

Are you already causing troubles??

W-No!! Of course not!

They want to buy fruits..

WHAT?

We're actually getting sales?? Are you sure?

Y-Yeah? I think so..

Yes! We want the handsome guy to give us fruits!!

I want 5 jars of plum wine!!

I want 3 bags of berries!

Coming up!!

What are you standing there for?? Write them down!

I'll go prep the orders!

O-Of course! Your Majesty..

Hurry hurry! Before they get impatient!

Oh, we wouldn't mind waiting a little if we get to stare at him~

T-Thank you..?

Wow, sex does sell, huh..

With Crush's help, everyone flooded into our stall

One by one, my fruit stocks got lighter and lighter.

The stream of people kept coming, thanks to Crush's stupid pretty face.

And before I realized it, it's already gotten dark.

That'll be 2 coins, miss

Thank you~ And keep the change!

Wow, really?

Yeah, for tips!

Cherie, am I allowed to take tips?

My God..

Cherie?

We..

We're.. sold out.

We're sold out??

That's amazi-

WE'RE SOLD OUT!!

We're fucking sold out!!

I'm so happy!!

We did it!! Haha

Ah.. What is this?

His laugh is so contagious

Yeah!!

We did it!

The market's closed!

What are you two still doing here?

We're packing up now~

Even though I'm rejecting the Queen's offer, I'm really glad you came with me to the market today.

No problem! Maybe when everything blows over, I'll come back and help out sometimes!

Nahh, I wouldn't want to bother the Royal General for something like this~

He's actually quite nice once he warmed up to me..

But thanks anyways!

Though His straight-forwardness is kind of cute, too
