What are the main free areas, like? Full of Chaos and Disorder. Excess, you have plenty, because you take plenty so things light + subtle

Provide all needs must be met all day. Does this even work for light + arts? Like there are demand days when they can make demands - at some point they will be met

All or the surface is well but Deep Down is there something else - it's not something not good

What is this "something" called? Need to distinguish for the underlying aspect of all of it.

Every Transaction has some sort of value based exchange. What is in it for me
