[Blue] = Noises

(Green) = Tone

Enjoying the party?

...

Sorry~ I didn't mean to scare you. I saw you standing over here all by yourself and I just figured I'd come say hello. I haven't met you before. Who did you come with?

...

Oh, I see. And where are they now? Have they left you all alone? How rude of them. Who would leave such a pretty little thing by themselves? Don't they know how dangerous it is? You could get swept up by a monster...like a werewolf...or maybe even a *vampire*.

Not amused by my charm? Tell me, what do you not like about it?

...

My teeth look fake? [laughs] Oh darling...if only you knew. But never mind that...is there anything about me that you *do* like?

...

The costume? I'm glad you think so. My...um..."costume" is custom made.

...

You know...there's quite a few people around. Why don't we find a private room to...continue our conversation.

...

You barely know me? Well, if you knew me better, would you join me? [laughs] I see you're thinking about this very seriously. Tell you what...have you ever heard of a game called truth or drink?

It's a game where one person asks a question and then the other person either has to give an answer...or drink. Simple enough, right? If you play this with me, maybe we can grow closer. What do you say?

I like your enthusiasm. Ok then, you go first.

...

Do I like Halloween? Starting off mild, I see. Well...you could say I like it. I do enjoy being able to roam around without anyone staring at me. Is that a good enough answer? Great. My turn...are you single?

Yes? That's amazing news. Now I don't have to compete for you. You next~

...

Am I single? You really are taking the easy way out with these questions. Does the game not interest you?

You don't know what to say? Ok fine~ I'll help you take it to the next level, but fair warning...I won't hold back anymore. Aww don't be scared. I won't be *too* harsh on you. Let's make this a bit more...interesting. What's the most sensitive part of your body~?

...

*[laughs]* You're drinking instead of answering? I didn't think my question was that bad. *(mock sadness)* Will you really not answer it for me?

Well, no matter. If you won't tell me, then I guess I'll have to figure it out myself. Next question, darling.

...

Tell you a secret? Hmm...let me think...oh~ I know. This..."costume" you see me wearing isn't actually a costume...I'm actually a vampire.

Why are you laughing? I'm being very honest with you. It's your own fault if you don't believe me.

You want me to prove it? I'm not sure how to do that, my dear.

...

Do something a vampire would do? Hmm...well there's something I have in mind...but I'm not sure if you're up for it. It's a bit...physical...and it may hurt.

What am I going to do? I'm going to bite your neck, of course~.

You still want me to do it? Are you sure you know what you're asking for? You're crazier than I thought. Ok, mortal, I'll bite...but I ask that you don't scream. I would hate for anyone to intrude on our time together.

*[whisper]* Are you sure about this? I'll give you one more chance to back out.

*[low laugh]* You are either incredibly brave or incredibly stupid. Or maybe you just want to feel my lips on your neck, who knows?

...

Was that a moan I just heard? All I did was brush my lips against your neck and you're already shivering. Tell me...did I just figure out the answer to my earlier question?

No? Next time you lie, make sure your words and your body are on the same page. Because just the feeling of my hot breath on your neck is making your heart beat *very* quickly.

*[kissing noises]* I am very much liking your reactions to me kissing your neck. Your neck is very sensitive, human. I wonder what would happen if I ran my tongue across your skin~.

Mmm...I can feel the pulse in your neck beneath my tongue. It's making me thirsty for more.

You're lucky this party is loud, because you are certainly not being quiet. Dragging my sharp teeth across your skin did something for you, didn't it? Do you like pain?

Well you're in luck, because what I'm about to do next will certainly be painful. Prepare yourself, darling.

Mmph...mmmm...*[low grunts and small moans]* You taste...delicious. It's been a while since I had someone this enjoyable.

Wow~ just look at you. Your eyes are full of lust. You really are enjoying yourself. Do you believe me yet?

...

More? How about I move this sleeve off of your shoulder...this spot is very tender. *[low grunts and small moans]* Mmm..your moans are like music to my ears. Where have you been all this time? I am quite enjoying this...are you?

But... I can't keep doing this out in public, you know. I wouldn't want us to get caught. That being said...have you changed your mind on going to that private room?

PATREON TITLE: Vampire Boy Breeds You at a Halloween Party [M4A] [Breeding] [Tearing Clothes] [Biting] [Marking] [Rough Sex]

C'mon...follow me, darling.

...

Will this room do? No one will bother us here.

How do I know? I own this house, dear. This is my party, didn't you know? Looking at your shocked face, you obviously didn't. But enough chit chat...we came here for a reason, right?

Let me get a taste of that neck again. *[low grunts and small moans]* Fuck...why do you taste so good?

Now that we're in a quieter place, I can hear your moans even better. You're really enjoying yourself, aren't you? *[low grunts and small moans]* God...this is amazing. I need more. This costume needs to come off *[clothing rip sfx]*...I want to taste your body.

You look like a feast before me...you're stunning. What a lucky vampire I am~ Where else should I bite you? Your chest? *[low grunts and small moans]* Your stomach? *[low grunts and small moans]* How about your thighs... *[low grunts and small moans]*

Look at you...flustered and covered in my marks. If any other vampire saw you right now, they would know exactly who you belong to. I've claimed you as my own. Does that excite you?

Judging by how turned on you look...I'll take that as a yes. Now...I've been holding back for a very long time. Can I let loose now?

...

Smart choice, human. Now do me a favor...lie on that bed for me...and spread those legs nice and wide. *[clothes sfx]* The way you're looking at me looks so...enticing. How badly do you want me?

...

*[laughs]* That bad, huh? Ok then...I won't leave you in suspense any longer. *[wet sfx]* Wow...you're dripping. You've been dying for this, haven't you? Dying to have me touch you where you've been aching for stimulation.

*[wet sfx]* Hmm? My fingers are cold? Well...I *am* a vampire. I'm cold all over. Does it feel nice having my cold fingers inside of your hole? I'm sure it's a new sensation for you. Don't worry...you'll get used to it.

*[wet sfx]* You like this spot here, don't you? Your body shakes when I push my fingers against it. It's adorable. Humans are so easy to please.

...

Stop teasing and put it in? Impatient, aren't we? Do you not like how I tease you? *[laughs]* I love that face you're making. Fine then~ have it your way.

*[wet sfx] (teasing)* What's the matter~? You said you wanted me to put it in. Oh...did I shove my cock in too quickly? My bad~

*[wet sfx and improv noises]* It feels so hot inside of you...you might burn my dick off. *[wet sfx]* Tell me...did you think you would end up here tonight? When you were putting on that sexy costume, did imagine you'd be fucked by a vampire? Have you ever fantasized about it? I bet you have...given how excited you are right now.

*[wet sfx]* Don't hide your face. You can't cover up that blush, darling. I want to see all of you while I pound you senseless.

*[wet sfx]* Did you know that vampires can't have babies? But...I've always wanted to try. Maybe you could be the exception? Do you want me to breed you? Fill you to the brim with my cum until it's pouring out of you? It may not work...but magic has its ways, doesn't it?

Nngh...you're getting on top? But how am I supposed to fuck you like this?

...

You'll fuck me? I'd like to see you try. I've lived a long life, human. It's going to take a lot more than just riding me to make me cum. But give it your best shot.

*[wet sfx]* You really are determined, aren't you? I do enjoy watching you struggle while you fuck yourself on my dick. What's the matter? Getting tired already~?

*[wet sfx]* W-what are you-? *[moan]* Are you...biting my neck? Fuck...I never knew this could...feel this good. Nngh...shit...when you suck on it like that...hah...wait...hold on! I'm cumming...fuck!

*[heavy breathing]* You...you're...I don't even know what to say...I came from that. You're sneaky, human.

Wow...look at all that cum pouring out of you. Looks like I'll have to fill you back up again. What~? Don't tell me you think we're done here. The night is still young, darling. And who knows~. Maybe I'll let you have control again...I quite liked being at your mercy. So...bite me again, won't you?
