[Interior: A clean and sanitized lab full of equipment that is studying the medical research of using Dog DNA to make advancements in the field of Canine/Human Genetics]

[Enter Doctor Brook as she carries a rack of samples to Doctor Gray]

Dr. Brook

Hey, I got some amazing news. The samples we got back from our latest batch seem to have finally fused.

Dr. Gray

That's fantastic. We are finally at the first step!

Dr. Russel

Woah don't celebrate too soon. Fusing and repairing DNA is still a tricky science.

Dr. Bernard

But that now means we can start working on human trials. Dr. Brook and Gray, this was your work, be proud of this

Dr. Russel

I'm not saying they shouldn't Dr. Bernard.

Dr. Bernard

I know, always one of caution

Dr. Gray

Which is why we got where we are now! Hahaha, besides we took small but still risky strides nonetheless.

Dr. Brook

But we did it. Imagine, all the medical advancements. How many people and their dogs' lives will be saved by what has been done here? Also the number of all the answers we can get from this. Between repairing physical ailments to even mental ones like depression.

Dr. Gray

[Giggling in admiration], (At Dr. Brook) I couldn't have done it without you... (at everyone) uh- all of you.

Dr. Brook

Thank you, Doctor. Anyway, I gotta put these back and mark them for success, so I will be right back. [Walking away]

Dr. Russell

Yeah, see ya in a minute. [Walking over] Soooooo... Dr. Brook

Dr. Gray

We've been over this Russlle. It's not professional.

Dr. Bernard

We've both seen how you look at the woman. And well... we know why.

Dr. Russell

Can't blame her, cute as a button, short, stacked, and-

Dr. Gray

And a word away from an HR complaint. Now if my two specialist put as much thought into their research as they do my love life, we would have made it here today months ago. While one of them has experience, the other is barking up the wrong tree, so if you two don't mind.

Dr. Bernard

Uh oh, she's mad.

Dr. Russell

I can tell, listen Doc, if you're afraid of asking her out cause you think being a human plank and a bit bland will ruin your chance, hang up your coat now, cause you just failed basic chemistry.

Dr. Bernard

Mayhaps we specialist go and celebrate with drinks and the ladies can spend some time here with each other. I imagine they would have so much to talk about Dr. Russell.

Dr. Russell

Not a bad idea. They could catch up with each other's anatomy.

Dr. Gray
Absolutely not!

[Dr. Brook walking in]

Dr. Brook
What are we not doing?

Dr. Gray
Oh Um-

Dr. Russell
Bernard and I are planning to get drinks to celebrate. Specialists to Specialists, Dr.Gray here was just scolding two grown men about not taking her invite to see her favorite 90's movie Buddies Big Air, tonight.

Dr. Gray
Wha- I

Dr. Brook
Oh my god, I love that movie, I mean if the boys don't wanna watch it with you, I certainly will.
Where and what time?

Dr. Bernard
8 PM, Her place. She's even letting us off early.

Dr. Gray
[Pretending to not be angry, talking through your teeth] I am just... so glad... I am feeling generous today.

Dr. Russell
You see, so generous. You go on ahead and get yourself some extra drinks on us for your gal's night. [Pushing her out the door]

Dr. Brook
Oh okay... Well, I see you tonight Dr. Gray, I'm really looking forward to it. [Door closes and footsteps fade]

[A moment passes]

Dr. Gray
Unprofessional!

Dr. Russell

Come on, as the resident careful guy, throw caution to the wind on this one.

Dr. Bernard

It's a big night for both of you. Try to enjoy it, and then thank us later.

Dr. Gray

And what will you two be doing after drinks?

Dr. Russell

Going home.

Dr. Bernard

Got the wife and kids.

Dr. Russell

I may get lucky and catch some tail at the bar.

Dr. Bernard

Fat chance.

[The two walk towards the door]

Dr. Russell

See you after the weekend.

Dr. Bernard

And tell us how it went.

[The door closes]

Dr. Gray

Well, I guess I have to take care of that. But they were not wrong. She's beautiful and I'm just really plain. I don't even know if she likes me like that. And I don't even want to think about her outright rejecting me... However...It's not... entirely impossible.

[Dr. Gray walks out the door and enters into the specimen rooms holding a large machine with a computer relaying the information]

Dr. Gray

With this I can try and change out some stuff in the short term, maybe overnight. Let's see, I have to scale my math here to a dog's proportions. Our last batch came from some female golden retrievers, which should be fine, so after that. Let's see... Increased mammary

tissue...yes. Hair, long and silky, increased flexibility, increase in pheromone production, also I guess an increase in my personality parameters. And start.

[The machine whirs alive as it produces the serum in a single shot, she takes it off the tray]

Dr. Gray

Okay Russell, a new me for 1 night.

(She takes the shot)

Dr. Gray

Oh my god... I can't believe I did that. It's okay. If anything happens I can make an antid- Needs 24 hours to recharge! Damn it. (Seeing her watch) I don't have a choice. I need to get home. It's small changes. It should be fine.

[Leaves the labs and it cuts to a small hillside house the sound of a garage closing and door shutting]

Dr. Gray

OW! Jesus, why was that so loud? Whatever I need to take a shower and get dressed. (Cloths Shifting) It's nice to take the coat off when you get home. (removes shirt) Woah! My nipples, that was way too sensitive. And my areola looks swollen. It's alright. I knew this would happen. They just feel... (rubbing) really nice, mmmmpfh. (breathy) okay, before I lose myself here I need to take a shower.

[Walks into the bathroom and slides open a door with the water streaming down]

Dr. Gray

The hell... I swore I shaved this morning, I guess it's all leggings tonight. Don't want Pamala to think I am not thinking about my image. Oh Dr. Brook, as It seems, my vulva has swollen as well. And I am really (The sound of flesh beginning to fill and expand) haaaaa ah oh god, oh fuck. (Breathing) Holy shit... I have tits... it works, and I have a very modest pair, and for the best. Not too bad on my frame. And still discrete under a shirt. And my hair, it feels so silky, I didn't even have to wash it.

[Turning off and stepping out of the shower. Looking into the mirror]

Dr.Gray

I look good, aside from the leg hair, I'm fucking drop-dead. I didn't add this muscle tone to the parameters, but it's more of a feature than a bug at this point.

[Cell phone rings]

Dr.Gray

It's Pamala! Come on, come here, damn it, not behind the footboard. Come! Onnn!! Gotcha.
Hello!

Dr. Brook

Caitlin, just calling ya, I'm out front.

Dr.Gray

Perfectly fine, I just got out of the shower, I'll be there in a minute.

Dr. Brook

Alrighty, see you then.

Dr.Gray

Yep yep! (Hangs Up) Okay. Why does this feel weird in my hands, nevermind, uhhhh clothes, leggings, and a T-shirt. Okay. Looking good. Feeling good.

[Runs over to the front door opening it]

Dr.Gray

Hey.

Dr. Brook

Heeeey you. Excited to see me?

Dr.Gray

Yeah, you're here.

Dr. Brook

(Giggles) I brought my copy, it's the extended cut. Also, do you smell a kinda wet dog smell?

Dr.Gray

Must be the neighbors they have a greyhound, come on in. The DVD player is over here. How about I make us some popcorn?

Dr. Brook

Sure thing. Also, I wanted to talk about something from work.

Dr.Gray

I can hear ya from the kitchen, go ahead and tell me. (The sound of flesh being to fill out and also scratching) A little itchy.

Dr. Brook

What was that?

Dr.Gray
Nothing, you were saying.

Dr. Brook
I was going over my notes before I left, and I may have miscalculated the measurement of percentages. Instead of scaling to the dog, we should scale for humans first and then the dog.

Dr.Gray
Oh!?! And what would you say (Coughs) wo..woof. (Slaps mouth)

Dr. Brook
If we didn't scale for a human first, we probably get exaggerated effects to any changes we apply for, and it could also over-exert the system.

Dr.Gray
(Whimpers. Another sound of flesh moving as her breasts grow twice its size) [Hushed] Fuck, oh god, they are massive.

Dr. Brook
Also, we need to wait until we get past male tests first, we don't want to cross sexual chromosomes, at the cost of potential disfigurement.

Dr.Gray
[Strained and worried] I thought we only had samples of female dogs!?

Dr. Brook
We did, those were the ones that failed. We managed to get the male ones working.

Dr.Gray
Oh no. (Hushed) (A Sudden rush of ecstasy and also a pressure behind Dr. Gray's clit) Ohhhhhh, ahhhhhh, no no no no no. (Looking at hand) Oh my god are those pink paw pads? Nooooo~

Dr. Brook
Doctor, is everything okay?

Dr.Gray
Yes! I just nicked my finger, I'll go get it covered up

Dr. Brook
Let me help you.

Dr.Gray
No! No, thank you. Go ahead and get the movie started, I'll be out in a minute, woof. MMPH!!

Dr. Brook
...Woof?

Dr.Gray

Yeah, Woof. Ya know. Woof. Hah ha ha, be right out (Slams door shut) Fuck oh fuck oh fuuuuuuuk, my pussy~ What the, my leggings are so tight... oh no. (Lifts shirt and sees the leggings slowly tenting and ripping through to reveal a red dog dick) I have... a... dick. Even worse, a dog dick, and it's getting bigger. Please stooooop~

[The sound of hair growing everywhere, boobs slowly stop growing at a very perky I Cups]

Dr.Gray

No, why, why am I growing hair everywhere (Tail begins to grow) Oh! A Tailbone, no it's gonna be a tail. Uhhhhh (shudders) that feels so good. And my boobs, they stopped growing. Mmmm-ow, my face. My face! Ahhhhh, Ahhhhhhhh!!! (Face elongating and turning canine-looking) I'm turning into a fucking dog. Mmmm, mmm, mm. My ears... They are so pointy. [Whimpering] Everything is on fire... My nipples... My- My diicck. (Begins to play with herself) Oh, I feel so, good, this is so bad. Mmmm Uhhh, uhhhhh, MMM, MMMM, Mah AH Haaa! I'm...cumming. (whimpering) no wonder why men act the way they do, that felt way too good. Massive testicles like these I... I could go for hours. And my pussy is just so fucking wet.

[The sound of knocking on the door]

Dr. Gray
Fuck!

Dr. Brook

Caitlin. Are you okay in there? You're gonna miss the whole movie at this rate.

Dr. Gray
It's okay. Just, uhhh, heavy... flow?

Dr. Brook
I don't think so.

Dr. Gray
What?

Dr. Brook
I know your schedule in and out Caitlin. Also, you don't nick yourself making popcorn. So I am guessing you just don't wanna spend time with me.

Dr. Gray
No, no, no, I do. I just... uhhh

Dr. Brook

Well, it's hard to tell when you won't tell me what's going on. Dr. Gray, we have spent years working together. We made a massive breakthrough. If something is wrong you can trust me. We're in this together, just like you told me when we started.

Dr. Gray

Would you believe me if I told you... that I love you? That I think you are above all else, one of the smartest, diligent, courageous, bubbly, and beautiful women I have ever had the fortune of meeting.

Dr. Brook

I... I actually do. The way you command the team, your desire to help people, even for your hard exterior, you're loyal, steadfast, quick, graceful, and also beautiful. However, I think we would believe each other more if there wasn't a door between us.

Dr. Gray

... (wimpers) Okay... But just so you know, I'm probably the biggest idiot without you as well.

[Door Opens]

Dr. Brook

I suspected as much. Looks like you scaled for a dog first. And then some. And it was definitely with the male dogs.

Dr. Gray

It's temporary, it's supposed to last until tomorrow morning.

Dr. Brook

And there is a faint sweet smell coming from you. However, I am more focused on these. (grabs breasts) I much like your slim physique more, but if I can play with tits bigger than mine, I have to try at least, but we both know you though, I bet you were trying to be modest.

Dr. Gray

PamaLahaa. Mmmmmm. (moaning for 10 seconds) I was aiming for a quarter of where they are at. (moaning for 10 seconds)

Dr. Brook

I noticed when I walked through the door. You can't get much past me Doctor. I know you far too well. It's really endearing and very hot that you tried to impress me. And it's even hotter, with this massive cock you got hanging here.

Dr. Gray

(Moans and heavy breathing). (Breathy) Dr. Brook... Pamala. I need you... I want you.

Dr. Brook
(Dominate Energy) Then you better bark like you want it.

Dr. Gray
Y-Yes, please.

Dr. Brook
(Sweetly whispering) I said bark.

Dr. Gray
(Barks)

Dr. Brook
Good girl. Take me to your bed. This is just as good a time as any to collect data while you are like this.

[The door closes as the two move to the massive king-sized bed.]

Dr. Brook
Sit.

Dr. Gray
You're really taking control of the situation.

Dr. Brook
It comes with the territory of being an owner of a husky. Now I have to make sure you remain stimulated at all times. (Undresses and the sound of her massive breasts slap down, free from her bra) God this dick is better than my naughty salamander I have at home. Good thing it's already releasing some pre-lubricant. I'll have to analyze it's sensitivity like this (shoves dick into her breasts and starts performing a boob job)

Dr. Gray
Oh God, Pam. (Moans)

Dr. Brook
Oh, it seems like you are very sensitive, it has all your clitoris' nerve endings. So it's to be expected. Also your silky smooth fur around these massive tits, I could put my hands on you all night and never get bored.

Dr. Gray
(Panting and whimpering) please don't stop. (Bark) I need more. Your tits feel amazing.

Dr. Brook

Now now (Speeding up) You need to show some self-control.

Dr. Gray
Ahhh, what are-

Dr. Brook
Every little detail matters. And I need you to hold out for as long as you can for me.

Dr. Gray
Yes... P-P-Mmm-Mistress.

Dr. Brook
Oh Dr. Gray, I never took you for being the submissive type.

Dr. Gray
It just came out.

Dr. Brook
Awwwww, (Squeezes tits and stops) Then I wanna hear it more.

Dr. Gray
Ahhh, M-Mistress, I'm going to... to. Please don't stop.

Dr. Brook
I have a better idea (Moving into the bed and stripping off her panties.) How about you show me what that new mouth can really do besides tell me what I already know. And then we will see about you cumming.

Dr. Gray
(panting) Yes. Mistress. (Moving onto the bed and in position)

Dr. Brook
You know, making me as wet as you did, I am gonna need you to clean me up.

Dr. Gray
(Seductively) As you wish Mistress. I'll make sure to be very thorough. (Starts Licking)

Dr. Brook
You're like, Mmmm, a sweet little puppy. (Moans) (Breathy) And that tongue is working wonders. You're tail is wagging. Complimenting you makes you that happy huh? Don't stop but turn around. (Moans)

[The sound of shifting around in the bed.]

Dr. Brook

I didn't notice it at first but you still have your vagina. I guess your fusion technology works very well. (Starts Licking and fondling her shaft)

Dr.Gray

Mistress, that feels so good. (Whimpers) I need you. I want to be whole with you.

Dr. Brook

(Stopping) I suppose you deserve a reward for being a good girl.

Dr.Gray

Yes please (Bark)

[a soft movement and flesh being slapped as Dr. Brook slaps Dr. Gray's ass]

Dr.Gray

Ohhh.

Dr. Brook

Come on Doctor. And make sure you go all the way, I wanna feel knotted.

[the two start doing it doggy style]

Dr. Gray

You feel, amazing, ugh (Panting)

Dr. Brook

Just a little deeper, I can feel it. You won't hurt me. Do it.

Dr. Gray

As you wish, mistress. Mmmm (Pushing slowly)

Dr. Brook

Ahhh, ah

[knotted]

Dr. Brook

AhHHH haa oh, yes. Mmmm fuck.

Dr. Gray

HAaaaa, (Soft howling)

Dr. Gray & Dr. Brook
(30 seconds of intimate sexual sounds, thrusting and enjoying ecstasy]

Dr. Brook
Let me hug those tits again.
[Sound of sifting]

Dr. Gray
Mistress, I'm at my limit. (Whimpers)

Dr. Brook
Alright, inside, fill me, to the brim. (Building up for 10 seconds)

Dr. Gray
(Building up) Ha, ha, ugh, I'm.. gonna... uh

Dr. Brook
AHHHhhhhh, fuuucckkkk~

Dr. Gray
[Howling]

Dr. Gray & Dr. Brook
(Post coitus panting)

Dr. Brook
(Panting) I.. love... you.

Dr. Gray
(Panting) I love... You too.

Dr. Gray & Dr. Brook
(Giggles before passing out and still inside of Dr. Brook)

[The next morning, Dr. Gray finds herself back to normal in a sweet embrace with Dr. Brook who is still sleeping]

Dr. Brook
(Soft breathing sounds of being asleep)

Dr. Gray

(Softly) Heya is good-looking. I'm back to normal at least. [Sifting out of bed] Oh... even though everything is back to normal, I guess I am stuck with the dog cock at least. Not that I think Pama- Mistress would dislike that. (Giggles)

[End]
