Mako-Chii~ Reads: Stuck with Me - Written by SGA - Charlotte by MimiPunc

[Charlotte]

Oh, hey there, bro~

[Narrator]

Your roommate and long term friend, Charlotte, looks up at you from the sofa. You sat down next to her, defeated, your evening's plans having just fallen through.

[Charlotte]

What's up? You sitting with me for the night? Still not got a girlfriend, eh bro? Don't worry, I've got nothing better to be doing either... might as well entertain you. Hmm... what can we do? I know, why don't I show you how big I can get? It's been a while, huh?

[Narrator]

Your face flushed at the mention, and of course Charlotte clocked it. She loved to tease you about the fact that your fetish just happened to be an ability she could just do without any logical explanation. But, you rolled with it, it was too good to say no to.

[Charlotte]

Well, let's start with my tits... *m* Oh yeah, that's a good start *m* yeah, look at these babies growing *m*

[Charlotte]

[Narrator]

You stared at her as Charlotte's breasts clearly began to expand beneath her tight pink t-shirt. You could see the shape of them clearly, the mounds rising off her chest and puffing out to fill her top more with each moan out of her lips.

[Charlotte]

Oh wow, I've *m* only just started and already you *m* can't stop staring, can you? *m* that's really sad, bro *m* you're so weird, you know? No wonder you *m* haven't found a girlfriend, what sort of girl would *m* let you stare at them as their expanding *m* boobs filled out their top, huh? Oh well, guess *m* you're stuck with me~

[Narrator]

With each moan, her breasts swelled and swelled, really starting to fill out her top now. You could see her big nipples clearly underneath it, and they were hard. No matter what she said, she was enjoying this too, she always did.

[Charlotte]

Ahh, that's a pretty good start. My top is like full to bursting lol. Oh, come on dude, you wanna feel them, right? These big girls of mine? Here~

[Narrator]

She grabbed your hand, dangling slackly by your side, and placed it up and into her boob beneath her top. Your hand easily sunk in just a bit, and you couldn't help but feel the smooth and warm flesh up against your fingers, and feel it jiggling slightly beneath the wobble of your nervous hand. She pushed your hand in deeper, causing it to sink further into her oversized chest.

[Charlotte]

Aww, I didn't know you could turn even redder. How cute~ What if I made them *m* grow bigger, right *m* under your hand, hmm? Do you like that? I mean, *m* I don't mind doing it, you know, *m* if it'll make you even more *m* embarrassed. Ehehe~

[Narrator]

As she giggled, Charlotte grabbed your other hand and placed it on her butt.

[Charlotte]

But, aren't we both forgetting something here. My butt could do with a *m* boost, too, don't you think? *m* There we go, just like that~ *m*

As she moaned, you could feel her thighs inflating as her butt expanded outwards behind her. You could feel her butt growing out between your fingers, as she pushed it to swell bigger and bigger. Her pink shorts were already straining, being lifted up as the flesh beneath continued to pulse thicker. Soon, her thighs had grown at least a couple of full inches outwards in all directions with new, somehow more jiggly flesh, and Charlotte grinned down at them as she continued to make them expand.

[Charlotte]

m Ohh yeah, they're looking nice and round already *m* Looks like you love my wide hips, huh bro? *m* You're so weird, you know that? *m* No wonder you can't find yourself a girlfriend *m* Well, guess you're stuck with me then *m* Go on, you can feel them more, I don't mind~ *m*

[Narrator]

With her permission, you brought your other hand down and could feel both her butt cheeks swelling outwards in a glorious sensation you had never experienced anywhere else. Just to feel that incredible flesh of hers swelling out and pushing against your fingertips with each moan that escaped her cheeky lips was easily enough to turn you on, and she knew full well that it was. As her butt swelled outwards, and you tried to keep your hands up against it, you were pulled further against her massive tits which were already completely filling her stretchy top. She grinned as you had to lean into them to keep feeling her butt, and stopped growing it.

[Charlotte]

Aww, even though you're feeling up my butt, are my big tits still embarising for you? Don't worry, I can always still make them *m* bigger~ If that would help *m*

And once again, her shirt filling tits began to fill out even more. Already quite stretched by her previous growth, it only took a few seconds before her shirt began to tear, each one revealing pale breast flesh that poured out, seeking more and more space. You watched on in amazement, as their swelling continued, and soon it was down to just a few straps of the shirt hanging on and holding the enormous boobs up against her, but as they grew the pressure built and built until at last they tore away and her tits were free to bounce enormously as their final restraints fell away. The enormous mounds now came down to her waist easily, with her nipples almost as big as her hands.

[Charlotte]

Ahh, that's so much better to be out from under that cramped thing~ Now these things are free, what should I do with them? Hmm?

[Narrator]

Charlotte stepped forward and pushed her massive tits up against you. You stepped back, and she did it again.

[Charlotte]

Oh come on, don't you wanna have these big girls on top of you?

[Narrator]

She pushed them into you again, and you almost sank into their immense jiggly mass.

[Charlotte]

Come on, why don't we go lie down on the sofa?

[Narrator]

Charlotte then almost pushed you over to the sofa, deliberately bumping into you with her boobs or butt at any occasion. When she had you lying on it, she climbed on top of you and clumsily attempted to unzip your fly, which she couldn't see at all beneath her immense bosom.

[Charlotte]

Ah-hah~ There you are~ Come on out to play, little guy. I've got some *big* friends I want to introduce you too~

[Narrator]

Your already hard dick was out, and soon it was sandwiched between her enormous breasts. In reality, they sandwiched almost your entire waist, approaching your knees in one direction and over your bellybutton in the other, but that didn't stop it feeling amazing when Charlotte began to massage them.

[Narrator]

She started to moan lightly as she played with them as they were obviously quite sensitive, but you could feel the jiggly reverberations echo through to your dick, and it felt incredible. Feeling the enormous mounds jiggling on top of you was incredible enough, but watching Charlotte's red face above them was even better. She said she was doing this for you, but it was clear that she was loving every second of this from the look on her face.

[Charlotte]

Hold on, let me sit somewhere even more comfortable~

[Narrator]

Charlotte got up off you and walked down the couch, then prepared to sit back down, only on top of your face this time, removing her shorts and panties as she stood. Soon, you found her dripping pussy right above your mouth, as her huge boobs once again enveloped your dick.

[Charlotte]

pleasure moan Ohh, you don't hang around do you? *pleasure moan* yes, keep going~

[Charlotte]

[Narrator]

The jiggling returned as Charlotte began to work massage her huge tits even more forcefully, with the sensation spiking as she herself moaned. Her expansive butt cheeks practically covered your whole face, meaning you couldn't really see anything, but you didn't mind, you could tell just from her voice that she was appreciating what you were doing. Each time you managed to get her to moan loudly, she'd take it out on your penis by really being forceful on her breasts, which of course encouraged you to play rougher too. This cycling continued, building and building the pleasure you were both feeling until at last, both of you came at once.

[Charlotte]

Being pleased into climax

[Narrator]

Her juices sprayed down onto your face, as yours sprayed up between her enormous tits. Charlotte slowly caught her breath.

[Charlotte]

You know, maybe we should do this more often. It's kinda fun, lol.
