

PIN OF THE MONTH CLUB

PATREON CATALOG

In May of 2018, I made my first enamel pin. Due to the overwhelming support, I was able to make another design, and then another. Now, thanks to the support of collectors from around the globe, I am able to produce a new pin every single month! We pride ourselves on creating unique, intricate designs and we accent each pin with a unique, illustrated backer card. This catalog represents the full list of open and limited edition pins that have been released so far. If you would like to add any pins to your monthly shipment, send us a message and we'll be happy to help!
