AUTHOR'S NOTE

Hi! I'm Kolibris!

**Persona 5 is a very special game. It's what got me to write my first fanfic five years ago, and now it's got me drawing my first doujinshi.
(Unless—does the one I made in middle school count? No? Never mind then.)**

Akira and Ryuji are still my favorite for the absolute dumbest shit I can make them do together. Of course this meant I had to choose Man's Tomb for the fic I wanted to draw—it's so fun and so very stupid and I just love it. I hope you did too!

Man's Tomb went from art, to fic, back to art again... it's the circle of life. Ü

Thank you for reading, as always. Here's to another five years!

Special thanks to...
