tight hole around his cock. He picked up the pace, enjoying fucking her harder and faster.

"Oh fuck," she moaned as she came again, so he started to fuck her harder and faster after hearing her moan.

"Fuck me like a dirty little slut," she cried out, her body bucking against his cock.

After a while of fucking Harry groaned, "I'm going to cum," his hips bucking against her pussy.

"Cum in me, I'm on the potion!" she cried out.

Her body bucking against his cock. He thrust into her one last time and came deep inside of her pussy as Harry came in her, Pansy hit another surprising climax at the feeling of him Cumming with another surprising big load inside her pussy.

"Wow," she said as he pulled out of her pussy. "I've never been fucked like that before" she said, still panting from the orgasm he just gave her.

Harry smiled and helped her off the table "We will have to do this again Potter, maybe all night along." she said after vanishing the cum from face but not before dragging a finger full and putting in her mouth and sucking it clean "tasty," she claimed while looking Harry in the eyes.

"See you soon, Potter," she said while leaving the broom closet.

"Fuck that was amazing," Harry said, his hands still shaking from his orgasm. He pulled up his trousers and left the broom closet, heading back to Gryffindor tower. He still had to meet the others at the pitch.

XX

After a long shower still thinking about his encounter with Pansy, he went to change in his dorm room he saw dean and Ron looking at him weirdly.

"What?" he asked to them while pulling on his quidditch jersey.

"How did you speak to the snake?" Dean asked nervously.

Harry frowned and thought about it of a moment. "It just sounds like English to me, I thought most wizards could talk to animals or other things, I see Neville talking to his plants all the time, I thought it was normal raised by muggles remember?"

Dean nodded, "cool" as he seemed to get over Harry's gift then a smirk came across his face, "I bet the girls will love that gift" he said as he went to taking his things out of his trunk.

Harry was a bit confused as to why girls would love that he can talk to snakes as he grabbed his broom and made his way to the pitch never noticing the look of jealousy on his best mate's face.

When he got down to the pitch, he saw the chasers were already in the skies waiting for him.

"Hey Harry," chirped Katie.

"About time," huffed Angelina.

"Ready to go hard," purred Alicia.

"Sorry the stairs changed on my way out of the dorms," Harry lied. "So, what's the plan for practice you girls have been on been on the team longer than me."

The girls seemed very happy Harry was willing to let them take them lead "We should probably do some laps around the pitch to work on speed with our brooms then we should then run laps after," with a plan formed in her mind to tease Harry during the run.

"Yeah, to work on stamina," Katie nodded her agreement.

So that's what they did after they finished their flight Harry was about to start his laps when he saw Katie take off her jersey to put on a lighter t-shirt and her flat stomach caught his eye.

Alicia smirked, "Like what you Harry?" noticing Harry's glaze on Katie, Harry turned bright red as he took off to do his laps.

"So, Alicia gets first go at Harry's magic tongue," asked Angelina in a whisper.

"THIS was my idea so yes and a foursome would probably kill him has Harry even kissed a girl yet?" Alicia stated also with a whisper so Harry wouldn't hear them.

The girls waited till Harry finished his first lap and fell into a jog with him "where about do you live?" asked Katie curiously to Harry.

"Eh, Number 4, Privet Drive, Little Whinging," Harry answered he figured he could tell the girls they weren't weirdos and he could tell them.

Katie's face lit up in joy "I only live ten minute walk away ,we could meet up in the summer if you want," she finished a little nervously noticing the envy on the other chasers faces.

"Really? I'd love to hangout, but not at my aunt and uncles house, they hate magic," Harry commented.

"Why would they hate magic," asked Angelina.

"People hate what they don't understand," Harry shrugged not wanting to get into it.

They finished the laps and Harry thanked the chasers for doing this with him and since he built up a good sweat, so he wanted another shower.

Harry had just started the shower when he heard the door behind him open, he looked over his shoulder to see who walked in. Alicia was beautiful. Her hair was long and curly, and her skin was a deep, rich bronze. She had big, brown eyes that seemed to sparkle with anticipation. She wore nothing but a smile. Harry couldn't help but stare at her as she walked into the room. He himself instantly hardened knew he had to have her. Alicia felt the attraction between them was undeniable.

"What are you doing here?" he asked, his voice low.

"I couldn't help myself," Alicia said, her voice husky with desire.

"I had to have you. I want you, too," Harry said, his voice a whisper.

He pulled her close and kissed her hard, his tongue seeking out hers. Alicia moaned into his mouth as their tongues danced together. Harry's hands roamed over her body, exploring every curve and crevice. He cupped her breasts in his hands, feeling their weight and firmness. Alicia moaned again as he teased her nipples with his thumbs.

"Please," she begged, her voice filled with desire.

Harry smiled and lowered his mouth to her breasts. He took one nipple into his mouth and sucked hard, causing Alicia to arch her back in pleasure. He moved to the other nipple, giving it the same treatment, Alicia's hands were in his hair, holding him close to her chest.

"Please," she begged again her voice hoarse.

Then, Harry slid his hand down her body, over her stomach and between her legs. He could feel the heat radiating from her core, and he knew she was wet for him, He slid a finger inside her, feeling the tightness of her pussy Alicia moaned again, and Harry knew he needed her now. He pulled his hand away from between her legs and brought it to his mouth. He licked her juices off his finger, savoring the taste of her.

"I want you," he said, his voice a growl. Alicia nodded and pulled him closer to her.

"Will you please eat my pussy, Harry," Alicia asked while breathless.

Harry smirked and nodded and knelt in front of her to lick her pussy Alicia was moaning and squirming as Harry licked her pussy. He could feel her juices running down his chin, and he knew she was close to cumming.

"Please use your sexy snake tongue on my pussy," she begged her voice needy.

Two girls in one day asking for the same thing Harry thought it was odd but he didn't have time to about it while he was eating her pussy, so he hissed the Hogwarts song into her wet pussy.

"HARRYYY!" Alicia screamed with passion as her legs seemed to stop working, she nearly fell to the wet tile floor, but Harry caught her.

"Soo fucking good, going to ride you like a broom," Alicia mumbled still riding her climax.

Harry smiled and stood up, his cock hard and throbbing. He took Alicia's hand and led her to one of the benches "I want you to ride me," he said, his voice low and husky.

Alicia nodded and straddled him, guiding his cock into her wet pussy. She moaned as she took him inside her, feeling the fullness of his cock stretching her open. Harry groaned as she began to ride him, her hips moving in a steady rhythm. He reached up and cupped her breasts, feeling their weight and firmness. Alicia moaned again as he teased her nipples with his thumbs.

"Please," she begged, her voice hoarse.

Harry smiled and lowered his head to her breasts. He took one nipple into his mouth and sucked hard, causing Alicia to arch her back in pleasure. He moved to the other nipple, giving it the same treatment. Alicia's hands ran through his hair wildly.

"Please," she continued to beg, her voice even more hoarse than before.

Alicia's hips became frantic and desperate to make him cum in her. She looked into his green eyes and growled "Cum for me Harry I want you to cum in my tight pussy."

Harry groaned as he felt his orgasm start to approach faster due to her riding him like a mad woman and her sexy voice continued begging him to cum.

"Alicia," he moaned as he came in her with a hot load of cum.

Alicia felt the warmth of his cum inside her, and she knew she had to have more. She pulled him close and kissed him hard, her tongue exploring his mouth.

"Round two?" she said, her voice low.

Harry smiled and kissed her deeply. Alicia pulled away then smiled and stood up, her legs still shaky from the orgasm she had just experienced. She turned around and bent over the bench as comfortable as possible, giving Harry a perfect view of her ass.

"Will you fuck me from behind?" she asked, while shaking her bubble butt at him.

Harry nodded and stood up, his cock still hard and throbbing. He positioned himself behind her and slid his cock into her wet pussy Alicia moaned as he filled her up, his cock stretching her open. Harry began to fuck her hard and fast, his hips moving in a steady rhythm.

Alicia moaned again; her hands braced against the bench for support. "Oh Morgana," she gasped.

Harry grunted and continued to fuck her hard and fast, his cock pulsing with Alicia's pussy was tight and wet, and she could feel the pleasure building inside her.

"Fucckkk!" she moaned, her body trembling with pleasure. "HARRYYY!" she screamed as her orgasm hit her, her pussy clenching around his cock.

Harry groaned and continued to fuck her hard and fast, his own orgasm building inside him.

"Fuck," he groaned, his body trembling with pleasure.

He pulled out of her and turned her around, kissing her hard as his cum shot onto her stomach. Alicia moaned into his mouth, her hands on his shoulders for support.

"Can we do this again?" she asked, her voice still low.

Harry smiled and pulled away from her lips. "Anytime," he said, his voice a little over excited.

After a while of them basking in their orgasm's they both got up and finished the shower with a lot of groping Harry was going about to ask what just happened but was cut off by Alicia.

"Don't think too much about it, it was some just teammates having fun."

Harry nodded dumbly as she left to go gossip with other foxes about Harry's performance as Harry left the changing room he thought more about the day and figured he still had to meet with Parvati in astronomy Tower if it happened again then then there was something he was missing that suddenly took the girl's fancy.

XX

Harry walked into the common room and saw Alicia chatting with Katie and Angelina who looked over at him quickly and looked back to Alicia with a giggle Harry blushed as he realized what they must be talking about and feeling a strange sense of confidence. Gave a flirtatious wink to the flying foxes. And then turn to speak with Parvati.

“What time did you want to meet at the Astronomy Tower?” Harry questioned Parvati with a smile.

The Indian witch Blushed, then answered, “An hour before curfew.”

“Sounds good to me. See you then,” responded Harry.

As Harry walked up to his dorm room. Lavender asked, “Are you going to ask him to do the snake Tongue thing?”

Her friend blushed heavily and nodded Enthusiastically “Did you see the smirk on the chaser's faces? Do you think he?” She left the question hanging in the air.

“No, But Alicia is walking a bit funny,” she commented as they both looked to the giggling chasers.

Harry cast tempus and decided it was time to meet Parvati as he left the common room, he heard a giggle come from Lavender as she noticed he was leaving he meet with her friend he avoided Peeves who was being chased by the Bloody Baron he met Parvati who had two cups of tea next to her as she sat on a blanket noticing the atmosphere In the room he knew he was missing something that took the girl's fancies but couldn't bring himself to care As Parvati, she was one of the most beautiful witches he ever laid his eyes on sat on the blanket next to her and she offered him a of cup tea he liked the smell and took a deep drink of the tea.

Parvati eyes locked with his "Good right," Harry smiled and nodded. "My Nani sends it to me and Padma from India it's a special brew meant to help people relax."

Harry took another drink and looked to the stars "We should probably start our work or do you want to do something else"

"Something else," Parvati said as she leaned in to kiss him deeply.

Harry pulled her on top of him and began to kiss her passionately. Parvati slowly unbuttoned his shirt and pulled it off him.

She started to lick his chest and smiled sexily, "Daddy, I want it so bad" she said.

Harry pulled her shirt off and started to lick her nipples through her bra.

"Oohhhh daddy," she moaned as he unhooked her bra and began to suck them.

He then started to kiss her neck and she moaned, "Mhh, daddy I want you so bad" she said as he kissed her lips again.

"I want you too baby," he said.

He unbuttoned her pants and pulled them off her. He pulled her panties off and she was completely naked.

"I want you to suck my dick baby," Harry said as he took his pants off.

"Daddy, I want to suck your dick so bad," she said as she got on her knees and started to lick his cock.

"Ohhh baby that feels so good," he moaned as she started to take his cock in her mouth Parvati sucked his tip lovingly her eyes locked with Harrys as he began to take him deeper "ghuk ghuk" as she reached her limit.

Parvati pouted and looked up "Don't think I can take it all daddy," she said as she began to lick his balls.

"Ohh baby," he said as ran his hands though her hair lovingly that seemed to encourage her more as she took his cock back in her mouth and started to bobbing her head up down on his shaft.

"Oh baby, that feels so good," he moaned as she started to take him deeper and deeper until she reached her limit.

Harrys climax was approaching he warned Parvati "Going to cum soon baby," Harry groaned.

"Shoot your seed into my belly daddy," she said as she rubbed her face all over his cock then took it back into her mouth to get what she wanted.

"Baby," Harry moaned after a few more minutes of Parvati loving blowjob.

Harry came into her mouth and she swallowed every drop of his cum. "Daddy that was so good," she said.

As she looked up at him with a smile on her face "Thank you, daddy," she said as she got up and kissed him.

"I want you to lick me daddy," she said as he laid her down on the blanket and began to lick her pussy.

"Daddy, that feels so good," she moaned as he continued to lick her pussy.

"Fuck daddy, I want you use your snake tongue on me," she said as he licked her clit.

"OK baby," he said as he finally figured out what the girls all wanted.

Harry hissed into her pussy "*§ you taste so good Parvati §*" her legs immediately clamped around his head lightly he continued tracing the alphabet with his snake tongue till she pushed his head away.

"FUCCK DADDY!" Parvati screamed after coming down from her intense climax.

"Sweet Vishnu that is fucking amazing," she claimed looking at Harry in awe.

After a few moments Harry said, "I want to fuck you now Parvati."

She spread her legs widely and used her finger to call him over, "come here daddy" she said as he got on top of her and started to rub his cock on her pussy.

"I want you so bad," she moaned as he began to push his cock into her pussy.

"Daddy that feels so good," she moaned as he started to fuck her faster.

"Baby your tight pussy feels so good around my cock," he said as he began to fuck her harder.

"Harry that feels so good," she gasped as he continued to fuck her harder.

"I want you to cum in my pussy," she gasped as he began to fuck her faster Harry tried to hold out to give Parvati another orgasm, but he couldn't hold of anymore.

"Baby I'm gonna cum," he said as he continued to fuck her faster.

"Yess daddy I'm gonna cum too," she said.

Harry moaned into her mouth as he filled her tight pussy with his thick cum her legs locked around his waist as he filled her with his seed.

"Daddy that feels so good," she moaned as he continued to fuck her slowly.

"Baby I want you to cum again," he said as he began to fuck her faster.

"Yes, daddy," she moaned as he continued to fuck her faster "Daddy," Parvati moaned softly and his thrusts that became harder and faster.

"Daddy I'm going to cum again," she said as she began to rub her clit, he continued to fuck her faster.

"Oohhhh sweet Vishnu," she gasped out as Harry watched her eyes roll back into her head and then her pussy clamped down on him so tightly, he couldn't help but cum again, he filled her so much she began to overflow with his cum.

"Fuck," Harry groaned and he placed his head in the crook of her neck and began her neck kiss absent mindedly.

"Daddy, I'm overflowing," she said as he kissed her lips and pulled out of her pussy.

"Only the best for you baby," Harry said.

He laid down next to her Parvati and she cuddled into his side and the strange thought came into his mind "might actually have to thank Malfoy," as he slowly drifted to sleep never noticing the shocked professor in the corner with her hands in her panties.

Thank you so much for reading the first time ever writing something like this. I hope I did ok!!
