Mako-Chii~ Reads: Swelling Sister - Written by SGA

[Narrator]

After a courteous knock at the door, your sister opens it.

[Sister]

Hey, how're you doing?

[Narrator]

She casually enters the room and shuts the door behind her, leaving the two of you alone. You were alone in the house anyway, but this was unusual.

[Sister]

Anyway, I've got something I wanted to show you. Just watch.

[Narrator]

She then closed her eyes and focused. For a moment, nothing happened, and then...

[Sister]

\*m\* Yeah, did you see?

[Narrator]

You couldn't believe your eyes. Your sister had just grown taller right in-front of you. Her skirt appeared tight and her tank-top now revealed a slice of her stomach which it hadn't before. You make to ask for an explanation, but she raises a finger to her lips.

[Sister]

Shhh. No questions just yet. First, I wanna \*m\* catch up to you.

[Sister]

\*growth moans to go under narration\*

[Narrator]

She begins to swell taller all over. With each moan, her body seems to grow an inch taller. You can hear her body swelling bigger and bigger. Her eyes stay focused on yours all the way as her head rises upwards slowly but surely to meet yours. Then, once again, she stops swelling. Her tank top is now straining against her skin, her skirt too seems to be cutting deep into her waist

[Sister]

Oof, let me just....

[Narrator]

Without warning she removes her skirt allowing it to fall to the floor, leaving her in her straining panties and top. She steps closer to you, now the same height as you. Playfully, she raises herself up on tiptoe.

[Sister]

Ahaha~ When'd you get so cute?

[Narrator]

Then, with her feet back flat on the ground, and her eyes locked with yours, she leans over and speaks next to your ear.

[Sister]

What do you think? Should I get... bigger?

[Narrator]

She leans back, grinning, already aware of your answer. She stretches upwards with her arms, and begins to swell even larger.

[Sister]

\*m\* Oh yeah, I'm gonna \*m\* get even bigger \*m\*

[Sister]

\*growth moans to go under narration\*

[Narrator]

With her first growth spurt, her eyes raise above yours, but she doesn't stop growing. Her head rises away as her breasts grow into view. She grins down at you from her new vantage point, but still keeps rising higher and higher. Her top is raised higher and higher as her bellybutton is revealed, and her panties too only seem to get tighter as she swells. Her breasts slowly raise up to your eye level and only then does she finally stop growing, over a head taller than you.

[Sister]

Now that was fun, but that's not all I can do. For example, I can \*m\* grow my breasts too \*m\* Let's get this top \*m\* out of the way!

[Sister]

\*growth moans to go under narration\*

[Narrator]

Now at your eye level, you can clearly see her tits bulging out. Her top clearly shows the nipples through it's straining material as her breasts push it further and further, leaping their way up the size scale. In another spurt, the shirt finally gives in and tears away, leaving her in only her panties. Now free, her breasts keep swelling bigger. They're now far bigger than any other pair of breasts you've ever seen, but she keeps making them bigger. You try to step back to get clear of her expanding assets, but she puts her hands on your shoulders and pulls you even closer.

[Sister]

\*m\* I came in here to show you \*m\* the least you can do is watch \*m\* ahahah~

[Sister]

\*growth moans to go under narration\*

[Narrator]

Now being held right next to her swelling breasts, you can see them growing closely, hear them swelling out right in-front of you. They're almost as big as your head now and still she keeps making them larger.

[Sister]

\*m\* Aww, come here you little cutie \*m\*

[Sister]

\*growth moans to go under narration\*

[Narrator]

Then, all of a sudden, she pulls you up against them, and you can feel them expanding over your face. Her tit-flesh feels soft and warm against your own, and as the breasts swell bigger. Your face begins to get swallowed by her massive jugs. You once again try to back out but she holds you firm against them, their soft flesh still sliding over yours as they swell larger and heavier. Soon they were resting on your shoulders, and you could feel the weight of them growing as they became heavier and heavier. Eventually though, she did let you out.

[Sister]

Aww, are my huge tits not good enough for you? Well, in that case, I guess I'll just have to get even bigger! \*m\*

[Sister]

\*growth moans to go under narration\*

[Narrator]

She began to grow taller again and her panties quickly snap apart leaving her completely nude. You'd never thought of her as anything other than your sister before, but now towering over you, completely nude, and with a massive pair of tits, you couldn't see her as anything other than erotic. She seemed to be encouraging this view of her with the regular sexual moans accompanying each spurt taller, and the look on her face to match the pleasure her moans were expressing. Her belly button was soon up with your eye level as her head approached the roof, but she just leaned forward and continued to grow, her breasts dangling over your head as she did so. After another few growth spurts, she finally stopped growing, your vision now level with her waistline.

[Sister]

Now then, I think it's time to balance me out. But first, I need a sit down.

[Narrator]

Then, she reached down and pushed you backwards such as you fell back onto your bed. As you sat up, you saw her bare ass was making its way down to sit on your crotch. The bed offered some resistance so you weren't crushed, but her huge figure was definitely overbearing and you were pinned down.

[Sister]

Now then... \*m\* let's get even bigger \*m\*

[Sister]

\*growth moans to go under narration\*

[Narrator]

Her naked butt cheeks began to swell out on your lap as she moaned and made them larger. You could feel them through your pants swelling out more and getting heavier and heavier with

each spurt. Her ass quickly grew to fill your lap, but still kept swelling. It slowly pushed you back down into a lying position as it swelled out into you, bigger and bigger behind her. Like her breasts it was larger than any other ass you'd ever seen, but she still kept pushing it to grow and swell even more massive. Now not even being able to sit up, you really were entirely pinned down by her humongous ass cheeks as they swelled outwards over you.

[Sister]

\*m\* having fun back there? \*m\* Ahaha~

[Sister]

\*growth moans to go under narration\*

[Narrator]

That confirms the suspicions in your mind that she knows full well what she's doing. She continues to swell her butt overtop you as it makes it's way up your chest. It's growing so round and heavy that you aren't even sure how she'll be able to walk around with it, but she doesn't seem concerned. She just keeps pushing it bigger and bigger atop you, and you can tell by the pleasurable moans that she's loving teasing you so much. She's loving how powerless you are, that you can't even sit up beneath her huge ass. It's soon swelled over your entire chest and is fast approaching your neck. The feeling the sheer weight of it on your body is incredible, and to be almost entirely buried beneath it even more so. Finally, just before it grows over your face, she stops growing it and maneuvers off you and into a sitting position on the floor, then stretches.

[Sister]

\*stretching\* That was epic. So, what do you think, am I big enough yet?

[Narrator]

Grabbing you by the hand, she pulls you up off the bed. Then, she herself lies down spread along the floor and pulls you close to her stomach and waist.

[Sister]

Nah, I can still go \*m\* bigger.

[Sister]

\*growth moans to go under narration\*

[Narrator]

She holds you close to her waist as her entire body begins to surge larger yet again. Her soft thighs and tummy surround you in a warm embrace as she swells even bigger. Her moans echo through the room with each spurt as her body continues to grow and grow into the remaining space. She begins to bring her knees up as her growing body quickly fills the small bedroom, surrounding you in more of her soft warm flesh. Despite the lack of room, your sister still continues to push herself larger and larger, a massive smile on her face the whole time. You get the feeling this is far from over.
