

Giant dicks have always been your thing. So meeting a deer girl with a big cock? Dream come true—even if she always insists on the full 'Daley Anne Marie' with no nicknames or shortenings ever. Small price to pay, right?

But when the deer girl starts shoving the tip of her giant cock in your mouth, almost making you choke from the sheer *size* of it, you're starting to have second thoughts, just a little bit.

You look over at Daley in a panic, but she just giggles. "It'll taste good," she assures you, "and all you'll have to do is swallow it down and grow..."

And then, she starts coming, and her fluids fill your mouth.

You're prepared to try and get her huge member out of your jaws and spit out her cum, but...she was right. It tastes good, like a delicious sweet cream with a slight hint of salty flavor. And you quickly find yourself swallowing it down. It tastes *great*, and despite your previous reluctance you gulp down more, and more, and more...

"Very good..." the big-cocked deer girl praises, chuckling to herself. "Just swallow it down, slut..."

And you do, happily indulging in her fluids as time loses all meaning, and pleasure becomes the only thing that matters.

It feels like an eternity by the time the flow of cum starts to slow. You whine, lapping at her member in a bid to make the gush continue, but to no avail. Soon after, it stops completely.

"What an eager slut..." Daley Anne Marie teases, laughing once again. She brings a hand forward, stroking your cheek in slightly mocking praise.

It's then that you feel something...strange. Like a roundness to your cheeks, one that wasn't there before you two had begun. Then, it hits you—she'd said something about growing, hadn't she?

You look down at your body, and let out a muffled gasp.

Your fairly lithe form looks like you'd indulged in a thousand buffets and then been inflated further by an air hose. You're *round*, arms and legs like spheroids. And of course, your belly is bigger than anything else, a huge sphere that makes your other body parts look comically small in comparison.

"Oh, poor slut," Daley teases. "Never been cumflated before? Don't worry. You'll be a perfect toy like this, you know. Just gotta sit here and let me use you as I please. I could squeeze and grope every bit of my biiiiiiiiig slut, roll around my inflated sub and look at every angle, or even..."

Just then, she starts to cram more of her cock into your mouth. "...make you deep-throat my giant dick.~"

Bit by bit her shaft is forced down. First, the tip scrapes against the back of your mouth; then, it reaches the end of your throat; and finally it's crammed so far inside you can feel the tip in your plump belly. Her cock is *big*, and she's happy to make you take it, whether you want to or not...!

"Good slut," she says again, and this time you're sure she's mocking you.

She pokes your belly with a finger, hand sinking into your inflated form like she's poking a balloon. "Can't even see the tip of my dick in there," she comments. "That's how big you got...hah!~"

"And you're about to get even bigger," she says, "which will *definitely* be a good look on you.~"

Before you can ask what she means—

—she comes once again, her fluids immediately rounding out your already-oversized gut even further.

You moan as your belly swells outward even further. The cumflation makes you feel way too full and light as a feather at the same time, which is disorienting. Even as Daley finally removes her giant cock from your mouth, the strange sensation doesn't stop.

Curiously, she leaves the tip right next to your face instead of sheathing. You swallow nervously, sure that can't mean anything good...

"That was fun," she declares with a happy chuckle. "It's always nice to use my assets to inflate prey, and then use them as I please..."

The tip collides with your face, your round cheeks brushing against her member. "But now, I think it's time to send my slutty cum dumpster to where you *belong*."

And suddenly—

—her cock is *sucking you in*.

That shouldn't be possible. But her inflating you with way too much cum shouldn't be possible either, so what do you know anymore? Clearly nothing, because in your shock, your head and upper chest get consumed by her giant dick.

“Don’t worry, slut,” Daley assures you with a cruel laugh. “I just filled you with my cum, so I’m getting it back. That’s all.” You feel her groping your plump tummy, cramming layers of newly-inflated fat into her eager cock. “You’ll make good fluid when you’re nothing but chum...”

And just like that, your midsection is inside her too. All that are hanging out now are round, spheroid thighs and legs...

Now that you’re deeper inside her cock, you can feel how cramped it is inside. Her ability to get you inside is starting to make a little more sense—you can literally feel sticky, fleshy walls making your body softer already. She can definitely fit more of you once you’re more mushy...?!

Right on cue, there’s a loud SLUUUUURP as the last of your body is taken by her hungry shaft.

You slide down, down, down, body growing soft all the while, Daley’s giant cock already efficiently breaking your body down into nothing. And as you get softer and softer, going from fat inflated individual to a ball of sticky mush, you go further and further down into her...

...until at last you reach her balls.

Here, you’re surrounded by sticky white, and it seems to almost *cling* to you. You have no strength to fight it now, even as you notice that where the white envelops you, your soft body is slowly turning into more of it. There’s nothing you can do.

“Good slut.” Daley Anne Marie chuckles, and though her voice is distant you can still hear her final words to you. “You’ll be *perfect* for making more subservient sluts juuuuust like you were.~”
