

“I said no entrance without a costume.” The bouncer told Lee, who had shown up to a Halloween party without a costume. It’s not that he didn’t want to dress up in a costume, he had a group costume planned with some of his friends, but they all bailed on him at the last minute, leaving him high and dry.

Lee walked away from the building and started to head back to his dorm when a woman dressed as a magician approached him. “So, they won’t let you in without a costume? I think I can help you,” The woman said kindly. Not wanting to turn away the help of such a beautiful woman, Lee asked her if she had an extra costume on her. The woman responded, “Yes, as a matter of fact, I do. My partner bailed on me, but I still have their costume. Don’t worry, it’s a basic costume, but it should be enough to do the trick.”

Lee thought for a moment until finally asking, “What is the costume?”

”It’s just some rabbit ears” The woman smiles and asks, “So do you want to join me?” Lee hesitated and then thought that he could possibly use this as an opportunity to flirt with the very attractive woman, so he agreed. “Yay! Here you go,” She handed him the bunny ears, “My name is Jaz, by the way.”

Lee placed the ears on his head. Immediately a strange feeling enveloped Lee’s body. “Woah, why do I feel so weird?”

“That’s normal. It’s a response to the ears. Did I mention they are magic?” Lee tried to pull the ears off, but he physically could not, no matter how hard he tried. “Don’t bother. They are stuck like that for the rest of the night.”

Lee’s short brown hair began to grow exceptionally rapidly down his scalp. As it grew, it began to take on a bright blue color, making his hair look like a wig. Lee tried to pull it off, but it was his real hair. The magic began to spread further down, covering his face with intricate makeup as it went. Then, his face restructured itself, giving him a far

more feminine look with a sharp jaw, plump lips, and no facial hair. Lee looked in the reflection of a window and saw himself. Out of shock, “I look like a woman! Why would you do This to me?” Lee’s voice cracked as the magic extended to his throat and shrank his vocal cords. “Oh my God my voice!”

“I’m doing this because my last partner wasn’t doing what I asked. And call me crazy, but I’m a little bit of a perfectionist, so I fixed them. But, unfortunately, I need somebody new, and you seemed like you didn’t have anybody who would worry too much, so you’re going to become my new partner. Think of this like our first date.” The magic started spreading faster as it condensed his shoulders

and all of the muscles from his arms. Then, his nails turned blue to match his hair. The magic soon spread to his chest, and pressure built up as two fatty mounds sprouted out and began to expand. Lee winced in pain as the breasts stretched out his shirt until it eventually tore off, revealing a black corset, which kept his massive mounds from spilling out. His entire body began to shrink as the magic spread to his core. Every part of him became smaller as he shrank a whole foot in height. The magic was spreading like wildfire at this point as his fat redistributed itself throughout his hips, thighs, waist, and ass, giving him a nice hourglass figure.

“Please, change me back. I don’t want to be a girl,” Lee plead to Jaz.

“But why? We’re almost done. Plus, I’m being nice and leaving you with your mind and personality... unless you disobey me.” Lee’s cock began to recede into his body, leading Lee to miss what Jaz was saying. “Because if you disobey me, those ears will transform your mind until you can’t even recognize yourself.” Finally, Lee’s cock entirely receded into his body, leaving him with a tight slit. “Are you ready to go to the party?”
