

# Harper and Aiko

Valentine's Day

Aiko sat in the office among the noise of keyboarding and ringing phones. It was a long day full of boring meetings and dreary reports. But this boring part of the day was almost over as she watched the clock hit 5:52 P.M. on February 14th.

Aiko knew exactly how this day would go and there was nothing more than to wait it out until her shift ended at 6 P.M. She bought chocolates and flowers for her lover, who waited patiently in the living room of their shared apartment. When the time struck, she gathered up her purse, keys, and phone to get home quickly without being late. As Aiko made her way to her car through the parking lot she checked her phone to see if there were any messages or calls that had come through since she last checked less than an hour ago. Just one message: "Happy Valentine's Day" with a photo attached. Dickpic.

Aiko would recognize this monster cock anywhere because it ravaged both her holes every chance it got. It belonged to her gorgeous lover. A pale, thick, and veiny shaft that barely fit into the frame. With a light pink mushroom head, just below this meat rod hung two massive balls swollen with seed ready to spill out whenever needed. The tip was already leaking precum down its length, making the whole thing shine in the flash from the phone. This dick alone had satisfied all her desires and made her happy beyond compare. Whatever stress she had at work melted away instantly by looking at this picture. All she could think about now was how badly she wanted it inside of her once again!

With a smile on her lips, Aiko opened her car door and then drove off home while humming happily to herself...

On arriving home, she rushed up to her apartment where her beloved partner was waiting for her. Aiko quickly unlocked the front door and burst through it, rushing to the living room, holding the flowers and chocolates tightly to her chest, leaving behind her bag and jacket lying on the floor by the entrance. Her shoes kicked off haphazardly across the hall as she hurriedly raced towards her sweetheart who sat on the couch facing away from her. Aiko couldn't wait any longer! She ran around until standing right before her lover.

"Happy Valentine's Day, stud!", Aiko greeted cheerily as she offered her the flowers and box of chocolates. "And here are your presents!"

Her stud's name was Harper. And she was a futanari. Possessing both male and female genitals with the former being a whopping 18-inch monster dick from the photo Aiko received earlier. There was only one difference. It was flaccid, hanging from the edge of the couch. Though soft, its weight pushed against its own bulk like an anchor dangling from a rope. Beneath the tip was a puddle, no, a small lake of thick white spunk which soaked into the fabric of the carpet below it. Some were still leaking from the thick urethra. Aiko's mouth watered as she watched this sight unfold right in front of her very eyes!

"S-s-sorry...", Harper said in embarrassment, her cheeks turning bright red with embarrassment while holding a hand over her crotch and blushing brightly with embarrassment. "I-i couldn't stop myself."

Harper breathed heavily, wearing only a silky red robe that was open, exposing her large breasts with small pink areolas and nipples, her firm six-pack abs, and her toned physique, which were all covered in sweat and cum. Even Harper's hair wasn't spared as thick ropes of gooey seed were draped over her head while other strands had stuck onto her face. Every inch of this girl was completely soaked through and through by those copious amounts of jizz produced by her gigantic cock just moments ago.

"No worries, stud. I knew wouldn't be able to keep your hands off your massive cock.", Aiko giggled happily, smiling sweetly as she put down the flowers and chocolates on the table nearby so that she could come closer to her beloved Harper. "Did you dye your hair red? It looks pretty nice on you."

"Yeah... You know, like, it's Valentine's Day, red...love...stuff?" Harper stammered nervously while trying to explain why her usual black locks now became crimson, with a few locks still black. "Also red is like passion and shit... You know? I wanted to make a surprise for yo... ooooohhh! Fuck!"

Harper's long speech was interrupted by Aiko who kneeled straight into the mess of jizz on the carpet and engulfed Harper's soft but girthy dick in her mouth, giving it a couple of sucks while swirling her tongue around its entire length, licking up all that delicious nectar left behind. As she pulled away, strings of saliva hung from her lips as well as from the into an intoxicating cocktail which only made her hungrier for more! After gulping it down, she gave Harper one last lick, starting from the base until reaching the tip of Harper's urethra before taking a deep breath and swallowing hard again.

"Yummy! So sweet, hot, and creamy!" Aiko exclaimed, smacking her lips loudly, tasting every bit of Harper's load on them. She then grinned mischievously and winked at her lover while blowing her a kiss. "Thanks for the meal!"

Harper blushed even harder if possible while being so aroused by the display of her girlfriend devouring all her thick baby batter right off her balls. Before she could say anything back though... Aiko resumed slurping on the titanic flesh rod until it was good as new, leaving not even one single drop behind! All clean, shiny, and wet again.

Ever since they met at the university and Aiko found out Harper's secret, she had been addicted to her tasty nut butter. Their relationship had flourished beyond just a simple hook-up or even friends with benefits, becoming so much deeper than either thought possible at first. Aiko loved and worshipped every inch of this big dick futa

beauty from top to bottom, inside and out. But it wasn't only the cock. They truly loved each other deeply as partners in life together.

"I hope you have some more in store for me." Aiko teased before grabbing one of Harper's heavy nuts and squeezing gently. "I'm fucking hungry!"

Before Harper could even reply, Aiko shoved her face into that tight sweaty scrotum and inhaled deeply, smelling the strong scent coming from them which sent shivers down her spine and caused goosebumps all over her body. It was then followed by another lick on her sack, tracing every line and crease with her tongue until both were covered completely in spit. Afterward, she turned her attention towards Harper's giant meat rod once again, opening wide and then slipping it into her mouth inch by inch until it reached the back of her throat. She could feel its thickness stretch out her jaws painfully as it filled up her cheeks while the tip poked against the entrance of her esophagus making her gag slightly. Even after all these years, blowjobs were still difficult, but so worth it! Especially when they resulted in a nice hot batch of her favorite treat filling up her stomach again...

"Oohh, baby, I love how you eat my cock..." Harper moaned softly as she closed her eyes, enjoying the pleasure given by Aiko's expert skills in sucking dick. When she opened them, she saw that her beautiful girlfriend was looking up at her intently as she bobbed her head up and down along the length, going deeper and faster each time while massaging those massive balls. Seeing how focused Aiko was made Harper blush even harder while her heart raced wildly with excitement as well as being overwhelmed by lust for this gorgeous girl kneeling between her legs giving her a fantastic blowjob.

"Of course, my big dicked stud deserves only the best!", Aiko pulled out just enough to speak before diving right back to work. This time she started humming, sending vibrations through Harper's sensitive organ making her moan louder and louder, arching her back off the couch, thrusting her hips forward into Aiko's mouth in response while clenching fists tightly on her sides.

"Holy fuck!! Aiko!! You're sooo damn amazing! Holy shit!" Harper gasped out loud as she threw her head backwards against the headrest while her body tensed up from the intense sensation building up inside her. Every muscle taut and straining until she felt like bursting from within as if it would explode at any moment! She was just about to explode when Aiko stopped sucking abruptly.

"NO!!!! Babe!!! No, no, no! Don't stop please!" Harper pleaded desperately, looking down pleadingly at Aiko who released her length from her lips, leaving a thick trail of drool hanging down connecting her mouth with Harper's thick meat stick which was twitching wildly with pent-up excitement, begging for release. "Please don't leave me like this!"

Aiko only smirked playfully while stroking the monster cock slowly with one hand while still holding on tightly to those massive balls with the other, feeling them churn and writhe underneath her fingers, full of precious cream for her to drink up later.

This sudden denial was a part of Aiko's plan to make the night more interesting. She wanted to push her beloved stud to the edge. Awaken the beast inside of her, so to speak. It had been a while since the last time they had rough wild sex, all because Harper became more loving and caring. Not that she didn't appreciate it, but sometimes it just got boring when you do the same thing over and over again every time. Hence, she was hoping tonight might bring something new to spice up their relationship once again.

"Nah, I think that's enough," Aiko replied simply and removed both hands off Harper's junk before standing up tall above her lover who now looked quite annoyed at being left with blue balls and denied an orgasm after being so close to climaxing, squirming around uncomfortably on the couch, unable to contain herself. Aiko enjoyed seeing the pained expression on her lover's face, especially how she tried so hard to keep her composure, yet failing miserably to remain calm. "Now then, shall we eat dinner?"

"Dinner?! Wha..." Harper cried out incredulously while staring disbelievingly at her girlfriend as if she had gone crazy. "You know what! I'll fucking force you to eat so much cum you won't need any food for days!"

Before Aiko could respond, Harper quickly forced her onto her knees with those toned, tattooed arms. And just as quickly, the enormous cockhead was inserted into her mouth, and the shaft slammed deep down her throat as it pulsated rapidly while spewing gallons upon gallons of precum down it, causing her to choke and cough up most of the fluid into the carpet beneath them. Then without warning, Harper gripped both sides of her head firmly as she began thrusting relentlessly like an animal possessed. Fucking her throat with such intensity, tears welled up from her eyes while she struggled to breathe properly, fighting against the urge to pass out while trying not to suffocate.

However... Even through all that discomfort and pain, Aiko still enjoyed every second of it. In fact, it excited her even further! Knowing that this is how much power Harper holds over her, controlling and using her as a toy to satisfy her own sexual desires, made her feel like a little slutty bitch in heat, eagerly waiting for her master's next command.

"Denying me?" Harper growled angrily through clenched teeth as she continued to abuse her lover's throat. "Fuck you! You goddamn tease!"

The sensation of her lover becoming dominant was turning Aiko on immensely, the orgasms started to come repeatedly as her body shuddered under Harper's

ferocious assault, each one more intense than the last while the sounds of wet slapping flesh echoed throughout the room mixed with moans and screams of ecstasy. Her face became a mess made of make-up, precum, saliva, and sweat as her mouth and chin dripped with sticky fluids from the savage facefuck given to her by Harper. Even the carpet was now ruined beyond repair by their combined juices that soaked into it as they mingled together on its surface forming an ever-growing pool beneath them. This was exactly what she wanted. To get her lover so angry and horny that she'd lose control to unleash her inner beast, the alpha...

It seemed to go on forever until finally, Aiko felt Harper's moves become more frantic and erratic as she sped up even faster than before, slamming herself deeper with each thrust, pushing the head of her massive tool down the spasming throat, making it bulge obscenely through it. Suddenly the entire shaft swelled up until it burst open spraying out torrents of hot seed like a geyser erupting violently from within. With so much pressure built up, it easily burst through the confines of Aiko's body and filled every single inch of her digestive tract until she couldn't take any more, making her belly bloat to the point where she swore she'd burst apart any moment now.

Harper knew the limits of Aiko's body too well and when to pull out just in time to prevent her from rupturing, leaving the remaining gout of semen to shoot all over her pretty face coating it thoroughly with her seed while she gasped for air. All that warm sperm felt wonderful on her skin as she breathed deeply inhaling its musky fragrance into her lungs, making her mind go blank and numb with euphoria as she came again uncontrollably, screaming out loud, shuddering uncontrollably from the incredible pleasure coursing through her system while her pussy gushed even more fluids onto the carpet below...

But the beast inside Harper was not satisfied just yet. Without giving any second to catch her breath or recover, she grabbed hold of Aiko's legs and sealed her leaking cunt shut with a brutal thrust. In the missionary position, Harper hammered away at Aiko's tight snatch like a machine, plowing her hard and fast. Her massive balls swung wildly as she pounded the poor girl into oblivion while the sloppy sounds of her juices squelched loudly with each impact echoing in the air. It was a symphony composed only for the two lovers to enjoy alone together on this special Valentine's Day.

"FUCK ME STUD!!!! POUND ME LIKE THE CHEAP SLUT I AM! DEEPER, HARDER, FASTER!!!!" Aiko begged desperately as her head swam in a daze of carnal lust from all the intense sensations being inflicted upon her ravaged body by Harper's monstrous meat club. "CUM INSIDE MY PUSSY AND FILL IT UP!!!!"

"oh, I fucking will, you dirty slut!" Harper snarled as she hammered away at Aiko's groin with every ounce of strength and speed, pounding her into submission, obliterating her defenses, and tearing down all the barriers between them. "I'll give you so much jizz you'll be leaking it for weeks!"

There was no stopping this force of nature as Harper rammed her gargantuan shaft through the wet folds of her girlfriend's pussy repeatedly with such force that every thrust created ripples across the surface of Aiko's bloated belly making her tremble with joy from the sensation. The girl could only squeal loudly and moan in delight while holding on tight to her stud's toned ass cheeks pulling her even deeper until it was almost like they became one, sharing each other's feelings and emotions while losing themselves entirely in their shared passion and lust for each other.

And then finally, after so long, Harper gave out a loud cry as she exploded deep inside Aiko's womb filling up every crevice of her vagina with a flood of potent baby batter flooding her insides to brim, drowning everything within with its virile contents. It was a feeling unlike any other, to feel so utterly complete as if nothing else mattered except being here, together, locked in an embrace for eternity as one entity bound together by mutual love and affection...

"OH GODDDDDDD!!!!!" Aiko screamed out while her body writhed uncontrollably on the floor of their living room with the thick cum leaking out from her nether regions running down the curves of her shapely buttocks and thighs creating an ocean of jizz surrounding them, while Harper pumped her full of the stuff until every drop was drained dry. Once done, she leaned closer to her lover's ear.

"There's still one hole left to fill, babe..." Harper whispered with a tone that was intimidating, cold, and cruel, sending chills down Aiko's spine, knowing what was about to happen next but still wanting it nevertheless, craving to be used like the dirty little whore she was...

With a swift motion, Harper pulled out her enormous rod from Aiko's cunt and shoved it straight up her asshole, stretching out the ring of muscle to accommodate its size as it pushed in further until it was buried completely inside her rectum, leaving just a couple inches of shaft sticking out of her ass. Harper then held Aiko down with one hand and grabbed a fistful of her long black hair with the other, forcing her head up off the floor before raising her hips until the only things touching the ground were her toes, leaving the rest of her body suspended in mid-air. Now, Harper carried Aiko in a standing missionary position, pounding her hard, watching every detail of how she reacted to every thrust...

"HOLY SHIT!" Aiko shrieked out in pain and ecstasy as Harper violated her rear passage with such a massive monster cock ramming deep into it with each stroke hitting all the right places. "AWWWW, BABE!"

It was hard to hold her this way, thanks to an over-bloated stomach, but Harper managed to turn her around, so Aiko's back pressed against her torso. Then she grabbed both of Aiko's legs and held them high and wide apart as she resumed fucking her with all her might, sending tremors through her entire body which vibrated in sync with her thrusts causing both to moan and groan together in unison

while it felt like the whole house shook from the force generated by her powerful strokes.

Harper carried Aiko around the house, fucking her non-stop all over the place, leaving trails of mixed fluids splattering behind them on every surface as they traveled from room to room. There was no end to this depraved debauchery. And the final stop was in front of the mirror on the doors of the bedroom closet.

"Look at fu-fuuuck! Look at yourself!" Harper growled through clenched teeth, holding up Aiko's face so she could see her reflection as she was getting plowed relentlessly in her tight bunghole, completely submissive to her alpha stud who dominated her body like nobody ever could. "You look like an overused fuckdoll after a gangbang! You are just a filthy cockwhore, right?!"

Aiko had no words left to answer, so she simply nodded with a glazed-over expression, drunk with lust while staring at herself with a wide-open mouth panting heavily, drool dripping from her lower lip onto her protruding chest where they rolled down over her ample tits before dropping down to the floor below...

Aiko felt like this anal ravage lasted for eternity, but she loved every second of it, just as Harper did as well. And soon, she felt Harper's cock throbbing deep inside her guts indicating an imminent orgasm which made her clench her walls around the shaft hoping to milk out every last drop of cum stored inside those enormous nuts. But Harper knew there was no room for her seed in there anymore, so she had to improvise. Instead, she pulled out and roughly spun Aiko around and dropped her onto the floor.

Then she started jacking off furiously, aiming the tip towards her lover's face who was too far gone to realize what was about to happen until the first blast of hot white goo landed across her nose and forehead before drenching the rest of her, covering every square inch of her pretty features, dripping down, coating her lips, chin, cheeks, eyelids, and forehead. With the next wave, she aimed at her perfect breasts which received the same treatment.

Finally, the last few spurts of thick fluid shot up into the air and landed on top of the already abused girl lying helpless on the floor as she shivered and quaked from the orgasmic release washing over her body while moaning softly with each tremor that ran through her form, causing her to twitch slightly, arching her back upward off the ground with every convulsion that rippled through her slender figure. After a moment of basking in the afterglow, Aiko managed to open her eyes to take in the sight of the destruction her stud had wrought upon her once pristine, flawless complexion, now reduced to nothing but a mess of bodily fluids mixed with makeup.

Harper was finally free from her bestial urges, and she immediately regretted treating her lover so poorly. As much as she enjoyed their rough sex and being dominant over her, she feared that this was too much.

"Babe! I'm So sorry, Are you okay? Please tell me I didn't hurt you!" Harper asked in concern while kneeling next to her girlfriend.

"I'm fiiineeeeeee...pheeeeeew," Aiko responded, sounding more drunk than hurt, not even realizing that Harper's monstercock was still out and oozing some leftover semen on her thigh. "But I think I'll need to take a sick leave...maybe for a week...or two."

Harper carefully lifted her up, cradling the dazed and cum-soaked girl gently in her arms, carrying her into the bathroom...
