

A digital illustration of Batman and Robin in a high-tech, industrial setting. Batman, a muscular man with dark hair, stands behind Robin, his right hand resting on Robin's shoulder. Robin is wearing his iconic red, green, and yellow suit with a black mask. The background features metallic walls with various panels, vents, and a table. The overall tone is serious and heroic.

# BATMAN and ROBIN

*in*

# THE EXAM

Gosh,  
Batman! The bat-  
glove is pretty cold  
tonight!

Steady, Boy Wonder!  
You know how important these  
twice-daily prostate exams are at  
your age!

Holy Health  
Consciousness, you're  
right, Batman!

Slowly, carefully, Batman eases his thick leather-gauntleted finger deeper into Robin's quivering anus. At the same time, he begins to slowly stroke the Boy Wonder's penis, a test of the young crimefighter's endurance and self-control!

Slowly, Batman introduces a probe deep into the the Boy Wonder's rectum.

Wow,  
the bat-probe is a  
lot bigger than last  
time!

No  
squirming, Boy Wonder.  
Getting used to a variety of  
tools in your rectum is  
important for the work  
we do.

Gosh, Bruce, it's hard not to cum!

It's important that you learn self-control, Robin, A boy your age is vulnerable to certain... temptation from the criminals we fight!

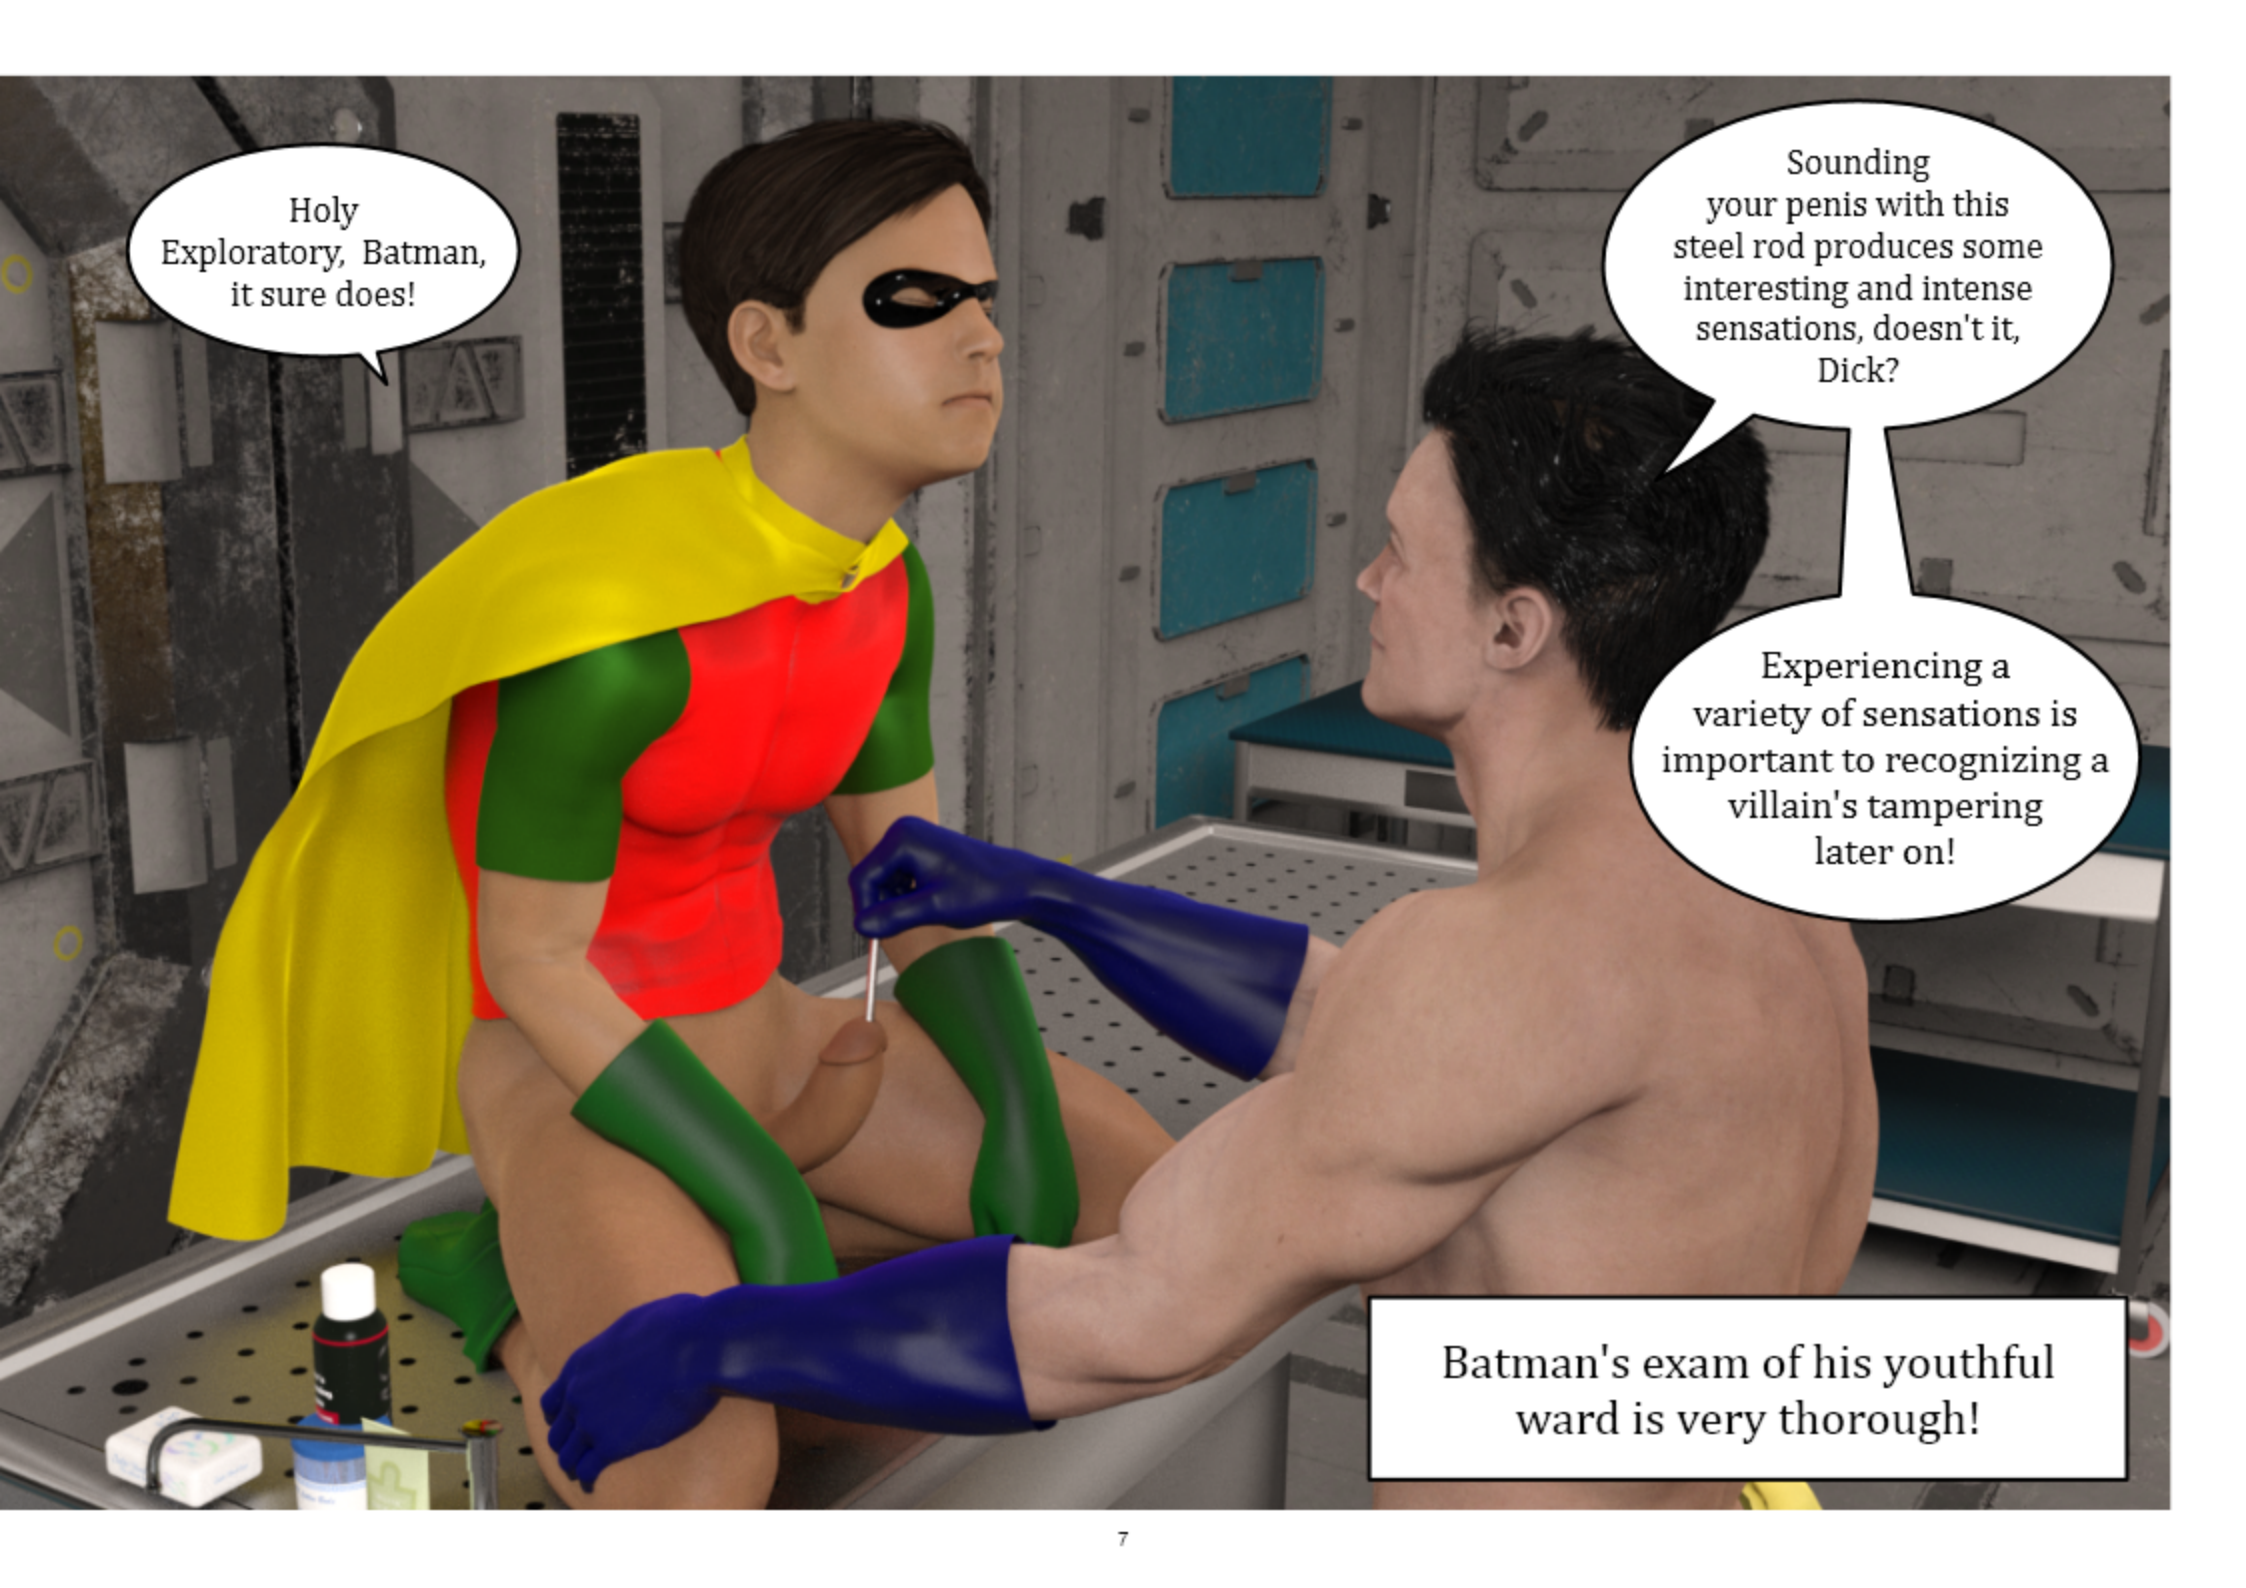

Robin holds himself steady as Batman carefully shaves his groin and scrotum, removing every trace of hair. Embarrassing to the eighteen-year-old sidekick but necessary!

It's important to keep you clean, Robin. A stray public hair slipping out of your trunks could lead someone to your secret identity!

A 3D-rendered scene from a video game showing Batman and Robin in a locker room. Batman, on the left, is shirtless and wearing blue gloves. He is kneeling and touching Robin's groin. Robin, on the right, is wearing his iconic red suit with a yellow cape and green gloves and boots. He is kneeling on a metal surface, leaning forward. The background shows grey metal lockers.

It's important to keep your foreskin clean, Robin. Massage the glans of your penis like this to loosen it, then flush the area with warm water.

Dipping his gloved fingers in soapy water, Batman proceeds to massage the tip of Robin's uncut penis, and roll the boy's balls in his firm grip.

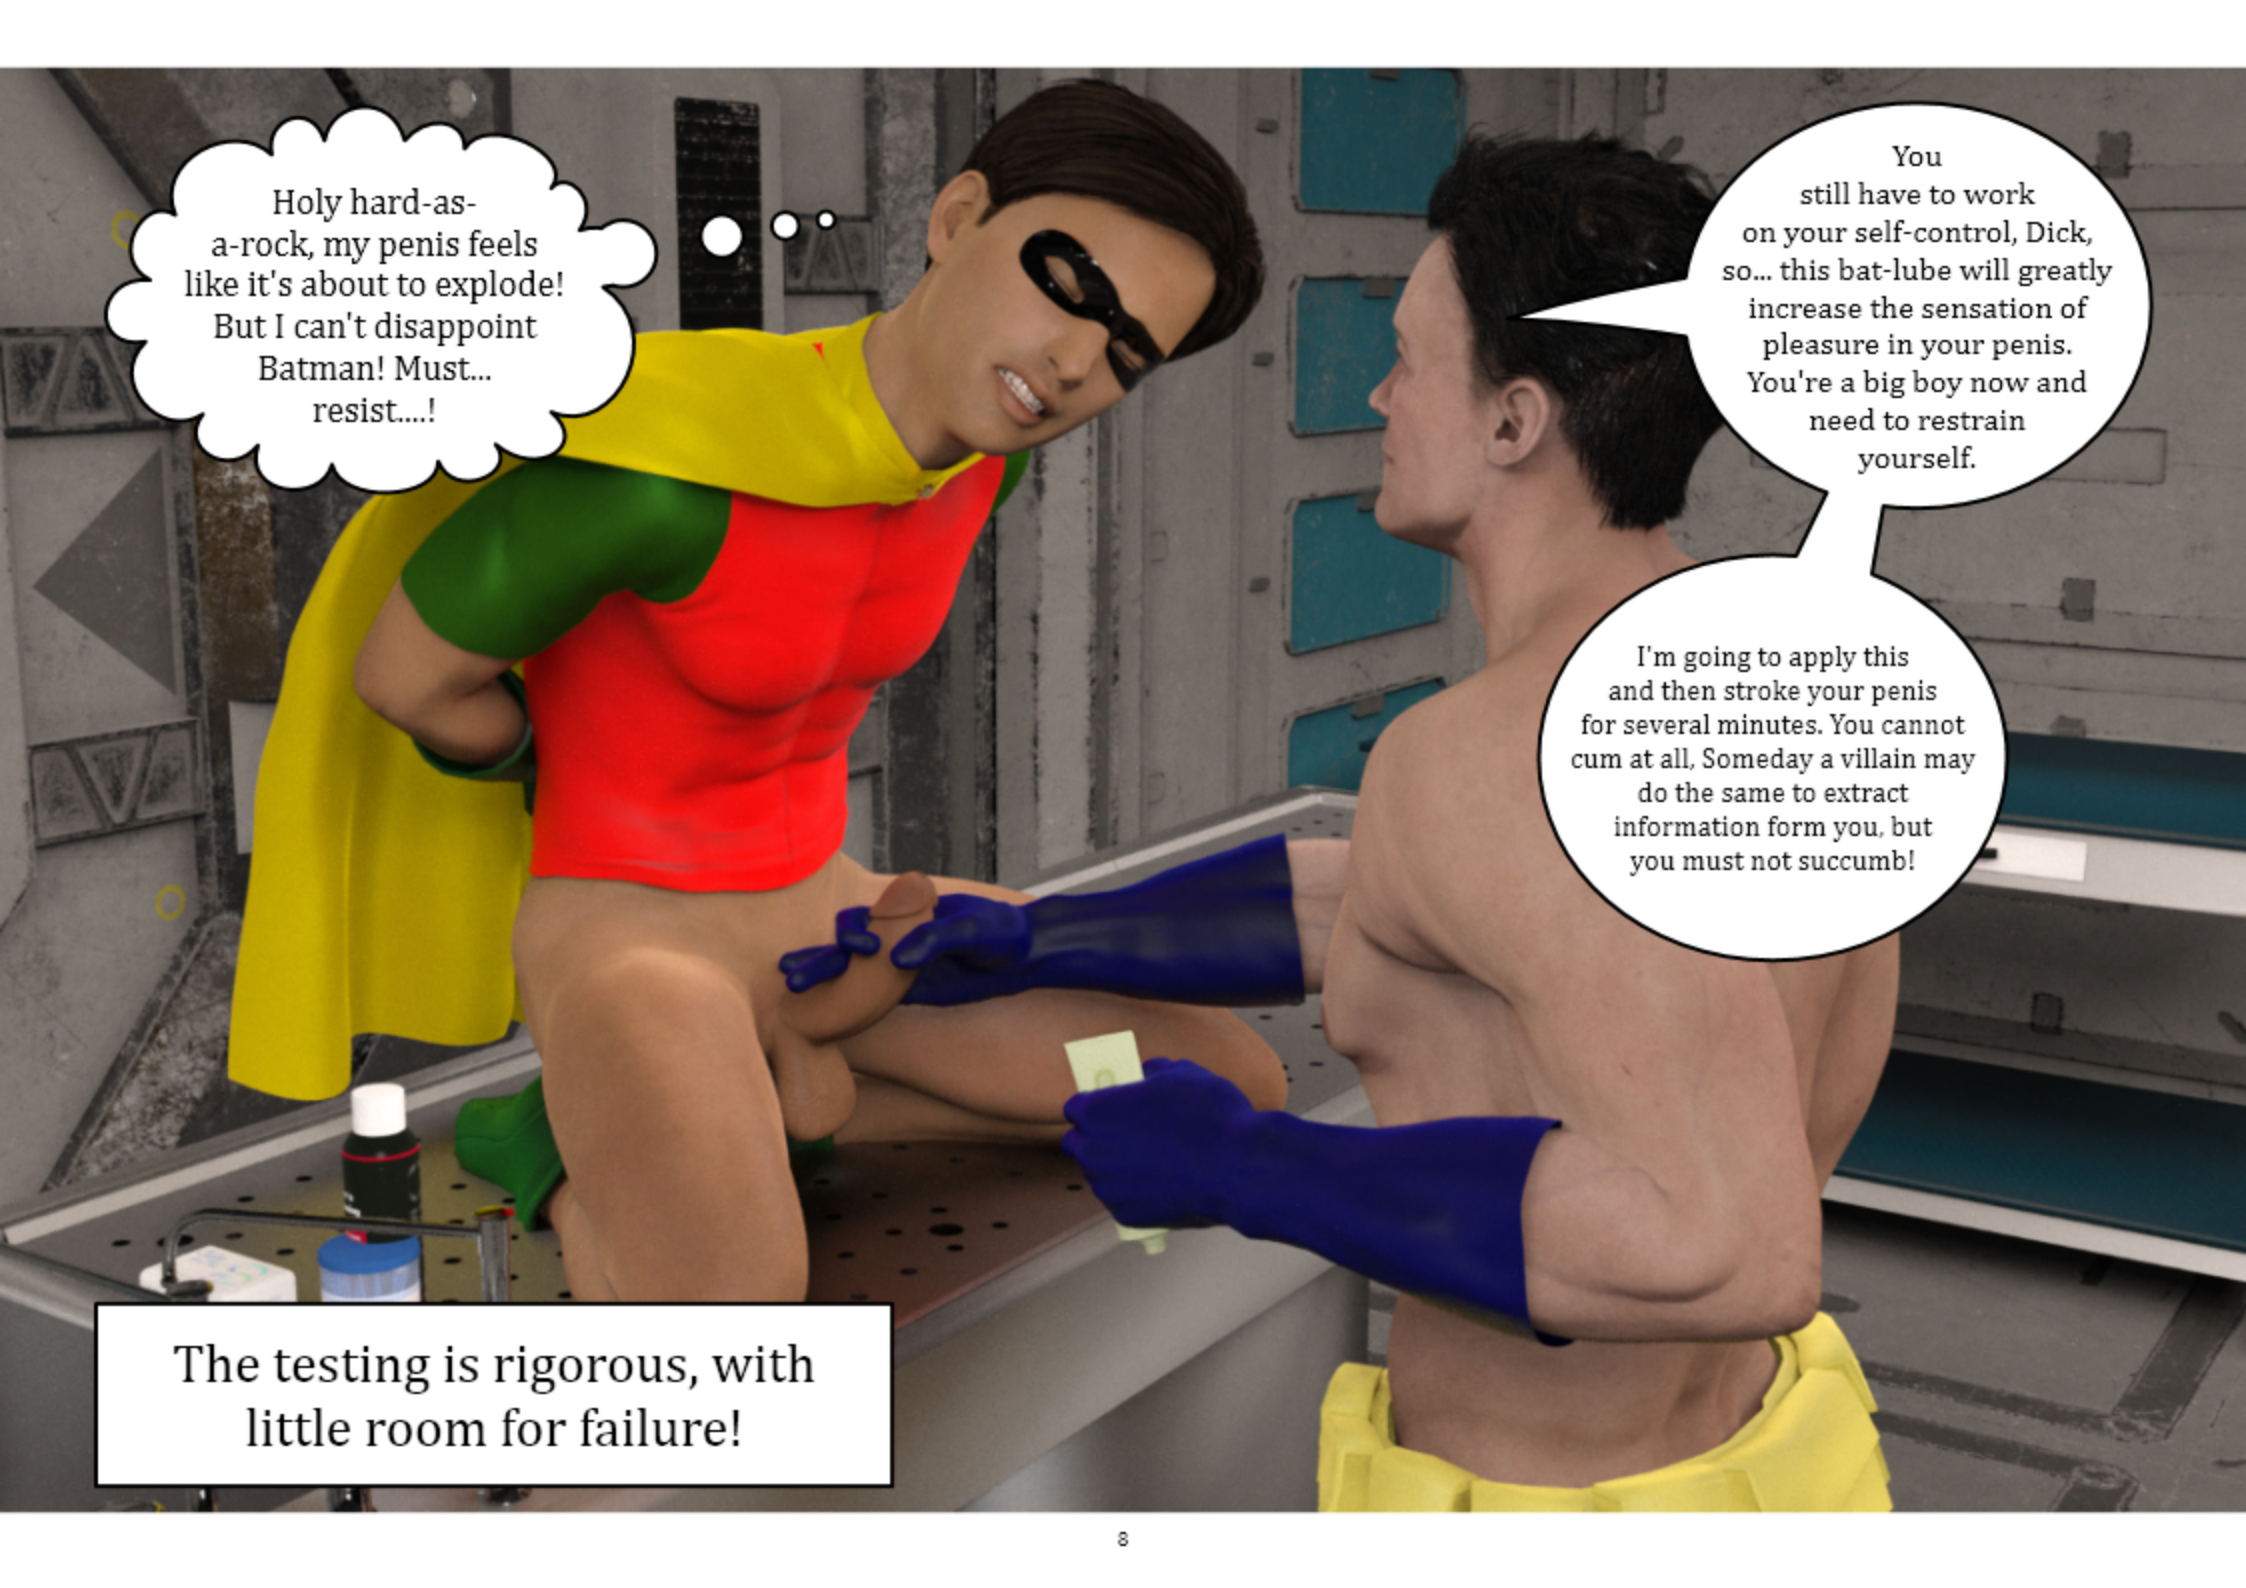

Holy  
Exploratory, Batman,  
it sure does!

Sounding  
your penis with this  
steel rod produces some  
interesting and intense  
sensations, doesn't it,  
Dick?

Experiencing a  
variety of sensations is  
important to recognizing a  
villain's tampering  
later on!

Batman's exam of his youthful  
ward is very thorough!

Holy hard-as-a-rock, my penis feels like it's about to explode! But I can't disappoint Batman! Must... resist....!

You still have to work on your self-control, Dick, so... this bat-lube will greatly increase the sensation of pleasure in your penis. You're a big boy now and need to restrain yourself.

I'm going to apply this and then stroke your penis for several minutes. You cannot cum at all, Someday a villain may do the same to extract information from you, but you must not succumb!

The testing is rigorous, with little room for failure!

Very good, Robin! Now, this stimulus rod...

My balls... throbbing so hard...!

Got to... hold it... in....

The brave boy squirms on the table, trying not to shoot his load! Bruce has purposefully forbade him from masturbating all week!

That's it, son,  
carefully roll back my  
foreskin, then clean the  
crown with your  
tongue.

Robin, you need  
to carefully  
examine me for any  
signs of something  
wrong, and familiarize  
yourself with a more  
extreme example of  
male anatomy.

Robin has to grip  
the foot-long  
Batpole with both  
hands, the leather  
gloves stroking  
and examining  
his mentor's erect  
cock.

Holy  
Anacondas, I hope I'll  
be this big when I'm  
grown!

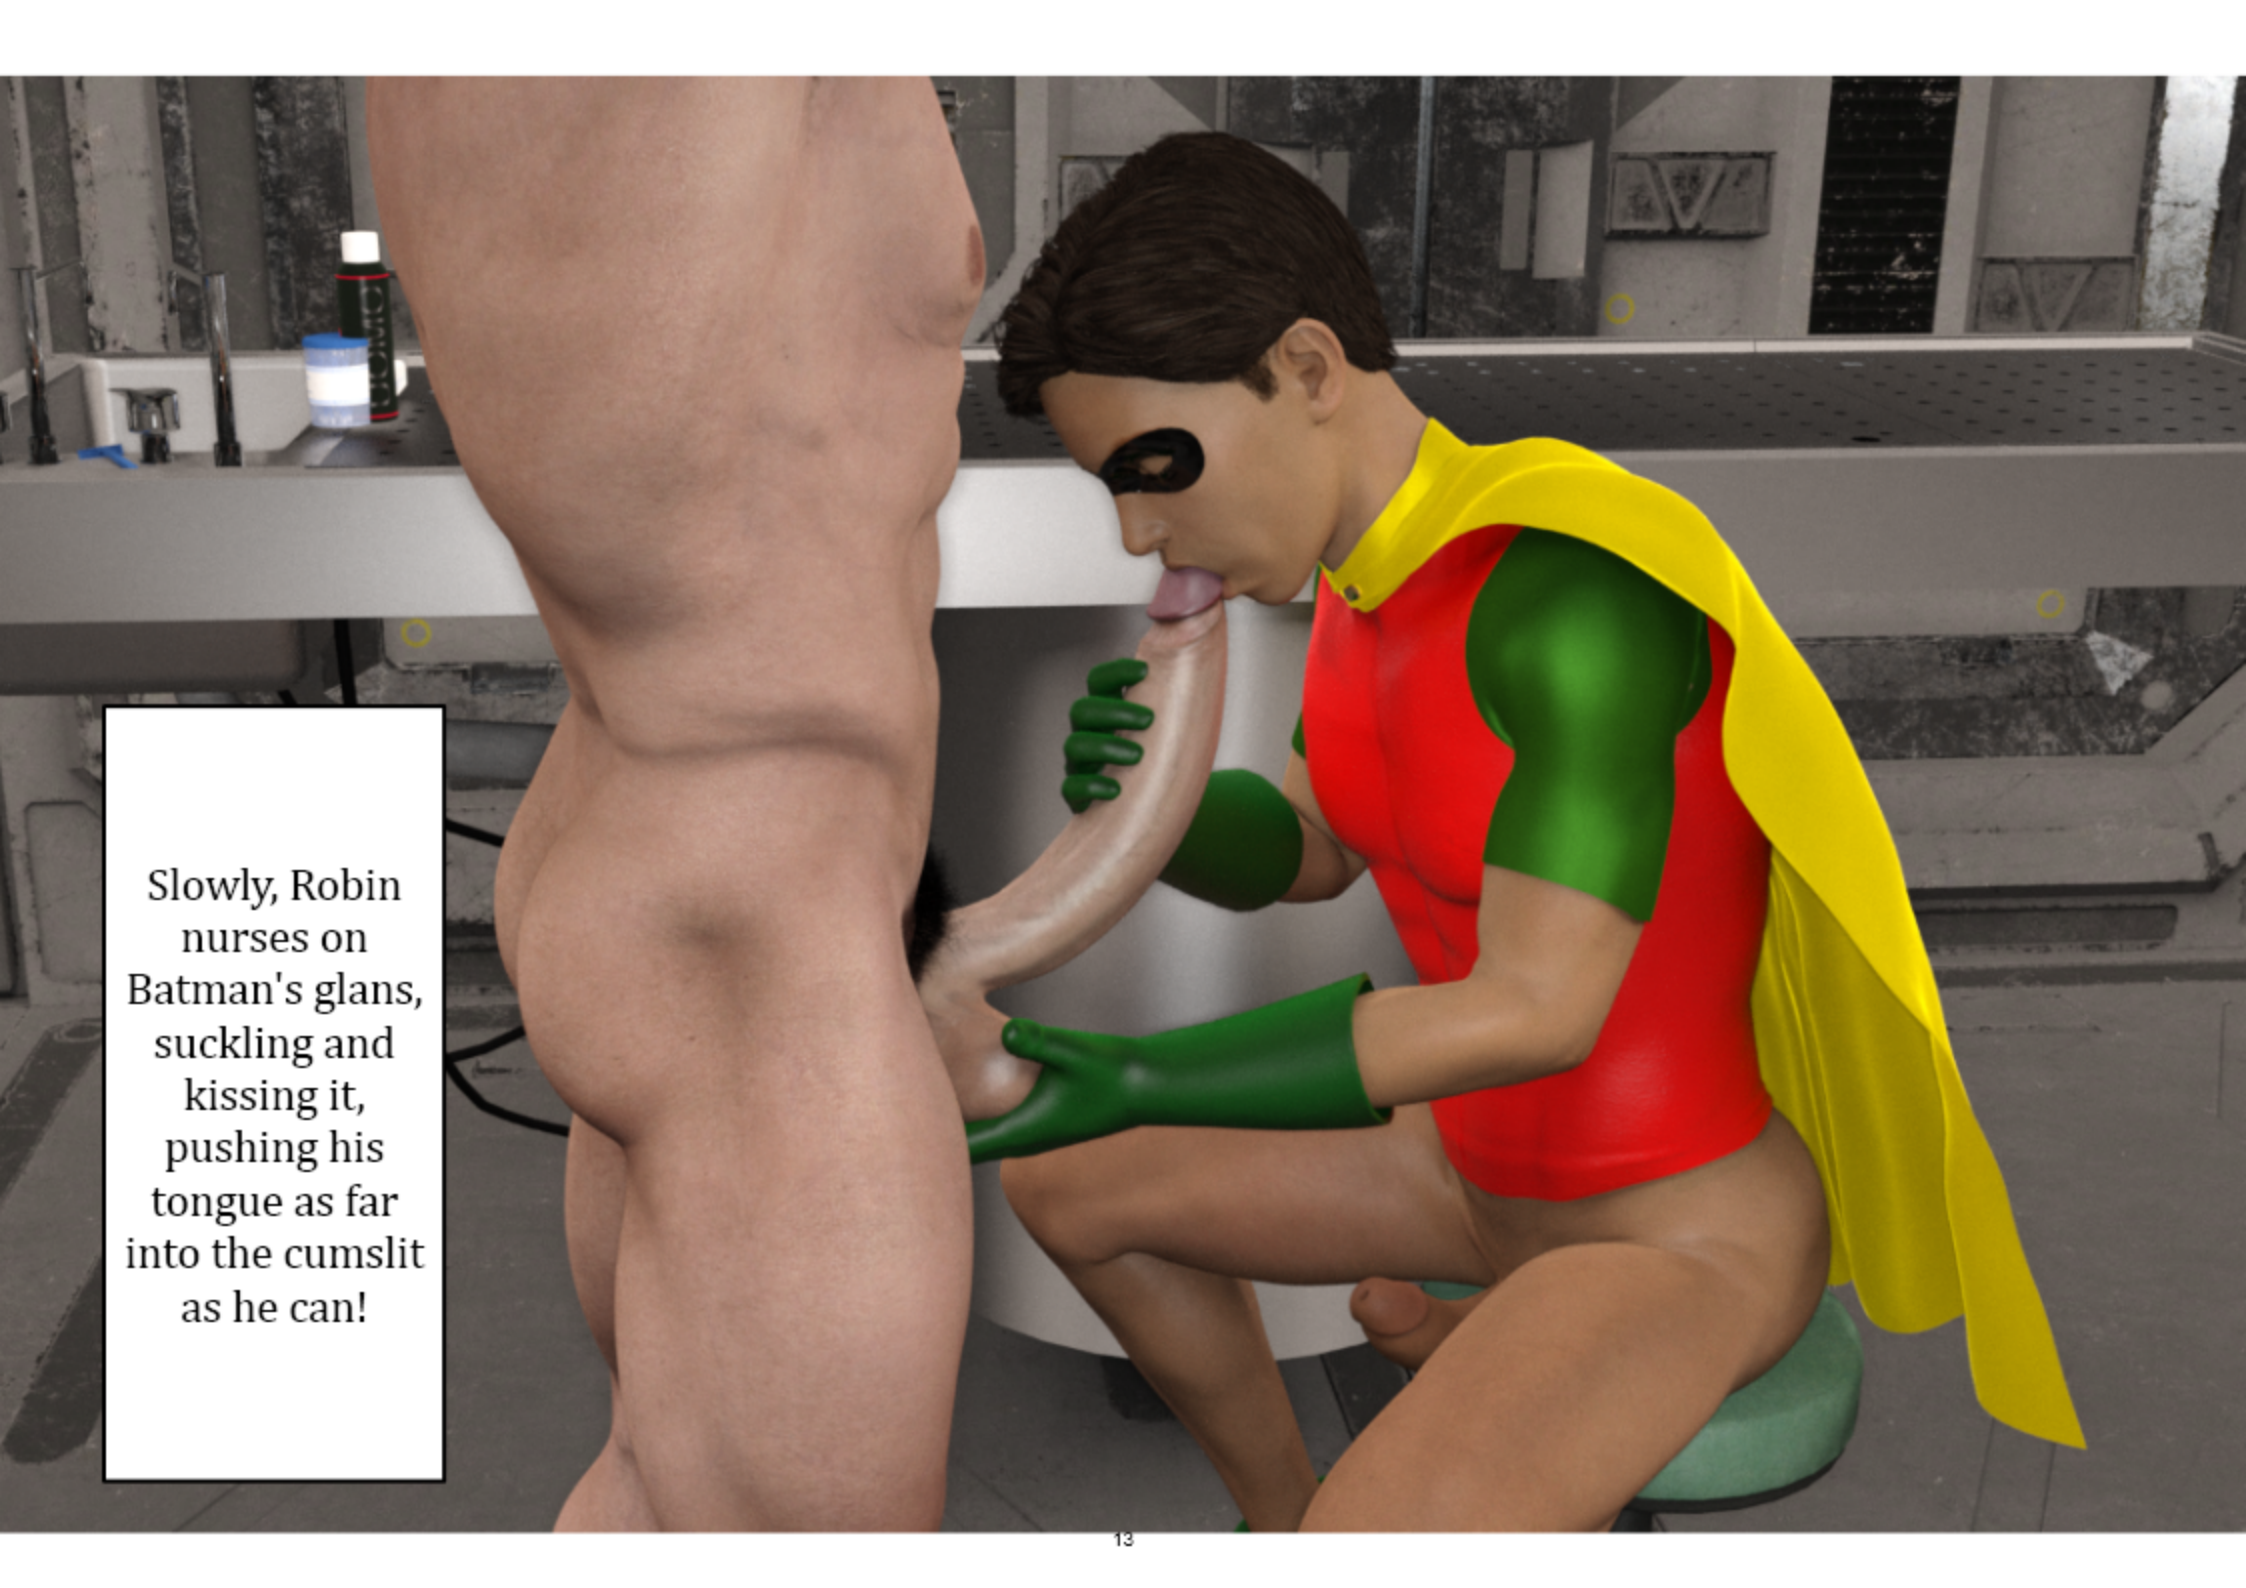

Robin finds himself fascinated by  
Batman's tremendous erection. He  
can't stop staring at it!

Good boy. Explore it slowly.

Oh man!  
Slurp! Suck!  
Mmmm!

Robin hefts and squeezes the batballs as he licks Batman's huge glans.

Slowly, Robin nurses on Batman's glans, suckling and kissing it, pushing his tongue as far into the cumslit as he can!

Minutes of work later, Robin is rewarded by a face-full of his mentors thick man-cream. He trembles, as he licks the sweet and salty ropes from his mouth.

Good work, old chum!  
Now, bend over so I can  
make sure your rectum and anal  
muscle still function as they  
should.

Robin can't help but moan as he feels Batman's  
tongue swab over his pucker, then fuck as deep into  
his quivering boycunt as possible.

The Boy Wonder bites back a cry as Batman gently gnaws on his nutsac!

Bruce liberally  
rubs his cock  
with bat-lube  
and slowly slips  
his huge crown  
past Robin's anal  
ring.

He's barely  
halfway in,  
when Robin  
suddenly gives  
out a  
shuddering cry  
and begins to  
spurt his cum  
onto the  
Batcave's floor!

It looks like the Boy Wonder will  
have to repeat all the steps now,  
but this is where we came in

so...

**END!**
