## About the Game

*Note: This game will not contain coerced or forced sexual activity, nor any incestuous relationships. This does not mean that the character will not have the opportunity to willingly participate in consensual sexual kinks.*

The main characters' default names are **Christian Cox** and **Jenny Cox**. You can change these names in the game. For purposes of this walk-through, however, they will be called "Christian" and "Jenny."

You will be living Christian Cox's life. This may mean making decisions about everything from your daily routine to how you handle anything out of the ordinary that comes up. These decisions will have consequences, so think carefully about what you do.

*Not everything is in your control.*

Your wife, Jenny Cox, has her own autonomy. She will, however, be influenced by your decisions. So, at least to a certain extent, your relationship is up to you.

As with all marriages, there are several different possible outcomes over time.

**Happy Marriage:** You know what they say, "Happy wife, happy life!" If you keep Jenny satisfied with you—mentally, emotionally, and physically—then you probably have nothing to worry about. . .

**Open Relationship (Ethical Non-Monogamy):** Of course, there's more than one way to keep your wife happy. Though you are in a monogamous relationship at the start of the story, maybe you or she would like to explore a bit more of what the world has to offer. . . with the full knowledge and consent of the other. This could be open to both of you, or maybe you just want her to be with other men. . .

**Swinging or Sharing (Hotwifing):** Maybe you want to explore other partners together . . . wife-swapping, group sex, orgies, or maybe Jenny finds one man just isn't enough? But whatever happens, it happens with your knowledge, consent, and physical presence!

**Unfaithful:** Will you cheat on Jenny? Will she cheat on you? If either of you is unhappy, this might be the result. What will happen if the cheater gets caught? (Warning: This path may contain unavoidable *netorare* content.)

You may or may not receive a warning if one of your decisions changes which path you are on. Play your cards right, though, and you will be able to have exactly the life you want.

**Here's what you need to know:**

Each of you has a couple of main statistics that you should keep an eye on. These will appear in the sidebar on the left. Any of them might come into play at any time. Most of the events will happen regardless of any statistic, though available actions and reactions may be affected.

- **Arousal:** This tracks the current level of arousal of the couple. It may have a direct impact on available opportunities or reactions, and may have other effects in either your life or Jenny's life. (Maximum: ???). *This statistic will automatically decrease a little bit each night when they are sleeping.*
- **Love:** This tracks the emotional feelings of Jenny toward Christian. (Maximum: 100).
- **Respect:** This tracks the mental feelings of Jenny toward Christian—respect, trust, loyalty, etc. (Maximum: 100).
- **Happiness:** This is calculated from Jenny's overall happiness in the marriage. (Maximum: 100).

## Left Sidebar Menu

The following commands/functions appear on the left side panel menu:

### Phone

The Phone is still in development, but will eventually have some limited functionality.

Currently, you can send and receive texts, and view received media in the “Gallery.”

### Wait A Bit

This function will allow you to wait without doing anything, in segments of 15 minutes, 30 minutes, 1 hour, or 2 hours. Time will pass, but the location will stay the same. **Warning:** Many events are time-sensitive, so using this function may cause some events to either delay or not appear at all. So choose your use of this function wisely, and only if you know that you will not miss something!

### Inventory

This will show Christian’s inventory. Any items that you obtain throughout the game will also show up here (unless otherwise noted). If you are able to use any of your items in the current location, you will do so by clicking on the button that appears when you hover your cursor over the item image, such as in the example shown here.

### Just the Tip [Scene Guide]

Our two main characters, Christian and Jenny, each have their own page. Each scene, event, or accomplishment has its own icon. If you click on the Question Mark-shaped icon before a prerequisite event has been unlocked, the Tip will note that the scene is not yet available. Once each scene has been unlocked, the Question Mark will be replaced by a small thumbnail icon, and the tips will be replaced by a brief memory of the event.

### Surprise & Delight’s CumPoints Sex System

Inspired by the combat systems in other RPGs, many of the game’s sex scenes will use the CumPoints sex system. As a sex scene commences, the right sidebar panel will automatically pop out, displaying status bars for the involved partners. The Player Character—either Christian or Jenny—can choose their actions during the sex scene (though they do not have control over the other partner). Different choices will increase the “CumPoints” reflected in the side panel status bars. When the CumPoints reach 100, the person will cum. Women can cum multiple times, but men can only cum once, ending the scene.

At the top of the right sidebar, a button for toggle menu option will switch between the foreplay and sex options. For example, after intercourse has begun, you can go back and perform oral from the foreplay menu. Occasionally, this may cause some inconsistency in the media with the wardrobe.

## Locations

## Scenes with Brian

*For the triggering of this Event and shared scenes, see entry under Christian's POV section. Only scenes from Jenny's POV are listed here.*

### 1. The Party

- When Christian goes to the Kitchen to get another round of drinks, Jenny will “discover” Brian's very large endowment. She will touch it every time that Christian goes to the Kitchen.
- When Jenny and Brian go to the Kitchen to get drinks, they will chat. If Jenny has touched Brian on the couch, Jenny will explain either (1) that Christian asked her to flirt and he shouldn't take it too seriously or (2) that she and Christian are exploring a new relationship and it might be allowed.

### 2. After the Party

- If Jenny goes to bed with Christian, after sex, Jenny will go to the Bathroom. She will peek on Brian in his room and have a little bit of “alone time” in the Shower.
- If Jenny does not go to bed with Christian, there will be a *CumPoints* sex scene with Brian. This scene can also be repeated as many times as possible as long as Jenny's Arousal remains over 100. At the end of the scene, Jenny can elect to go to sleep with Brian or go to her Bedroom and sleep with Christian. There is no game story/statistical impact of choosing where to sleep.

### 3. The Next Morning (Sharing or Cuckold routes)

- While Christian is in the Shower, there is another *CumPoints* sex scene with Brian.
- After Christian gets out of the Shower, when he is getting dressed, Jenny and Brian have a short conversation in the Living Room.

- Jenny can accidentally walk in on Brian in the Shower. At some point she will decide to record the scene for posterity.

### 6. Random, Repeatable “Meanwhile” Scenes (Sharing or Cuckold routes)

- Sex in Shower
- Two different *CumPoints* sex scenes in Kitchen. The first will appear toward the beginning of the week, the second toward the end of the week. The second scene includes anal sex scenes.
