HAPPY BIRTHDAY HINATA! CELEBRATING 10 YEARS OF EAR UNDIES

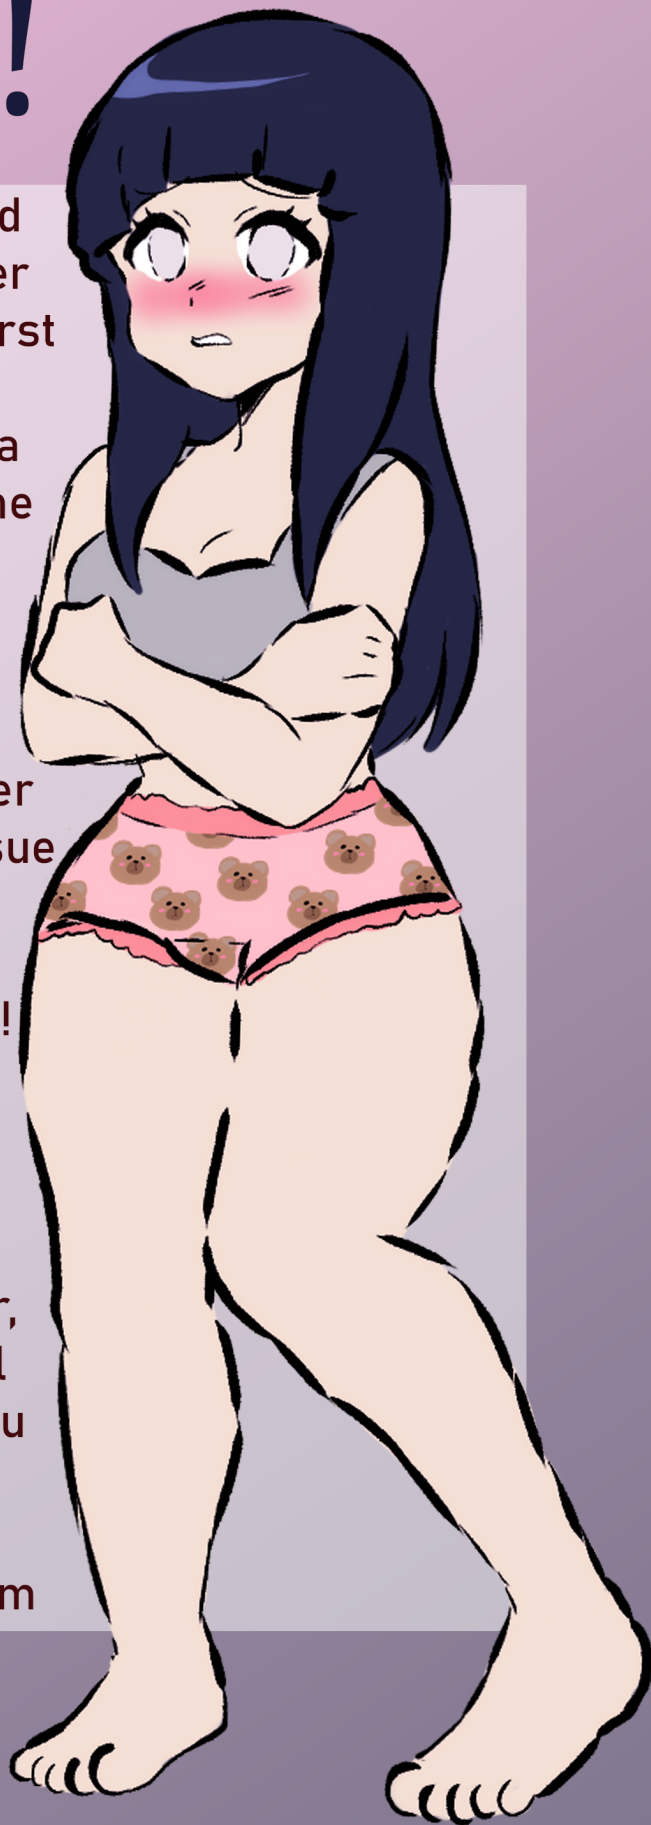

Happy 10 years *HINATA!*

Hello, dear readers! This month, and thanks to the help of deviantArt user KingConsultant, we bring you our first special issue, dedicated to Hinata Hyuga, from Naruto. This has been a consistently popular character in the wedgiefandom, and we've decided to help KC celebrate her success!

Therefore, this issue is dedicated mostly to her (as well as some other Naruto characters). This special issue is also a bit shorter than the last few because finals are almost here and the team of Wedgie Wednesday! are all working on their own personal stuff.

To compensate, we will bring you a ton of surprises during the summer, so please have fun with this special issue while we work on bringing you more wedgie and EUF content!

A Naruto wedgie story

Hinata didn't know what to expect when Sakura told her she wanted to meet her outside of the village. She had known the pink-haired girl for many years, but even she had trouble figuring out what went through her head sometimes, so she made her way to the hill where Sakura had told her to wait for her without trying to draw much attention.

The first surprise came when she saw her friend standing there instead of hiding, as she had assumed she had been called there so Sakura could mess with her for a while. The second surprise (and the most pleasant) came when Sakura ran towards her to give her a hug.

"Congratulations, Hinata!" she exclaimed as she embraced her old friend.

"Huh?" the blue-haired girl was confused. It wasn't her birthday, and nothing had happened recently to elicit such a response from her. "W-what are you talking about?"

"Today marks the 10 year anniversary of the first time I ever gave you a wedgie!" Sakura replied, as if that explanation made any kind of sense. "Remember when we were just kids and I gave you your first wedgie?"

Hinata remembered it very well, unfortunately. Sakura had been relentlessly wedgieing her since they were little, always mocking her choice in underwear.

"Y-yes, I think I do..." she replied sheepishly, fearing the worst.

"Well, today I'm letting you get your revenge!" Sakura said, as enthusiastic as ever, as she turned around and stuck her butt up to the other ninja. "Today you can pull on my underwear instead!"

That was certainly unexpected for Hinata, who just stood there for a few seconds without really knowing how to reply. That was certainly a very tempting offer... but Sakura was her friend!

"A-are you sure?" she asked, fiddling with her hair. "Wedgies are very painful, you know?"

"A hundred percent sure!" her friend replied without losing her enthusiasm. "Go to town with my panties! I can take a little wedgie!"

"Well... if you say so..." Sakura whispered, approaching her.

She put her index fingers together and launched them up her friend's perky behind, which elicited a squeal from her.

Before she could react in any other way, however, Hinata yelled:

"Wedgie no jutsu!"

And a pair of pastel pink panties, covered in little white flowers, poured out of Sakura's black pants, forcing the ninja to her tiptoes and getting her to squeal a bit. Hinata chuckled as her friend was tortured by her own panties for a few seconds, the fabric turning itself against its owner and stretching itself up her back... but after a while, she began to feel a bit bad for her, and she called for the panties to snap over Sakura's forehead, securing her panties over her head in what looked like a very painful atomic wedgie.

"Are you okay, Sakra?" asked Hinata as her friend stumbled forward, taken by surprise by the sheer power of the wedgie.

"Y-yes, this is n-nothing!" Sakura replied enthusiastically before giving Hinata a thumbs up. Unfortunately for her, the redness of her cheeks and the twitch of her left eye gave away the fact that she was finding this experience not only very humiliating, but also excruciatingly painful.

Hinata chuckled, finding it funny to see her friend in such a predicament. It made sense that Sakura would have trouble taking a wedgie like a champ, considering her perky butt was not nearly as prepared for them as Hinata's, as she didn't get as many wedgies. It was fun to be on the giving end for once...

"Man, I'm sure I look super dumb right now..." Sakura said with a chuckle, her face still quite red. She scratched the back of her neck as the realization hit her.

"A bit, yes," her friend replied. "But that means you now understand how I feel whenever your or I no give me wedgies!"

"Yeah... I can almost taste my undies..." Sakura said as she proceeded to pry the cotton from in between her round buttocks. "So! Don't you think it's time to honor the tradition and give you a few wedgies?"

Hinata froze. She knew this was coming, but after Sakura had allowed her to give her an atomic wedgie, she had lowered her guard. She attempted to get away, but Sakura was faster and caught up with her almost instantly, grabbing the waistband of her panties to prevent her from running.

"Eeep!" the ninja cried as her pink panties covered in little teddy bear faces were exposed to the world.

"This again?" Sakura asked when she noticed the childish print in her friend's underpants. "Come on, Hinata! You're too old to be wearing this kind of panties, don't you think?"

"B-but I like them..." the girl mumbled as she cupped her crutch, her cheeks going pink. It was true that she had been wearing that kind of childish panties since she was little, but they were just cute! There was nothing she could do about it, she just liked cute panties.

She didn't have much time to give more excuses, though, as her friend dragged her back to the top of the hill and proceeded to give her a hanging wedgie using one of the branches of a nearby tree.

"There!" Sakura said as she dusted her hands. "Now we're even, Hinata!"

"H-how is that remotely fair?" Hinata wondered, her feet dangling in the air as she tried to unattach the panties from the branch. "I only gave you one wedgie, while you've been giving them to me since I was a little girl!"

"And that's what makes you the wedgie girl of the village, my friend!" Sakura said with a shrug. "Welp, now I need to go run some errands! Hope you don't mind staying there for a while!"

"W-wait, don't-" but Sakura had already run off, determined to leave her there, trapped in her hanging wedgie. "Sigh... every year..."

Guest Artist of the Month

Our artist of the month this time around is Justtrying, who decided to participate in this month's issue after we talked to him about the theme of the special. Here is Hinata buying a pack of her favorite kind of panties!

Wedgie Warriors!

Before you can see this month's contenders, here is the loser of last month's fight: Jinx, from League of Legends!

It seems like this wacky lady was not strong enough to beat the infamous Harley Quinn in hand to hand combat, and she ended up getting an atomic wedgie because of that. Better luck next time!

Wedgie Warriors!

To keep Wedgie Warriors in line with the theme of this issue, we decided to make this issue's fight all about ninjas! This time we have a manga character vs a comic book character, and although both are pretty sneaky and dangerous ninjas in their original works, only one can leave with their underwear unscratched!
