

Outline:

- “COOKIES!” Rachel declared, charging into the kitchen.
- A plastic container from a grocery store is on the counter. Inside of it are plain cookies with white frosting and green dots on them.
- “Oooooo! Yoshi Cookies! Don’t mind if I-” Rachel is about to open the container when she spots a note beside it.
- “Dear Rachel, I went to get a jug of milk. Don’t start eating the cookies before I get home or else! Signed, JD”
- Rachel snickers and shakes her head. Poor, naive hubby. Thinking he can stop me with a simple note and vague warning!
- She pops the case open and takes out two of the cookies. “Just for that, I think I’ll have two of them!”
- However, just holding them already triggered something. Her fingers go down to four digits and are quite pudgy and green.
- Still, she doesn’t care and bites one of them in half, eating it up.
- Her hair instantly shrinks to above her ears
- Frills pop out as she licks her lips.
- “Yummy! It makes my tummy feel full!” Her stomach start to bubble and chub up, breasts shrinking and sagging a little.
- Her thighs and hips fatten up and get a bit wider
- Pop-pop, her shoes change into Yoshi brown booties
- She gives the cookies a small sniff, her nose growing a bit rounder
- Yummy smells, yummy taste! Wherever JD got these, he hit the jackpot.
- She finishes the first cookie off. FWOMP! Tail growth to moderately size Yoshi tail
- Her nose swells up into circular snoot, turning green. Lower jaw goes white and trail leads down her neck to her stomach.
- The back of her shirt rips open to reveal a red smooth shell
- As she licks her fingers of crumbs, she notices her big pudgy fingers, arms turning green and smooth scaly
- Ears vanish and cheeks get pudgy and wide
- She notices her snoot and pokes it. So big and pudgy
- Her shirt stretches and stretches as her torso and belly really chub up, her waist and hips widening further
- She huffs. “Oh? Is this supposed to be the “or else”? Well, what I gotta say to that is this: CHOMP!”
- She snarfs down the second cookie fast, giving a cartoonish, familiar GULP sound effect
- Her poor pants and underwear rip off as her lower half swells into a cartoony pear shape. Not too wide or big, but moderately though, with the top torso half stretching longer
- Completely null crotch and bottom with no chest. A Yoshi didn’t need to be suggestive after all. Just adorable and huggable.
- Still, big tail energy as the Yoshi tail extends longer.
- Hair completely vanishes as he licks his fingers of crumbs and then his face.
- His eyes swell and skull shifts.

- So good, so tasty, soooo “BUUUUUURP!” Rach the Yoshi lets out a big burp as his muzzle and snoot grow longer, much more bulbous and large, and bigger all around
- The Yoshi rubs his belly, satisfied with the cookies and thinks about having more
- That’s when JD shows up, horrified that Rach had already feasted upon their treat. He wanted to share them with her together and was opening the magic spell would stop her
- Rach laughs, saying it didn’t. He uses his tongue to snap the milk jug into his maw, cheeks ballooning out huge, before spitting it out onto the counter beside the eggs. Not a drop of drool or spit at all~
- JD huffs, saying not to do that. Rach laughs and says he’s just jealous he has superior tongue ability now~
- JD blushes and says he’ll figure out how to undo the spell, saying the box will let him get the cookies out with no problem
- But Rach slides up to him and pulls him for a soft hug, suggesting not to do such a thing. Why not enjoy the cookies as they are and join in the Yoshi fun?~
- “Come on~” Rach rubs his nose against JD’s cheek, “You know you want a big snoot like this~.”
- THE END?
