

Troll Cat and Cat Woman are enjoying TV eating junk food and drinking soda pop on the couch. Cat Woman is looking chubby

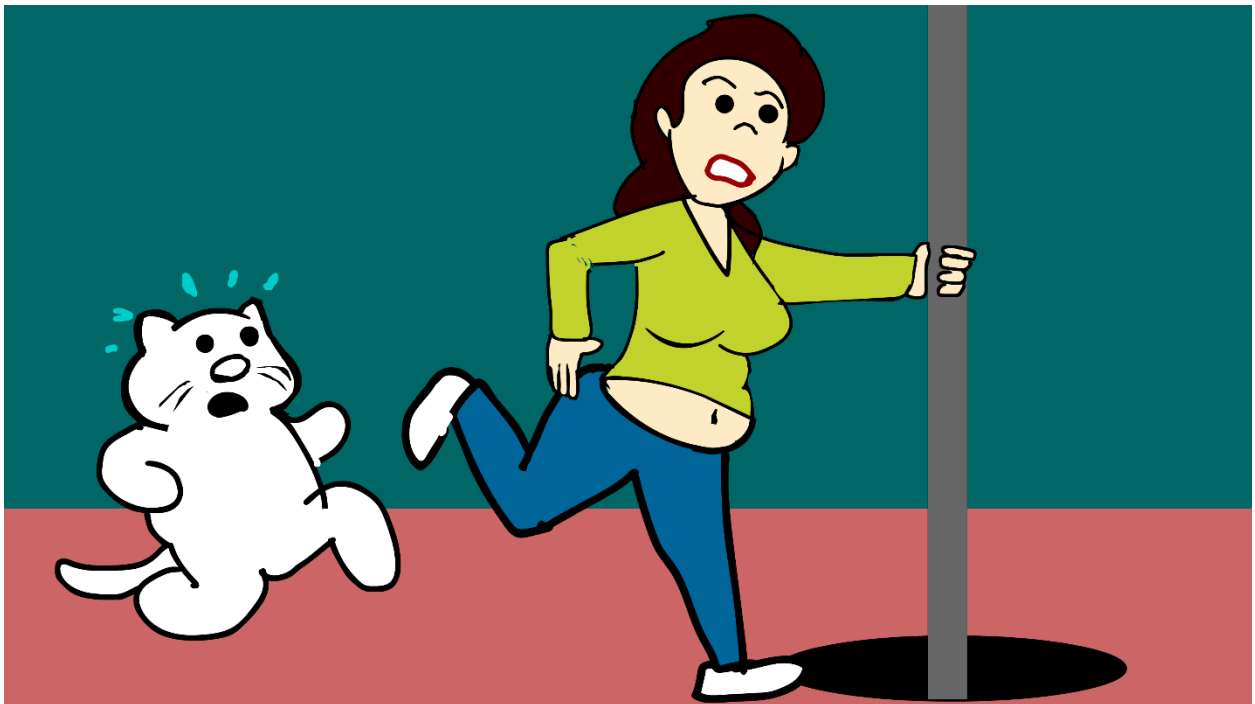

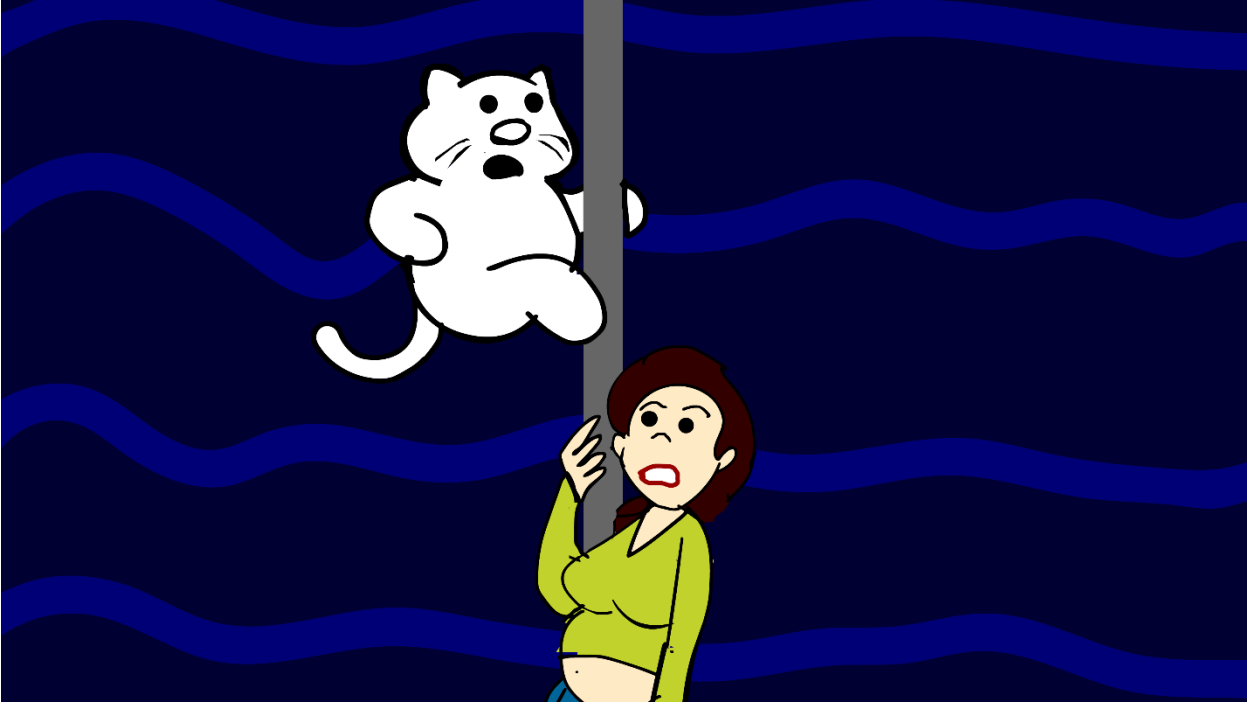

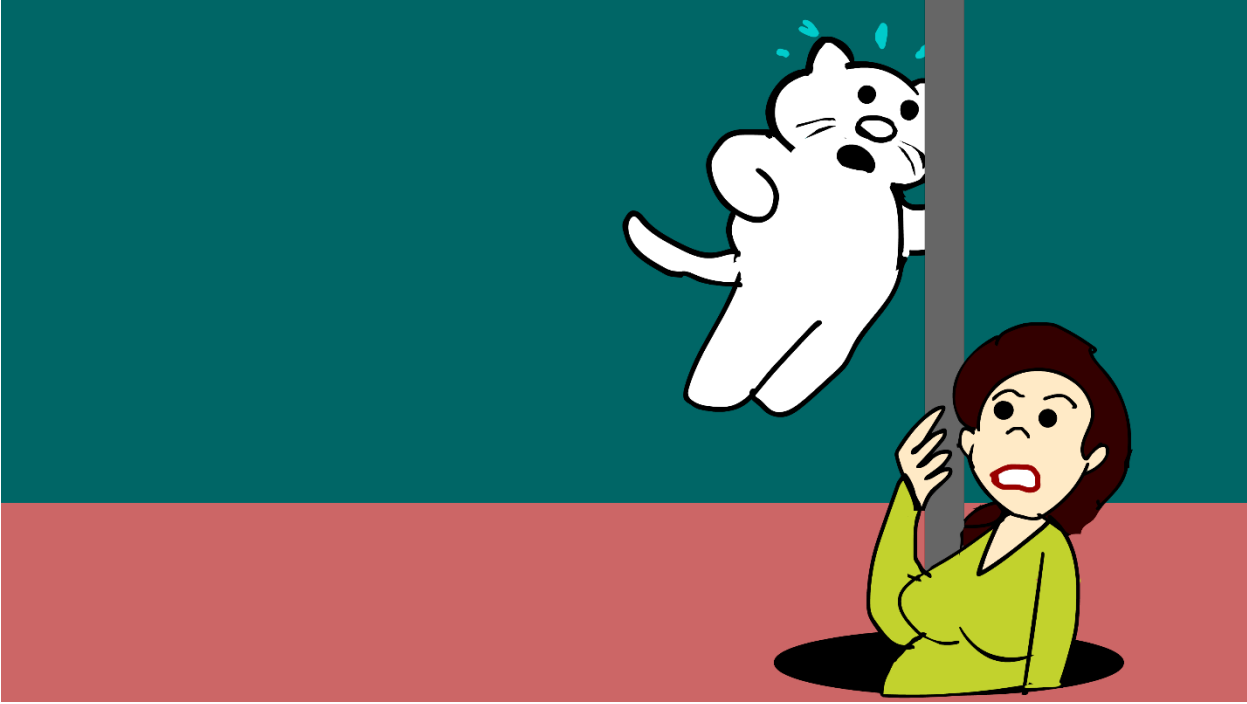

They suddenly see the Bat Signal light in the sky. They both run from the couch

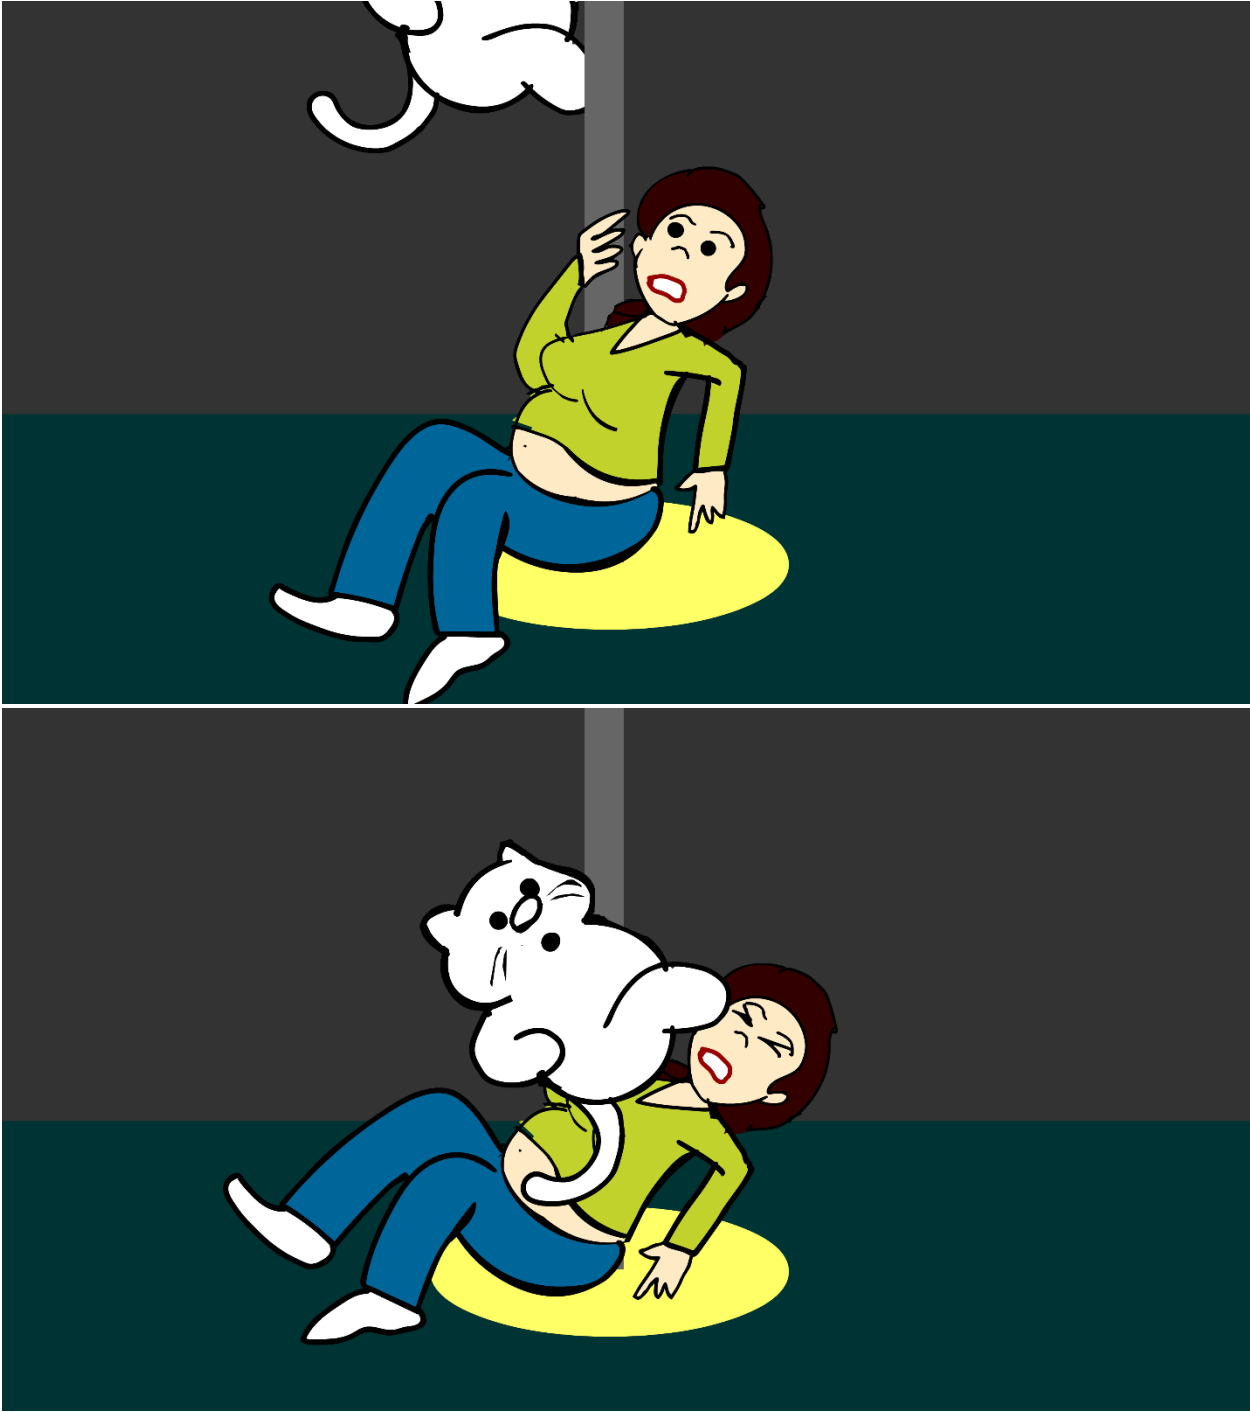

They run towards the pole. They grab the pole and go down the hole and through the secret tunnel

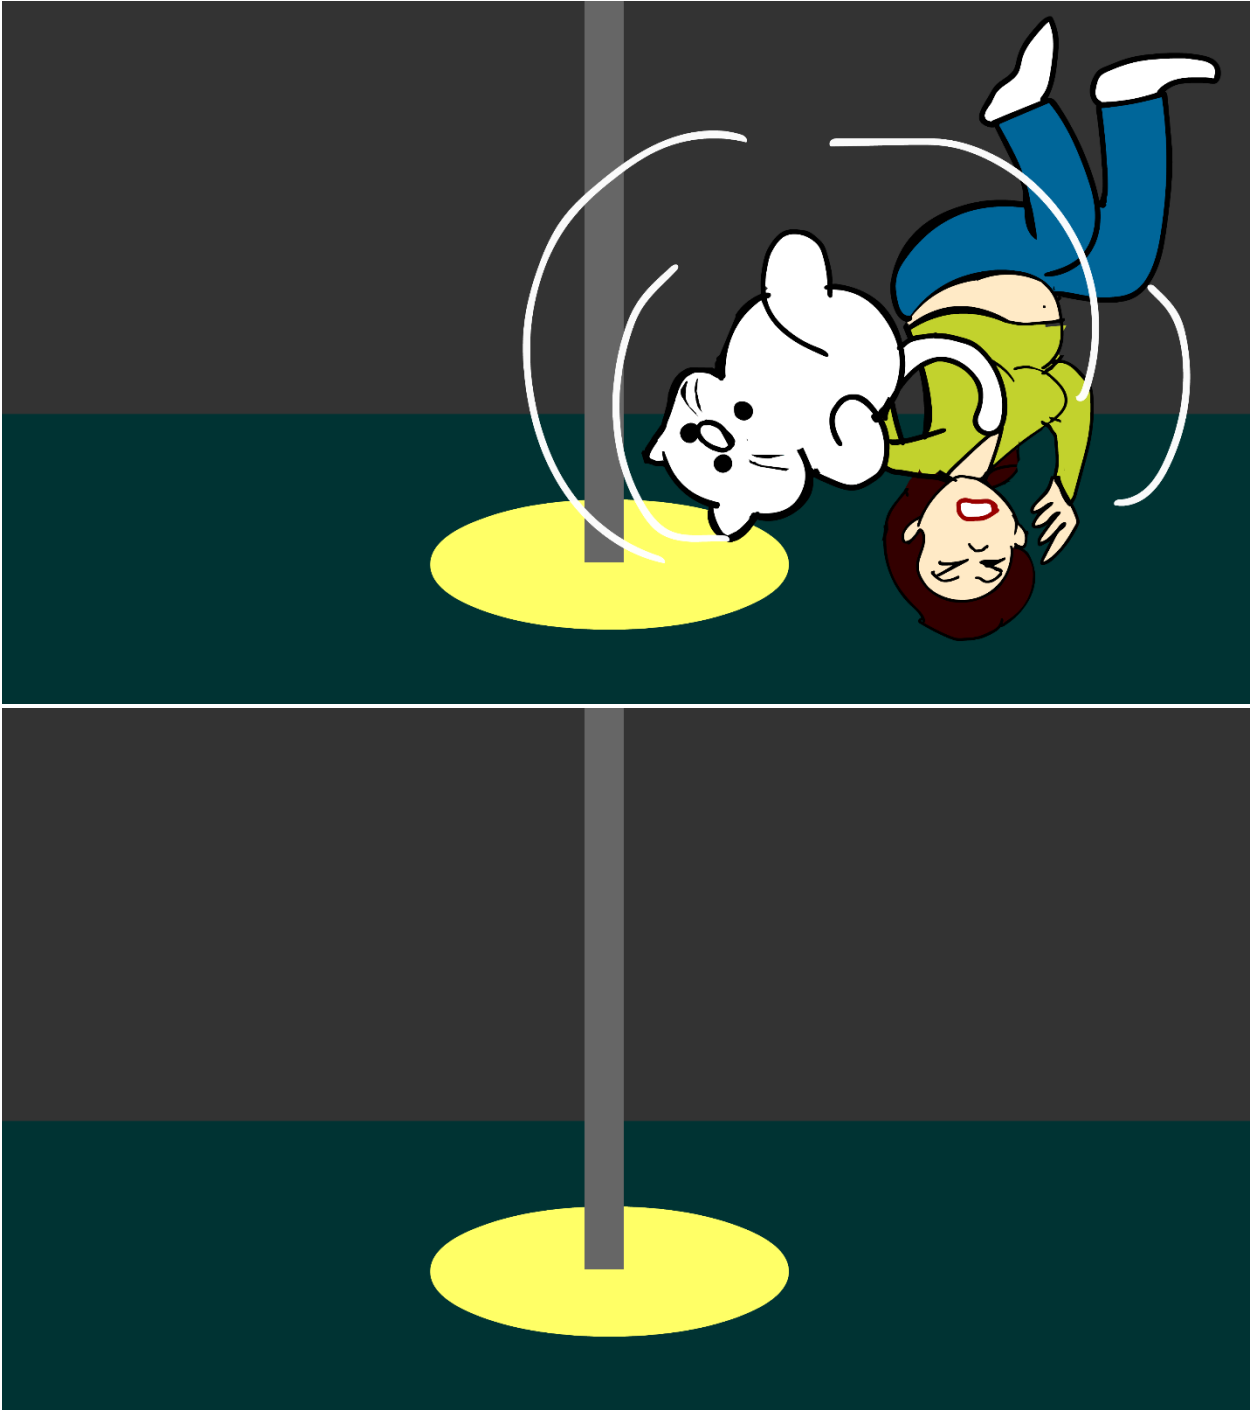

She reaches the bottom of the pole. Troll cat comes too fast and knocks her

The knock causes them both to roll off screen and crash

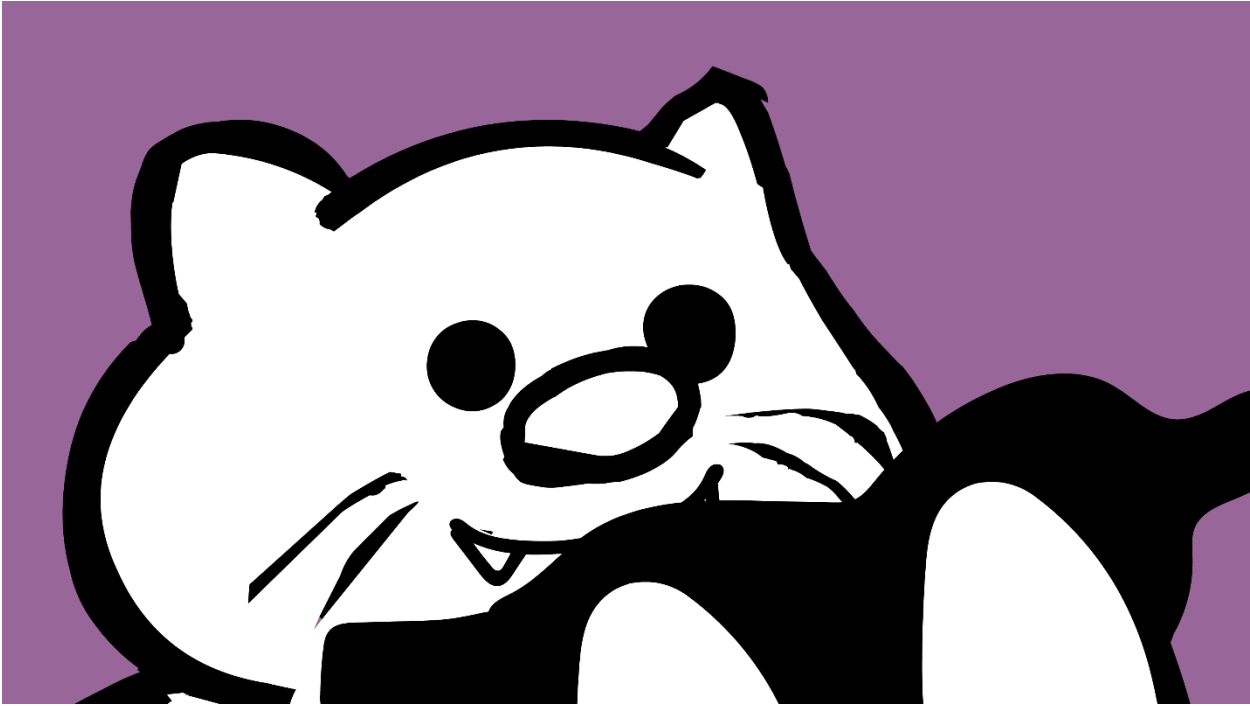

Cat Woman struggles to get her tight costume on over her fat belly and hips

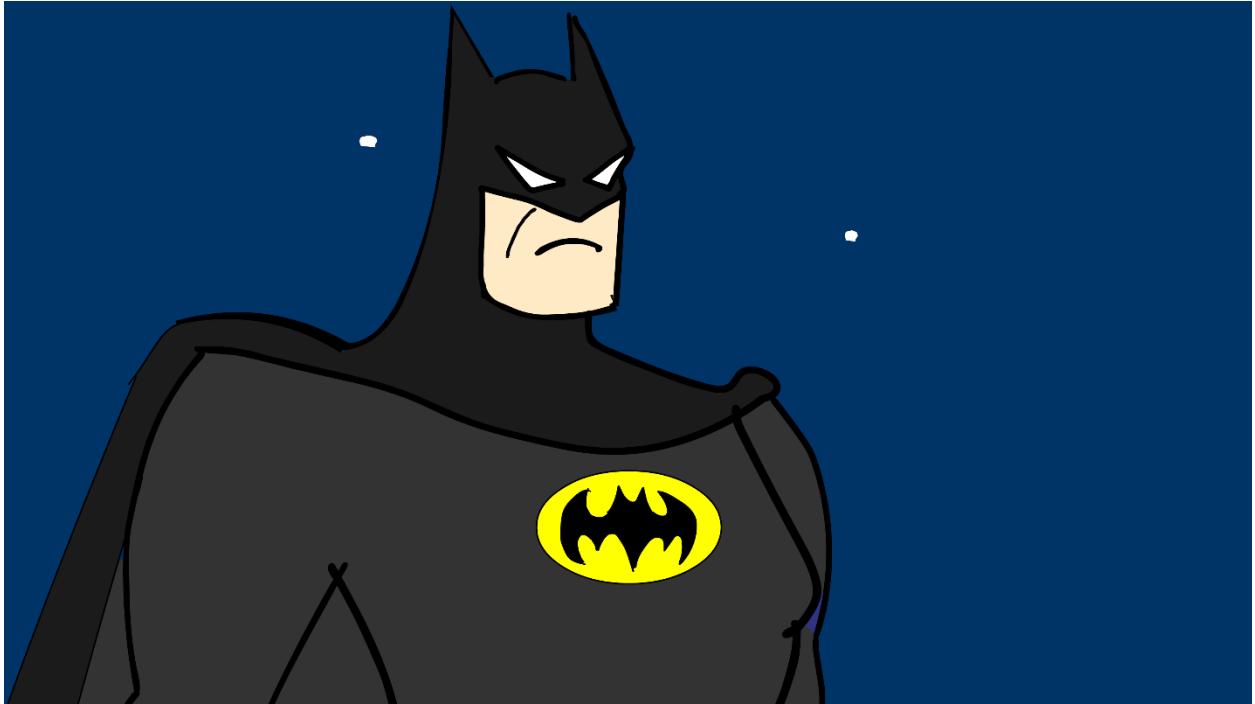

She puts her cat woman hat and mask on

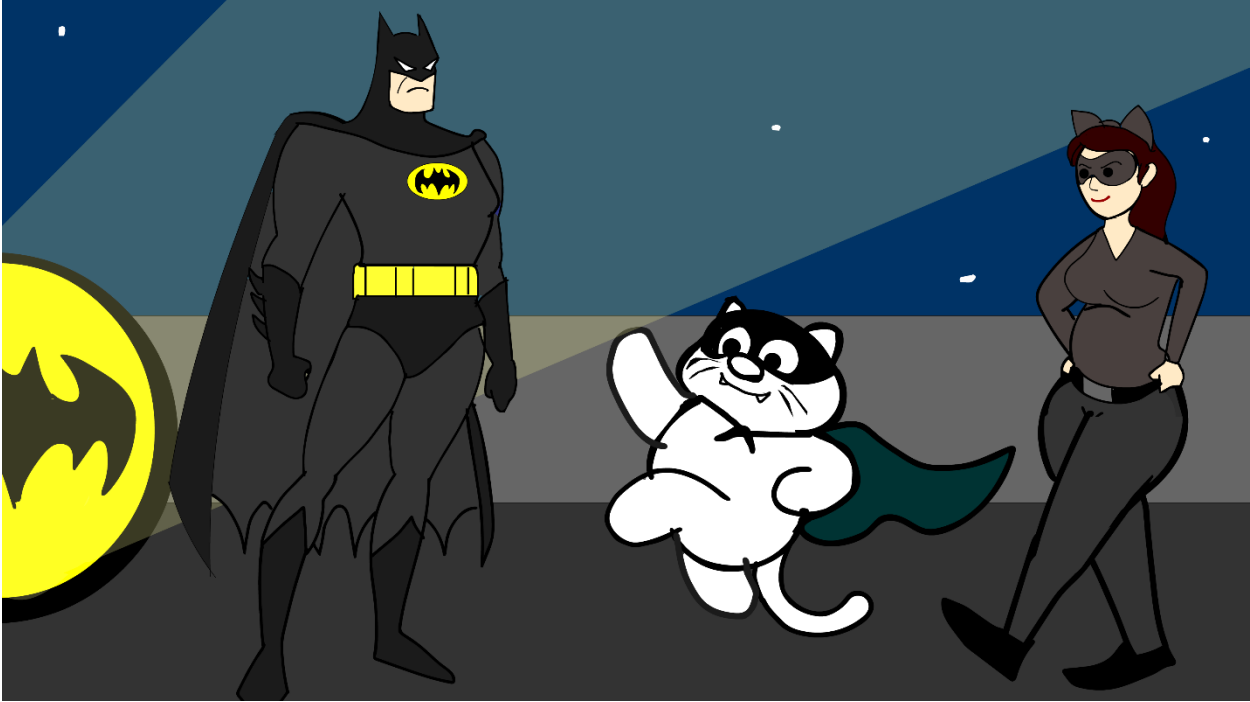

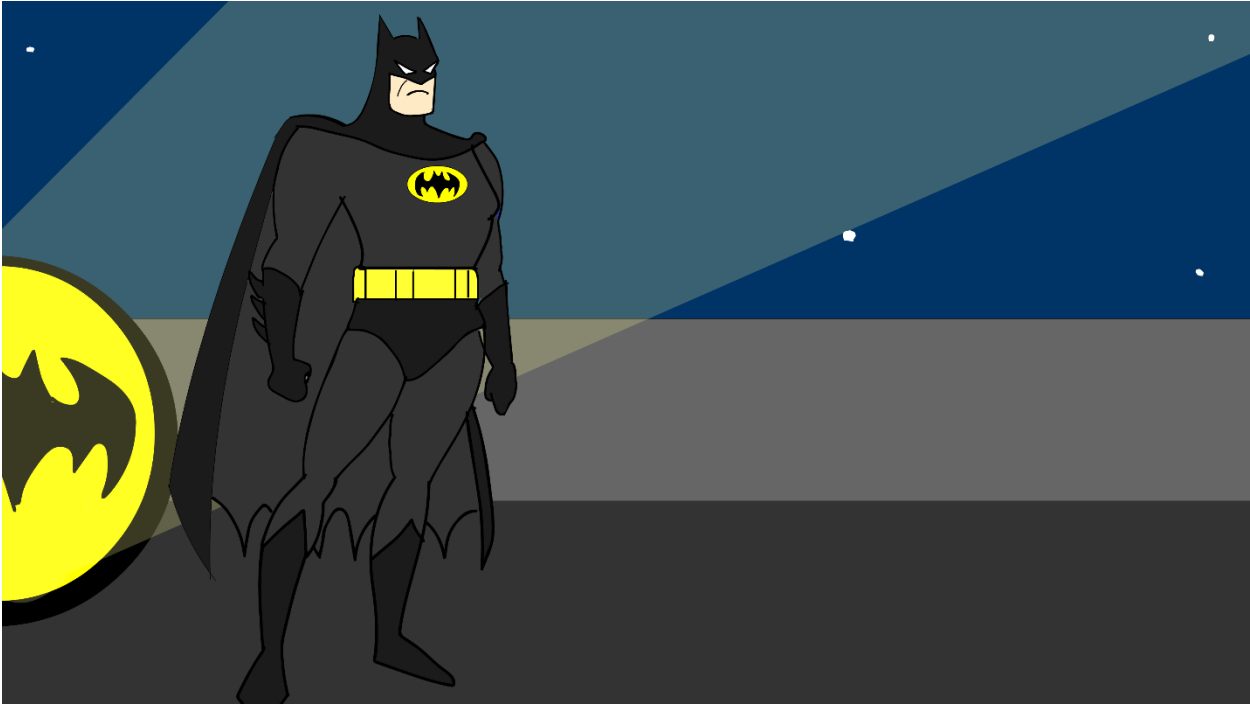

Troll Cat puts on his mask and cape

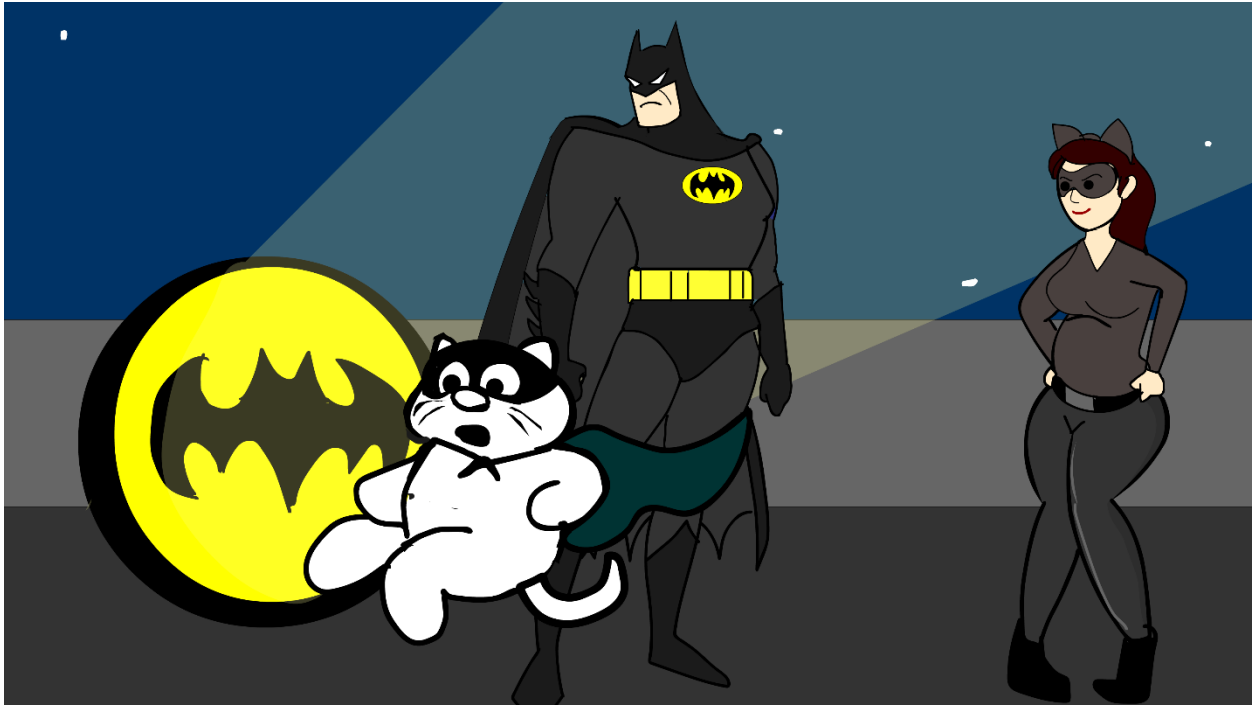

Meanwhile Batman is waiting impatiently checking the time on his watch

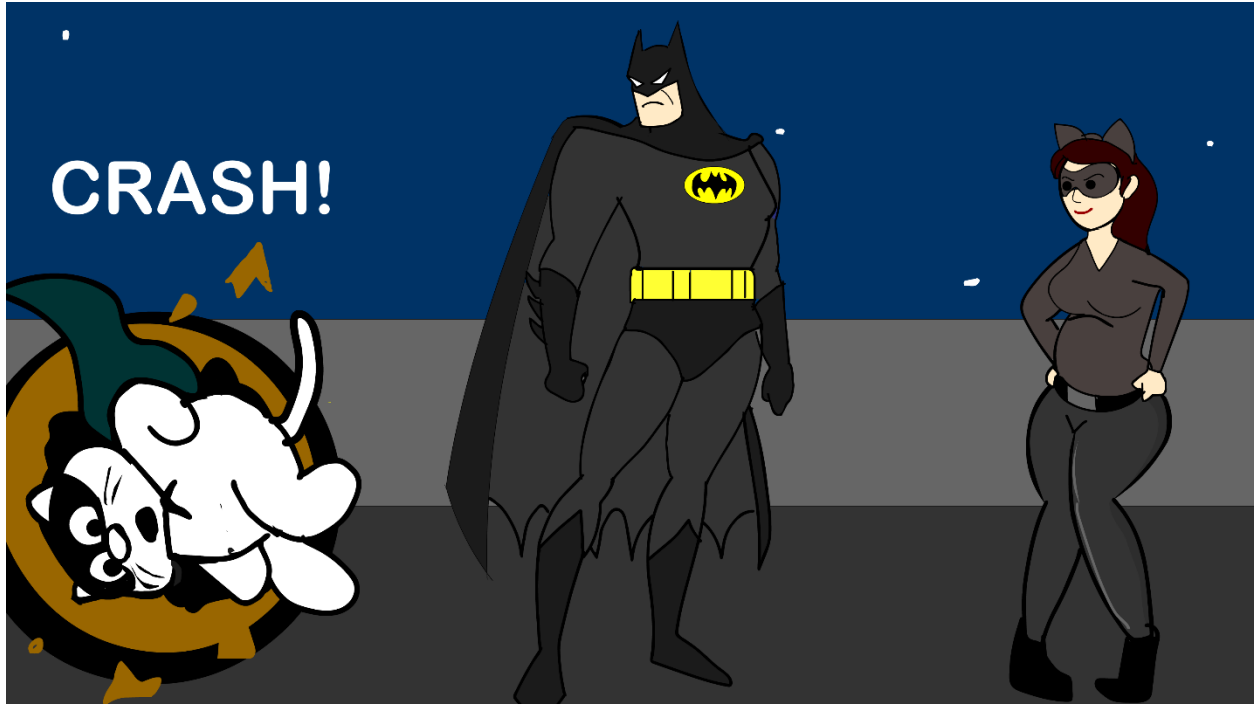

Behind him is the bat signal. Troll Cat runs in while fat Cat Woman slowly walks

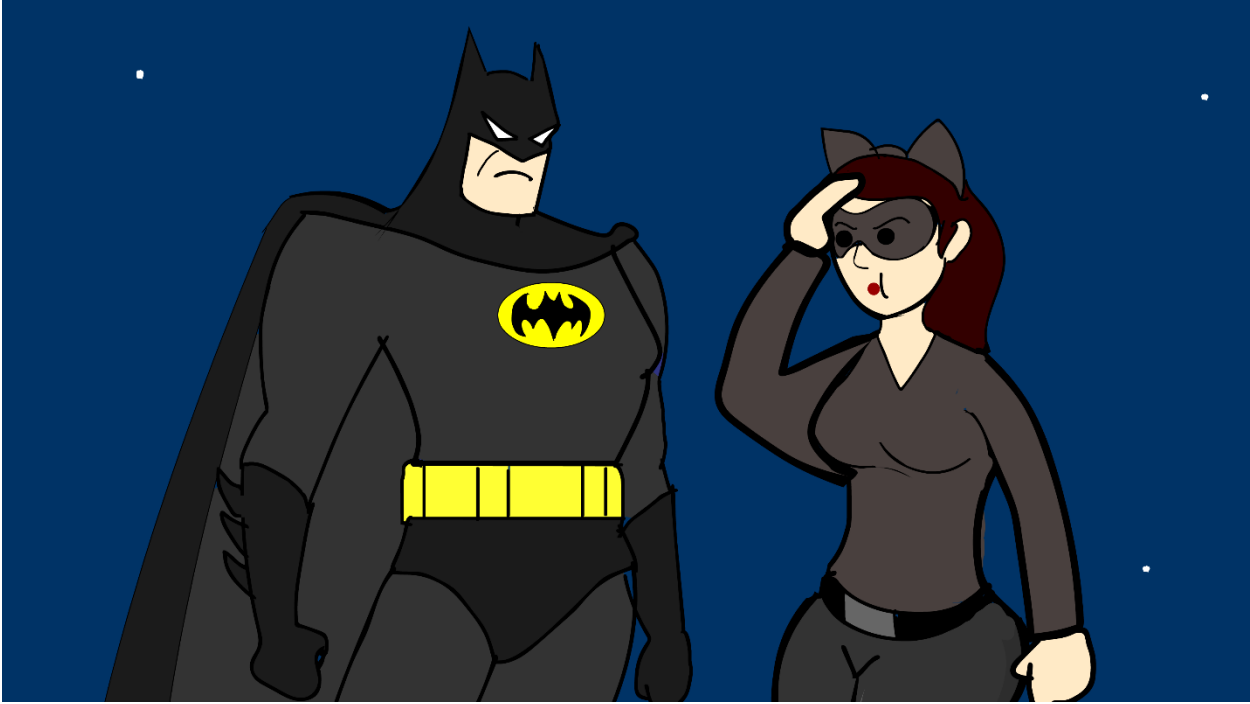

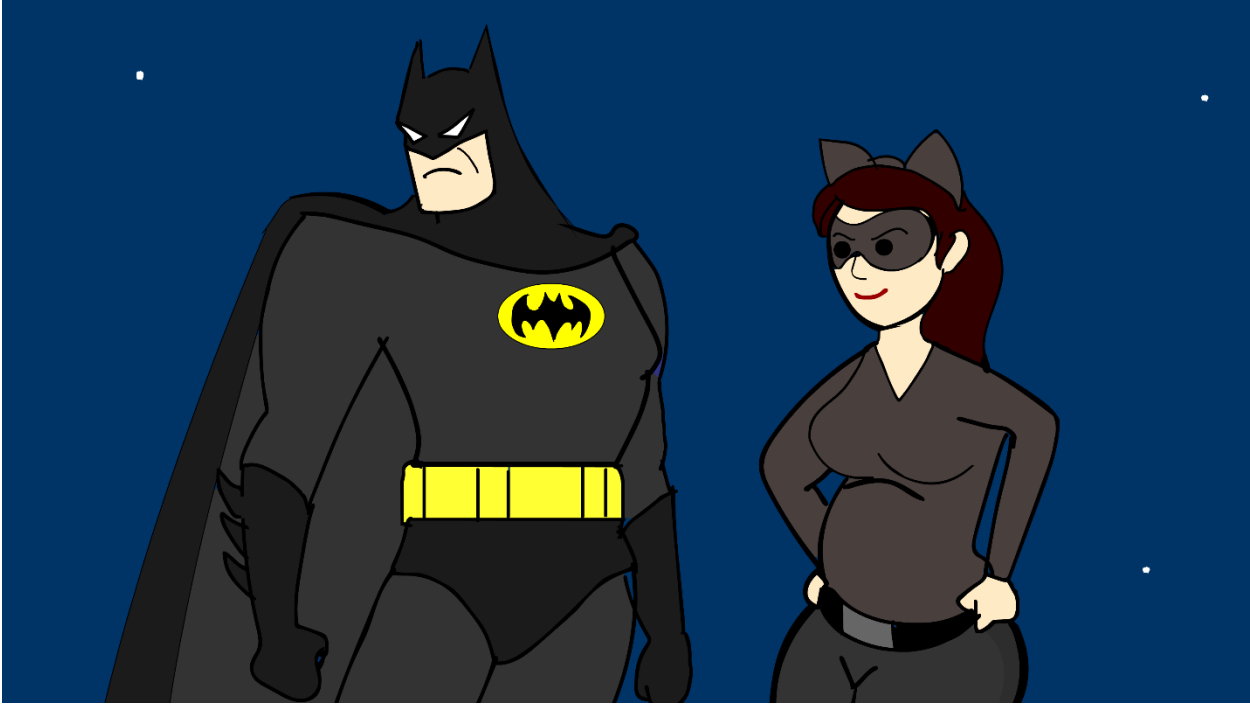

Troll Cat slips and is unable to stop himself. He crashes into the Bat Signal light breaking it

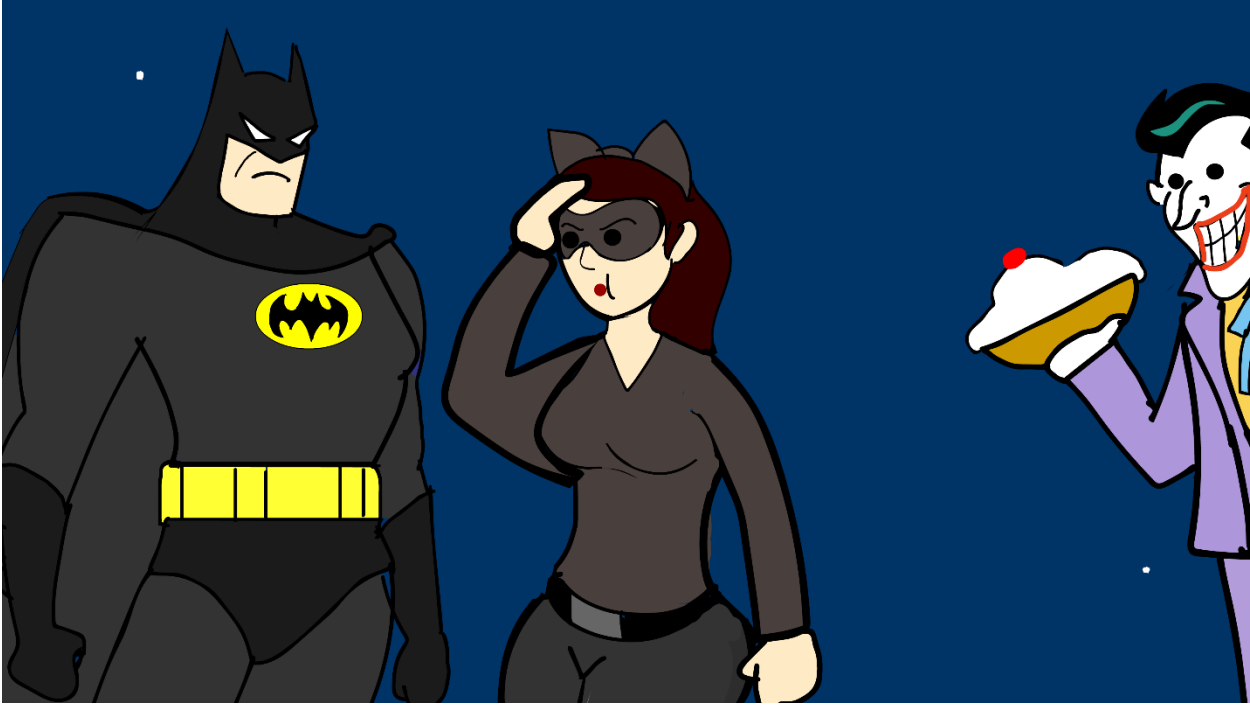

Cat woman relaxes allowing her fat belly to stick out. Soon as Batman turns towards her she salutes him while sucking in her stomach to show she is fit

Suddenly The Joker villain comes towards them with a pie in his hand right towards Cat Woman's face

The Joker offers her pie. She is excited. The Joker smashes the pie on her face.

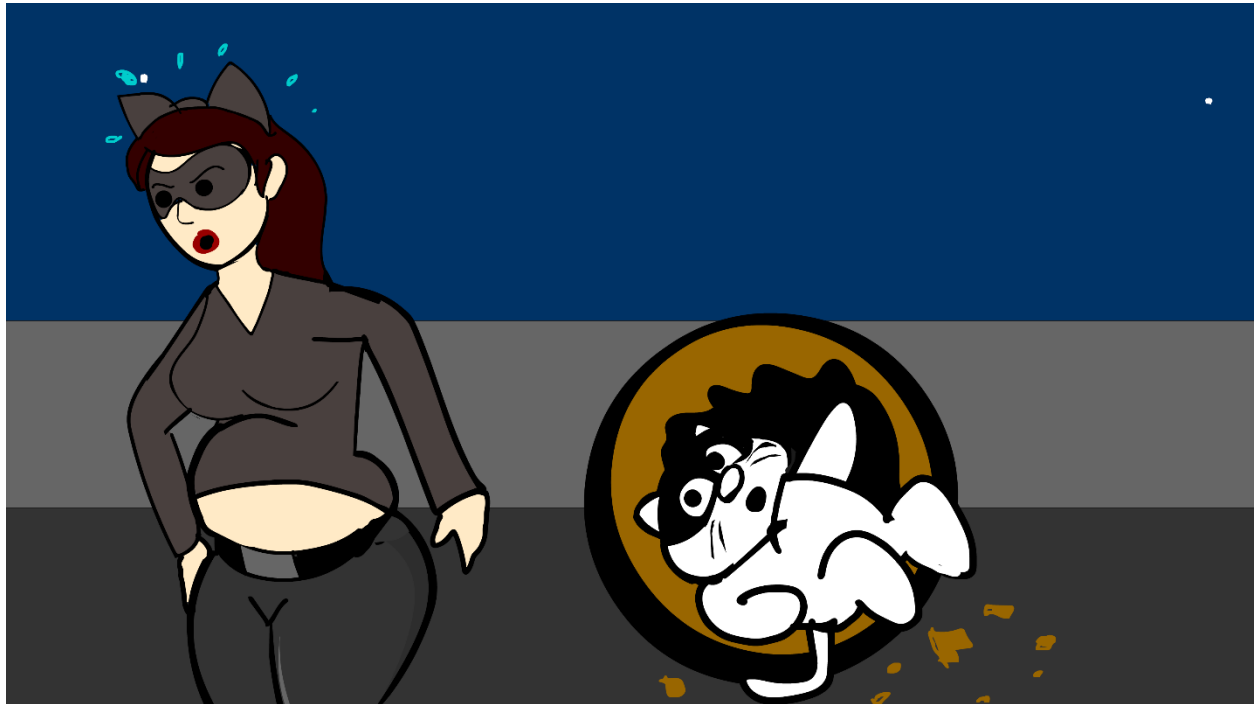

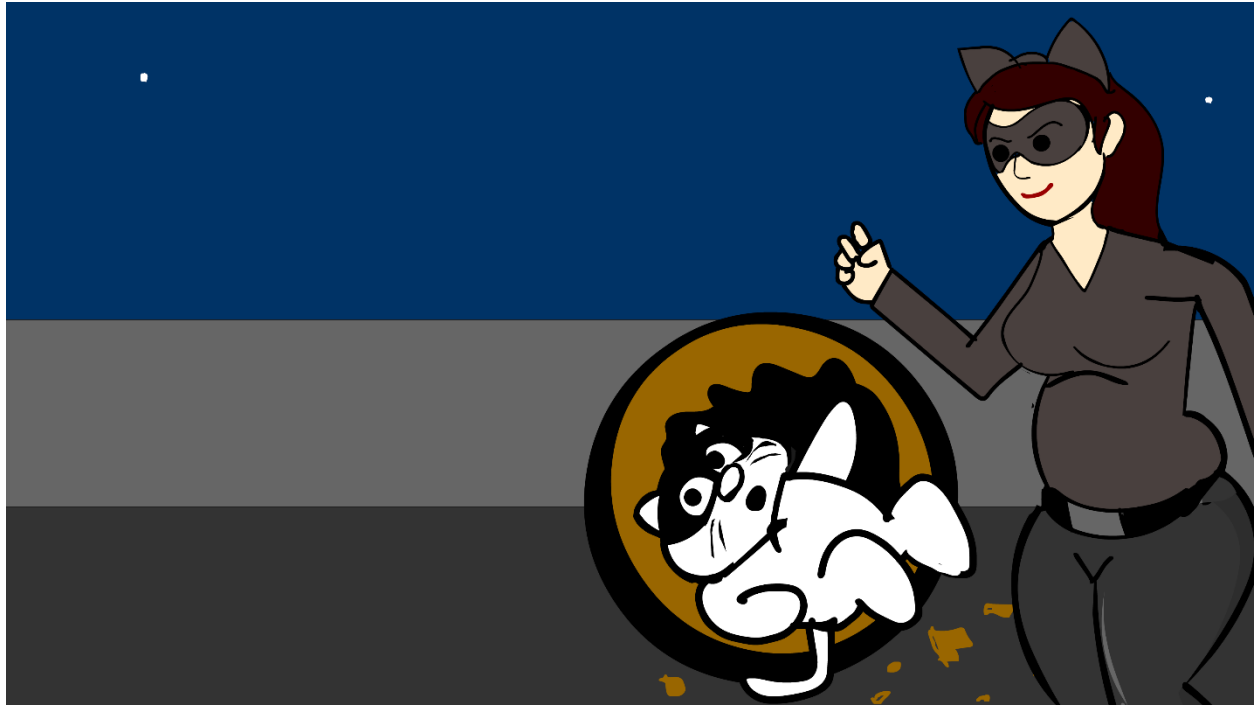

Cat Woman enjoys eating the pie but then catches Batman's angry stare.

Meanwhile The Joker passes by Troll Cat still stuck in the Batman signal, and grabs a rope ladder hanging for him. The ladder takes him up.

Fat Cat Woman is too slow to catch him. She is out of breath and her fat belly again pops out of her very tight costume.

She notices the joker is hanging from a rope ladder from his helicopter. She grabs Troll Cat and lifts him up

She lifts him over her head with both arms and throws him at The Joker

Troll Cat grabs the Joker's leg and drags him and the helicopter down with his weight and crashes (give some crash sound and smoke animation effect)

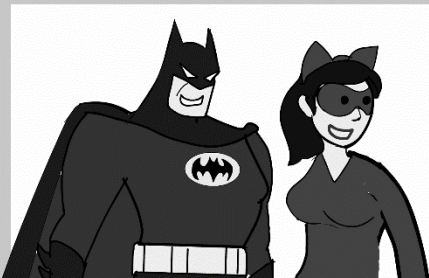

The helicopter crashes into Gotham Prison building.

The Newspaper reports it and shows Batman and Cat Woman photo getting a new movie for this achievement. There is no mention of Troll Cat anywhere.

GOTHAM PRISON

Troll Cat reads the newspaper in the hospital bed with half his body in bandages. He looks furious. Zoom into his face and maybe have some villain music to show he may become 2 Face
