

sob

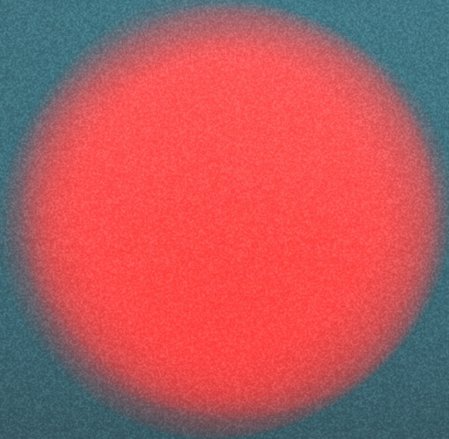

sob

The sun
in your
chest

is a
piece
from
earth's
core.

A part of
eternity
that became
one with
your soul.

It'll
keep you
unchanged
until the
planet stops
spinning.

And

I gave
you
a body

made
from
ashes,
lava,

bones,

solid
enough to
overcome
catastrophes.

You will
be able
to save
yourself

and the
forest
that
grows
on you,

no
matter
what
happens.

And
now

I will
give
you

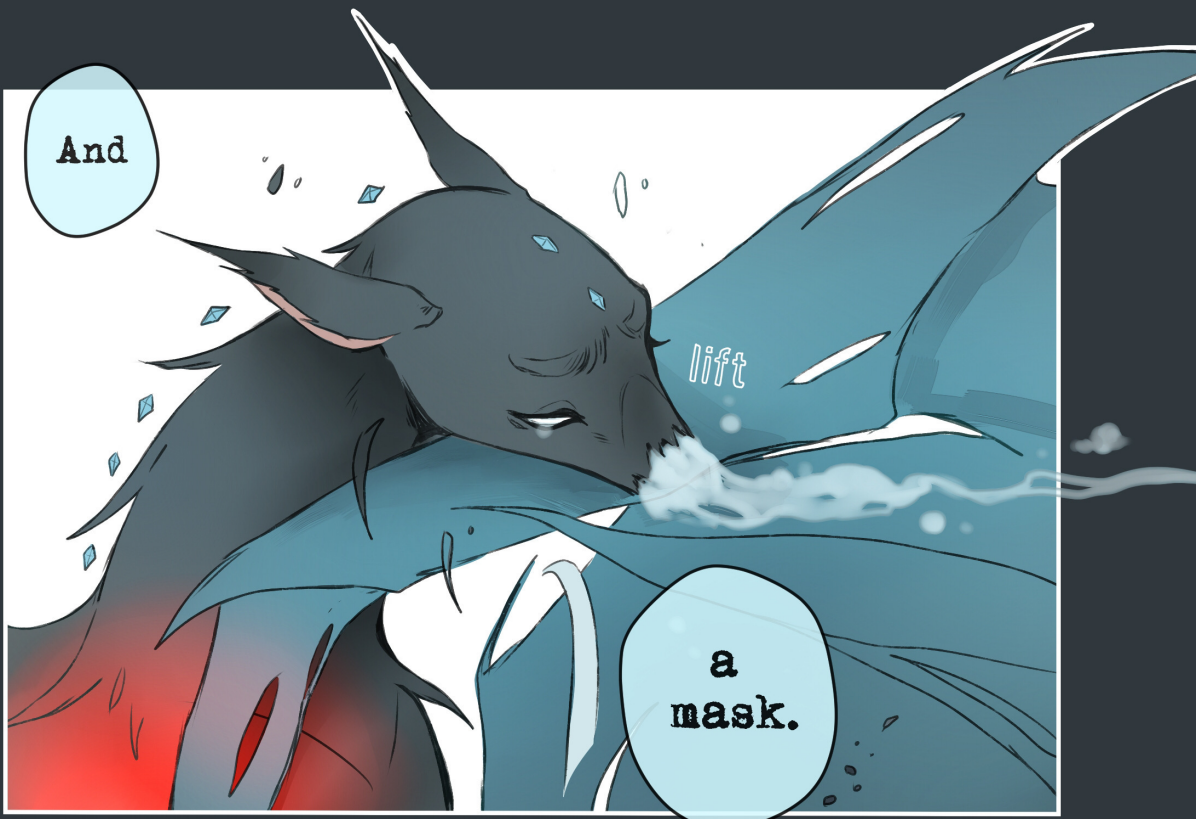

a
name.

I will
call
you:

flinch

And

lift

a
mask.

grow

So that
it won't
hurt
anymore,

gasp

and to
hide
your
tears.

Mother
...

gasp

And where-
do you
come
from?!

Life.
the Great
Whole
...?

heave

Where
does

everything
come
from?

gasp

My
dear
child
....!

crash

There
are
things

we
cannot
have
answers
to

and
we
never
will.
