

Why do you always have to get involved in everything?

**\*Mad\***

You're taller than me, you have bigger breasts than me, and now you're even trying to take my Hina-chan away from me.

I won't let that happen.

During the  
breakfast break...

Tell me is it  
true that you are  
the daughter of the  
principal?

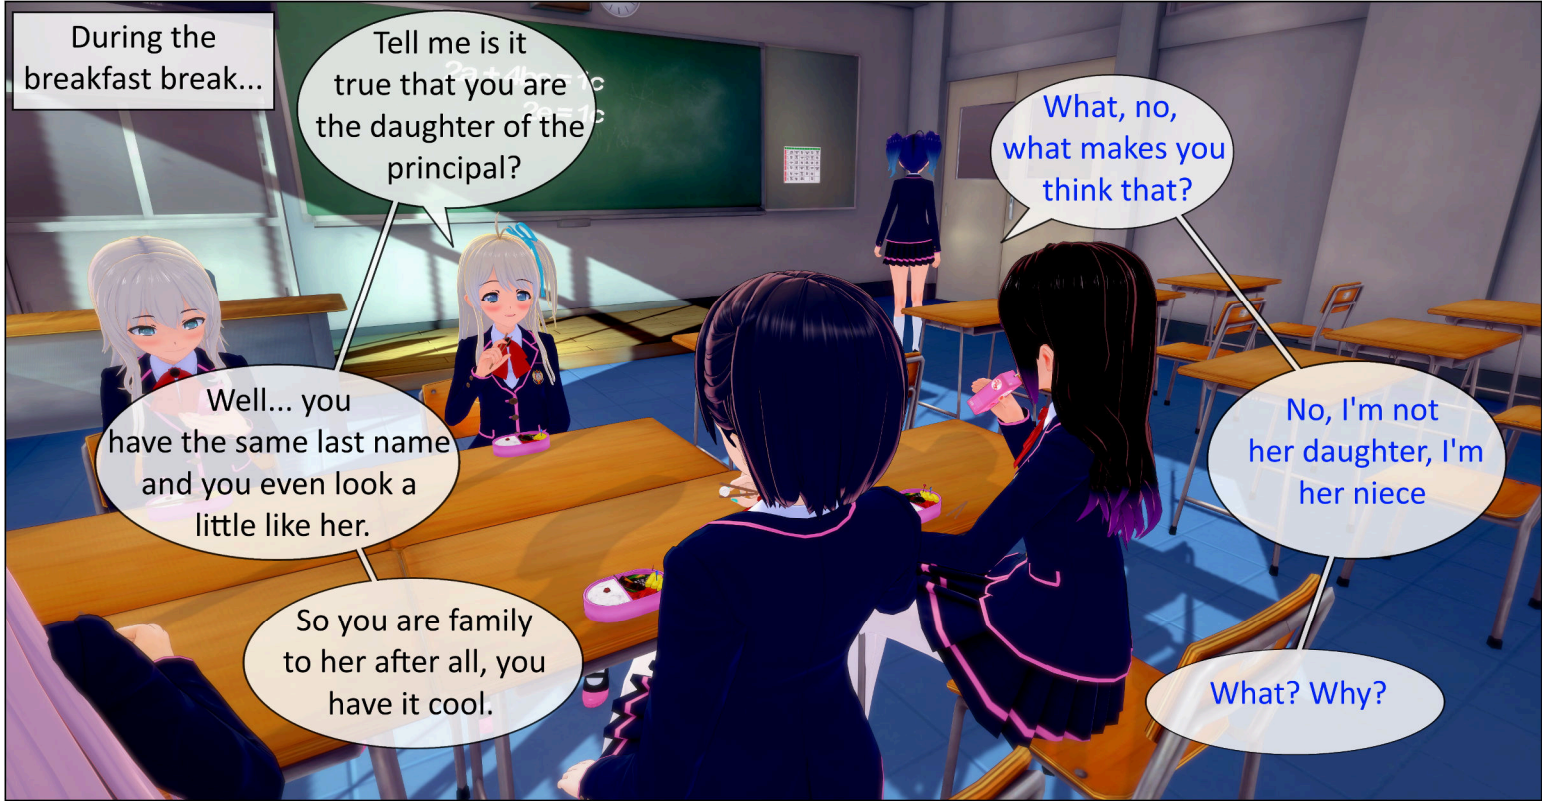

Well... you  
have the same last name  
and you even look a  
little like her.

So you are family  
to her after all, you  
have it cool.

What, no,  
what makes you  
think that?

No, I'm not  
her daughter, I'm  
her niece

What? Why?

And I am sure that if you do something, you will suffer no or minimal consequences.

As for why, I'm sure you have a lot of benefit from it.

Sure you can go when you want to the pool or the gym, you can leave early from class.

You don't even know how jealous I am of you.

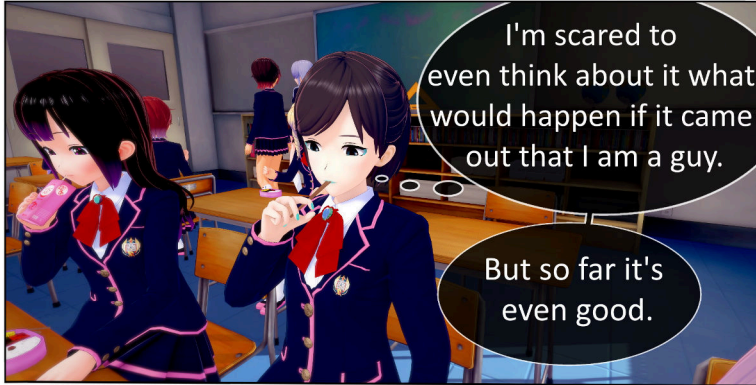

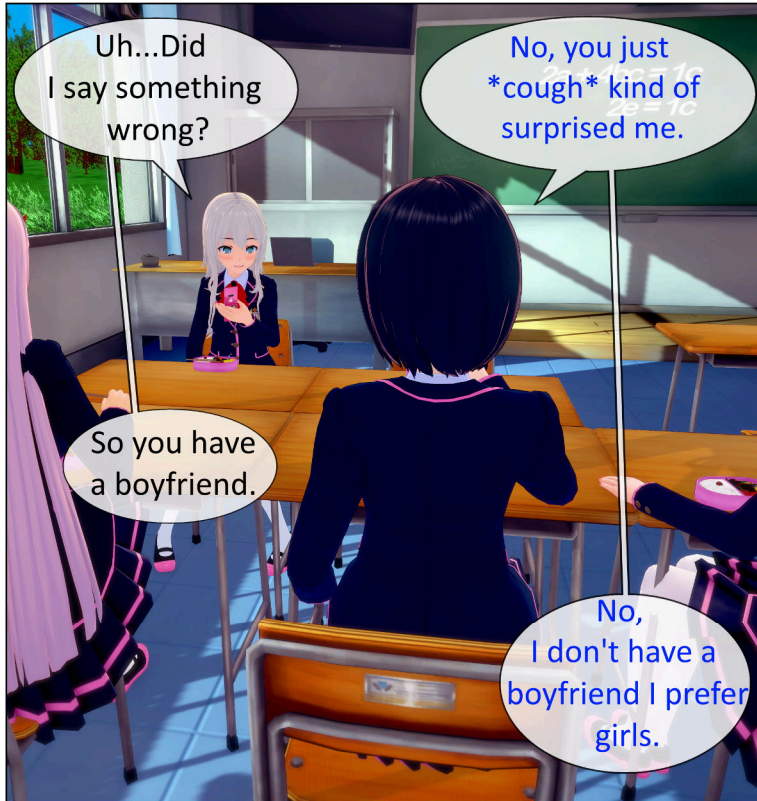

It would be nice if this were true, unfortunately I have the impression that it is just the opposite.

On the other hand, I find it a little funny that she thought I was her daughter especially since I'm not even a girl.

At least it's a good thing no one except 02 has figured out that I'm a guy.

In that sense,  
because for a  
while I thought she  
is a lesbian.

Yeah, although  
at that age not  
having a boyfriend  
is kind of weird.

I understood  
it that way too, but  
just because someone  
doesn't have a boyfriend  
and prefers the company of  
girls doesn't mean they're  
a lesbian, right?

You're  
exaggerating, I'm  
sure she'll find  
someone in time.

For now,  
I'd rather focus  
on school.

I'm sure she'll  
find someone, right,  
Hina-chan?

So she  
prefers girls.  
That's great.

There is no way  
I have a boyfriend, just  
pretending to be a girl is  
already humiliating.

I will not  
become gay.

On the way home...

Except for having to pretend to be a girl, it was really fun.

Did you say it is only for a while?

What do you mean?

How was your first day, Hina-chan?

Don't worry, you'll get used to it quickly.

Of course, and by the way, didn't you forget something, Hina-chan?

Your voice.

Yes, I know, but I don't think I need to use my feminine voice when we're alone.

I mean no one but you can hear me now anyway.

But why?

You sound like a guy again.

I told you to use it always and without exception.

Because I said so. Besides, you need to practice your voice did you forget?

It's probably better to tell the truth.

Well, I... I lost my balance and fell into the pool.

Better.

And now... Can you tell me why you were all wet before?

So it's just as I thought.

You lost your balance... Interesting, I think I know what will help you keep your balance better in the future.

At home.

What!!!

Do  
you want me to  
wear heels?

You're  
kidding, I won't  
wear heels.

Yes, I'm sure once  
you learn to walk in them  
you won't have a problem  
with balance again.

At the same  
time, it will be the perfect  
punishment for you for  
what you have done.

I guess it won't go as  
easily as I thought. Well no boy is  
stupid enough to voluntarily walk  
around in high heels.

Even if he has to do it as a punishment.

But he will if he is properly encouraged to do so.

What if I said I'd give you your phone back?

Just as I thought right away a change of attitude. hehe

Really, will you give me my phone back?

Yes, provided you learn to walk in high heels and you will wear them.

I finally said that you would only get your phone back when you earned it.

No, you either learn to walk in heels or you'll have to wait a long time before you get your phone back.

Great I have the option to get my phone back but am I really going to wear stilettos?

Is there anything else I can do to get my phone back?

But auntie  
I really need it.

There is no way  
she will change her  
mind. I guess I have no  
choice after all.

\*sigh\*  
Okay, you won.

What are you waiting  
for, the sooner you start learning to  
walk in heels the sooner you get  
your phone back, simple.

Just as I thought,  
the ground is good  
arguments and anything  
can be achieved.

In fact, why not take it a step further now that he has agreed to walk in high heels.

Great, but one more thing.

What?

You're going to wear this.

Do I have to wear a corset?

Of course I have seen this many times in movies .

Do you know what it is?

But why do I need it? Is that part of the punishment too? You didn't say anything about him before.

Corsets are also worn by men, and if it allows me to learn to walk in heels faster and get my phone back faster at the same time, why not.

Okay, I'll put it on.

No, it is not meant to be another punishment. The corset is to help you maintain proper posture to begin with.

In other words, it will help you learn to walk in heels faster.

Yes, without any argument.

It wouldn't do  
any good anyway and at  
least I'll get my smartphone  
back sooner.

Auntie,  
please don't call me  
that, it's humiliating.

I am already  
dressing it up.

Why am  
I doing all this?

Smart girl.  
hehe

Okay, okay, now  
put on the corset and  
heels I want to see  
how it will look.

Say are you  
sure you're a  
boy?

If it weren't for that  
flat chest, I never would  
have believed in my life that  
Hina-chan was actually  
a boy.

Well as long  
as you are a student at  
my school, you are  
officially a girl .

Of course I'm  
a boy. Can't you  
see?

But when I'm  
at home I don't have  
to pretend I'm a girl,  
right?

Although  
in time you will  
act like a girl at  
home too.

No, you  
don't have to.

Now  
walk back and  
forth a few  
times.

Just remember,  
put your heel first then  
transfer the weight to  
your toes.

I'll try .

I've seen girls walk  
in high heels many times  
but I never thought it  
could be so difficult.

15 minutes later...

Okay, that's enough. Because you're about to trample a hole in my floor. hehe

I think you already know how to walk in heels.

Not yet. But if you wear heels for the next two weeks and don't do anything wrong by then, I'll give you your phone back.

Yes, now go get changed I'll make us dinner soon.

Will you give me my phone back now?

Really?

I thought it would be worse but only two weeks.

The next day  
before school...

But now  
you are neither  
at school nor at  
home.

No buts,  
you agreed to  
it yourself.

Great,  
then have a great  
day sweetie.

I really had to wear  
heels to school, after all, you said  
I didn't have to wear them at  
school or at home.

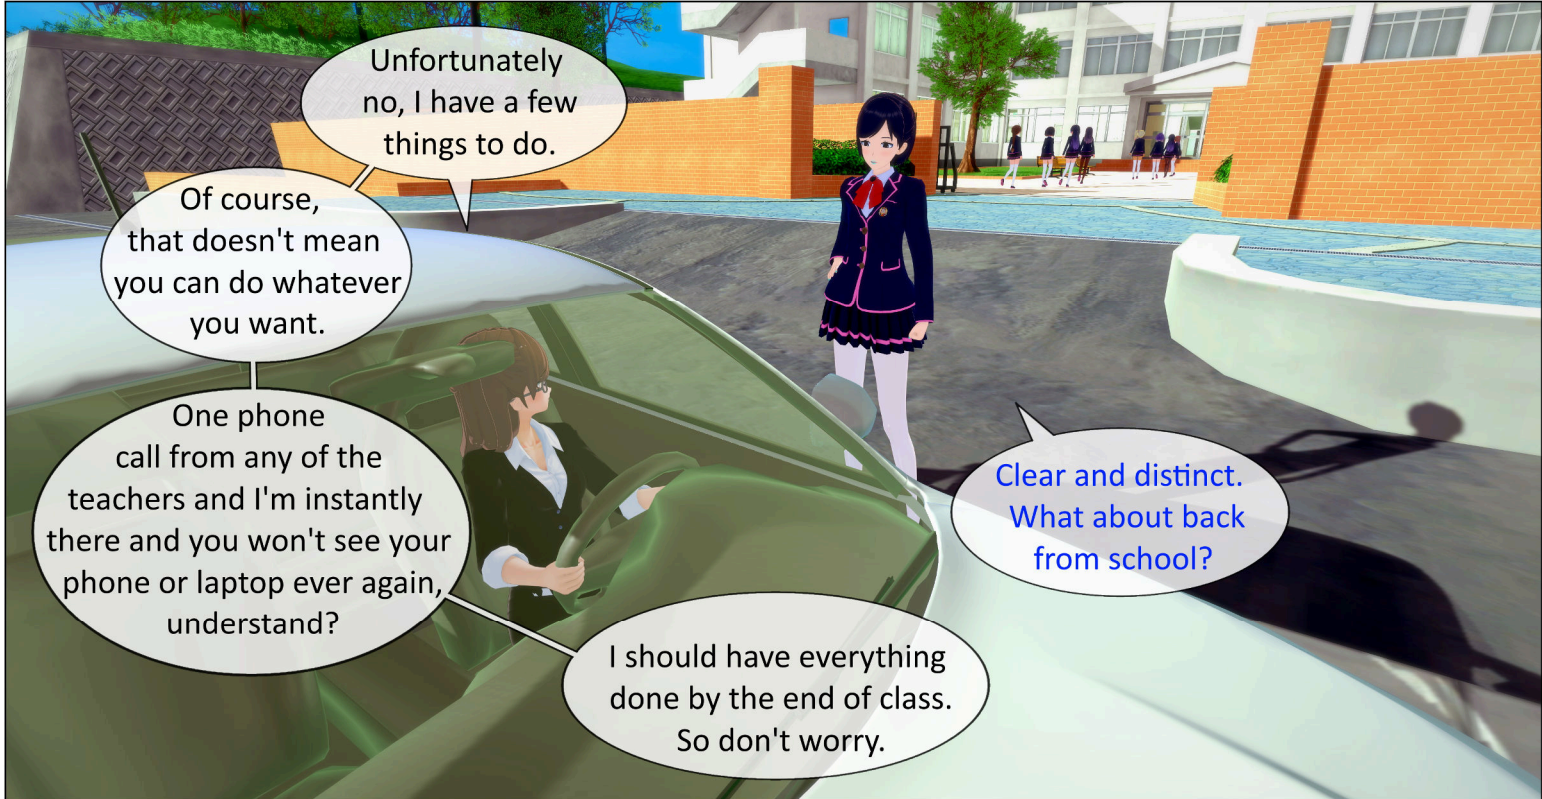

Yes, but...

Yes,  
I remember.

You're not  
going to school  
today?

Unfortunately no, I have a few things to do.

Of course, that doesn't mean you can do whatever you want.

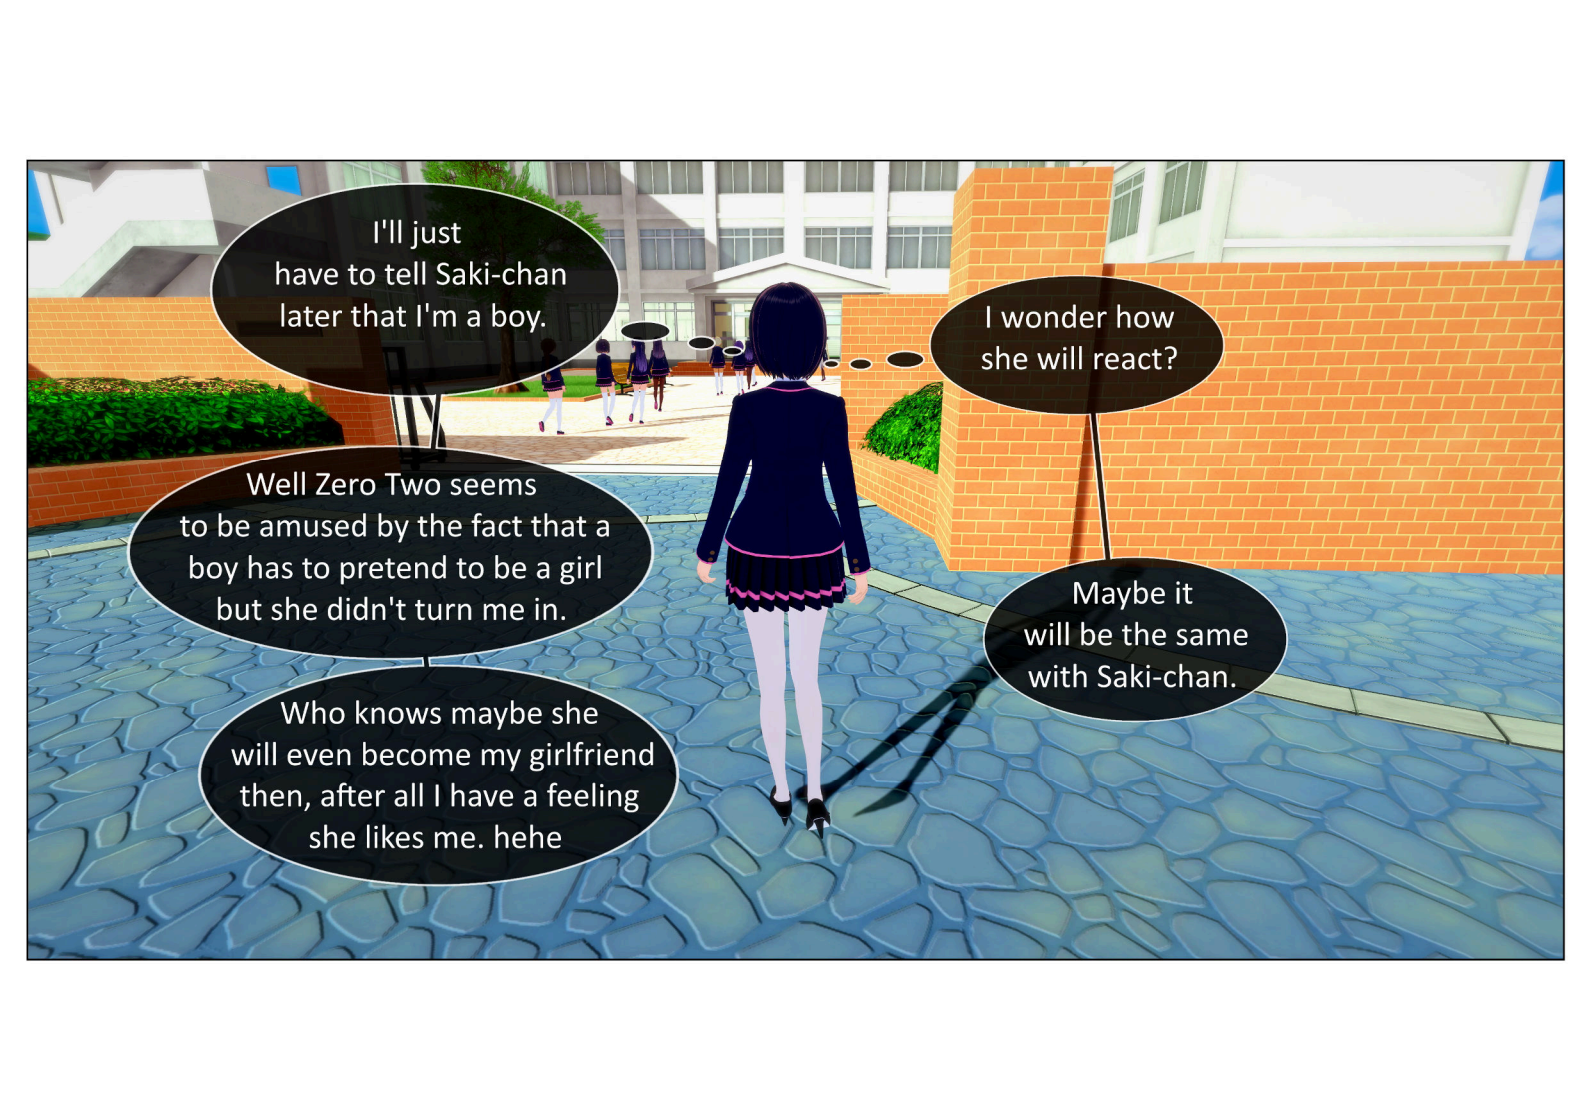

One phone call from any of the teachers and I'm instantly there and you won't see your phone or laptop ever again, understand?

I should have everything done by the end of class. So don't worry.

Clear and distinct. What about back from school?

I'll just  
have to tell Saki-chan  
later that I'm a boy.

I wonder how  
she will react?

Well Zero Two seems  
to be amused by the fact that a  
boy has to pretend to be a girl  
but she didn't turn me in.

Who knows maybe she  
will even become my girlfriend  
then, after all I have a feeling  
she likes me. hehe

Maybe it  
will be the same  
with Saki-chan.

Ohayo,  
Saki-chan

Yes, Aunt Sora  
made me wear them  
as a punishment.

Yes, it could.

Ohayo. Wow,  
I see you came to school  
in heels today.

A bit  
strange punishment  
but it could always be  
worse.

Walking around in high heels is  
a bit of a strange punishment for a girl,  
but since Sora-san thought it would be  
the best punishment, she's  
probably right.

Ohayo-good morning

Say  
did you watch  
that new show on  
TV yesterday?

About a boy who  
dresses up as a girl to  
make his lesbian friend  
fall in love with him.

Weird is an  
understatement,  
I've never watched  
anything worse.

No, I haven't  
watched it, what is  
it about?

A little...  
weird.

Is this show  
that bad?

You're just kidding, right?

It's probably best for now not to tell Saki-chan that I'm a guy.

If I were that girl, I would gouge this boy's eyes out for cheating on me and not fall in love with him.

Yes, but I would definitely never forgive a person who would deceive me like that.

After all, relationships are built on honesty and not lies.

What do you think, Hina-chan?

Me?

I find it disgusting too.

If I answered differently Saki-chan might start suspecting something.

Yes, you, what do you think about dressing up as a girl to make a girl fall in love with you?

I knew you agreed with me.

By the way, what do you think about the relationship between two girls?

What?

If it's true love, I think it's okay.

Reality. In the end, who we love is our choice and no one should decide for us in this matter.

When a girl loves another girl.

Do you really think that, or are you just saying that so you don't come off as intolerant?

So you're just like me.

In what sense are we the same?

I knew it, Hina-chan is also a lesbian.

Never mind.

Come on, the lesson is about to start.

Does she mean she's tolerant too?

I guess so, after all, what else could she have in mind.

Some time later at  
the doctor's office....

Again, sorry for the  
inconvenience. i really  
don't know how i could  
have lost those pills.

Of course.

No problem,  
I' ll write another  
prescription.

Just  
please watch  
them better  
this time.

Okay. Do you remember the dosage?

Exactly.

Yes, one tablet per week.

I wonder. Is one tablet per week not enough?

What if I took one a day?

Is that much?

So what was written on the internet was true. interesting.

That much?

Of course. That's the dose taken by people who want to change sex.

By the way, does anyone else in your family suffer from low hormone levels?

To be continued...
