Audio begins with the sound of the door being unlocked and open via code, footsteps as Gojo enters, door closes behind him.

Gojo: (cheery and playful) Honeyyy I'm hooooome! **(a little haughty)** Nope, this is not a drill or a dream! Your beloved boyfriend is back and he brought home the mochi donuts you requested because he thought of you every day while he was gone~

(shuffling as he removes his shoes, continues to talk. As he does so, Listener approaches at a fast pace) Also, I wasn't sure if you'd be awake when I got back, so I wanted to have a peace offering in case I was waking you up. I know it's been three whole days and sorry not sorry but I need t--OOOF! **(soft impact as the listener pounces him in a hug)**

(low chuckle, sound of him tightening the hug, voice very fond) Mn..didn't even have to say it. You knew *exactly* what I needed huh? You always do~ **(soft sigh and a huff of happiness)** Hi baby..**(soft sweet kiss)**

Oh, I missed you too...It's good to be home. **(holds the hug a bit longer, sounds of him rubbing the listener's back a moment before they part with a small reluctant noise, footsteps as they walk further in to the kitchen)**

Heh, yup you heard me right, Mochi donuts. Got all your favorite flavors too~ Here ya go. Now don't eat 'em all at once~ **(stretch sound, shuffling as the listener puts the food away)**

Hm? Yeah the trip was alright. I got in a little earlier this morning. I *would've* been back sooner but I wanted to check on my first years before heading over here. Y'know, make sure that nothing happened; no one died, limbs all in tact, they got their homework done, the usual~

(annoyed) Took longer than I would have liked because the geriatrics wanted a debriefing too so I got that out of the way while I was there. Those geezers aren't worth a second of extra time much less a trip back.

(curious) Even with the stop at Jujutsu Tech, it's still early, especially for you sweetheart. I thought I'd find you sound asleep if you were in. **(teasing)** What gives huh? Having trouble sleeping without me? Aw, you're so adorab--**(abrupt pause, voice flattens)** What's your suitcase doin' out here for? Looks like it's full too.

(pause)

(Annoyed) Seriously?! Aaa those rotten bastards. **(Tone softens slightly)** When'd they assign it?

(Pause)

Last night? **(Annoyed tongue click/suck noise, tone hardens again)** Yeah, just after I sent word that I'd finished mine and was headed home I bet. Figures.

(Pause, exasperated) Don't gimme that look. It's not the first time they've pulled some crap like this and they're still pissed at me over how things landed with Yuta. They know they can't do shit about it so this is their petty way of punishing me.

(Pauses, exhales slowly through nose as a means to calm himself down, tone softening a little)
What's the mission grade?

(Pause, confused) It hasn't been graded? Then why did they assign—? Recon hasn't been able to grade the curse but their reports indicate activity of a grade 1, maybe higher. So why not send someone else? If it's a grade 1 we could send Nanami, I'm sure he could use th—. **(Snorts)** Nanami's needed time off since he turned 10, another mission isn't gonna ki—. Ok then how about Mei Mei? Never known her to turn down potential OT, I cou— She's away on another mission? Hmm, well who's available? We could still send another—

(Pause)

(Huffs, tone softening, an edge of plea to it) We don't know that though. You said yourself it's uncertain if the curse is even grade 1 so why are they sending a special grade?

(Pause and sigh of disheartened defeat) On the off chance it's a special grade you don't want to waste time or risk someone getting killed just for confirmation... **(huffs, Tone turning fond if a lil accusatory and teasing)** You requested this mission yourself didn't you. No don't be sorry, you couldn't have known I'd be back today and even if you had—, would it have stopped you from going? **(Amused)** Mhmm, that look says it all. It's ok hon. I'd say this is one of those times I wish you were a little more selfish but—, you wouldn't be you if you were.

(pause)

(Pouting and flirty) You're sure I can't change your mind? Absolutely certain? **(Tone shifts back to his normal light tone, edge of playfulness still there)** Mmn...fine..How long until you have to leave? Tomorrow morning? **(sly)** Hm, that's not enough time, not nearly enough for everything I had planned for when I was back home with you. I guess I'll have to make the most of the time I do have today. **(voice low)** Maybe if I wear you out well enough, you'll have to call out and stay right here with me~ How's that sound hm? Keep you here...(kiss) All to myself~

(teasing) Oh I'm welcome to try huh? Well I'll take that challenge sweetheart. Just remember you asked for it, no taking it back or tapping out when I make good on what I said. **(Kiss)**

(shuffle as he lifts the listener) Up we go~ oover the shoulder. **(laughs)** What? No, you're not heavy, not in the least. I rather like carrying you like this. I get a perfect view **(small spank)** of this adorable ass of yours. **(sighs)** Aaa I have so little time, better get started~

(Warping/wind type sounds as he teleports, soft shuffling as he drops the listener on the bed gently, he leans onto the bed and starts making out with them for a while) Mn..I love seeing you like this y'know? All pretty and soft in your pajamas, with your hair still all tousled and fluffy from being asleep. Hnn. . .**(kiss)** Adorable...**(kiss)** Precious...**(passionate kiss)** and all mine.

(shuffle) But as cute as these are...they're also...(ruffle) In my way. **(satisfied huff)** That's better...now let's get these bottoms out of the way. Lift your hips up for me sweetheart. **(playful little hum as he tugs them free)** There now. **(teasing)** Y'know if I had it my way, you'd be just like this all the time.

(kisses over their skin) Mhm, I mean it. Of course, I'd let you put something on when we had guests~ **(chuckles)** Think about that for me huh? If you ever think you'd like to indulge me a bit, I wouldn't say no to it. I've had dreams of coming home to you waiting for me after a long day just like this. Nothing on your skin, a beautiful blank canvas just waiting for me to **(bite)** Mn, you always mark so pretty, know that?

(another bite, suckle) Heh, red's really your color I think. But I do also love seeing you in blue~

Hm? Heh, you're right. It's not very fair if you're the only one naked huh? **(shuffling as he strips)** There, blindfold off.. Now we match~ **(Short little exhale, tone soft)** You're... so beautiful. **(Warm,**

amused) You are though. Don't wanna pull THAT card but one of us here is in possession of the best eyes in *the world*. You can accuse me of being biased but you can't say I'm wrong if it's what I see.

Hm? Don't you worry about that. The blindfold does protect me from sensory overload but—, short periods with it off are fine. Besides... **(shuffle noise as he closes the distance for another soft kiss)** Mnn, wanna see you without the filter, see all of you. **(sounds of touching, contented noise)**

Now...I might have brought you breakfast, but I'm feeling a little *hungry* myself...and I have a beautiful meal right here in front of me. **(kissing along body)** Mhm..I'm gonna eat you up sweetheart, show you just how much I missed you.

(pleased and teasing) Aw, you're squirming~ You're that eager for me to dig in huh? Well who am I to say no to that~ *Itadakimasu*~

(small muffled chuckle before he begins to eat them out. Careful at first but then with more gusto, after a bit speaks against them) Ah ah...don't try to hide from me..those cute thighs need to stay right where I put 'em. Up here on my shoulders.**(chuckles)** Ohhh I see~ It's been a while so you're more sensitive than usual huh? Doesn't seem like a bad thing to me at *all*. If anything it means...**(kiss lick)** I get to hear that pretty voice of yours more earnestly for a bit. Might be something to that saying about absence making the heart grow fonder **(Amused huff before he continues)**

(soft intake of breath, soft moaning sigh) Heh, you know me, hair pulling's okay, won't hurt me at all. Just keep it close to the scalp hm? That's my baby..

(He goes back to eating them out for a bit more, adlib praise and encouragement here as he works the listener up)

(smug, mouth full) Hmhm, look at that back arch~ Beautiful...C'mon sweetheart, you're..**(kiss suck)** You're so close, let me see you huh? I wanna feel you come apart for me..That's it..**(moan)** Just like that...**(a bit more licking, and low groan then almost smug chuckle)** Mmm, so sweet. Made a mess baby, guess I'm not the only one kinda pent up? **(Soft kiss to skin)** Good thing though, makes prepping you a lot easier~ **(slick noises as he fingers them a bit)**

(heavy exhale, pleased) God you look so cute like this...all flushed and panting...and still twitching around my fingers... like you're ready for more even though you just came, hnn. **(sly chuckle)** Guess I did a pretty good job~ you look like you're a million miles away~ **(amused huff)** Well that's no good...**(soft groan as he nudges against them. Slick sliding noise, low eager tone)** I need you right here with me baby... Don't have more than a day before you leave but I want every second of it with you... So please.

(Soft adoring sigh) There you are. That's it... You ready for me baby? Show me then, keep those beautiful eyes on me... Lemme watch em while I— **(low moan as he slowly pushes a little ways inside, tone strained but smiling)** Such cute noises, still sensitive huh mnn **(kisses and chuckles)** "Too much"? Hmm you sure about that? How's your color ah? **(slick noises as he continues to push**

in sloowly) Green? Good to know~ Meant what I said earlier but you know what to do if you really want me to stop...

(fond huff) That's my baby. Remember your word, and your colors, use them if you need them. **(Soft kiss that he breaks off with a low moan as he pushes in)** Oh Fuck that's it...**(huff)** You always feel so perfect around me...like you were *made* for me~

(Kiss, playful) Now, one thing that I have wanted to test out...is how flexible you are. How? **(chuckles)** Simple...I'm going to put my hands here on your thighs and push your legs up high like thiiiiis~ Let's see just how long you can last in a mating press huh?

(slow intake of breath) Mmn..fuck that's good. I always wanted to try this position with you~ It lets me get as deep as I can go... **(testing thrust)** Oh~ Now that's a perfect expression...don't hold yourself back sweetheart..I wanna hear and see it all, don't wanna see your hands anywhere near that gorgeous face of yours darling, you need to hold onto something use the sheets or better yet use me.

(He starts to thrust in earnest, moans and sighs throughout for a bit, adlib praise for a bit)

(shivery moan) Oh that's it..Fuck baby I can feel that. The way you're clenching around me. heh still sensitive from cumming before? **(teasing)** Looks like you're already so close to a second one~ **(groans)** Perfect, I want you to get out all that you need baby, and besides...**(eager moan)** Who knows how long you'll be apart from me this time? So I want you to *feel* it...

(almost chanting) That's it, that's it, that's it, you're so close, fuck you're shivering like *crazy*..**(little huff of laughter)** Times like this we just gotta go harder I think~ Give your perfect body every bit it can handle, see if that endurance training has really paid off~

(he increases his thrusts and laughs breathlessly) Fuuuck yes, look at you. Such a sweet expression, all..ah...all for me. **(kisses and pants)** All of you, every part, just for me. That beautiful expression...mgn, these moans...how your body...ah...twitches around me. I see and adore every part of you sweetheart and I won't let you forget any time soon...

(his thrusts and moans continue for a while longer) That's it, just ride it out baby, let the feeling wash over you...you don't have to think about anything..other than me..ha..

(intense thrusts continue for a bit longer his moans getting more needy, small growls in his chest) You keep...ah making those beautiful sounds for me and I won't..mn be able to hold b-back much longer...fuck..

(huff) Think you can give me one more sweetheart? Mn ..I know you can, I wanna see it...mn..fuck..ah..Ohh baby, I know you can...I know you can be good for me and give me one more...please baby please, just one more...you can do it.. (heavy pants, swallows, kisses them sweetly) You are perfection sweetheart~ never ha...never forget that. **(tired chuckle as he catches his breath)** Here, I'll let your legs go, you're looking a little uncomfortable. **(slow exhale, shifting as he does so)** There...how's that hm?

(chuckles) Well...looks like I might have won your little challenge sweetheart. **(kiss)** A victory I will happily accept...**(a relaxed sigh)** Mn...let me go grab something to clean you up with...**(small startled grunt)** Eh? Don't want me to leave huh? **(soft chuckle)** Alright...let me adjust then. Here, hold onto me.

(soft shifting about, sigh of comfort as he settles in) There we go...how's that hm? **(pause, he speaks soft, curious to them)** Baaaaby...you good? **(soft loving huff)** Aw, already drifting off on me huh? God you're so cute. No, don't fight off sleeping hon, I did put you through quite a workout haha.

(soft sigh, rubbing their back. Speaking quietly) We'll worry about cleanup when you wake up...S'not like we haven't done that before. Hm, what was that? I can barely hear you...

(pause) Ah, of course I'll set an alarm. How about...a couple hours from now hm? That way you get some rest and we don't waste a second of today. You're slurring your words baby, get some rest. I'll be right here when you wake up. Mhmm, promise.

(Another soft kiss then a small stunned inhale. A pause, speaks again, voice low and emotional as if afraid to say it outloud) I love you too...**(whisper)** Sleep tight sweetheart..
