CSM gold trim  
Step-by-step**

# Paints required:

## CSM gold trim

- Dryad bark
- Abaddon black
- Averland sunset
- Mournfang brown
- Ivory (Vallejo mc)
- White

**Basecoat the trim with a 1:1 mix of abaddon black & dryad bark.**

**Now glaze in the light reflections with a 1:1 mix of dryad bark & mournfang brown—add 3-4 parts of water – we will use this amount of water for ever glazes in this tutorial. I have added a video reference for how i glaze & locate light reflections in the post decription.**

**We now move more towards the middle of the light reflections by glazing with a 1:1 mix mournfang brown averland sunset.**

**We now move further towards the middle of the light reflections by glazing with pure averland sunset.**

**We now glaze the very middle of the light reflections with a 1:1 mix of averland sunset & ivory.**

**We now shade the areas still covered in the baescoat on the trim with thinned down abaddon black – add 3-4 parts of water.**

**We now edge highlight the trim with a 1:1 mix of averland sunset & ivory.**

**We now leave just a couple of dots in the very middle of the light reflections with pure white. Done!**
