

Mindset - Feminine

You just love your new role models! With a good dose of "*Mindset - Feminine*," you won't need to look hard when it comes to who to emulate in your day to day life. Any female mannerisms and speech you find cute, delicate, sexy, or attractive you will unconsciously take on as your own. You won't even know that you are doing it! Find your body behaving like a woman unconsciously. Focus on stereotypically feminine ways of moving, acting, talking, and thinking and learn to hate any actions that seem too male or androgynous. Give "*Mindset - Feminine*" a chance and be the girly girl you were always meant to be!
