

Eighteen's Gratitude

Short Comic

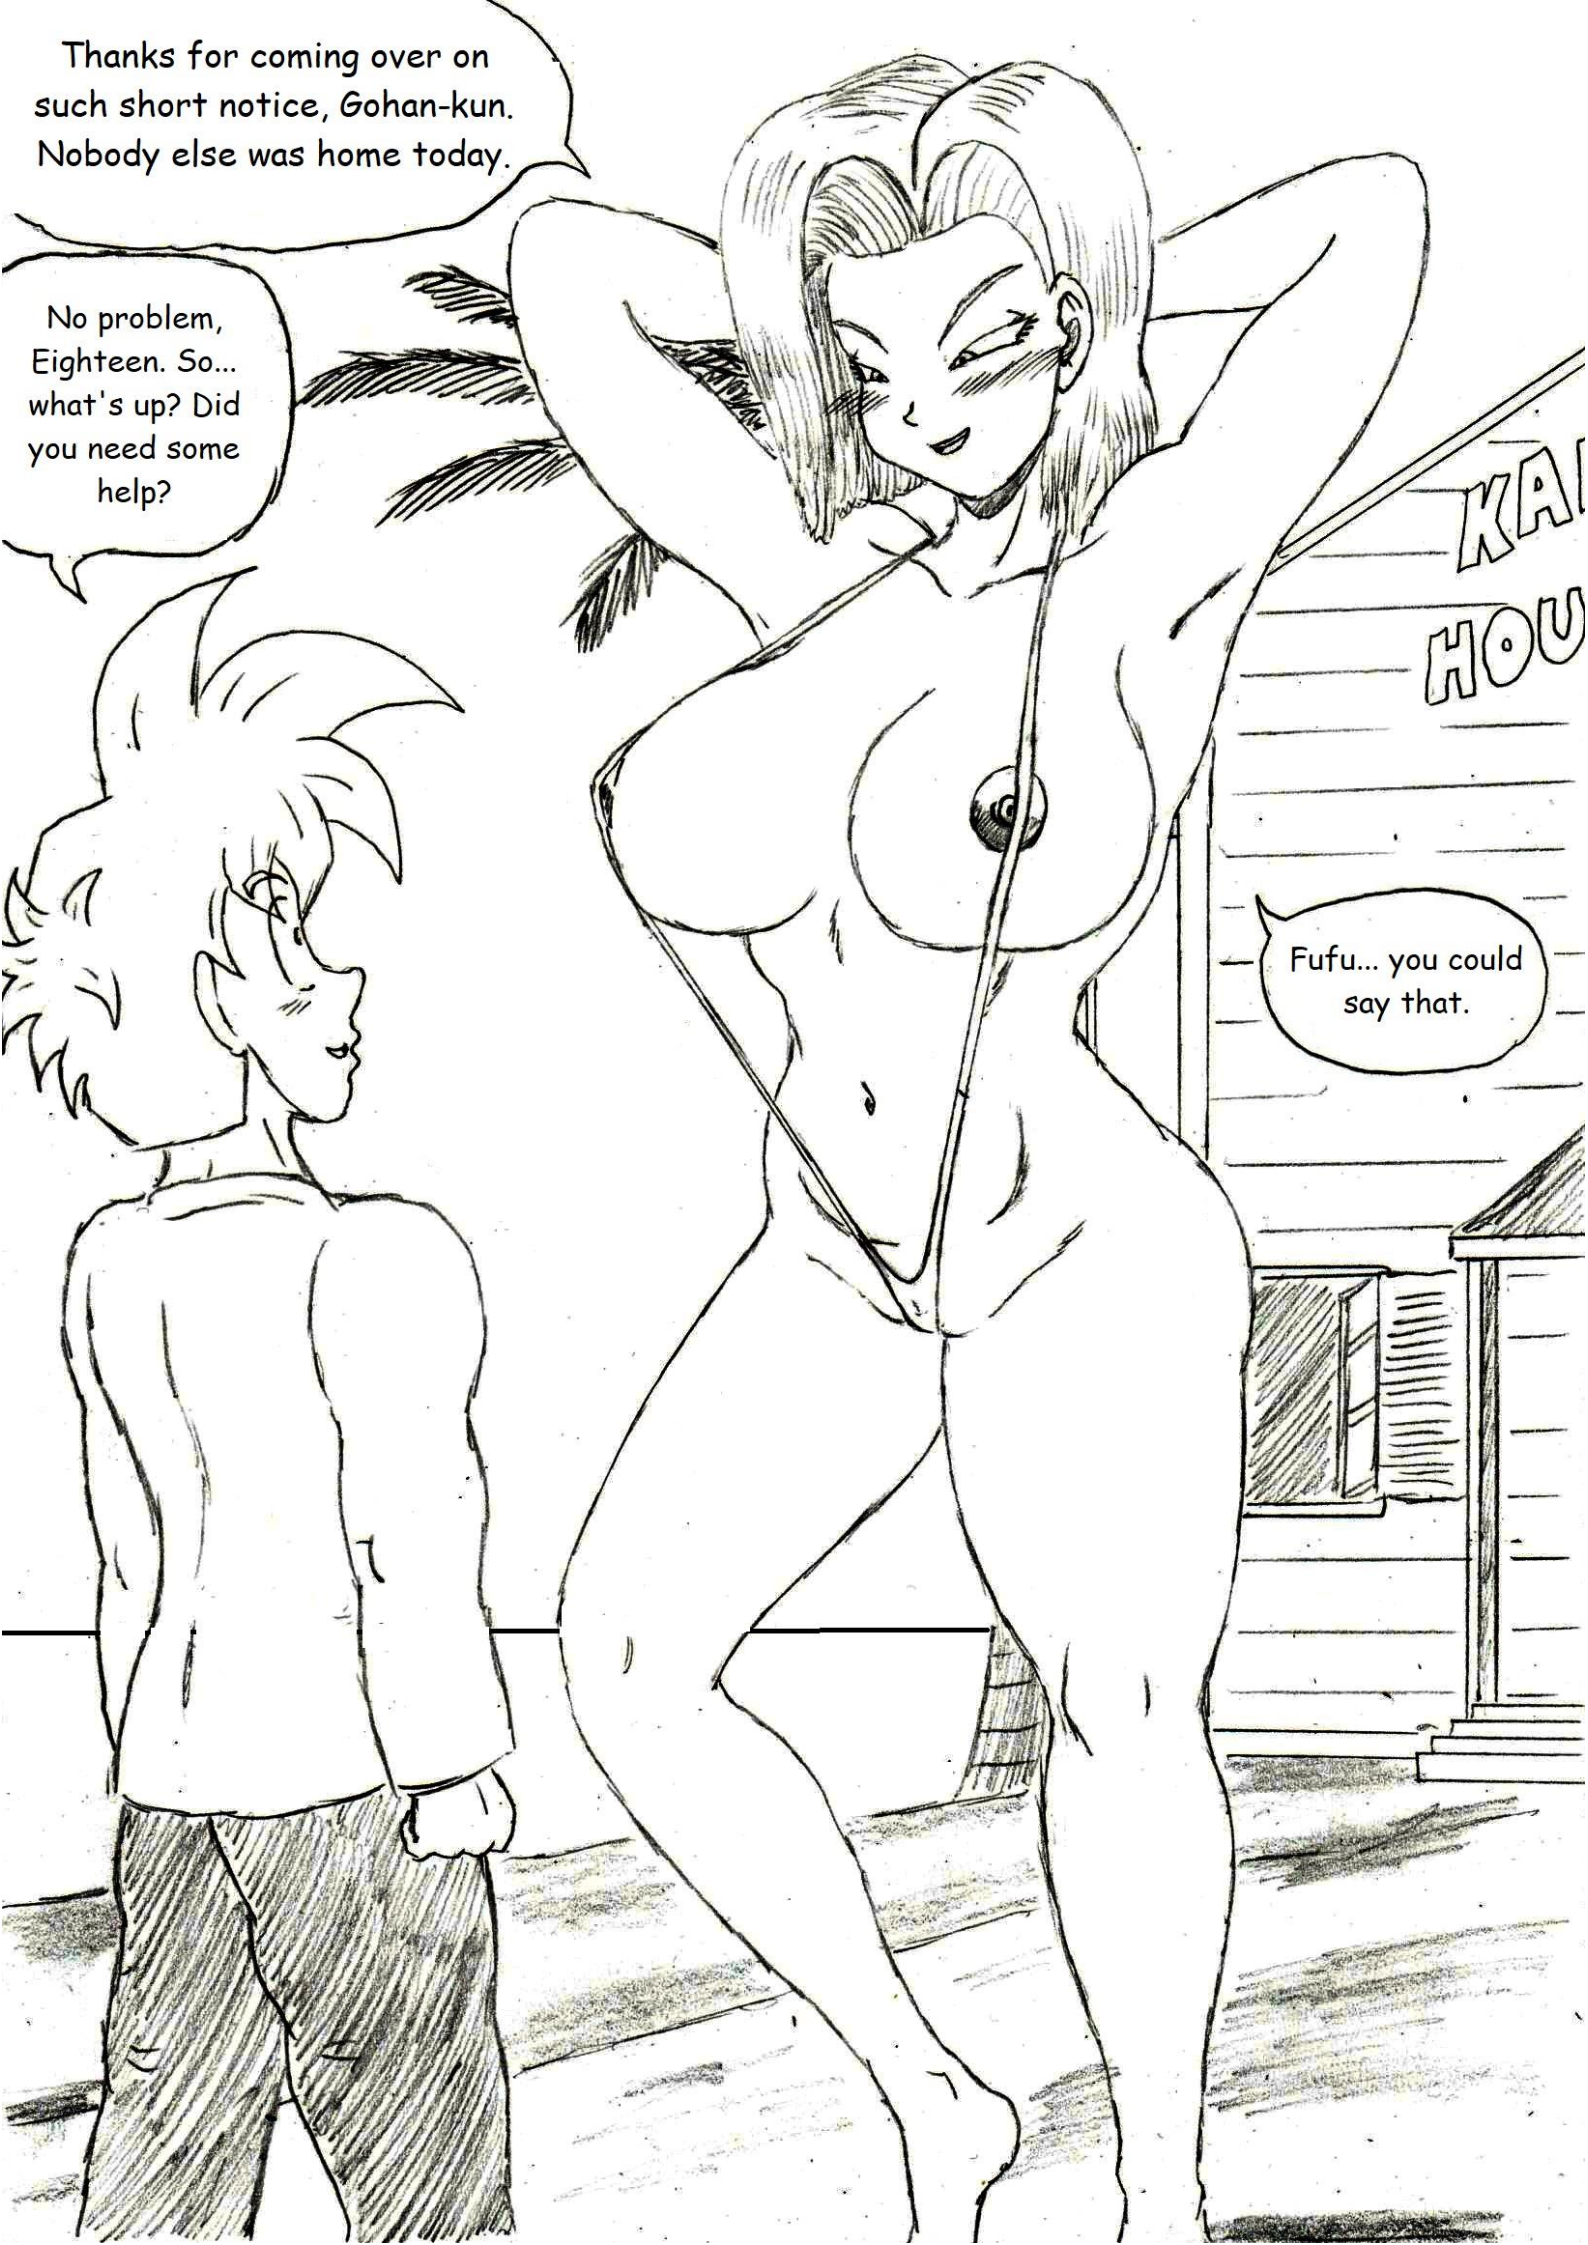

By TheWriteFiction

Thanks for coming over on such short notice, Gohan-kun. Nobody else was home today.

No problem, Eighteen. So... what's up? Did you need some help?

Fufu... you could say that.

What do you think of my new swimsuit?

Oh. It looks great, Eighteen.

Fufu. Really?

Yeah. It compliments your body so nicely.

Mmh... you're sweet.

Ah... his words are making me hot.

Why don't you and I head up to my boyfriend's bedroom?

Well now... since your words managed to turn me on...

BYO!

JIGGLE!

BYO!

Fufu... well... I wanted to thank you for complimenting me on my swimsuit... among a few other things.

Uhh... E-Eighteen... what are you doing?

O-Other things... like what?

Well... for being such a cutie, to start. Now... get ready... cause I'm gonna rock your world all night tonight.

Slip!

Bye!

Slip!

B-But what about Krillin?

He won't know a thing, babe. He'll be out with the others the whole night.

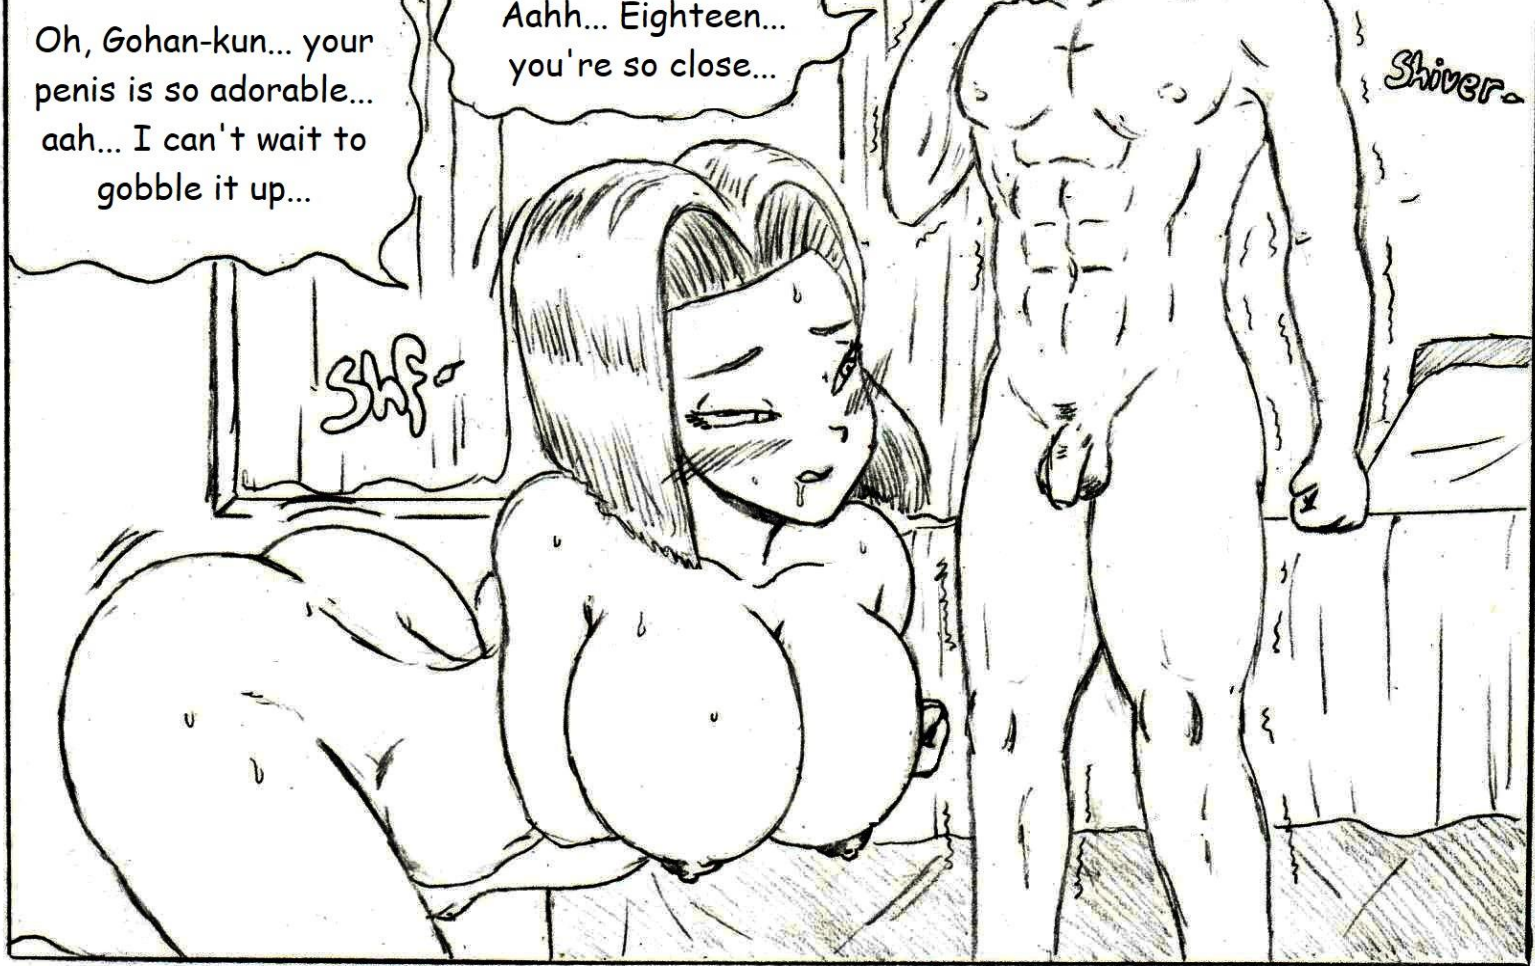

Oh, Gohan-kun... your penis is so adorable... aah... I can't wait to gobble it up...

Aahh... Eighteen... you're so close...

9:35AM - The very next morning.

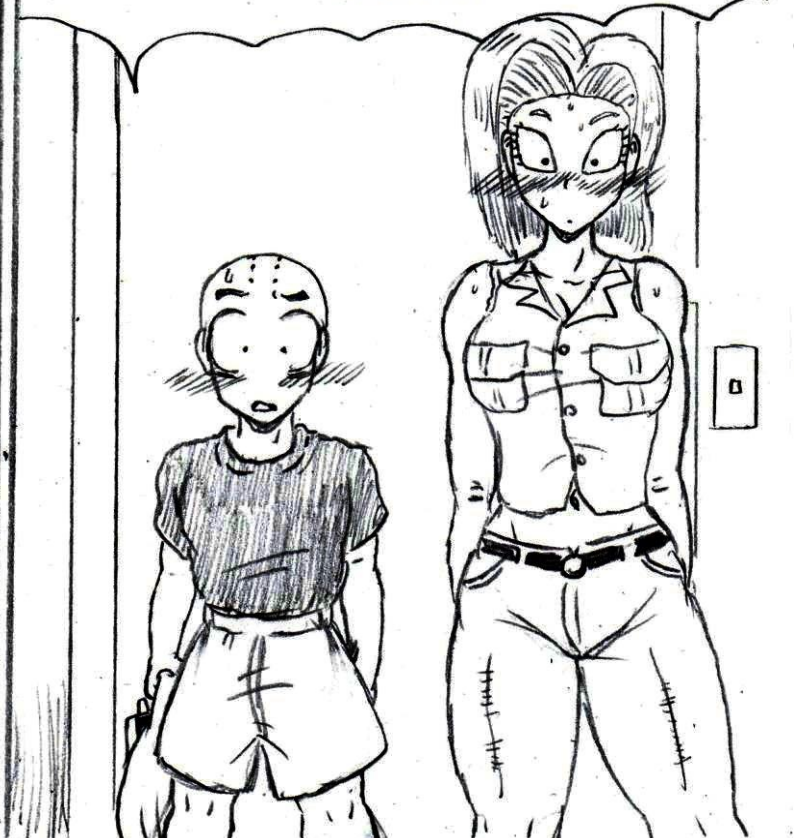

Oh... hey there, Krillin. I wasn't expecting you home so soon.

Welcome home. Is it morning already?

And why is Trunks's time machine parked out back?

Uhhh... hi... Gohan... and another Android 18? W-What exactly are you doing in our bedroom?

In this messed up timeline, Future Gohan managed to seduce Android 18 to his side and save the world. She, Bulma and several other lucky women are now using him to repopulate the Earth that the androids had ravaged.

As it turned out, the Android 18 Teen Gohan had been coupling with wasn't the original one.

Come on, stud. Let's have some fun. ♡

Oh my, Gohan-kun. Not even fully erect yet and you're still so big. ♡

After Future Bulma, Future Videll, and Future Android 18 each gave birth to four children (so far), this Android 18 from this timeline travelled back to the past to acquire a stronger Gohan's seed to continue repopulating the Earth of her time and to further strengthen the human race. This not only made up for the lives she took, but also gave her a life she was happy and fulfilled with.

AH! AH! SO BIG! OH! SO HUGE! AAH! GOHAN-KUN! AH! NOT SO HARD! AH! AH! YOU'RE... GOING TO STARTLE THE BABY!
