

Eve - the first Bimbo

Some old books, written by mankind tell you the story of Eve, Adams first wife and Lillith, who was banned by God from the holy Garden Eden....

But this Story is not true. Eve and Lillith was from the same tribe...and Twins. Both was strong and well trained woman, knowing exactly what they want...and what not. One day, as Eve's bark sunk after a storm on a unkown island:

Shit!
What for a
mess!

Wait.
Where am I?
This cave...

...
is calling my
name?

Why do
everything look
so blurred?

Without any fear Eve get back on her legs. She may not know where she stranded, but someone in that strange cave is calling her by her name...maybe somebody who can say where she is?

Eve - the first Bimbo

The Elder in her village often spoke from Legends where strange, unrealistic lights and effects happen...on magical places which exist on earth, long before Atlantis sank into the floods.

Unbelievable.
I never listen to
the old folks...

EVE!

But
I have never seen
something like that
before...

It looks
like water...
but...

STEP

...gna...
who cares. Let's
go Eve!

0008

Eve - the first Bimbo

And so the strong and confident amazon stepped through the strange looking portal without any sign of fear. The spear in her hand, the secure about her own strength and possibility gave her the security she needs to explore unknown parts...

This voice
in my head...why
does it sound so
familiar?

THERE
YOU ARE...

EVE!

WE HAVE
EXCEPTED YOU!

Eve - the first Bimbo

FOLLOW
THE WAY...

EVE!

DO NOT
FEAR...

And this
voice...it's louder
to hear...

What is this
place? It looks...
mystical.

Eve - the first Bimbo

YES...

EVE!

COME...

CLOSER!

Without any fear Eve steps inside the, surprisingly warm, water...not realizing that her Loincloth is completely vanished by some unknown magic. Is it smart to go further into that strange, mystical place?

Eve - the first Bimbo

This water feels...different... it is warm...

...and it smells like Strawberrys? How can water have such a smell?

This place is mystical. I need to be carefull.

As Eve said: This place is mystical. How true her words are are clearly to see as her pubic hair vanish after she left the water...

Eve - the first Bimbo

SO...

By all...
That place is

CLOSE!

INCREDIBLE

COME...

Eve - the first Bimbo

A woman with dark skin and her hair in a bun stands in a dark, cavernous space. She is surrounded by several glowing, golden statues of women in various poses. In the background, a fire burns on a rock. The scene is lit with a mix of blue and orange light. The woman is looking towards the fire.

I've never seen such a place before. Is this all the so called magic our elder are talking about?

I feel a presence...a very powerfull and strong presence...

...but here is no body else... just me.

Eve - the first Bimbo

THERE...

YOU...

ARE!

It is obvious that this place must be a temple of femininity. Well endowed femininity to be true...

Eve - the first Bimbo

Without any warning a wave of energy rushed over Eve's body as violet flames appear on the surface of a small water puddle...and inside the flames some burning eyes shimmer...

What the...
what is this
magic?

GREETINGS

EVE!

But what ever comes through the magical portal seems human...and female.

Eve - the first Bimbo

*Greetings
the choosen one...
Eve...let me
introduce...*

*I am Lustra,
the Joybringer,
and bringer of your
Destiny and that
of the whole
world!*

*It was
your fate to explore
that mystical cave and
my old Temple. No one
else would see this
island.*

Eve - the first Bimbo

How do you know me...who... what are you?

I know everyone who is alive. As I said: I am Lustra, the Joybringer.

My Sisters and I once created the universe and the world where you live.

So you are a goddess? I will not kneel. I never do!

Ok but you will kneel and more ... not before me. And yes...I am a Goddess...

But unlike my sisters I still have an eye on this earth...and I do not like the fate which will take place. So I take care that the future will be more Joyfull.

Eve - the first Bimbo

Eve - the first Bimbo
