

"Mother of god, I'm just tired of all of this"

Victor says, a tone of despise about his entire life escaping from his thin lips, his tired-looking eyes just looking down to the floor.

He is just tired, tired from his whole life, plenty of struggles and rejection from everyone around him.

"Seems like there will be a better place without me," He says to himself, his tired eyes looking down to the floor, as he just thinks about the history of his life.

As these sorts of feelings run through his mind, there is a lovely surprise; a stunning-looking woman passes through the table where he is eating his lunch, it is his rest and Victor looks very tired, probably due to the over-stressful job as a cleaner, he wakes up very early, at 4 A.M. working nonstop till 10 P.M. with a job like this is no wonder why he looks so tired, he barely has the energy to eat his lunch, considering there is almost 8 hours left.

"Wow, she is so hot," Victor says, his eyes looking at the stunning woman.

He just takes a look at the girl, she is gorgeous, a long wavy, long, and lustrous hair, a toned slim body, and beautiful eyes, she is just perfect,

with a glow in her eyes, she looks like an eighteen years old, a full life to enjoy.

Victor just sighs as he keeps eating his lunch, he is in his late twenties, and, while he is not overweight, he is not a good match, he is your average late twenty man, with plain clothes, a very cute smile, and slightly overweight, probably a good thirty pounds, and no more, everything about him says average, and very nerdy.

He just spends his free time playing videogames and role-playing, his lack of exercise makes him not fat but just flab and very average, his pale skin with a blotchy face and short brown hair, this is what he is, in all his nerdy average glory.

He just looked at the chick, her youth, the glow in her eyes, in that moment he just thought about how would be to be her, with all her youth and time for an exciting life, far away from the boring life of his.

"My God, I wish to be as hot as here, just look at that stunning body," Victor thought, thinking about those words that escaped from his lips.

"God, I did it, I just think I thought that, but hell no, I finally said that, wow, that's right, I wish to be a woman," He says, finally accepting the truth he has been hiding for so long.

A truth, his inner desire, buried deep under layers of bitterness patterns and conventionalism.

But today, finally these inner desires coming out to the surface.

"Would you like to be her? Maybe I can help you" A voice spoke from nowhere, the voice, which sounded kinda calm and lower in their tone made Victor shocked, wonder who spoke that.

"Maybe I'm starting to get mad or is just the stress, but, wow, where does that voice come from?" Victor says, with a hint of fear inside him.

Victor started to feel a tingling running through his body, entirely his body, he felt a shiver running through his entire spine, cascading through the back of her head, to his anal sphincter, dreadful yet strangely pleasurable shiver running through his entire spine.

"God, what is this? I think I just. Oh"

Victor let out a moan, his voice cracking an octave higher, his entire body going into a pleasurable tingling, he feels his penis erecting, the pleasurable feelings running through his entire being makes as a result his cock getting hard really fast.

"This is odd, I just don't know what is going on but, my god, this feels weird," Victor says, his breathing accelerating, waves of a warm pleasure running through his body, the tent formed in his crotch area, as a result of his hard member, formed a tent through the fabric of his jeans.

"I'm a horny, damn man" He groaned.

Victor could not believe this surge of pleasurable sensations running all over his overweight physique, he could not help but let out a moan, this time even louder than the first one very few seconds ago, he didn't notice his voice turning a little bit higher, he was lost into a pleasurable fog dulled his instincts and rational mind, the very thought of there is something wrong dissipated by the pleasurable waves of pure arousal into his entire being.

"What is happening to me? I'm so horny right now, why, this is so good but hell this is not me" He moaned, his voice sounding higher pitched, this concerns him as his tired eyes are wide open.

"What happened to my voice, this is not supposed to sound like this," Victor says in a breathy tone, sounding higher pitched by the second.

"I don't know what is happening to me but oh god it feels good, but this is something wrong" He moaned, with a hint of fear inside him.

"Don't you worry, this is what you want, right?" The voice from minutes ago spoke again.

"What? What is going on?" Victor says, his voice sounding girlish and his face looks scared.

"Don't worry baby, enjoy the pleasure and embrace your inner self, Vanessa" The voice said.

"Vanessa? Who is that-" Victor abruptly stopped talking as an electric shot of pleasure assaulted his entire self, and a huge moan escaped from his lips.

"OH GOD," Victor roared in utter bliss, his worries and fears wiped away from his entire mind.

Victor didn't notice his physique starting to undergo a strange change, his entire body rippled, the mass of his overweight shape twisting, reshaping into a different being.

"Vanessa sounds like fun"

Victor's high-pitched voice said, moaning as the constant surge of pleasure assaulted him.

He kept moaning loudly as her moans turned less masculine and more feminine, you could hear them all over the campus and think there was a woman who was enjoying a very good time.

But fortunately, there is nothing who can hear his moans.

"Vanessa loves fun" Victor moaned, his fogged mind embracing the Vanessa name little by little.

While his mind is in a constant surge of feelings and new memories from a new foreign life, his overweight body seems to be changing.

Victor's body mass shrinking by the second, his upper body slimming, the muscle and fat shrinking, the hair on his skin receding, you can see his torso becoming slim, with the fat and muscle evaporated, leaving in its place a slim torso, with his former chest become a pair of big D cup breast, his shirt got very loose on his diminished frame, his arms lost all his mass and turning into a pair of slim arms with a pair of feminine dainty hands, the slim fingers of his feminine hands are very well manicured, a pink color decorated the new dainty fingers.

"Vanessa wanna fun, Vanessa needs fun" Victor's feminine voice groaned, his changing eyes glowing with glee.

Victor cannot help but moan loudly and more slutty as a very spoiled brat, his facial features reshaping, the face becoming angular as the few wrinkles from his stressful life vanished, turning years younger, becoming the face of a stunning woman, probably in her early twenties, the hair growing long and black from the scalp, a beautiful mane of black raven hair adorned her young stunning face.

"Vanessa's hair is beautiful, I love my hair, I'm so hot and horny" He moaned, memories from a new life invading his mind little by little.

Victor kept moaning as he unzipped his pants and let them fall to the floor along with his boxers and began to stroke his hard dick with his dainty feminine hands, with each stroke his body changed further.

The pleasure is so strong that he is barely aware of the place he is, but there are just useless things as he is horny, and just there is only one thing in his mind.

"Vanessa is horny, needs fuck, oh god" He groaned

His belly receding, turning flat and smooth, his lower body undergoing a similar transformation, the mass of his legs receding, turning a very pair of hot toned feminine legs, his butt reshaping, turning into a hot, tight pair of buttcheeks, his legs turned toned as well, with a decent amount of feminine muscular tone as his overall shape, the toned and tight slim body from a young woman.

"God, Vanessa, you are a bitch in heat" He moaned, thinking about a sex night with a hot stud partner.

His skin gained a very healthy tan overall his feminine body.

"I need a hard dick right now"

The final changes happened as the last remains of Victor's masculinity spurted away from his cock into very hot streams of sticky white liquid erupted from his hard cock, which is shrinking at every spurt, as the only remains of Victor shrinking completely, his dick turning into a very hot clit, his testicles receding into his shaft, leaving the opening of his new labia and the new lovely tunnel of love.

"YES, GOD YES"

The waves of pleasure as a result of this marvelous orgasm lead Victor's mind into a buzz, his clothes shifting turning into a luxury mermaid

sequin purple dress, the one that fits the new hot tight body like a glove, accentuating every curve of this hot young body.

The only remains of Victor's former self are the white seed resting on the floor as a result of the last male orgasm.

New memories flash inside the mind of this hot creature, finishing the transformation.

While this happens, the world around her twists, reshaping, almost like this new lovely creature has been transported to a new place, one to match this lively hot female.

The place has plenty of things that make you think of a luxury party.

Vanessa stood there and saw everything around the place, of course, she was invited to this lovely luxury party, thinking about being the hottest she was dressed in this stunning dress that made her hotter than she already was.

"You got it, girl, you are the hottest, and horny as fuck" She says, followed by a giggle.

She stood there, her stunning body will every man drooled over her, and she knew it.

"I need a hot sex night, of course, yes," She thought, the memory of a hot night is what matters.

"Look at that specimen," She says with a wanton lust in her stunning eyes, the sight of a well-endowed man looking at her, sent a very warm pleasure that ran all over her body.

"Good, seems like we are into a good lucky day" She grinned at him in reply, looking at his big bulge between his strong muscular legs.

"My god, you are getting ready huh, let's see what are you made for," She thought, her arousal increasing inside her, looking at him with wanton lust, he let her know the same arousal growing at looking at her stunning body from head to toe, giving her a wink.

"God yes, you are looking at my hot tight body, I like that, everyone does it, keep looking at my hot tight body, I think you are getting hard

right down there," She thought with a grin adorning her face, wink at his upcoming lover.

"Enough talk for today tough, I need to get on top of you and feel all your maleness inside me," She thought, while her stunning legs made their way towards her new victim, there is a fact when this lovely gal makes her eye towards someone there is no chance to be rejected, she has that charm and beauty that makes every man in the world stare at her and be at her mercy.
