

## The Fun Never Stops

Princess Brooke is like no one I have ever met! Friday afternoon, I Ubered her over to my home. She plans to move in soon but we are taking things a bit slow on that front. The ride here is over an hour and a half for her, so when she arrives, her bladder is usually completely full.

I waited on my hands and knees on the driveway like usual as the Uber pulled up. She always loves to tell me about the driver's reactions as they see me kneeling there. I rushed to the car and opened the door for her, taking her bags and following behind her inside the house. I looked back to see the elderly driver in a complete state of shock!

"Quick, to the toilet! I'm about to burst!" Brooke ordered! I helped with her jacket and then got on all fours where she sat on my back to remove her shoes. She had on a tight pair of grey camo leggings with a baby blue turtleneck sweater! I crawled behind her to the bathroom watching her toned and powerful ass sway back and forth. Her cheeks are so thick and defined, rising and falling with each step!

I lay down under the toilet seat in the box and she laughed while looking down at me.

"I began taking a new vitamin supplement, you are going to love this, My nutritionist ensured it would be foul!" she smiled as she pulled down her leggings and took a seat! I was greeted by the sight of her pink puffy pussy lips and cute wrinkled asshole, I had no idea what she was speaking about though.

Her stream of urine began and I choked before it even hit my lips! Brooke began laughing hysterically above me as her urine rained down, washing over my face and filling my lips! It was so hot, so spicy! I opened my eyes for a second and could see the liquid, it was like a neon yellow! Practically glowing in the dark! Brooke laughed harder hearing me choke and seeing my reaction, she was peering between my legs.

"My piss is going to be like this for the next two months, so enjoy it while it lasts!" she smiled and closed her legs while the final few drops let her pussy, i had never been so thankful for a piss to be over! The moment she left I ran to the shower and rinsed my head, gagging and choking the entire time. The flavor of her spicy urine was burned to my throat, it took five mouthfuls of alcoholic wash before I could finally breathe properly! Brooke listened from outside the bathroom, I could hear her giggling the entire time!

As soon as I finished cleaning, she had me call another uber so we could go grocery shopping at an all-natural organic market nearby. I ordered the uber, and lo and behold, it was the same older man from before! He smiled and waved to us as he pulled up and we both laughed.

“What a coincidence” Brooke smiled as she walked to the car, I rushed before her and opened the door for her. When I closed it and walked around, opening the other door to get in, Brooke was already mid-conversation with the driver.

“Yea, I just had to drop off my things and use my toilet, now we’re going grocery shopping!” she said with a smile. Before he could respond, she pointed to me and laughed.

“This, this is my toilet” she then grabbed my lips and pinched my cheek, the Driver smiled awkwardly as he began driving.

It was a short ride, only 12 minutes, but Brooke made the most of it trying her hardest to embarrass me and let the Driver know of our relationship.

“We’re going to replace all the poisonous food in your kitchen Slave, all of it! Besides, since I am gonna be feeding you daily now, you won’t need all that trash, right? Just organic food for Princess! We can get all sorts of beans, spices, and tomatoes too, then you can make me some chili! I know how much you love my farts!” The driver looked into the rearview mirror with shock on his face. Brooke saw it and smiled before turning to me...

“Tell me, tell me how much you love me farts” she grinned, I was turning so red.

“I love your farts Princess, so much” I mumbled, she laughed...

“Louder!”

“I love your farts princess! So so so much!” I replied at full volume, the Driver began laughing audibly, Brooke joined in

“You can laugh at him, it’s fine, he’s so pathetic right?” Brooke asked the Driver. He smiled and laughed politely..

“You two, are... very good for one another,” he said in an accent.

“Just imagine how good your breakfast is gonna be after all the chili I am gonna eat! Lately, I was going easy on you, but now that I know the extent of your depravity, I think I can use you the way you were meant to be, with no limits, right?” Brooke asked with an adorable smile! Her blonde hair looked like gold running down her shoulders.

“Of course Princess!” I replied.

At the organic market, Brooke had me spend over \$400 on food, supplements, and plants for the house. She also had me purchase a special water filtration system because she doesn't like taking in any sorts of chemicals or non-natural things. As we walked around the store, countless times she ordered me to the floor on my hands and knees, all so she could step onto my back in

her boots and inspect some products. When there were a lot of people around, I noticed she would do it, even more, stepping up onto me just so others would watch in shock. A small part of me feared she would pull down her pants and use me as a urinal right then and there.

When we left the store, we called another uber and a new driver arrived for Brooke to humiliate me in front of. It was a quick ride home, Brooke walked inside as I carried all the groceries. It took thirty minutes to unpack everything and organize the kitchen, as well as throw out all the toxic food that Brooke said was no longer needed. When I was placing the last item away, she appeared at the kitchen door.

“I want chili” she demanded while opening the cupboard and taking out a bag of Organic chips. I watched as she walked away, her ass shaking back and forth. At the stairs, she stopped to look back at me.

**“AND HURRY! I’M HUNGRY!”** she smiled and walked away.

I began cooking her lunch right away. A big pot of organic homemade chili. The ingredients I used were tomatoes, black beans, kidney beans, red beans, chickpea, onion, jalapeno, parsley, garlic, cilantro, a bit of lime, paprika, and a ton of chili powder. I tried the chili before bringing it up to her, my god it was amazing, but holy shit was it spicy! I plated the Chili in a bowl on a plate surrounded by organic tortilla chips and brought it up to Brooke.

She dug the spoon in and took a small bite of the bowl, her eyes lit up as she swallowed and began laughing.

“Wow, do you have a death wish?” she asked with a big grin. Before I could even respond she set the plate down and pointed to the bathroom.

“Go lay down under the toilet stool, and get the camera ready, I need to make some room for this lunch!” she rubbed her stomach.

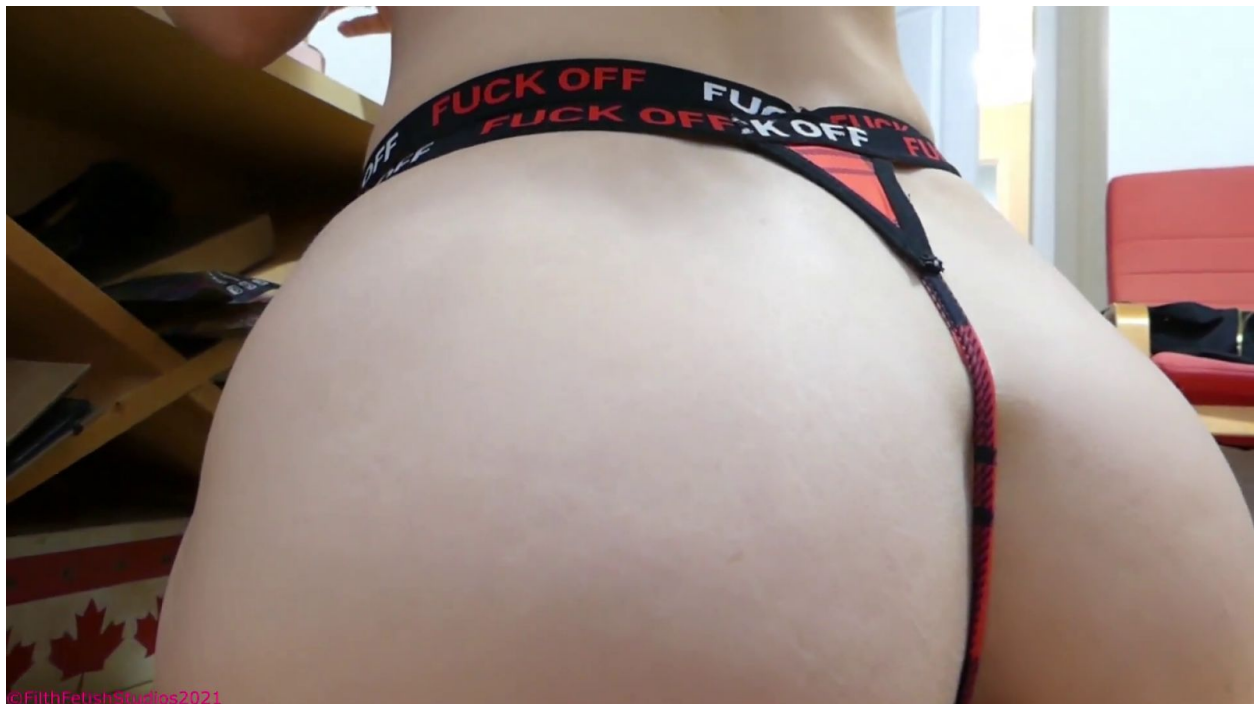

My heart was racing, She gave me permission to eat food two days ago but since then I had been starving myself in preparation for her to arrive. My stomach let out a loud growl as she walked into the bathroom, she was already in her bra and panties. She sat down slowly over the bowl, her anus stretching and winking at me. Somehow, deep down, I knew that this was going to be a big one. I write about a lot of big fiction poos, but this was unreal, Brooke birthed a monster.

My eyes widened in fear as she began to shit, slowly the thick brown log creeping towards me, crackling and hissing! It had a sharp condensed vegetable scent that burned the nose! The first log fell to my mouth, followed by another, and another, then a long coiling rope of sizzling hot shit! She laughed, giggling at my whimpers of fear as the shit continued to fall! I could hear her grunt as her anus opened to let another rope fall, then three more thick turds! I couldn’t see, but I could hear her laughing as the weight on my face kept increasing!

When it was all over, I felt like I had been cemented to the floor! My mouth was completely packed full of her steaming shit, while a literal mountain sat on my face! I could only breathe through a small crack in the pile allowing air passage through to my nose, but it was quickly

closing! Brooke stood up and moved the toilet seat and left the room to grab something. I had no idea what she had planned!

I felt the shit move from my eye, when I peeked through to see, she was holding a small pair of pink rubber-tipped tongs used for cooking! She sat down on my stomach, her soft ass crushing into my organs. Before I knew it, she was forcing the feces into my mouth!

Her shit was full of seeds, full of grains, there were bits of yellow, orange, smears of green! I could taste Brussel sprouts, broccoli, chia seeds, kale, it was truly atrocious!

“Let’s go toilet, open your mouth! Take it all in!” Brooke purred as she started scooping the shit from my face, forcing it deep into my mouth!

My lips were full, my mouth packed, and she was pushing **MORE IN!** I could feel it molding to the shape of my throat as it pushed downwards past my tonsil. I began choking and Brooke just laughed, keeping the tong pressed to my face and over my lips.

“I cooked so much for you, you’re not gonna waste it right?” Brooke asked!

I was in so much pain, there was so much shit, and she hadn’t even eaten any of the chili yet! I choked down a big mouthful, gasping as she laughed and filled my mouth again! I could feel the thick gritty flavor running all down my throat, staining my insides!

Brooke began scooping the shit up, pushing it over my face and into my skin like some sort of feces facial treatment! I couldn’t hold back from gagging but it only made her laugh harder! She had on a mask to keep the smell away so she was able to sit and torture me as long as she wanted to!

“Alright toilet, this is making me sick!” Brooke stood up over me, picking up the camera to film from her view!

“Make a nice pile, a big mountain on your face, right in the center!” she laughed as I whimpered, I just wanted a drink to wash the flavor from my mouth.

With shaking hands, I began pushing her feces to the center of my face making a big pile! Brooke laughed the whole time, taking tiny light steps on my dick every so often to tease me. She set down the camera and washed her hands before leaving the bathroom, leaving me alone, alone with her shit! I wanted to eat it all, I really did, but my stomach and throat were in so much pain, I had to flush the rest! I had never been so happy to wash my face off! It took more than 40 minutes for me to clean myself fully, I was a fucking mess! When I left the bathroom, Brooke was laying on the bed, the plate empty, the bowl licked clean, she looked at me and rubbed her stomach.

“Just cooking your dinner, it’s gonna be spicy, you better not waste any of it!” she started to laugh seeing my reaction of pure horror and despair.

“I love when you look at me like that, you had no idea when you messaged me, you would be giving up your rights to freedom and food for the rest of your life!” she smiled and rolled over on the bed.
