

## **PAGE FIFTY-FOUR(five panels)**

**Panel 1:** We cut back inside the police station and show Kern hanging from a coat rack by his handcuffs. The rack is nailed to the wall, and he's kicking his feet as he tries to get free.

KERN: This isn't fair! I'm a product of my environment! Don't arrest me, arrest everyone I ever talked to! *They* led me to this moment!

**Panel 2:** The panty sniffer reaches out of his cell, holding a pair of panties toward Kern.

PANTY SNIFFER: Want a whiff?

KERN: Get this freak away from me!

**Panel 3:** We then show Luther, who's holding a bag forward. It's golden and shiny, lumpy with coins. He's wearing the blankest of faces, tiny party hat on his head and a party horn in his mouth. In the background, Kern's freaking out.

LUTHER: This is from the mayor. You're a hero.

KERN: *ARE YOU SERIOUSLY DOING THIS, LUTHER?*

**Panel 4:** Luther holds the bag out to Lucia.

LUCIA: So. Much. Money.

**Panel 5:** This shot's from inside the bag, with gold coins surrounding the camera. Lucia, Max, and Luther are leaning over it. Lucia's got dollar signs in her eyes and's practically drooling. Max is looking over at her, curious. Luther, meanwhile, is blowing his party horn.

MAX: You look happy. Why?

LUCIA: With this, we can buy anything, Max! *Anything!*

MAX: Even friends?

## **PAGE FIFTY-FIVE(six panels)**

**Panel 1:** Shot of Kern flailing around, furious.

KERN: *MONEY CAN'T REPLACE OUR FRIENDSHIP, MAX!*

**Panel 2:** Closeup of a tire as it screeches against the ground.

SFX: *Screeeeeeech!*

**Panel 3:** Thin panel of Griswold's foot crunching gravel as he slams his car door shut.

**Panel 4:** His eyes widen as he hears a car door slam.

KERN: *Wait a minute...*

KERN(thinking): *Cologne, body oil, and hairspray...*

**Panel 5:** Lucia stares at him with a smug Kern. Max looks at Lucia, curious. For this shot, the camera's in front of Lucia. Behind her, there's a tall blacked-out figure standing in the doorway.

LUCIA: What's the matter, Kern? Sad you're gonna spend your life in jail?

MAX: If Only Friend is a hat, can I wear him? If I wear him, does Friend become Object, and do I go back to having no friends?

**Panel 6:** Kern covers his head, looking terrified, screaming.

KERN: Everyone down!
