

DRAG*NBALL NTR 6

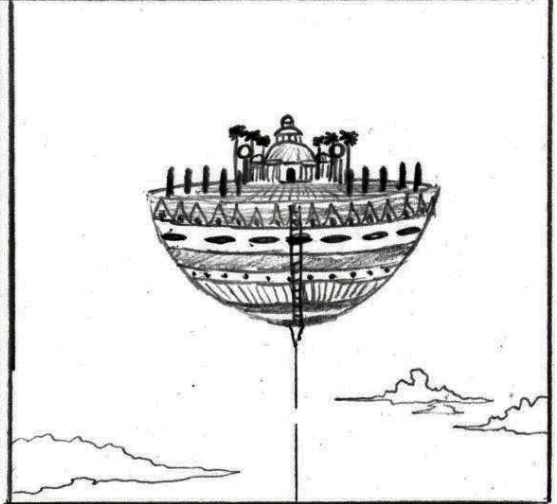

AN UNCONVENTIONAL FUSION

by TheWriteFiction

To keep tabs on their progress, the Z-fighters sent a third person in to make sure the boys weren't goofing off too much.

With the threat of Majin Buu looming, Goten and Trunks were sent into the *Hyperbolic Time Chamber* to continue their fusion dance training.

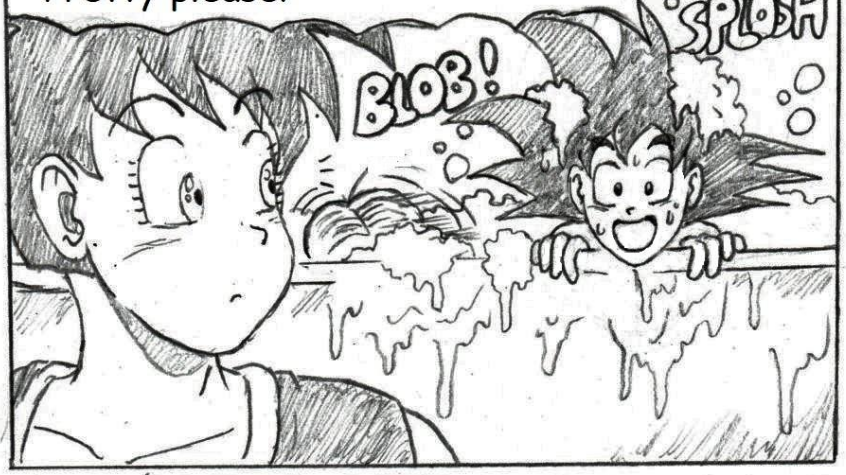

For this part of the year, Videl volunteered to warden them.

Oh? Okay, Goten. Give me a second...

Hey, Videl! Since mom isn't here, could you wash my back for me? Pretty please!

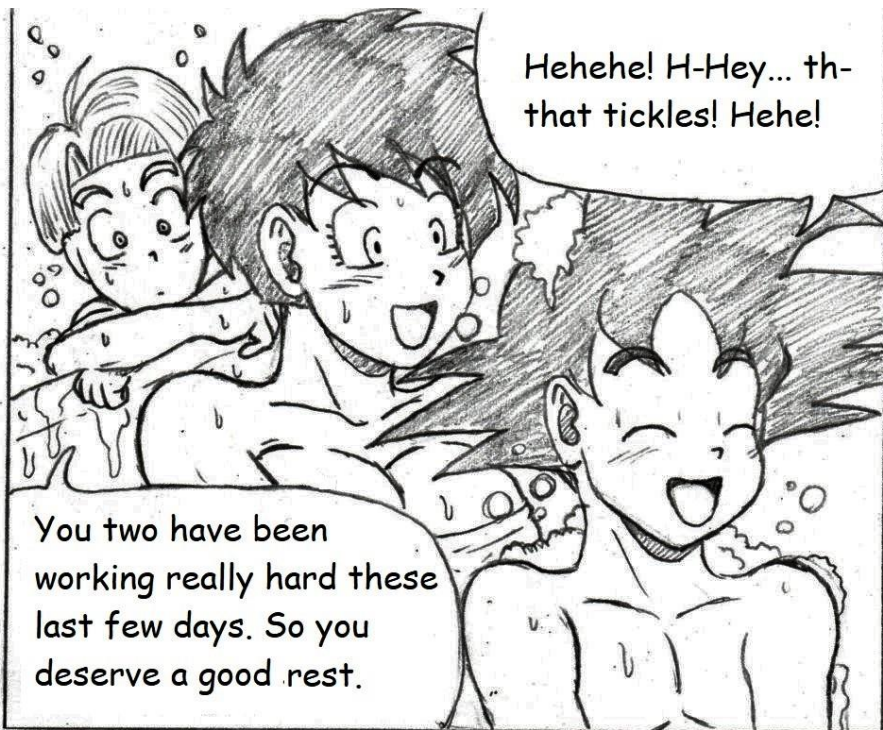

Don't wanna get my clothes wet. Come on.

Hop out. I'll give you a good scrub, little bro.

Ahhh... there we go!

Hehehe! H-Hey... th-
that tickles! Hehe!

You two have been
working really hard these
last few days. So you
deserve a good rest.

A short time later...

D-Do you know how to fix this, Videl?

Wow. I can't believe how big he is. He's... almost as big as Gohan's...

Actually... I think he might be thicker than Gohan's.

But... you have to promise to keep this a secret. Okay?

Yeah. I can.

Y-Yes. I promise.

Ahh... I haven't done it with Gohan since he taught me how to fly. Maybe... his little brother could do just as good a job as he is now...

Ahh... V-Videl...
...wow... ah...
