

She kissed me

Though, right before bedtime, Aerin suddenly kicked me off the bed...

But ...it's alright. She's just shy, I think!"

Well, but just about 10 minutes later

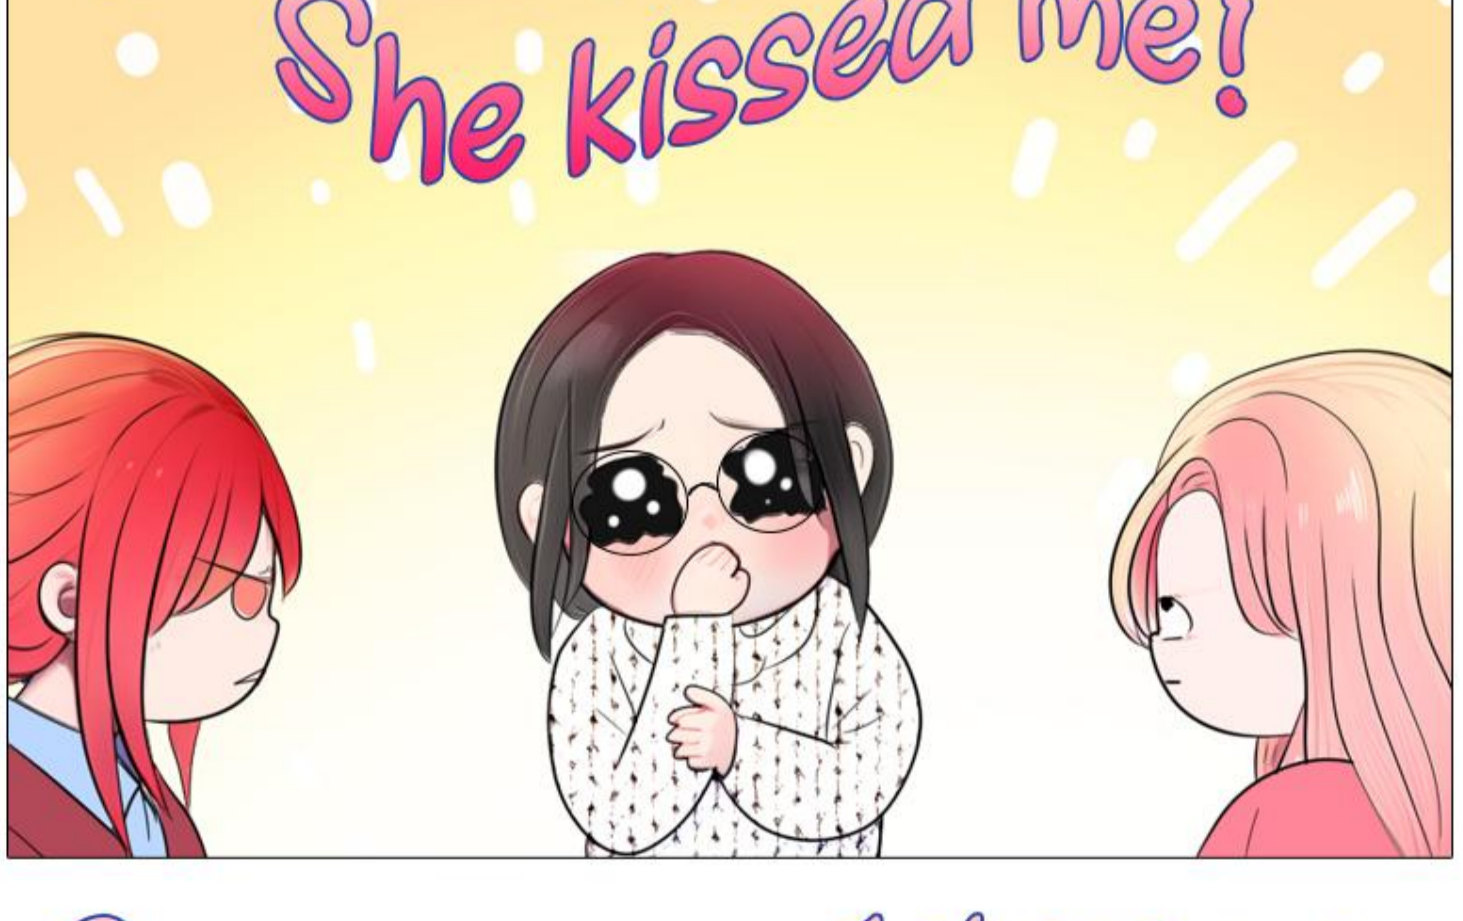

She softly peeked from the edge of the bed, gesturing for me join her back in bed just like last time

I was feeling so shy so I couldn't even turn around to face her... Whatever

The point is!

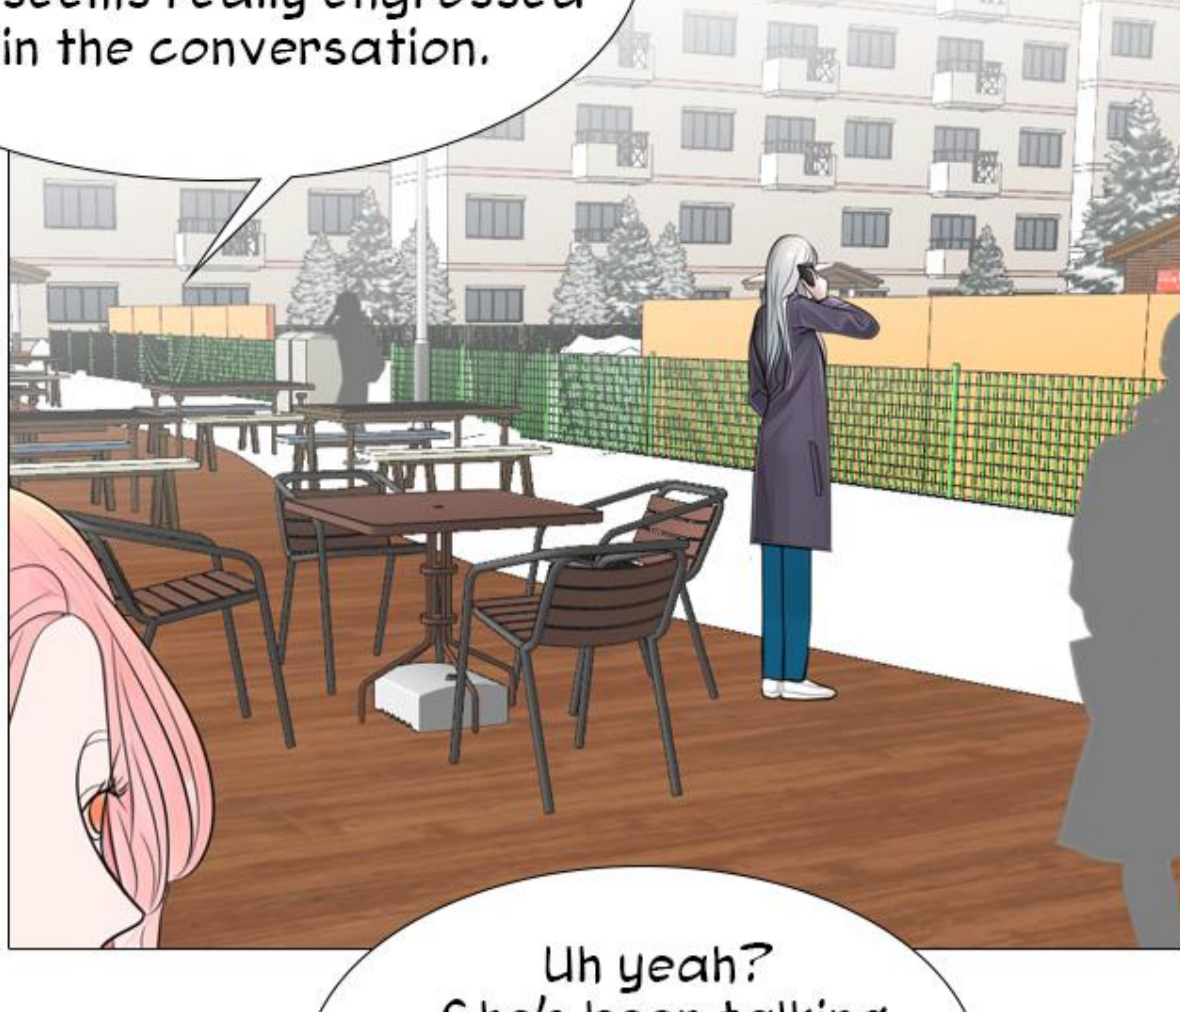

She kissed me!

She made the 1st move!!

I wonder who's on the phone with Vice President
She seems really engrossed in the conversation.

Uh yeah?
She's been talking for quite a while now.
Something important, maybe?

It might be about her university applications

Not surprised!

She's always ten steps ahead when it comes to planning her future

A....Already?!!
University applications?
Does she have a specific career in mind?

Doctor!

Doctor?
She wants to be a doctor?!

Oh, hey!
You're finally back sunbae!

Sorry!
That was a long call

Don't mind it

Sunbae!
I heard that your graduation is just around the corner?
Is everything okay?

I've just been informed that my academic grades will be released tomorrow, and X university is increasing their scholarship cut-off score this year. I'm not sure if I'll meet the criteria.

Wow! X University?
That's... that's incredible!!!!

Yeah,
X University.
You've heard of it?

It's renowned for its medical programs.

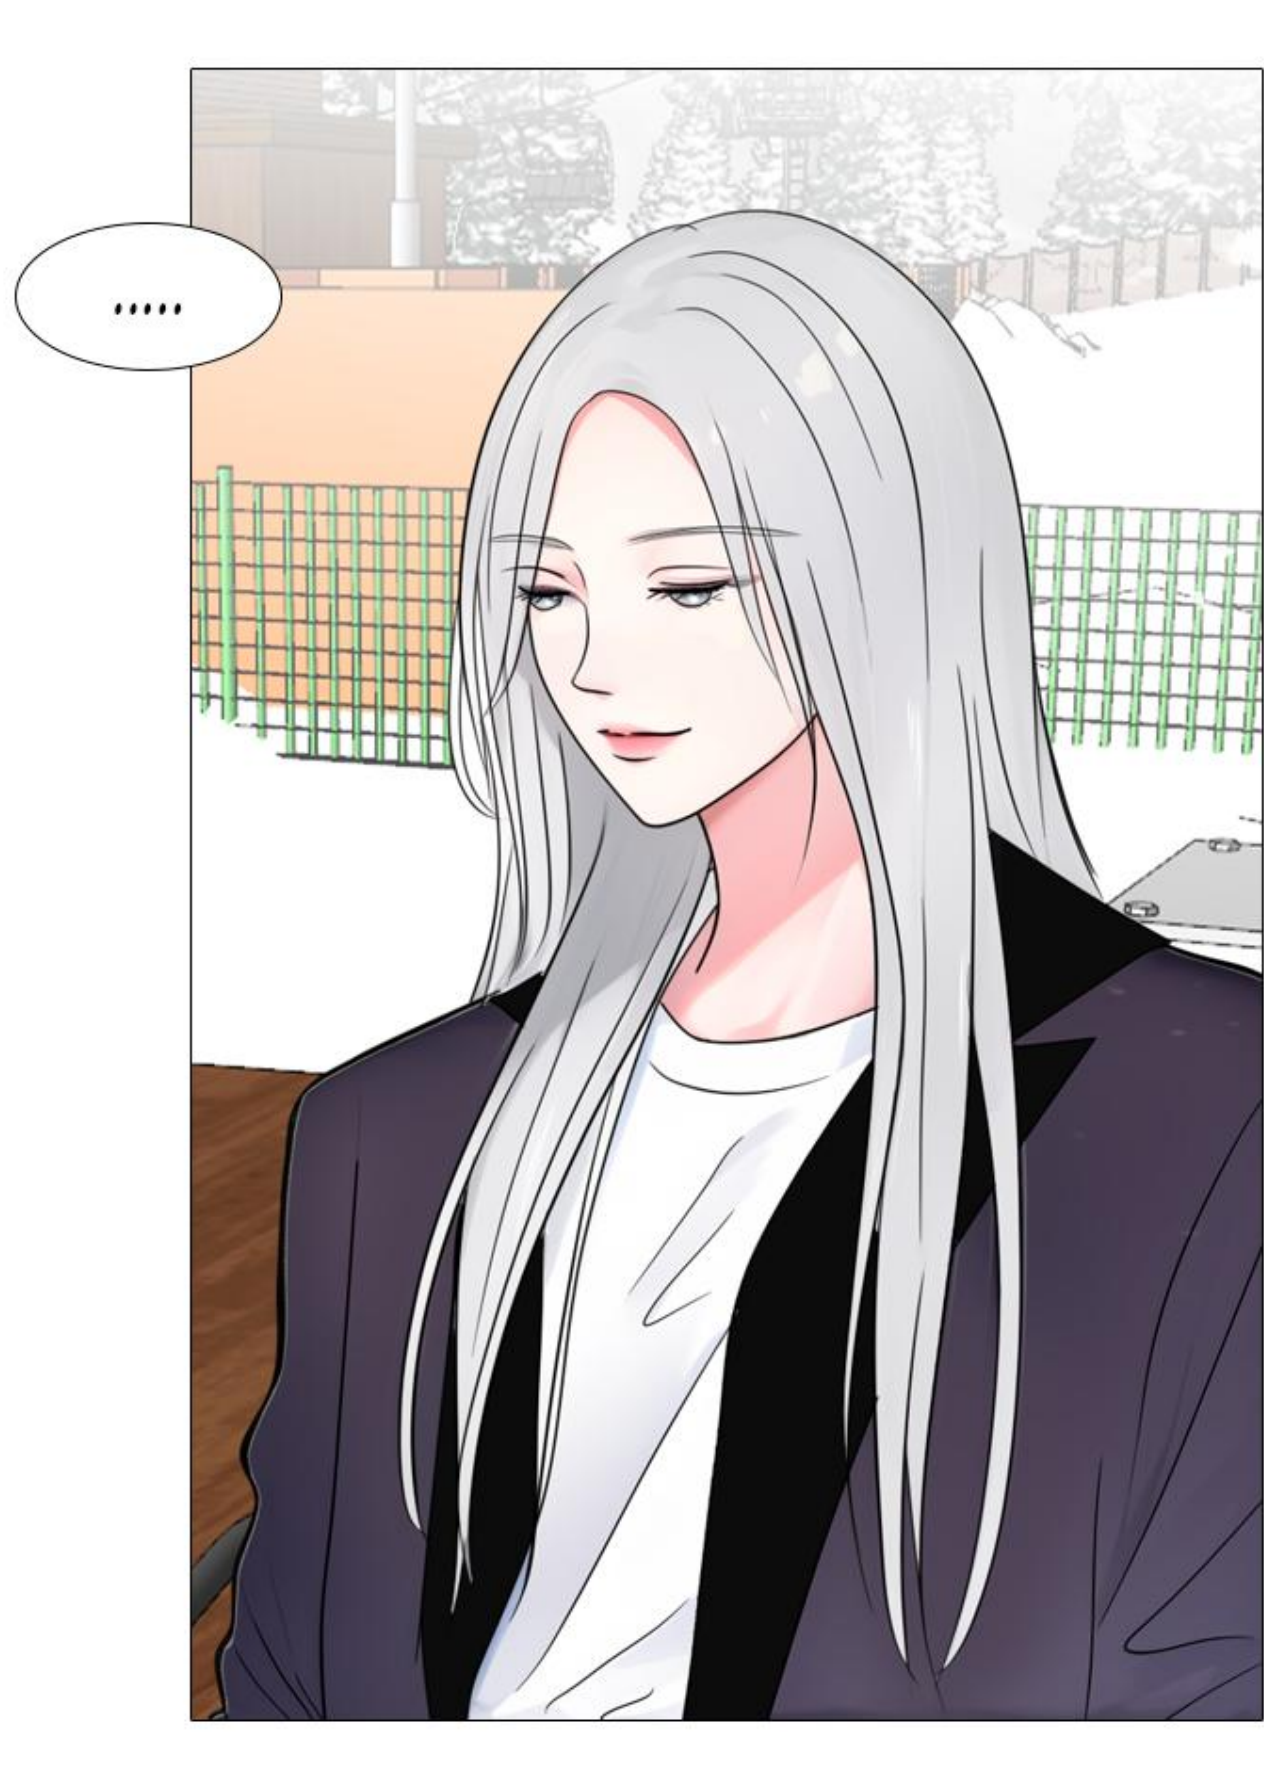

Of course!
Getting in there is a dream for many!

Sunbae,
You'll be a top scorer!

Haha

Hang on... Jihyun sunbae!
Aren't you a few years ahead of us in age?
I mean, you're older than us by like 3 or 4 years, right?
Why did you start school so late?

...Ah

Since we're all here now!
Why don't we take some pictures together?

Eh?!

Okay, y' all ready?
This is going to be a
Fantastic shot.
Smile~

Snap!

Why does my face
look so weird
in this picture?!"

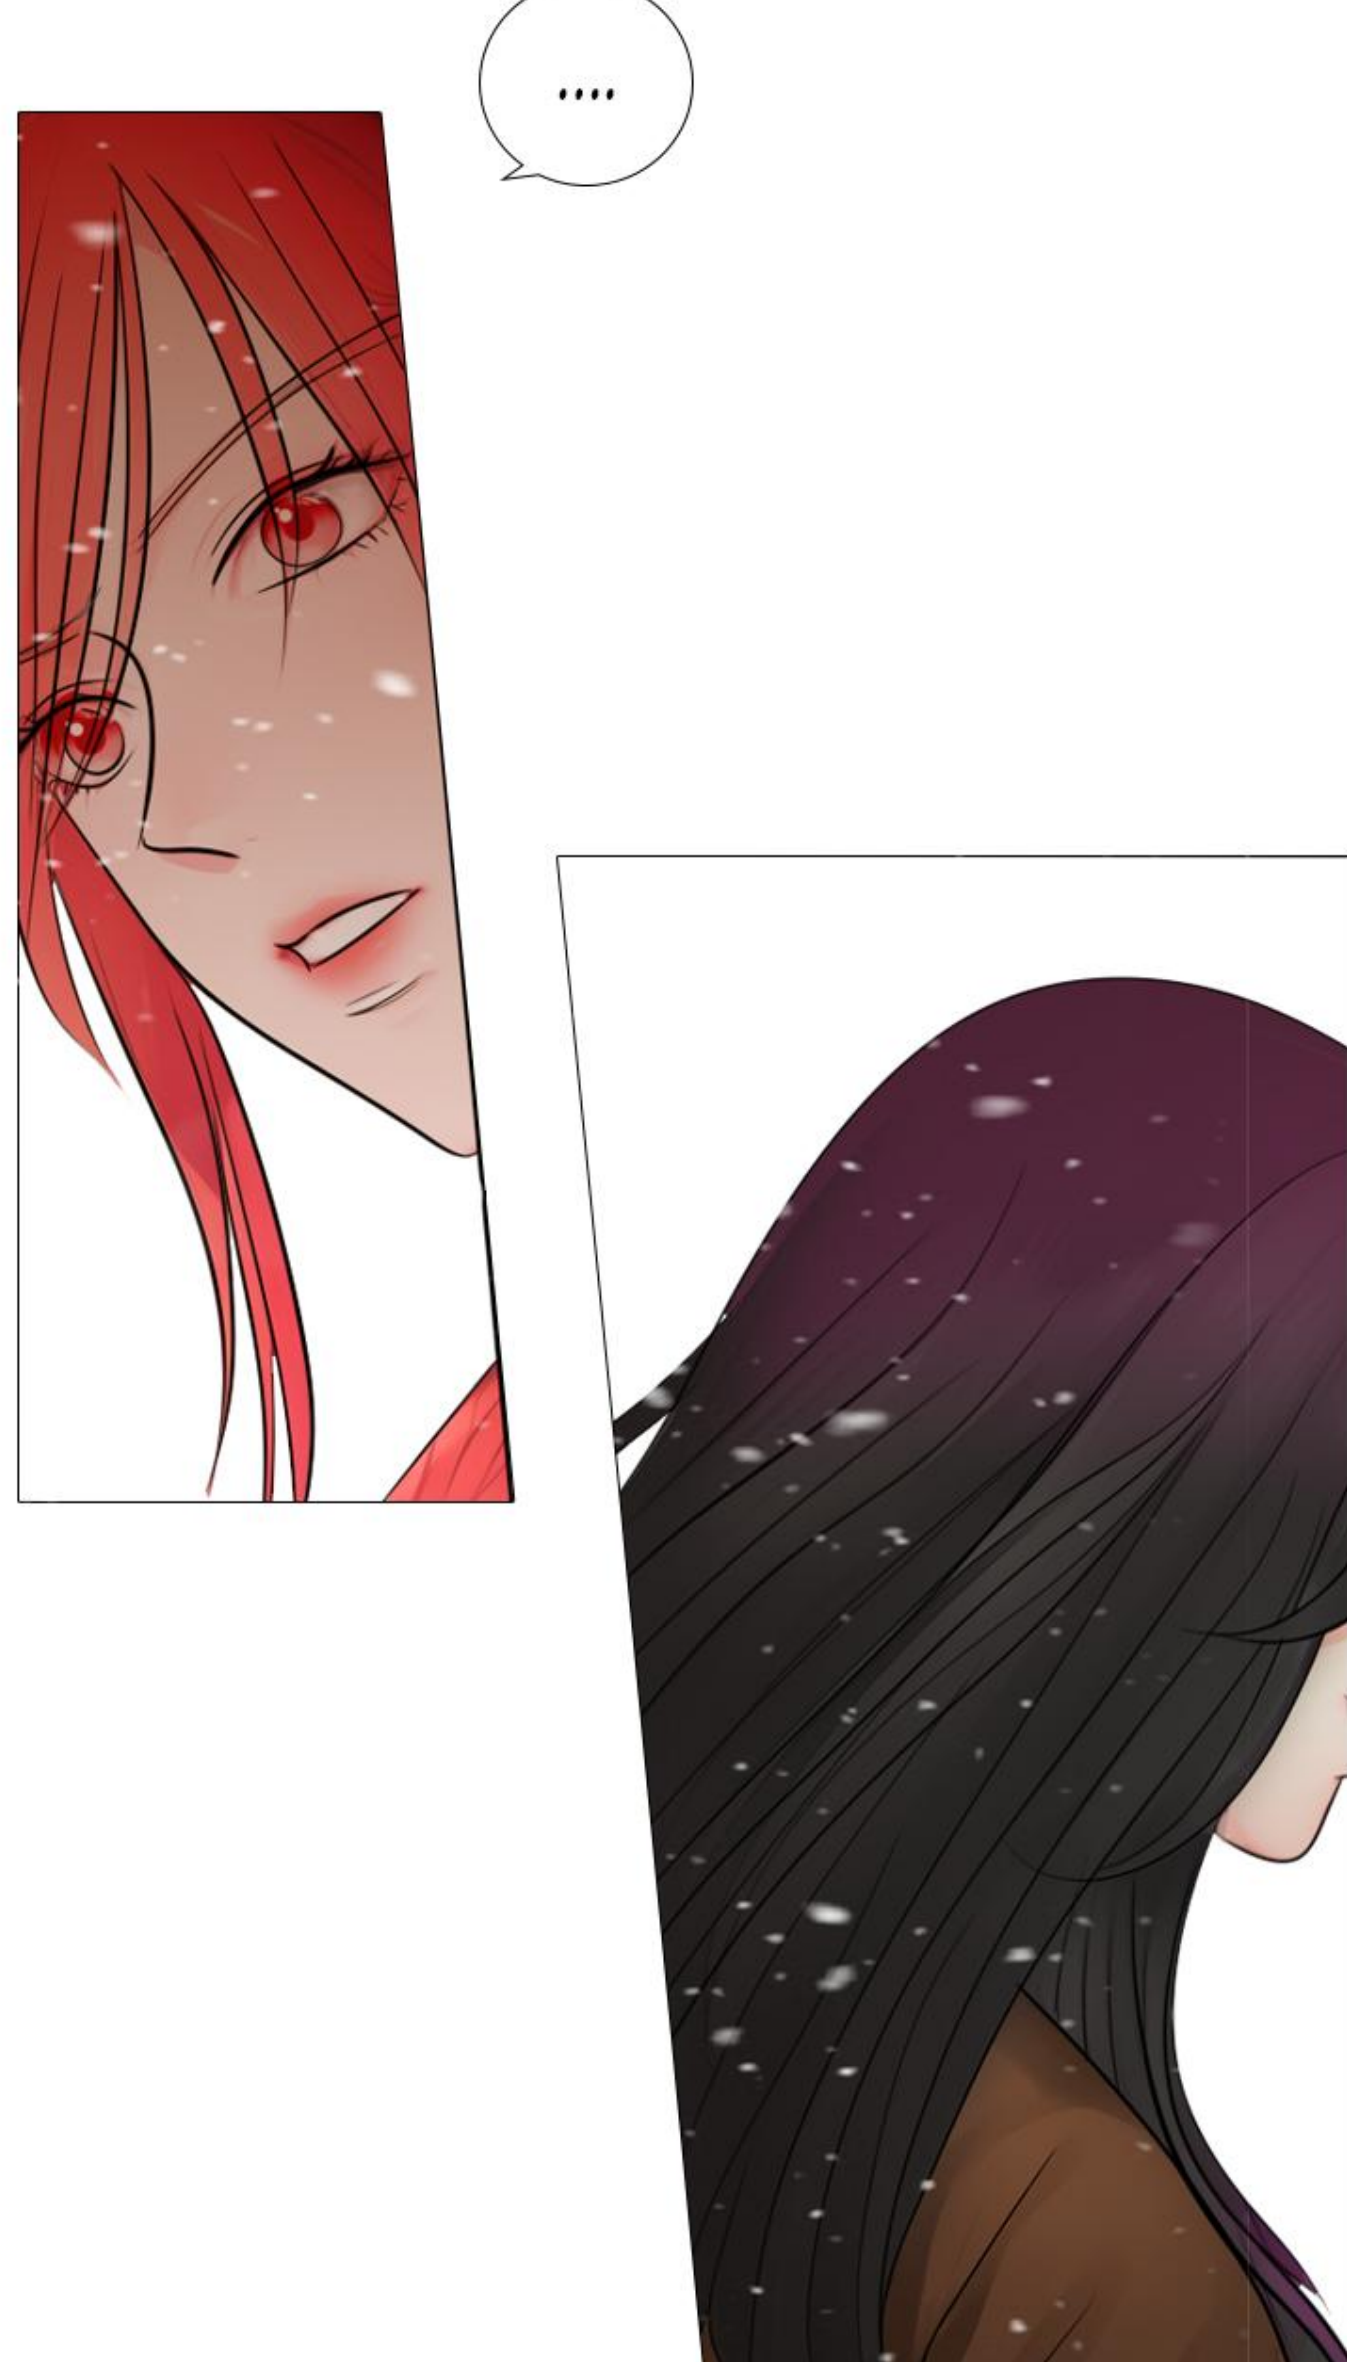

...Maybe it's just your
natural expression?

Sorry...! Wait for me!
I need to use the
restroom a bit!

Oh?
Okay!

This person...

WHY DOES HER FACE LOOK SO..?
