

# Eve - the first Bimbo

Some old books, written by mankind tell you the story of Eve, Adams first wife and Lillith, who was banned by God from the holy Garden Eden....

But this Story is not true. Eve and Lillith was from the same tribe...and Twins. Both was strong and well trained woman, knowing exactly what they want...and what not. One day, as Eve's bark sunk after a storm on a unkown island:

Shit!  
What for a mess!

Wait.  
Where am I?  
This cave...

...  
is calling my name?

Why do  
everything look  
so blurred?

Without any fear Eve get back on her legs. She may not know where she stranded, but someone in that strange cave is calling her by her name...maybe somebody who can say where she is?

# Eve - the first Bimbo

The Elder in her village often spoke from Legends where strange, unrealistic lights and effects happen...on magical places which exist on earth, long before Atlantis sank into the floods.

Unbelievable.  
I never listen to  
the old folks...

EVE!

But  
I have never seen  
something like that  
before...

It looks  
like water...  
but...

STEP

...gna...  
who cares. Let's  
go Eve!

0008

# Eve - the first Bimbo

And so the strong and confident amazon stepped through the strange looking portal without any sign of fear. The spear in her hand, the secure about her own strength and possibility gave her the security she needs to explore unknown parts...

This voice  
in my head...why  
does it sound so  
familiar?

THERE  
YOU ARE...

EVE!

WE HAVE  
EXCEPTED YOU!

# Eve - the first Bimbo

FOLLOW  
THE WAY...

EVE!

DO NOT  
FEAR...

And this  
voice...it's louder  
to hear...

What is this  
place? It looks...  
mystical.

# Eve - the first Bimbo

YES...

EVE!

COME...

CLOSER!

Without any fear Eve steps inside the, surprisingly warm, water...not realizing that her Loincloth is completely vanished by some unknown magic. Is it smart to go further into that strange, mystical place?

# Eve - the first Bimbo

This water  
feels...different...  
it is warm...

...and it smells  
like Strawberrys?  
How can water  
have such a  
smell?

This place  
is mystical. I need  
to be carefull.

As Eve said: This place is mystical. How true her words are are clearly to see as her pubic hair vanish after she left the water...

# Eve - the first Bimbo

SO...

By all...  
That place is

CLOSE!

INCREDIBLE

COME...

# Eve - the first Bimbo

I've never seen such a place before. Is this all the so called magic our elder are talking about?

I feel a presence...a very powerfull and strong presence...

...but here is no body else... just me.

# Eve - the first Bimbo

THERE...

YOU...

ARE!

It is obvious that this place must be a temple of femininity. Well endowed femininity to be true...

# Eve - the first Bimbo

Without any warning a wave of energy rushed over Eve's body as violet flames appear on the surface of a small water puddle...and inside the flames some burning eyes shimmer...

What the...  
what is this  
magic?

GREETINGS

EVE!

But what ever comes through the magical portal seems human...and female.

# Eve - the first Bimbo

*Greetings  
the chosen one...  
Eve...let me  
introduce...*

*I am Lustra,  
the Joybringer,  
and bringer of your  
Destiny and that  
of the whole  
world!*

*It was  
your fate to explore  
that mystical cave and  
my old Temple. No one  
else would see this  
island.*

# Eve - the first Bimbo

How do you know me...who... what are you?

*I know everyone who is alive. As I said: I am Lustra, the Joybringer.*

*My Sisters and I once created the universe and the world where you live.*

So you are a goddess? I will not kneel. I never do!

*Ok but you will kneel and more ... not before me. And yes...I am a Goddess...*

*But unlike my sisters I still have an eye on this earth...and I do not like the fate which will take place. So I take care that the future will be more Joyfull.*

# Eve - the first Bimbo

# Eve - the first Bimbo

eeeerrrr....

# Eve - the first Bimbo

Lustra...  
why me... I feel so...  
weak...

# Eve - the first Bimbo

*Because you  
are weak now, Eve.  
I drained all your  
strength away.*

*For your  
destiny physical strength  
is not needed...but some  
other attributes.*

I am a warrior!  
I need my muscle strength!  
I NEED to be  
strong!

# Eve - the first Bimbo

You are kidding me Lustra, aren't you?

\*CROW\*

\*CROW\*

\*STRETCH\*

# Eve - the first Bimbo

They are still growing?

Lustra... stop this...please. I was already huge on top...now I am gigantic!

# Eve - the first Bimbo

*Eve!  
Calm down. I have to  
do these changes. It  
is for the future of  
every woman.*

That is  
what you  
say...

*I have a younger  
brother. Jakve is his  
name. He always was  
jealous because he was  
the only guy...*

*After eons, as  
my sisters moved away  
he took his chance and  
manipulated many  
women.*

Okay...  
keep on. I am  
listening...

*With each new  
generation femininity will  
fade away. You and your  
sister are no exception.*

# Eve - the first Bimbo

*After your return he planned to take you away from your place, forming you ...*

*...into his ideal woman...a woman who hate her womanly attributes and feel shame for ...*

*...every pleasure. It would become an archsin and in thousands of years most woman...*

*...will feel shame for showing some flesh...and more!*

# Eve - the first Bimbo

That IS  
what Jahve  
want?

*Not only that  
Eve. He wanted to transfer  
all your power to a guy named  
Adam - he should be your  
Husband...and Master.*

*With him  
you will have two sons.  
But your Sister is also in  
his plan. She should  
become a sinfull  
demon.*

*Cursed and  
alone for all eternity...  
while you will die in  
nearly 27 years by  
the hand*

*of an  
barbaric guy from  
an another tribe.*
