

Encounter On The Ice Train

Enro stood on the train platform and checked her watch. 11:44. The cool winter air flowed through her blue sundress, sending it swaying back and forth in long ripples. With the fox's thick coat of white fur keeping her warm, she only needed a light cardigan over her thin dress. Leaning forward, she looked down the long solid ice track to see a silver train sliding towards the station. A pair of well-toned ice dragons stood at the front and back of each train car, their cerulean hair dancing in the air as they drove it towards its destination. With practiced coordination they made a series of synchronized scratched motions in the air, carving a series of grooves into the concave ice track. The bottom of the train ground against the grooves, gently gliding to a stop at exactly eleven forty five. With a flick of their wrists, the dragons slid the doors open and smiled warmly, gesturing inward. Enro stepped toward the train and was met with a playful wink from one of the dragons. She gave a giggle and a shy wave in return.

The interior of each car was divided into six separate rooms, each with a pair of sliding glass doors and long indigo benches with silver trim. Moving down the train cars, Enro scanned each room in search of an open seat. Most were marked occupied, their glass doors turned opaque. Even though Enro could see blurry blobs engaged in some intense activity, she couldn't make out a single detail or even hear a word of what went on inside. After a bit of searching she found a room with transparent doors and only a single guest, a large sabretooth tiger. She stared out the window, her iron colored fur patterned with blood red stripes. She wore a skin tight sleeveless black top, a long maroon skirt and held a golden chalice lined with sparkling rubies. Enro was barely able to make out a thick red liquid swirling inside.

"Excuse me-" Enro spoke softly, not wanting to startle the regal stranger. The tiger's bright eyes snapped towards her. They were a dazzling golden hue, like honey lit by a sunrise. They gave Enro's body a smooth assessment before locking onto her sapphire eyes. "-would it be alright if I joined you?"

The tiger gave her a warm smile. "Certainly." She took a long sip of her drink as Enro stepped into the room, the glass doors closing behind her. Without further input the glass remained transparent, the sounds of others finding their seats still audible from the hall. As Enro took a seat, the tiger outstretched her limp hand. "You may call me Reyna."

"Enro. Nice to meet you."

"The pleasure is all mine dear." Reyna turned and gestured to the window. "Quite the view, isn't it?"

"Oh yes. The mountains are simply breathtaking!"

"True, but I don't come for the mountains." Reyna tilted her head to call Enro closer. "Come, see for yourself." Enro rose and crouched next to Reyna, matching her gaze. From her seat Reyna had a perfect view of an ice dragon rhythmically thrusting the train forward with long powerful leg strokes. Sweat sparkled on his sky blue scales. Enro blushed as she realized it was the same one that had winked at her earlier. "Seems like you're enjoying the view as well~" Reyna smirked at Enro, who quickly tried to change the subject.

"Do you come here often?"

“From time to time, when the mood strikes. You northerners have a certain flavor that’s hard to resist.” The dragon turned and noticed Reyna staring, but she didn't look away. She licked her lips and slowly ran a paw up and down her body, inciting a sly grin from the dragon. Enro felt her body become warmer as she watched Reyna’s seductive display. She took off her cardigan and laid in on her lap in a feeble attempt to conceal the throbbing mass under her skirt. It did little to help as the thought of Reyna seeing her exposed body only served to heighten her arousal. Enro’s cock got harder and harder until she was pitching a massive tent with her dress. Her fully erect length was so thick even two hands couldn’t wrap around it. Her throbbing tip dripped with so much pre, it soaked through her dress completely. Reyna’s eyes returned to her new companion and her lips curved into a smile. Enro could just sit there, needily throbbing as her cheeks burned bright red.

“S-sorry” Enro stammered. “I just...well...”

“No need to apologize sweetie. You’re just a little pent up is all.” Reyna gently rubbed her paw against Enro’s dripping tip. “I can definitely help with that, if you’d like.” She pulled her paw back but a thick strand of pre kept her and Enro connected. Reyna slowly licked her wet paw, savoring the fox’s flavor. “My services aren’t free though. I’ll need a little something in return.”

Reyna’s touch left Enro panting heavily. Her cock needily twitched for more. “W-what do you want?”

Reyna swirled the thick red fluid in her chalice. “Just a small sample of your blood.”

Enro’s eyes widened. “My blood?”

“Yes my dear. As a vampire, I need fresh blood to survive, and you northerners taste oh so sweet.”

“If you drink my blood, won’t I turn into a vampire too?”

Reyna chuckled “Only if I take it all. Don’t worry, I’m not that hungry. All I want is a little taste.”

Enro shuffled needily in her seat. Her aching balls throbbed in time with her racing heart. She slowly tilted her head and exposed her neck to the vampire. “Fine. You can have taste. Just please help me take care of this unbearable heat.”

“Of course my dear.” Reyna flipped a switch on her bench’s armrest. The glass doors frosted up until they were completely opaque. The window changed as well, only letting in vague sunlight. With a grin, Reyna leaned forward and took Enro’s hand. She slowly moved her long fangs closer and closer to Enro’s neck and hissed softly in her ear. Enro sat still with her eyes closed, trembling with a mix of fear and excitement. With her fangs just barely touching Enro’s neck, Reyna chuckled before planting a kiss on Enro’s cheek.

Enro sighed and looked back at her. “A-aren’t you going to bite me?”

“There’s no need.” Enro looked down and saw that her finger was leaking a small trickle of blood. Reyna smiled and gently guided Enro’s fingertip into her mouth. Reyna’s rough, textured tongue tickled Enro’s hand as she gently sucked out her sample. With a sultry look in her eyes Reyna gave one last lick and set Enro’s hand free. “Mmmmh sweeter than honey.”

Enro sat back, stiff and panting. “That’s it?”

“I did say I only wanted a taste. You almost sound disappointed.” Reyna licked her lips. “I can always take more if you want.”

“N-no that’s good for now. If we could just take care of my, well... you know.”

Reyna smiled warmly. "Of course. A deal is a deal." A black slithering tendril grew from Reyna's back and rubbed itself against Enro's moist throbbing tip. "Don't be alarmed. I have complete control of these little helpers and lots of experience using them." The tentacle lifted up Enro's skirt, finally exposing the full length of her massive cock. It slid back up her length and gently fondled her tip, causing her to leak a continuous stream of warm sticky pre. Enro just sat back moaning and throbbing in Reyna's grasp. "My, you're making such a mess. We'll have to do something about that won't we?" Using the small opening at its tip, the tentacle lapped up the pre before slowly pressing itself into Enro's cock hole. The fox shivered at the intrusion, feeling the thick tendril wiggle inside of her. It began thrusting deep, going down her entire length and stretching out her tip. With each thrust, a wave of pleasure cascaded through Enro's entire body. She gripped the bench, trying her best to stifle her embarrassing moans. "You're so quiet honey. Let yourself go. I wanna hear those cute screams." Reyna picked up the pace, thrusting into her tip harder and deeper. Soon it was all too much to contain.

"Yes! Fuck me harder!" Enro screamed. "Gape my tight cock hole!"

Reyna grinned ear to ear. "Your wish is my command." The tentacle pressed in further than ever, giving a new meaning to the term "balls deep". Reyna furiously fucked Enro's massive cock, causing visible bulges in her shaft and sack. Enro writhed in ecstasy as she felt a powerful orgasm rise up within her.

"Reyna, I'm close!"

Reyna purred. "Yes, cum for me."

Enro's back arched and her toes curled as she shot a massive load into the thick tentacle. The center of it opened up to accept her warm cum, simply sucking it right out of her cock hole and bringing it to Reyna's body. The tentacle gave a few more thrusts, gulping down the last of Enro's load before pulling out of her now gaping cock hole.

Enro collapsed on the bench panting heavily. "That felt amazing!"

"Oh we're just getting started my dear." Three more tendrils slipped out of Reyna's back and began to peel off Enro's clothes. They gripped her tightly and massaged her body, giving special attention to her breasts and tight asshole. Reyna removed her skirt, revealing a thick black cock covered in ridges with a fat knot at its base. It looked more like something belonging to a dragon than a tiger. "Does this shape suit you? I can change it if you like. I figured you'd enjoy having my thick knot plug up that gaping cock hole of yours." Enro wiggled in her grasp.

"Yes! Give it to me!" The tentacles tightened around her.

"What's the magic word?"

"Please knot my cock, mistress!"

"Good girl." Reyna positioned Enro so their dicks were lined up perfectly. She slowly pressed her tip into Enro's gaping hole while sliding a thick tentacle into her tight ass. Enro shivered as Reyna's thick cock stretched out her still-sensitive tip even more. The thick throbbing mass shook Enro's entire body as the tentacle in her ass slithered deep into her belly, causing it to bulge outwards. Reyna got into a steady rhythm, alternating her hip thrusts with the tentacle's smooth motions. By now Enro's cock was so stretched out she could take most of the tiger's massive length. With each thrust her drooling tip kissed Reyna's thick knot, sending shivers down Enro's spine. Reyna started pumping faster, her heavy balls slapping against Enro's aching sack. Reyna's words came out in a deep growl. "I'm getting close!"

"Yes mistress! Fill me!"

Reyna slammed it home one last time, pressing her massive knot into Enro's throbbing tip. It eventually popped in, drawing out boisterous moans from both women. Reyna's cock throbbed inside of Enro's, sending shot after shot of warm cum into her growing sack. Her balls swelled to the size of watermelons as Reyna continued pumping more and more into her. By the time Reyna finished, Enro's massive sack was able to touch the ground. It felt like she had two medicine balls hanging from her. Reyna silenced Enro's moans with a deep kiss, shoving her long serpent-like tongue down Enro's throat. Enro squirmed at the intrusion, running her hands up and down Reyna's back as her tongue wriggled in her throat. A few moments later Reyna pulled her thick tongue out of Enro's throat. Enro sucked hard at it as it slipped out, her body desperate to keep the feeling inside.. Reyna sat back and licked her lips, smiling at the beautiful gasping mess before her. "Still with me sweetie?" Enro could only weakly nod in response. "Good. My stop is coming up but I have one last gift for you."

Reyna reached behind her and pulled a massive butt plug out of her ass. It was only a little bit thicker than her throbbing knot. She gave it a few licks before gently tugging her cock out of Enro's. As Reyna's knot popped out of Enro's gaping tip, a torrent of hot cum began to pour out. She immediately stopped the flow with her thick plug and set Enro down on the bench. "That should help contain the mess." With a soft rumble, the train began to slow down. Reyna got dressed as her tentacles cleaned up the room. "I had a wonderful time darling, but I must be going." She left a black business card on her seat. "Do give me a call when you want to play again." Reyna flipped the switch, opening up the glass door, and stepped out of the room.

Several stops later Enro was still in a pleasurable haze, massaging her massive balls with her soft footpaws. Her mind replayed the encounter over and over, letting her fully soak in the magical experience. She rested her head against the window and soon fell asleep, dreaming of Reyna's warm embrace.
